Sport's Indaba @ Olympia Park

Rustenburg – It was a hive of activity at Olympia Park Stadium in Rustenburg last week on Friday as the Department of Sport, Arts and Culture held an indaba to discuss the various challenges facing the development of sport in the Bojanala Region.
All the five local municipalities in the Bojanala Region – Rustenburg-, Moses Kotane-, Moretele-, Kgetleng Rivier- and Madibeng Local Municipality – were represented during the indaba which was also open to ward councillors and other stakeholders.

Various issues such as budgets, transformation and gender issues were discussed as participants sought to chart the way forward on policy issues affecting the various sporting codes in the country. Factors such as transformation of sports in the municipalities, the school sport, institutional mechanisms, mass mobilization, recreation and funding were discussed by the groups. The groups were then asked to report back their deliberations so that everyone could benefit from the discussions which took place. When it came to giving feedback of their discussions, it emerged that the main issue which is holding back the improvement of local sport is the fact that "still living in the past" and "are not prepared to move forward". Speaking to Platinum Weekly, the Deputy Director in the Department of Sport Arts and Culture – Bethuel Kgabale – revealed that a total of 110 people from Bojanala Platinum District had attended the indaba. He said; "The indaba seeks to find ways of improving sports development in the area. A total of 110 people have registered for the indaba and they are from various sporting codes such as cricket, football, netball and rugby. "I am happy with the various sporting codes that are represented here because this shows that all the disciplines take what we are doing here very seriously."

"We are concerned that the funding that we have in sports like soccer is different to the funding that we have in other codes and we have to find out why this is like this," he added. Kgabale also revealed that it is the intention of the Department of Sport, Arts and Culture to bridge the gap that sees certain sporting codes being defined in terms of race or genders.
"There are certain sporting codes such as rugby and cricket. These are always defined as white sports. Then you have sports such as football which are regarded as sports for the blacks. It is disappointing that after 15 years of independence and democracy we are still labelling sports on racial lines. This has to change and this indaba seeks to also look at ways of achieving this kind of change," said Kgabale.

He added, "We should have more women taking part in sports such as football because they have shown that they can do well. Sport is a unifying factor and should therefore never be defined along racial and gender lines."

Super 15 Eindstryd

In 'n titaniese stryd, wat 'n mens kan laat dink aan 'n geveg van twee swaargewig kampioen boksers, is die magtige, fisieke Crusader span deur die vlugvoetigheid en flair van die Reds met 18-13 geklop.

Al was die telling nie hoog nie, was daar geen tekort aan opwindende rugby nie! Die Crusaders het op 'n stadium in die eerste helfte 10-0 voorgeloop na 'n stukkie briljantheid van Dan Carter, wat gebreek het en 'n steekskoppie opgevolg het om 'n skitterende drie onder die pale te druk. Die Crusaders het in die tweede helfte die tekens begin toon van "jetlag". Hulle was duidelik nie meer so gefokus nie en twee fantastiese drieë word gedruk deur die manne in rooi.

Digby Ioane het getoon hoekom hy as die vinnigste vleuel in die kompetisie gekroon is deur 'n skitterende drie te druk. Will Genia, die klein generaal in die Redsspan, het gebreek om 60 meter deur die verdediging te seil om seker een van die beste drieë hierdie jaar in die kompetisie te druk. Hierdie twee drieë het die wind heeltemal uit die seile van die Kiwi's gehaal.

Voor sy tuis skare van 52000 het James Horwill, die kaptein van die Reds, sy span se karakter en veggees geprys. Richie McCaw het ook die Crusaders geloof met hulle deursettingsvermoë en karakter na baie moeilike omstandighede.
So, die Super 15 van 2011 is iets van die verlede.

Baie opwindende Rugby is nog op die spyskaart vir Rugga Lovers in 2011. Platinum Weekly Sport gaan sorg dat ons sport lesers op hoogte gehou sal word in die Curriebekerreeks, die Drie-nasies en die Wêreld Beker.
Nag ou grote…
