Illegal Dumpsite – Something of the Past

Rustenburg – Numerous Zinniaville residents, after repeated attempts to have the illegal dumping site, or environmental hazard in Zinniaville, closed, cleaned up and/or rehabilitated... was down in the dumps... After four years of complaints, the Zinniaville Ratepayer's Association decided to launch a campaign called "Operation Dumpsite & Awareness Campaign". This came as a result of Zinniaville's concern to a situation which seemed grave and unsolvable.

Meeting-upon-meeting was attended and at long last, a compromise was reached. "This campaign was exceedingly successful", as reiterated by Regional Chairperson of the ANC, Louis Diremelo, "This dumping site will be a clean area in two days," he said. He made this commitment on the 17th of May, one day before elections. This dumping site is now cleaned and closed. Diremelo further said that he will ensure that the company responsible for the cleaning of the dumpsite, who received a tender for it, will be prosecuted.

This dumping site has been acknowledged throughout Zinniaville as a polluted area which smells disgusting and surely affects the safety of nearby residents. Another important aspect to consider: 2010 came and went. 2011 came and went... and not one soccer ball was kicked on the Zinniaville Community Sports Grounds. The same contractor, who received the tender for the dumping site, also received the tender for the upkeep of the sports fields...He allegedly disappeared with all the money and no work was done for the money paid.
