2018 Dis-Chem Ride for Sight

Anthony Kukard

Rustenburg – The 2018 Dis-Chem Ride for Sight cycle race on Sunday, 18 February, was well supported by the Rustenburg Cycling Club (RCC). The race, in Boksburg, celebrated its 30th anniversary this year. Well done to winners Reynard Butler and Carla Oberholzer, but the biggest winner was the race to find a cure for retinal blindness. Congratulations to all RCC's members who took part for both the 62km and 116km road race.
