Festive Season Tips & Hints from SAPS

Rustenburg – Due to the escalating rate of crimes including car hi-jacking, business robberies, ATM bombings, rape and murder, the SAPS in the North West wants to raise an awareness of these crimes and supply the community with hints on how to prevent them.

The public are advised to not lose sight of their cards, more especially credit cards when paying in restaurants, petrol stations and clothing shops to mention but a few. Also, do not accept assistance at an ATM from a stranger or security guard.

If an attempt is made to “assist” you in any way, press ‘cancel’ immediately to ensure the returned card is yours and leave the ATM immediately.

STAY ALERT at all given times!!! Avoid drawing cash when you are alone, especially at night or at isolated ATMs.

Make provision for good outside-lighting but switch the lights off during the day. Never open the door automatically whenever the bell rings or if someone knocks.

Also stay safe on-and-off the roads!

NOTICE

To all International Police Association (IPA) MEMBERS: In terms of Rule 28 of the Constitution of IPA (SA), notice is hereby given of the annual general meeting of the IPA (SA) North West Region.

Date: 15 November 2011

Your presence will be highly appreciated, as there are important matters to be discussed.

Counterfeit Cigarettes worth R4m.

Mmabatho – On Friday, 4 November 2011 at around 18h00, SAPS members on duty at Ramatlabama Border Post, between South Africa and Botswana, were busy with their routine schedule.

A white Scania truck entering South Africa from Botswana was stopped and searched where they discovered that the truck was loaded with illegal cigarettes ranging from Sevilles, Pacific

Blue as well as Dullas.

There were 606 Master cases valued at R4 264 260 upon which the cigarettes were confiscated by the Police.

The 27-year-old driver of the truck, a Zimbabwean citizen, was arrested and appeared in the Mmabatho Magistrate’s court on Monday, 7 November 2011. A case of possession of illegal cigarettes is currently being investigated.

Toddler dies in shack fire

Potchefstroom – A 3-year-old boy was killed in a shack-fire in Ikageng (Informal Settlement) near Potchefstroom on Wednesday November 9.

The cause of the incident and the series of events leading up to it remain unclear and will form the subject of a South African Police Force investigation. Common cause information and an account of the boy’s mother suggest that she left the shack to do her laundry. She did however notice him playing with a box of matches. She returned to find the structure completely engulfed in flames. Fire-fighters quickly doused the fire and the charred remains of the toddler were found inside. He was burnt beyond recognition.

13 arrested for violence

Sun City/ Ledig – The Sun City police arrested 13 of the 200 unruly protesters from Ledig who tried to enter the Ledig Tribal Offices with the intentions of forcing a meeting between themselves and the tribal leadership (7 November 2011).

According to allegations, the protest is believed to emanate from a chieftaincy dispute between the protesting community members and the tribal council.

Upon arrival, the Police and security guards were attacked with stones. As a consequence, the Police had to use rubber bullets to disperse the protesters. Two people were injured and taken to the Moses Kotane Hospital where

they were treated for minor injuries.

In addition, the protesters threw a patrol bomb into the house of three Tribal Council members. The houses were badly damaged but not completely burnt to the ground. The Police registered a case of Public Violence.

Four suspects appeared before the Mogwase Magistrate’s Court on Monday 7 November 2011 and was released. Nine others appeared before the same Court on Tuesday 8 November.

The North West MEC for Local Government and Traditional Affairs, Paul Sebegoe has called for restraint and order in Ledig following the violent incident.
