Caring for Cape Town

HELP DONATE WATER FOR CAPE TOWN

Rolyn Engineering will be paying for a truck to transport water to Cape Town. Please assist by buying a 5l bottle of water from Water 2 Go Rustenburg at a reduced price of R9.00 per 5l. Every 5l will make a big difference!
Contact Mandi for any queries at 014-596 6266, Rolyn Engineering.

Rustenburg – Day zero is fast approaching for the residents of Cape Town. Even though the community of Rustenburg has seen the darker side of life in the past few months, we are still able to open our hearts to those in need.

Rolyn Engineering and Water 2 Go have launched a project to collect water for the drought-stricken Cape Town.

Rolyn Engineering will sponsor a truck from Mouton Transport to transport the water from Rustenburg to Cape Town. There will be a drop-off point at the Wolraad Woltemade Primary school in Bothasig and the second at Thornton Primary school in Thornton/Goodwood area. Rolyn aims to collect water in 5 litre bottles; the maximum load a 36-ton truck can carry is 6048 bottles. At the last count there were 2001 bottles ready for transport.

“We are extremely excited to see the response we have been getting from the community. Every litre will make a huge difference to Capetonians at this dire time.

We still must collect 4047 5 litre bottles. I have faith and believe our community will once again come together to make a difference in the lives of a community so far from us,” said Mandi Zeelie, of the Rolyn Engineering water project in an interview with the *Platinum Weekly* newspaper on 15 February.

BirdLife Rustenburg's itinerary

Rustenburg – BirdLife Rustenburg's February meeting will be held, as usual, at the Rustenburg Methodist Church, c/o Brink and Schuurman streets, on 19 February, commencing at 19h00. Their annual general meeting will then be held.

It is important for as many members (and visitors) as possible to attend this meeting. This is the event which sets the path that the

club will follow over the coming year. Your input and suggestions are critical to the well-being of the club. It is also your chance to select the office bearers.

All are welcome with a donation of R20 for non-paid up members. Tea and snacks will be served after the meeting.

BirdLife Rustenburg's February outing will be held on Saturday, 24 February. They will be concentrating on Highveld birds in the Koster area and their target bird for this outing is the Blue Crane.

They will meet at the BP Garage, Waterfall Mall, at 06h00 and will return home by 14h00. Bring along the usual drinks, snacks etc.

All are welcome to what should be a very productive outing. A donation of R20 is levied for non-members. Take note: some of the roads may be a little rough and a vehicle with high ground clearance is advisable. Should you wish to learn more about, participate in any of these events or if you have any birding topics to report or need help with identification of a bird (a picture will help), please feel free to contact BirdLife Rustenburg's chairperson Shaun McGillewie, on 083-702 1462.
