Lilium Longiflorum – The Queen of the Lilies

Lilium longiflorum's glorious combination of snow-white blooms and majestic fragrance is certainly why this particular lily was gifted with the name Snow Queen. The white lily is a traditional symbol of purity and majesty, and it is easy to see why once you have gazed upon these elegant flowers.

As pure white as freshly fallen snow, the Snow Queen's trumpet-shaped blooms face out from a tall (up to 90 cm) stem, which is adorned with glossy lance-shaped foliage. At the heart of the Snow Queen's flowers is a subtle, yellow shading and delicate stamens crowned by golden yellow anthers. The beauty of L. longiflorum's flowers is equalled only by the wonderful heady scent

that emanates from this lily. Snow Queen is a truly heavenly sight and scent to behold. This regal beauty is also known by other names, including Easter, November and St. Joseph lily. Unfortunately many of these pure species do not grow successfully in our South African climate but luckily for us the L. longiflorum is a wonderful exception to this rule. Just like the Asiatic varieties we featured recently, the secret to cultivating lilies successfully is cool soil with good drainage. Choose a spot where the soil will remain cool, for example near shrubs, and ensure the flowerbed is thoroughly dug up. Until next week!
