"The IMPI Challenge had a magnificent 2018

season. Entrants were challenged, victories were enjoyed, and friendships were made," said Pieter du Plessis, IMPI Challenge race director. "We look forward to building on the energy in 2019. Without letting the cat out of the bag, IMPI warriors can look forward to spectacular trail running combined with adrenaline pumping obstacles that will require crawling, swinging, climbing, jumping – just about everything fun."
