

4x4 Overturned; 4 Injured

Rustenburg/ Marikana – Sunday, the 15th of May 2011, was not a good day for the driver of a Isuzu 4x4, when he, for no apparent reason, lost control over his vehicle which overturned just before the Marikana Toll Gate. Approximately 20h00, four men were on their way to Marikana and never reached their destination. Their vehicle swerved off the road and overturned a few times... the passengers and vehicle were found about 60 metres into the

veldt next to the road. According to emergency personnel on scene, one of the vehicle's tyres supposedly burst which could have led to the accident. The SAPS is currently investigating the case. No other property/ vehicles/ persons were involved in the accident. Fortunately no serious injuries were sustained; however, all four men were treated for possible spinal injuries as well as lacerations and abrasions.
