SUPPORTING A LOCAL YOUTH WITH A LEARNERSHIP AND TRAINING MEANS A BETTER JOB FOR HIM. AND A BETTER LIFE FOR HIS FAMILY.

When Elias Thage from Bapong in the North West Province, the first graduate in his family, starts his journey with Glencore on a learnership programme, he works hard. Which means Elias continues to benefit from the ongoing training opportunities available to Glencore employees, and he qualifies as a Senior Instrument Technician at Rustenburg Smelter. His hunger for success means that today, he is able to take care of his mother and give back to the community he’s from. It also means that Elias will soon fulfill his ambition to mentor other young people.

Elias is just one of almost 27,000 people we employ, including contractors, experienced professionals and recent graduates, all of whom benefit from Glencore’s employment and skills training initiatives. We believe that a single act can make a difference. It creates a ripple effect that can be felt throughout families and communities.

PROGRESS. TOGETHER.
