PLATINUM CLUB

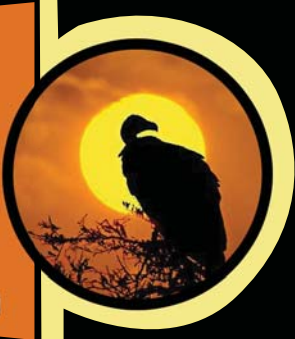

Rustenburg – On Wednesday 15 June, Royal Bafokeng Enterprise Development (RBED) will celebrate the launch of their exclusive business club appropriately entitled, the Platinum Club. The official launch of the Platinum Club will be held at the exquisite Royal Marang Hotel at the Royal Bafokeng Sports Palace. Established to induct only select Bafokeng business owners and recognise them as success stories, the Platinum Club provides its members with high level networking opportunities, strategic business mentoring discussions and the prospect of playing a more visible and active role in the Royal Bafokeng business district. Membership to the Platinum Club is exclusive and limited to the Royal Bafokeng business community. Platinum Club members are selected on merit, excellence and achievement in business and entrepreneurship.

As such, the club endeavours to use these collective characteristics and acquired experiences to empower emerging businesses and entrepreneurs outside of the Platinum Club so that they too may develop these qualities.

Members of the Platinum Club will be not only be publicly celebrated for their success and contributions to the Royal Bafokeng business community amongst its members, but will also have exclusive access to business networking events and the opportunity to meet with a highly qualified strategy board to personally assist members with new business proposals, development, overcoming obstacles and best utilizing their available resources.

For more information on the Platinum Club please contact the RBED offices on 014 566 1600.
