

It's Lotto Time!

Rustenburg – Zinniville Secondary has recently received a sponsorship from the Lotto Sports Fund, specifically for the refurbishing of their sporting fields. They have received a R450 000 as an initial payment and will receive the remainder of the amount, approximately R200 000, in a couple of weeks to complete the project. Zinniville Secondary School accommodates approximately 11 000 kids of which about 80% is black, underprivileged children. With almost zero recreational facilities at their school, Zinniville Secondary has taken it upon themselves to formalize an action strategy to provide the kids with fun-filled, educational and healthy activities. Zinniville Secondary has no sporting facilities compared to other schools in town, and this is viewed as an excellent way of improving the kids' quality of life. The Lotto Sports Fund Association was approached for funding for their cricket outfields, including an underground water irrigation system, upgrading the tennis court as well as

other sporting facilities. The Lotto Sports Fund Association has granted them with the opportunity to create an excellent cricket outfield as well as a tennis court. The official handover from main the Contractor, Add-X Trading, will take place at Zinniville Secondary School on Wednesday, 25 May 2011, at 11h00. The subcontractor, Trompie Civils, experts in out-fielding, will also be present. "We would like to take this opportunity to thank all involved parties who made this special sporting project a success," said Ahmed Bulbulia. This includes Mornè Hattingh from Add-X Trading (main contractor); Trompie Civils, the subcontractor; the Principal of Zinniville Secondary School, Mr. Abdul; Chairperson Ahmed Bulbulia (who spearheaded this project together with Mr Abdul); A.K. Haffeejee; as well as the secretaries who handled all the documentation meticulously. "This is not only a GREAT achievement for our school, but also for the morale of the Zinniville community. Thank you Lotto!"
