39. If someone falls onto railings they may suffer from this. (10)

Swerve out for pedestrian Head on collision

Rustenburg – Three people died and two were seriously injured in a head-on pile-up collision on the N4 Highway, just past the Koster turn-off on Friday evening (27 May 2011). The accident occurred around 19h15pm when a metallic blue Toyota Corolla and a Red Renault Megane hit each other head-on after trying to avoid hitting a female pedestrian which was crossing the highway. The

pedestrian, said to be in her thirties, died on the scene. The 53-year-old driver of the Toyota, identified as Mr E Mosadi, also died at the scene. One of the three passengers in the Toyota died shortly after being admitted to the Job Shimankana Tabane Hospital. The female driver of the Renault Megane sustained serious injuries. A

third vehicle, a red Ford Escort Sport crashed into the vehicles involved in the original accident. The female driver sustained a lower leg-fracture. Rescue workers struggled to free victims from their vehicles. The N4 was closed for hours whilst debris was cleared from the road and the wreckage were removed.
