# Executive Mayor of Rustenburg Local Municipality addresses service delivery through **Mayoral Imbizo.**

The Executive Mayor of Rustenburg Local Municipality, Cllr Mpho Khunou will embark on a Mayoral Imbizo programme from the 22nd of August and it is anticipated to end on 29 September.

The Imbizos are aimed at addressing Rustenburg citizen's service delivery concerns and are a platform for residents to take part in the development of their city and to anticipate the 2025 Development Strategy. The imbizos are held to highlight the city's challenges, future opportunities

and strategies to improve public confidence and government commitment. Rustenburg Local Municipality is using a Intergrated Development Plan (**IDP**) as a tool to plan for future developments in its areas. IDP is an approach to planning that involves the entire municipality and its citizens in finding the best solutions to achieve short and long-term developments and aims to co-ordinate the work of local and other spheres of government. The **IDP** takes into account the existing condition, challenges and resources available for development.

The Plan focuses at economic and social development for areas of RLM as a whole. The process of the IDP has six phases which is preparation, analysis, strategies, projects, integration and approval.

The imbizos are a dedication of the Municipality's political and administrative leadership to create a space for its citizens to participate in the democratic process and infrastructural and economical development unfolding in their areas.
