Rustenburg – Rufaro Mhandu, a Grade 6 learner at St. Augustine Private Christian School, is among the local learners that have qualified for the final rounds of the prestigious Master Spelling Bee national competition. Rufaro, together with four other learners from the North West province, qualified after performing exceptionally well during the provincial finals, which were held at Hunter's Rest on Saturday 7 September. Gofaone Kgaoganyeng, Amogelang Nchube, Odirile Thole and Omphile Sethiba, learners at Sacred Heart Private Primary School, will join Rufaro at the finals. In an interview with *Platinum Weekly*, St. Augustine Private Christian School principal Emmanuel Musonza could not hide his excitement. "During the provincial finals, Rufaro emerged as one of the winners in the Bumble Bee category. We are very proud of her achievements and we hope it will motivate other learners to follow in her footsteps."

Let's talk... African Honeybees!

Rustenburg – African honeybees have novel ways to potentially solve community-based problems. Bees are willing to take on the risk and effort to create positive changes in society through their daily efforts. The earliest historic mention of honey bees as social entrepreneurs can be tracked back to 2100 BC. Arguably, the first discovery of honey, is believed to have come from Africa and has numerous benefits including medicinal and contributing to the food basket. During its short lifespan of 63 days, a bee is born, impacts life positively and then dies. You can build a successful farming enterprise through the rescue of these social entrepreneurs, known as African honeybees. Bees are very important to our ecosystem and agriculture. It is crucial to love, care and help bees to benefit from their hard work in keeping the environment friendly, fight climate change and stabilise nature. **Don't miss the Rustenburg Honey festival on Saturday 19 October at the Hervormede Kerk (R24) grounds to learn more about amazing bee and honey facts.** For more information contact Hennie Oberholzer on 076 756 0801 or habitatgo@gmail.com. Kindly note that due to time constraints, and being a beekeeper himself, it may take some time for Hennie to address your queries.

Yummy honey!

Spelling bees come out tops

Rufaro Mhandu
