## Interview with the New Bojanala Mayor

The Platinum Weekly had the privilege to conduct an interview with our newly elected Mayor of the Bojanala Platinum District Municipality, Cllr. Louis Diremelo. Let's hear what he has to say:

**Immediate Vision:**  
My immediate vision is to ensure that we all work together with the community and provide efficient and effective response and/or services to the community. I want to see a better community and a better municipality.

**Focus for the Future:**  
Our plans include partnering with various mines and

network with different institutions. We must also apply all our projects creatively and cost-effective. Setting an example to other municipalities, is one of our core goals – just as promised during the elections to build a better Bojanala region.

**2011 Soccer Kids:**  
Sport is one of my passions in life as I am a former MMC from the Department of Sport, Arts and Culture. Sport contains many life lessons and it is one of the aspects in my life, driving me to be a better person.

**Poverty in the Region:**

Poverty is one of our main challenges we face today, and looking at the stats, it is quite staggering if you realise that approximately 24% of all South Africans does not have an occupation. I want to instil more labour-effective and –intensive programmes.

**Message to the Community:**  
Dear community members, I would like you to take hands with us, the Bojanala Platinum District Municipality, and help us build a better future for all! That includes demonstrating leadership in every aspect of your life e.g. reporting crime etc.

## Burnt to the Ground

**Rustenburg** – Andre and Heleen vd Berg lost a great deal of their worldly possessions and a lot of memoirs in a fire that tore through their home on the Oasis Farm, Waterkloof district (31 May 2011). The fire started in a cottage adjacent to the main house. Their neighbour, Mrs. Lambrecht was making jam on a gas stove. Apparently the

concoction boiled over onto the wooden floor and ignited. Mr. Lambrecht was taken to hospital where he was treated for smoke inhalation. The fire brigade was dispatched to the scene, but the fire already reached a point of no return and left the house and cottage of the vd Berg's in ruins.
