

Rawson celebrates 10 years with the IMPI challenge

Brits – Rawson Property Group has been a partner of the Fedhealth IMPI Challenge since its inception. This year they will celebrate 10 awesome years of obstacle course racing.

Judy Pick, national events manager for the Rawson says: “As a company, we are committed to wellness on multiple levels. We also use this event as a unique team building opportunity and encourage everyone to join in, whether to compete or to support from the side lines.”

Revered both by elite and social entrants, the Rawson Wall boasts a height of 2.4m and is one of the Fedhealth IMPI Challenge's most iconic obstacles.

Fedhealth will be hosting their third North-West IMPI challenge at Van Gaalens near Brits on Saturday, 6 October. For more information on the Fedhealth IMPI Challenge contact info@impichallenge.co.za or visit www.impichallenge.co.za.
