Môrester Kinderhuis Not only a shelter, but a place of Love!

Rustenburg – Since its inception, Môrester Kinderhuis – has proved to be a mission of love and compassion that has restored life and dignity to abused and abandoned children in Rustenburg. It offers a safe loving environment to children who have been left vulnerable as a result of the death of their parents (orphans) or guardians or as a result of being abandoned by their parents. The facility also takes care of children who might have been living in abusive environments within their homes.

On Friday, October 21, staff from Rustenburg Square SUPER SPAR took some time to interact with the disadvantaged kids. It proved to be a day filled with fun and games for children at Môrester Kinderhuis. Groceries to the value of R8 000 were donated to the children's home as part of SUPER SPAR's efforts of playing a part in uplifting the community.

There was a lot of entertainment for the children, the highlight being the jumping castle and talking to 'Mickey Mouse'. Mr. Stav Pheros of Rustenburg Square SUPER SPAR called on other role-players within the retail sector to join them in their efforts to assist those in need. "The ideal situation would be for a lot of companies to come on board and support

these charities so that the efforts can be more effective." he said.

Audrey Mphela, SPAR, said, "This forms part of the Sparlympics. We do a charity campaign where the retailer donates stock to charity. We believe that these donations will help the children. We had a lot of fun and I am happy that we were able to make a difference in their lives... even if just for a few hours."

Apart from the groceries, the children were also given school bags with stationery that includes, pencils, pens, rulers, crayons etc.

Môrester is a registered Temporary Place of Safety and is part of Grace Outreach Community Association and as such is registered as a NPO (030-035). It can cater for up to 36 children. Volunteers form an essential part of Môrester. They help with fundraising, donations, therapy and training.
