The Directorate of Community Development continues to undertake an initiative to recognise and acknowledge the Volunteers in the Bojanala District and has therefore undertaken a resolution that this prestigious event should be hosted annually.

The *Volunteers Celebrations* commenced in 2007, but this year's celebrations promises to be even greater than ever before – you simply can't miss out!

One of the main goals of the Bojanala Platinum District Municipality is to render services at the highest level possible, and this process is conducted by the Service Delivery Implementation Plan (SDBIP).

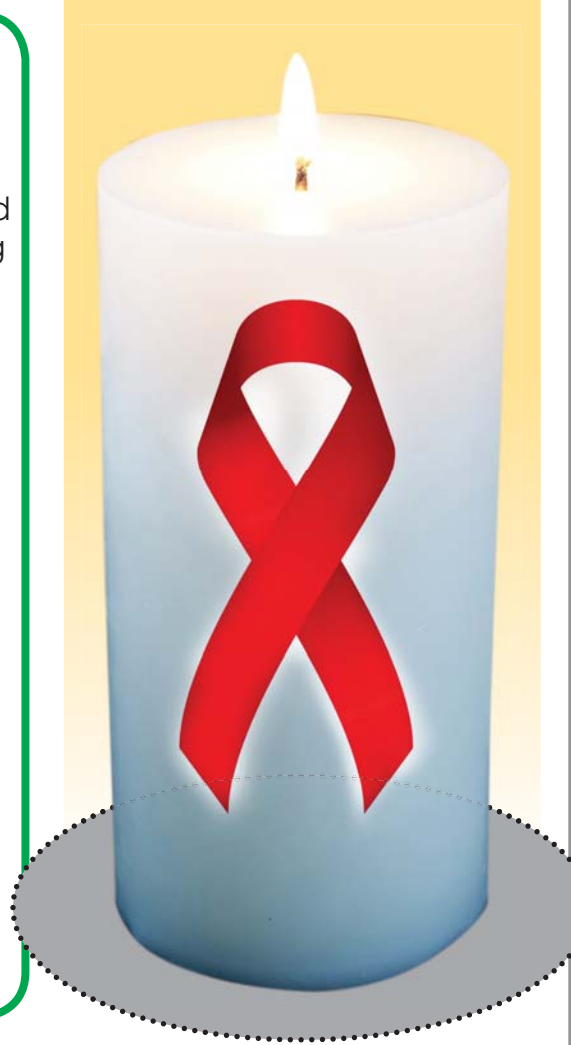

The SDBIP serve different causes, amongst others empowering and supporting numerous NGOs (Non-Governmental Organisations). They aim to provide skills and build capacity required to fight poverty and promote a second-economy

within the district. They have become an integral part of service-delivery and continue to fill the gap. The Bojanala Platinum District Municipality has therefore decided to acknowledge these NGOs and the support that is given to them, including the volunteers in their efforts against poverty.

This programme has also embraced and continues to financially support efforts by cooperatives to fight poverty and associated issues in the district.

This year an astronomical 500 participants are targeted to attend this prestigious Award Ceremony hosted at the Rustenburg Civic Centre (Banquet Hall). The theme “Building Communities Together” is appropriately chosen for this splendid event held on the 2nd of December 2011 (17h30).
