

Best Auto Moved.

Finally, after many years of frustration we now have a state of the art world class BMW facility moving us into the future. This facility is fully equipped to offer our customers the ultimate service & purchase experience. A newcomer to Rustenburg is **Motorrad** & we are pleased to offer our **bikers** a full on experience in both sales & service.

Some history: In 2002 we stepped into this business which was ticking over relatively small numbers. Since then, the business has more than doubled, all due to our loyal customers who have stood by us even though our facility was clearly outdated. We are proud to say that ...

We have finally arrived.
