FOR HOPE!

Rustenburg – The remains of the once beautiful church building of Nederduitsch Hervormde Kerk van Afrika Gemeente (NHKA) Rustenburg Kloof Gemeente, is a sad reminder of the fateful night when this beacon of the community was reduced to ash and bare walls on 25 November 2018. But hope stands strong!

In an interview with *Platinum Weekly*, reverend Nardus Enslin said: "Our congregation was devastated. A massive fire gutted our church – a place where we gather for God, a place of comfort and a beacon of hope to the homeless. We will rebuild. It is heart-breaking to think that our church was reduced to rubble. We know a rebuild will not happen overnight, but we trust that God will bless

us to restore our place of worship where we will continue to glorify His holy name."

The congregation and reverend Enslin are not backing down. They hosted a golf day to raise funds for the repair and rebuild of their church on 1 March at the Rustenburg Golf Club.

There was a great turnout as attendees drifted along the course in their golf carts. Strategy, sportsmanship and a few good swings was at the order of the day. After a day on the course, an auction was held. The church would like to convey thanks to everyone who took part and donated to make the day a success. A special thank you to MH Motors for giving them the opportunity to make use of the Rustenburg Golf Club.
