Biggest load dimensions work for any load.
 Lowest CO₂ emissions work for the environment.
 Best fuel consumption figures work for your pocket.

The Amarok Single Cab is here. With so many class-leading features, there really is very little the Amarok can't do. 400 Nm of torque, a fuel consumption of 7.9l/100km*, a 2.8 ton trailer tow capacity, a loading bay that allows for 2 Euro-sized pallets crossways, and the ability to climb a 45° incline fully loaded, mean the Amarok can handle the toughest jobs with ease.

Work hard. Work smart. Amarok Single Cab.
