Protocol a HUGE problem!

Letter to the Editor

Dear Editor,
Protocol has been a stumbling block for country for years now. Protocol was introduced in our governmental institutions more for control sake, but it does not really take us anywhere. Our tenders, sustainable projects and other eco-

nomics are going down the drain due to the so-called protocol. Protocol kills our nation and drags us deep into poverty. Protocol is a barrier to economic emancipation. **[Moses Kotane Local Municipality Employee]**
Editor: Perhaps the protocol just needs a change?

Security Company robbed of R1.4m

Mmabatho – The three men who allegedly robbed the Mafsec Coin Security Company of R1.4m appeared for a second time at the Mmabatho Magistrate's Court on Thursday August 4, 2011. Orapeleng Sebege (35), Ernest Manonyane (28), and Monnapula Koetsi (32) were arrested in the Lichtenburg area on Wednesday July 27. Police confiscated three new cars that they believe were bought by the suspects. The trio allegedly robbed the security company offices in Riviera Park in Mahikeng on June 22. Lt. Col. Metsi said a guard was working in the security control room when three men arrived and pretended to be looking for jobs. "They allegedly tied the hands of the guard behind his back at gunpoint, and dragged him to the other room where they ordered his colleagues to lay down on the floor," Metsi said. The men allegedly confiscated the keys to the safe from these men. After unlocking the safe, they got away with cash amounting to R1.4 million as well as some cell phones.

Gambling with life...

Rustenburg – Two vehicles were involved in a collision at the intersection of Nelson Mandela Street and Dr. Moroka Drive on Saturday, resulting in two pedestrians sustaining minor injuries (30 July 2011). The accident occurred after the driver of a Toyota Avanza unsuccessfully tried to beat the traffic lights by turning into Dr. Moroka Drive from Nelson Mandela Avenue. His vehicle was hit on its passenger side by a Mazda 121 Soho that was travelling towards Pho-

keng. Two pedestrians sustained minor injuries from the momentum of the Mazda, which veered off the road before hitting them. Paramedics from ER 24 arrived and administered trauma counselling to the people involved in the accident. An eyewitness noted "There would have been casualties if the cars were travelling at a high speed." Police are investigating a case of negligent driving after the driver of the Toyota accepted responsibility for the accident.
