this regard is requested to contact the Investigating Officer at the Brits Detective Services, W/O Seemane at 012 252 3011 or 082 881 4094.

## Minutes too Late...

**Rustenburg/ Tlhabane** – A man travelling in a 4x4bakkie succumbed to his injuries after he lost control over his vehicle and it rolled. The cause of the accident is unknown at this stage. The piece of the road where the accident occurred is straight with no apparent obstacles. There was no eyewitness and apparently also no other vehicles involved.

The accident occurred on Monday 22 August at around 10h15 on the Phokeng Road, next to Tlhabane.

Upon arrival, paramedics tried to stabilise the victim – already in a life threatening distress. He had a very weak pulse and shallow breathing. Paramedics immediately started with resuscitation and intubation, and also ventilated the patient for assisted breathing. Within minutes the patient was transported to the Ferncrest Hospital (nearest facility); however, he was declared dead on arrival. It appears as if the man was "flung from the car" when the bakkie rolled/ overturned, which might imply that he was not wearing a safety belt at the time.

## U-Turn - U Crash!

**Rustenburg** – A Ford Ranger and a Chevrolet Spark were involved in an accident on Monday August 22 that, by luck, did not result in any fatalities.

The accident occurred at around 06h15 at the intersection of the Kloof Road and the N4.

According to eyewitnesses, the Chevrolet was travelling from

the direction of the Kloof when the driver of the Ford Ranger made a u-turn, which resulted in the collision. The Chevrolet hit the front wheel of the Ford.

Three people, the female driver of the Chevrolet and two male occupants of the Ford, sustained minor injuries and were transported to the Job Shimankana Tabane Hospital for further observation. The other 3 occupants of the bakkie sustained no injuries.

The SAPS are carrying out further investigations.

## Escaping Jaws of Death

**Rustenburg** – None of the occupants of three vehicles involved in a horrible accident which occurred on Monday, August 22 at around 05h20 on the old Marikana Road were seriously injured.

The three vehicles involved, include a Volkswagen bakkie, an Audi A4 and a Toyota Tazz. According to eye witnesses on scene, the accident was allegedly caused by the driver of the Audi A4. "It seems as if the lady fell asleep behind the steering wheel." an eye witness noted.

Apparently the Audi was travelling towards Rustenburg; and the Toyota, with the VW bakkie behind it, were travelling direction Bleskop Mine.

It is alleged that the Audi first collided with the Toyota on the rear-end of the driver's side before colliding head-on with the VW.

Both the drivers of the Audi and Toyota Tazz were taken to Peglerae Hospital to be treated for minor injuries whilst the driver of the VW was transported to Job Shimankana Tabane Hospital.

The SAPS are carrying out further investigations.
