

RANGE ROVER EVOQUE

THE HUNT

ABOVE & BEYOND

AVAILABLE AT PRIME MINUS 6%*

Once you've hunted down those elusive items you won't need to lift a finger, just your foot. As long as your personal smart key is detected within a range of 1.2m, a sensor under the rear of the vehicle automatically opens the tailgate. Range Rover Evoque may be born in the wild, but it's adapted to the city perfectly.
