Bojanala Choral Music Competition

Bojanala Platinum District Municipality recently hosted a brilliant Choral Music Competition! "They all have voices of angels," commented an elderly lady with tears in her eyes. This truly spectacular musical competition was hosted on the 21st of May 2011. In only its 2nd year running, this competition have created waves and attracted more than the anticipated choirs.

Being a choir member requires dedication, hard work, long hours and above all... passion. "Ever since I was a small boy, I had a passion to sing. I always sang – on my way to school, the shower and even whilst doing my homework," commented an enthusiastic

choir member. Another member also remarked, "I have my work, and it is work. I have my voice, and that is what makes me shine!"

The Bojanala Choral Music Competition is truly one of the most inspiring activities hosted by Bojanala Platinum District Municipality, and this is only their 2nd year!

Innocent K. Sirovha, Acting Municipal Manager of the Bojanala Platinum District Municipality reiterated, "I am grateful for the number of outstanding attendances to this competition. I am thrilled to be associated with such amazing performers. We are truly blessed."
