Top-Notch Facilities & GREAT Service

Rustenburg – The Rustenburg Medicare Private Hospital is a multi-functional private hospital that specialises in medical, psychiatric-, acute- and sub-acute physical rehabilitation care i.e. the rehabilitation following any physical injury such as a stroke or injuries from a motor vehicle accident. The hospital offers on-site doctors (psychiatric, general, dental, orthopaedic and neuro), X-ray, pathol-

ogy as well as consultation rooms. Located in a central position in Rustenburg, Medicare has been operational at the current location for close to two years filling a much needed niche in the medical market within the province. The hospital boasts a world class facility with all the latest and specialised equipment needed for optimal therapy. These include a hydrotherapy pool, a kitchen and adjusted bathrooms to aid in the rehabilitation process. Nursing staff has been hand-picked and have proven to be hard-working, dedicated and enthusiastic. They are headed up by the Nursing Unit Manager Brian Motlasedi – who himself has years of vast experience in physical rehabilitation. Therapy is led by physiotherapist Jurgen Voges who has a long career in rehabilitation along with his team of therapists, these being occupational-, speech- and hearing- as well as social worker. Family members of patients are encouraged to be involved in the training for discharge and family meetings are regularly held. This ensures that the care provided takes on a holistic approach whilst ensuring the patient is first and foremost. We, at the Rustenburg Medicare Private Hospital, are very excited about the development of the acute rehabilitation unit. For any additional information, please contact Rae at Rehab or Natasha at Public Relations (014) 592-9794.
