Not just smoke and mirrors!

Rustenburg – The Rustenburg Photographic Society hosted a smoke photography workshop on Saturday 6 April.

The workshop produced amazing works of art as attendees learned more about perfecting their smoke photography skills. Smoke photography is an aleatoric art form where the subject is smoke. You have to rely on both chance and skill to make your photo a masterpiece. It takes photographic and photoshop skills to create these photographs. The Rustenburg Photography Society meets every third Wednesday of each month at the NG Kerk Proteapark at 18:30 to trade tips and advice. Everyone is welcome to join them.

For more information, contact club chairperson Simon Fletcher on 082 371 9867 or vice chairperson Ronel Broderick on 082 451 2999.

The smoke photography workshop attendees improving their skills.
