ROYAL BAFOKENG PLATINUM
MORE THAN MINING

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT FOR THE PROPOSED WATER TREATMENT PLANT AT BAFOKENG RASIMONE PLATINUM MINE

Notice is given in terms of the National Environmental Management Act (No. 107 of 1998), as amended with reference to Government Notice Regulation (GNR) 544 and 545 of 2010; the National Environmental Management: Waste Act (No. 59 of 2008) (NEM:WA) and the Minerals and Petroleum Resources Development Act (No. 28 of 2002) (MPRDA) of the intent to install a water treatment plant at the Royal Bafokeng Platinum: Bafokeng Rasimone Platinum Mine (BRPM), North West Province.

DESCRIPTION

BRPM proposes the construction of a water treatment plant to treat excess process water for reuse in its mining activities, thus minimising the intake of potable water for the mine. The proposed plant will include processes such as ultra-filtration, reverse osmosis as well as the disposal of brine. It is anticipated that the treatment plant will treat approximately five mega litres of process water per day.

ENVIRONMENTAL APPLICATION

In accordance with NEM:WA and GNR.718 of 2009, the activities associated with the installation of the water treatment plant are listed under Category B, which requires a full scoping and EIA process before a waste license may be granted. The following Category B activities may be relevant to the proposed project:

- The treatment of effluent, wastewater or sewage with an annual throughput capacity of 15,000 m³ or more.
- The construction of facilities for activities listed in Category B of GNR.718.

Furthermore, BRPM is required to submit an Addendum to the approved Environmental Management Programme Report to the North West Department of Mineral Resources as it is a statutory requirement of the MPRDA. As the project will be generating waste products the Department of Environmental Affairs will be responsible for issuing a waste license.

NAME OF PROPONENT

Bafokeng Rasimone Platinum Mine

LOCATION OF PROJECT

BRPM is situated in Boshhoek in the North West Province.

PUBLIC MEETING

The date, venue and time will be communicated to all stakeholders two weeks prior to the public meeting.
