Donations from Standard Bank

Ftr: Ms B. Tshoma (Mankwe Campus student), Mr Matjiane (Mankwe Campus), Mr T Skosana (Provincial Director), and Ms M Mafunda (Provincial Marketing Manager from Standard Bank).

Rustenburg/ Sun City – A group of 60 students from ORBIT FET College (Mankwe Campus) recently received a valuable donation of blankets from Standard Bank. Mr Theo Skosana, Provincial Director of Standard Bank together with Ms Maria Mafunda, Provincial Marketing Manager of Standard Bank, handed over the blankets to the students. Speaking on behalf ORBIT FET College, Mr Solly Matjiane, Mankwe Campus Manager, thanked Standard Bank for the donation and encouraged all students to focus on their studies and excel in their respective fields. Matjiane also reminded the students that coming from impoverished backgrounds should not be an obstacle to their future.

Instead, he said, it should motivate them to acquire the necessary knowledge and skills to improve their lives given the continuous support that they receive from the Department of Higher Education and Training (DHET) as well as organisations like Standard Bank. In his handover speech, Mr Skosana inspired the students with words of wisdom to pursue their careers as well as prepare for their work life adequately. He reiterated that Standard Bank is not just a deposit or withdrawal institution. Nevertheless, he affirmed, that Standard Bank is an organisation that seeks to assist individuals and communities to move forward – beyond the regular banking transactions.

This donation of blankets by Standard Bank to Mankwe Campus students is a kind gesture that is incredibly appreciated, and will always be remembered. In her vote of thanks, Ms B Tshoma – the student representative gratefully said, “You have made us very happy. Tonight we shall sleep peacefully.”

In addition the blankets initiative, Standard Bank have also availed additional financial support to four identified deserving students from all the ORBIT FET College Campuses.

Pure Lubricants... It's Natures Choice!

Ftr: Kathleen Marais, Gary Marais, Latisha Remedios (all from Blue Chip Lubricants)

A new Biodegradable ECO Lubricant Range, helping you be the change you want to see, and doing your part for our environment!

Rustenburg – As an independent marketer and distributor of high quality lubricants and greases since 1983, Blue Chip Lubricants has proven to be a market leader, by going the extra “green mile” in the Lubricants Industry.

Now customers have the informed choice in lubricants and can choose to make a positive contribution to their environment by using the NEW PURE BIODEGRADABLE LUBRICANTS range of oils and greases. A biodegradable material is one that will break down and decompose into

elements found in nature when it is exposed to air, moisture and bacteria or other organisms. The term “biodegradable lubricants” basically refers to all types of lubricants which are biodegradable and non-toxic for both humans and the environment. As a bio-lubricant it can be available in two forms: as vegetable oil-based or as synthetic esters manufactured from mineral oil-based products.

Unlike other products currently in the South African market, the Blue Chip PURE Range is made from renewable resources. This makes the product price competitive in comparison to full synthetic biodegradable based products currently in the industry.

For any additional information, please dial 011 462 1829.
