RCC's Land Rover Kgaswane (MTB) Race ROCKED!!!

Rustenburg – The Rustenburg Cycling Club (RCC), hosted their annual Land Rover Kgaswane mountain bike (MTB) race, on Saturday 30 June.

The start-finish line was held at the aptly named Hunters Rest and family and friends of contestants enjoyed the great vibe while contestants tackled either the 50km, 35km or the 17km race. Despite the cold winter weather, the race soon heated up as contestants faced the treacherous switchback mountain path up the side of

the Magaliesburg Mountains of Olifantsnek, down into a valley in the Magaliesberg (which is privately owned land and only accessible during this race) into the Kgaswane. There the race groups split into challenges of various distances, before getting together again and sharing the finish line.

It was a great day and if you missed out on this fun outing, be sure not to miss the next "local" MTB Cycle Race- Groot Marico on Saturday 4 August.
