

Boston City Campus & Business College Awards Outstanding Students For 2011

The Boston City Campus & Business College in Rustenburg hosted a glamorous Graduation Ceremony on Thursday 1 December 2011 to honour students who excelled in their studies during the 2011 academic year.

This elaborate event – which was held at the Rustenburg Golf Club – saw eight students being awarded with trophies for their outstanding performances during the year. Some parents, who

were present to witness the event, expressed their joy and pride as the students walked up the podium to receive awards in their respective subjects after another year of hard work.

The Principal of the College – Ria Labuschagne – commended the students for the effort that they have put into their work, which according to her have set a good example for the other students. “Well done to the students who have worked hard

throughout the year and best wishes for the year ahead. “I would also like to thank the parents and guardians present here today. Without you this day would not have been possible,” the Principal said.

Boston City Campus and Business College in Rustenburg has been in operation for over 11 years. Having built up a thriving college, growth in student numbers saw the Principal searching for bigger and better premises.

“Glamorous Graduation Ceremony”
