AFFORDABLE TIMELESS QUALITY

Platinum's Rustenburg operations handed out various personal protective equipment (PPE) to the Department of Education, Rustenburg sub-district, on 4 June – in line with a pledge they made to help strengthen the capacity of schools to successfully curb the spread of COVID-19. They received infrared thermometers, handwashing soap, sanitisers and masks during the handover at the smelting operations' offices in Rustenburg. "PPE are vital to schools and this gesture is our response to the department's call for assistance. We are giving back to the community," remarked senior social performance (SP) and development manager Tumelo Dilotsotlhe. Education authorities in Rustenburg will distribute the PPE to various schools in and around Rustenburg. Said Department of Education Rustenburg circuit manager Peter Mathe: "Thank you for helping our schools to fend off the COVID-19 threat."

PRACTICAL DEMONSTRATION... Department of Education Rustenburg circuit manager Peter Mathe was screened by senior SP and development manager Tumelo Dilotsotlhe.

ENHANCING SAFETY... United, we can help curb the spread of COVID-19.
