# Platinum Club inspires Community

**Platinum Club Members, Founders & Key Role-players**

the elite organisation. As the Platinum Club grows and evolves, existing programmes will be expanded and new programmes added to ensure that the club remains at the forefront of business insight and achievement. The RBED Platinum Club aims to continually host events that celebrate entrepreneurship, and business development and achievement.

However, each business man in any company face numerous challenges, as Mr Linda Mngomezulu, Chairman, Small Enterprise Development Agency reiterated, "The most common impediment in any business is the fear of failure. To overcome that will not only make you stronger, but will motivate the people around you to develop into competitive businessmen." The Platinum Club serves as an umbrella under which the whole process from vision maturity until the last stages of success is covered for each entrepreneur.

"An Entrepreneur is basically a person who undertakes a business venture when bringing labour and capital together. The main goal is to benefit from trading your goods or services with others," said Mr Andile Mazwai, CEO at Bernard Jacobs Mellet Securities (Pty) Ltd. Mr Mazwai, a renowned speaker also added, "You need but a few key fundamentals in your business to succeed out there; you need to satisfy your clientele's needs/wants, you need to be the best of the best – at least in your own market, you also need to be cheaper than your competition, and last but not least, you have to invest in you business."

Mrs. Cwati ended the prestigious event off by stating, "We are a proud nation, and we are certainly proud of our Platinum Club members, whose successes and achievements continue to inspire the business community of the Royal Bafokeng."

**Rustenburg** – "Today is a historical day," Thandeka Cwati (Acting Managing Director, RBED) said during her welcoming speech at the official unveiling of the Platinum Club at the Royal Marang Hotel,

A number of these SMMEs went on to become highly successful businesses, and in order to recognise their achievements, RBED has created the Platinum Club. Only those Bafokeng businesses that have met the set criteria on excellence in business were invited to join the RBED Club, celebrating real success stories. The Platinum Club also provides its members with high level networking opportunities, strategy business mentoring discussions and prospects of playing more visible and active role in the Bafokeng business district and beyond.

Membership to the Platinum Club is earned through excellence in how on operates one's business. It is essentially a forum of ambitious and hardworking business people. Members must also be willing to share their experiences and insight with businesses and entrepreneurs outside of the Platinum Club in order that they too may succeed and ultimately join

15 June 2011. Movers and shakers from all over attended and networking was at the order of the day after a few high-powered motivational speeches were presented. In September 2008, the Royal Bafokeng administration's Department of Local Economic Development was renamed to RBED – Royal Bafokeng Enterprise Development – with a mandate to facilitate the establishment and development of small, medium and micro enterprises (SMMEs). By the end of 2009, RBED's database of Bafokeng-led businesses had almost doubled in size and spread across numerous sectors, particularly construction, engineering, mining, hospitality, crop and livestock farming, catering, cleaning and landscaping.
