8 JANUARY 2021

Police investigators gathered evidence near the spot where their colleagues were shot.

POLICE OFFICERS INJURED IN CASH HEIST

Rustenburg – Two police officers were shot and injured when a group of four armed men who had just robbed the Safari SUPERSPAR on Monday 4 January, fled the scene.

A manhunt has since been launched for the four unidentified men, who – like the rest of us – were wearing masks during the robbery. At this stage it is unclear how much money was robbed from the store.

Investigations by the police suggest that after entering the store at around 13:00, the suspects allegedly threatened an employee with a gun, and emptied a cash register before they fled the scene.

Read more on page 4

Anyone with information regarding the robbery or the whereabouts of the suspects should please contact captain Tyson Ndlovu on 071 481 2867, SAPS Crime Stop at 08600 or provide a tip-off on the My SAPS App.

MORE THAN 300 ARRESTED DURING NEW YEAR BLITZ

NW – The North West police arrested 305 suspects from Thursday 31 December 2020 to 1 January 2021 as their Safer Festive Season operations shifted into top gear. A total of 270 suspects were apprehended for failing to confine themselves within their residence while 83 were nabbed for being in a public or open space without wearing a mask. A further six were arrested for the sale and dispensing of liquor, two for transportation of liquor, and three for drinking liquor in public. “The other 35 suspects were nabbed for more serious crimes including assault, robbery, the illegal possession of firearms and ammunition, driving under the influence of liquor, burglary and theft,” police spokesperson brigadier Sabata Mokgwabone said.

ARE YOUR KIDS SAFE ONLINE?

SA – Children believe the internet to be a magical place, where any question can be asked and answered. Scholars use the internet for their school projects as the internet and Wikipedia, are of great help. Kids are not aware of things like viruses, malware, spyware, ransomware, online privacy, phishing, social media etiquette and any other internet safety issues you can think of.

HERE ARE SOME TIPS ON PREPARING YOUR KIDS FOR SAFETY ON THE INTERNET, FROM THE EXPERTS

- **Discuss safety on the internet with your children from the moment they start using it.**
 - » Young children might share a computer with their parents, and this provides you with the opportunity to start helping with online safety, by discussing the things that are there to protect us, for example, Internet Security Protection, passwords, etc.
- **Do not do things online that you would not do face to face.**
 - » They must be taught that talking to people online is still a real conversation with a person.
 - » Children need to remember that what they do and say on social pages is captured forever, they need to be taught the implications and long-term effect of this fact.
 - » They must refrain from posting personal photos, for example in their school uniforms and photos that could divulge their location.
 - » They may never communicate personal details like telephone numbers or addresses.
 - » Teach children how to lock down their social pages and be vigilant about their privacy settings.
- **Children should be taught to be very wary of strangers offering gifts.**
 - » Teach children not to open emails or links from addresses that they do not know.
 - » If there are attachments to emails, rather ask if it is safe to open, do not just click to open.
- **Be vigilant and monitor what you can.**
 - » For little ones, make sure they are always accompanied by an adult when using the internet.
 - » For the older children who have their own devices, make sure you set up their 'clouds' through the respective service providers and that it is safe.
 - » Install monitoring software on all the devices and set them up to only allow the device to connect to websites you deem to be safe.
- **Spend time with your children, do not just tell them the rules.**
 - » It is important to spend time with your children, explaining the dangers of the internet.
 - » Have an open discussion, where they can ask any question they might have.
 - » Teach them in a practical way. Help them create passwords, long sentences, which are easy for them to remember, but hard for anyone else to guess.
 - » You do not have to be linked on any of their social media platforms but explain to them to think of anything they want to post... “Would I still post this if my mom or dad could see it?”
- **Social Media...**
 - » They must make sure they know the person sending the friend request.
 - » Ask to see your children's devices often and look at the apps installed.
 - » If an app is unfamiliar to you, do some research on the app, even download the app on your own phone and join in, to see what it is all about.

Apply the same rules online as you would in the real world. If you do not understand something, ask a responsible adult. If anything unusual happens on your device, speak to your parents about it.

Warning to parents as well, if you are not sure about the operation of your computer systems, rather contact an IT specialist to assist.

Parents should be actively and consciously involved in the lives of their children and educate their children with regards to the dangers of social media on every platform, whether they are able to access it via their cellphones or a laptop/PC.

STEEP FUEL HIKES EXPECTED FOR JANUARY

SA – Fuel prices will rise significantly in January. This is according to the Automobile Association (AA) which was commenting on unaudited month-end fuel price data released by the Central Energy Fund.

“The Rand has continued to advance against the US dollar, which is a pleasing outcome considering the severe beating the currency took earlier in the year. But even the currency's ongoing strength has not been enough to contain oil's march back towards its pre-COVID-19 price levels,” says the AA.

“The outcome is steep increases across the board. Petrol is set to rise by up to 43c a litre, and diesel and illuminating paraffin by 55c,” says the Association.

While South African fuel prices are well off their record highs, the country's economy is in a fragile state, and any shocks to international oil prices or the Rand/ US dollar exchange rate could hurt fuel users badly.

PRECAUTIONARY MEASURES TO REDUCE ROAD ACCIDENTS

NW – Traffic volumes are expected to rise this week as holidaymakers return to work after the festive season. In anticipation, the joint road safety and law enforcement operations were ongoing in Mogwase and other parts of the North West province on Monday 4 January 2021. The aim is to ensure road users are safe, traffic are violations monitored and road accidents reduced. When we start a trip, we should be mindful that driving under the influence of alcohol is highly reckless, speed kills and it is important to ensure that the vehicle is roadworthy, and the tyre tread is not worn. Always buckle up and advise the driver to rest every two hours. **Department of Transport and Community Safety press release extracts**

Road users can rest assured that North West traffic officials may stop them on the road to make sure COVID-19 protocols are adhered to.

WOMAN SHOT ON MARIKANA FARM

Marikana – A woman was rushed to hospital after she was shot on her farm near Marikana in the afternoon of Tuesday 29 January. According to police spokesperson captain Aafje Botha, the woman was outside when four attackers entered her house. A shot was fired by one of the attackers after they were startled by the woman. Fortunately, she sustained no serious injuries. A case of attempted murder is being investigated.

TAKING CONTROL – LEGALLY

Koster / Swartuggens – A true victory for human rights! ... The Kgetlengrivier Local Municipality (KLM) had to acknowledge the sovereignty of the Mahikeng High Court. Koster and Swartuggens residents were granted the power by the court to take over the management of the Kgetlengrivier Local Municipality's (KLM) water services as from Thursday 7 January. According to reports, the residents were at first prevented by the KLM's municipal manager to enter the premises of the waterworks, however the situation was resolved. The residents are now in control of the waterworks. Being fed up with the collapse of water services by the KLM, residents took to the courts for their assistance. For several years, residents had to deal with contaminated water stemming from

raw sewage flowing into the Koster and Elands river. The contaminated water, with an Ecoli count of more than 4,000 times the allowed amount, was then supplied to residents to use – often as drinking water. Concerned residents of the Kgetlengrivier district emerged as victors in the court case on 18 December 2020. The judge presiding over the matter declared that the water purifying works at Koster and Swartuggens are in a state of disrepair and are being mismanaged. The court order also stated that Bojanala Local Municipality and KLM are in breach of their constitutional obligations of providing potable water sustainably. It was accordingly ruled that the systems for the provision of clear potable water is repaired and clear potable water, in sufficient quantities, is sustainably

supplied to the residents of Koster and Swartuggens within 10 weekdays from the date of the court order. KLM was ordered to immediately cease their usage of a raw sewer trench/ pipe or furrow to divert the flow of raw sewage into the Koster river and take remedial steps to stop the pollution by fixing the cause of the spillages and to remedy the effects the pollution caused. The KLM failed to adhere to the ruling and in line with the court order, Kgetlengrivier residents were authorised to take control of the water works by appointing or employing suitable qualified people to operate the water works at Koster and Swartuggens. The costs for these appointments must be paid jointly by members of the executive council for environmental affairs, KLM and Bojanala. In an attempt to make sure that those who failed the residents are being held accountable, KLM's municipal manager was ordered to file a report at court 11 weekdays from the date of the order on steps taken to resolve the spillage of raw sewage and the prevention of similar incidents in the near future. If he failed to present the report, it was ordered that he will be imprisoned for 90 days. "Residents of the KLM could no longer just sit back and hope that everything will be fixed. They knew something drastic had to be done. We assembled a great team of people to work on this and thanks to their determination, we were successful," said Andreas Peens, the attorney for the Kgetlengrivier residents. The KLM has until 1 March 2021 to prove their case as to why the order should not be made final.

Recent photo in the Kgetlengrivier municipal area.

ELECTRICITY SUPPLY RESTORED TO MOST PARTS OF RUSTENBURG

Rustenburg – Electricity supply to most parts of Rustenburg have been reconnected back onto the electrical network. This follows the illegal industrial action by employees at the city's electrical unit. The efforts of the accounting officer, director for technical and infrastructure services as well as the entire management of the electrical unit are appreciated in ensuring that residents have their electrical supply restored and that services were not hampered further. The municipality also appreciates the work done by the directorate for public safety (DPS), without whom the operation to restore electricity would not have been completed successfully. The DPS escorted all the teams which had been tasked with the responsibility of restoring power. The RLM wishes to reiterate its position that ill-discipline will not be tolerated, and that consequence management processes will be initiated until they are concluded. Additionally, the RLM remains open to discussions with employees over any workplace grievances which will ensure that issues raised in-line with the established procedures are resolved amicably. Any acts of sabotage are not in the best interests of the city's residents, the municipality or service delivery.

The RLM expresses further gratitude to the residents, who displayed patience during this period until such time that the electricity supply was restored.

POLICE OFFICERS INJURED IN CASH HEIST

Rustenburg – Two police officers were shot and injured when a group of four armed men who had just robbed the Safari SUPERSPAR on Monday 4 January, fled the scene. A manhunt has since been launched for the four unidentified men, who – like the rest of us – were wearing masks during the robbery. At this stage it is unclear how much money was robbed from the store. Investigations by the police suggest that after entering the store at around 13:00, the suspects allegedly threatened an employee with a gun, and emptied a cash register before they fled the scene. On their way out, they spotted and disarmed a police officer who was about to enter the store. The suspects then fired several shots at a Rustenburg Flying Squad police vehicle in the parking area. “A sergeant and a warrant officer sustained hand and arm gunshot injuries. The suspects fled the scene in a silver Volkswagen Polo,” police spokesperson brigadier Sabata Mokgwabone said. A woman working in Pharmacy Tuine, located a few metres from the spot where the two police officers were shot, told *Platinum*

Weekly that one of the law enforcement agents received her initial treatment inside their facility. Another eyewitness, who works at a nearby Pick n Pay outlet, said the armed men ran towards the BP filling station after the incident before fleeing the scene with their vehicle. The police assigned crime intelligence operatives, detectives as well as the Hawks to gather more information on the case to bring the suspects to book.

Onlookers passed through the spot where the suspects shot at the police vehicles.

Anyone with information regarding the robbery or the whereabouts of the suspects should please contact captain Tyson Ndlovu on 071 481 2867, SAPS Crime Stop at 08600 or provide a tip-off on the My SAPS App.

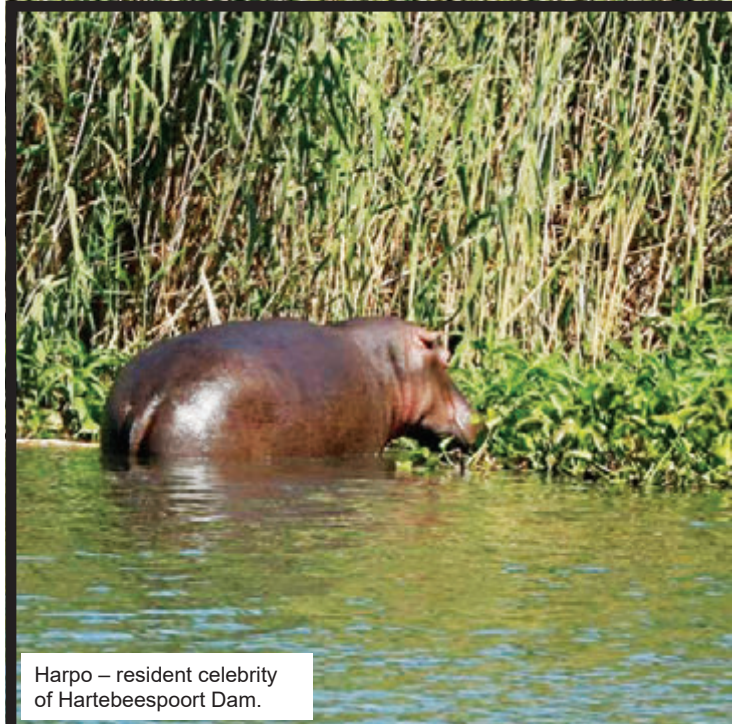

North West Health MEC Madoda Sambatha (extreme right) congratulated many mothers whose babies were delivered on Christmas Day.

133 BUNDLES OF JOY DELIVERED ON CHRISTMAS DAY

NW – Bojanala Platinum District Municipality (BPDM) accounted for many babies that were delivered in hospitals across the North West province on Christmas Day. According to the North West Department of Health, a total of 133 babies (68 males and 65 females) were born in the various public hospitals and clinics on 25 December 2020. MEC for the Department of Health in the North West Madoda Sambatha commended all mothers who gave birth on this special day. Of the 133 babies born on Christmas Day, Ngaka Modiri Molema District Municipality recorded a total of 29 babies

(16 males and 13 females). BPDM recorded 31 babies (15 males and 16 females) while Dr Kenneth Kaunda District recorded 34 babies (17 males and 17 females). There was one twin delivery at Potchefstroom Hospital. Dr Ruth Segomotsi Mompoti, which has in previous years recorded lower numbers of deliveries, accounted for 39 babies (20 males and 19 females) this time around. “As part of COVID-19 prevention measures, we are discouraging hugging and kissing of babies and their mothers,” MEC Sambatha explained. The MEC also congratulated the mothers and wished them and their babies good health.

Harpo – resident celebrity of Hartebeespoort Dam.

WHERE IS HARPO THE HIPPO?

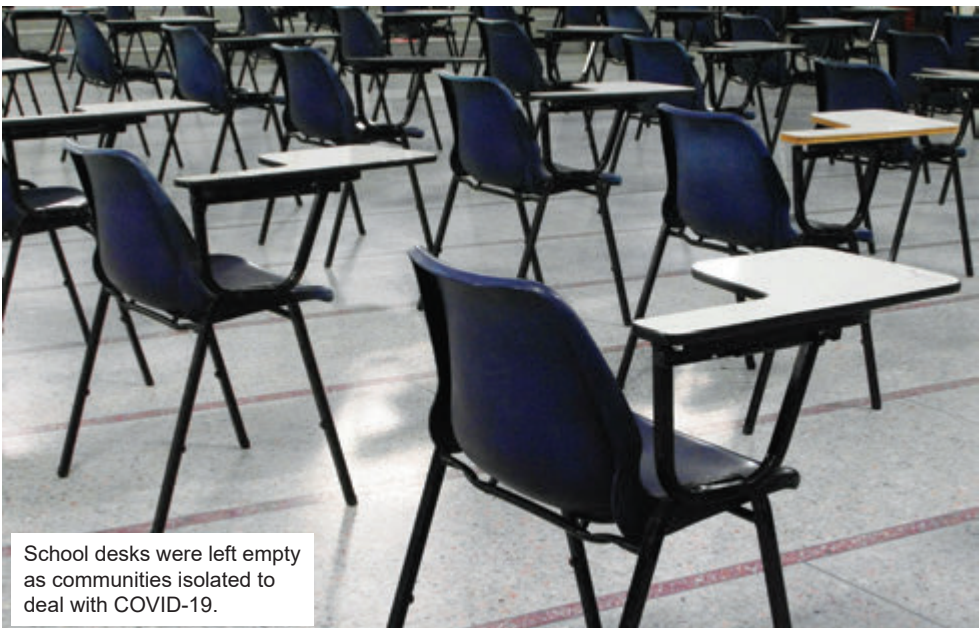

Hartebeespoort – Concerned residents of the Hartebeespoort Dam area contacted Mike Bolhuis, a fervent advocate for wildlife to look after the interests and safety of Harpo, their well-known local hippo. Rumour had it that the hippo was in line to be culled and the relevant permit for the killing was approved. Because hippos are extremely territorial animals, they are extremely dangerous and may pose a threat to the safety of residents and tourists visiting the area. Mike’s company, Specialised Security Services stated that Harpo will not be shot without an in-depth validation of the reasons why this decision has been made and the case is being investigated by the appointed team at no cost. Specialised Security Services task team leader, Werner Bester, contacted the Department of Economic Development, Environment and Tourism (DEDET), and was informed that all information regarding a possible culling permit is confidential but that reasonable proposals

to move Harpo to a safe environment will be reviewed. On Tuesday 29 December 2020, Bester contacted the administrator of Harpo, the Hippo’s Facebook-page and requested its followers to verify Harpo’s location since he has not been spotted for a while. Two reports came in on the evening of 29 December 2020, when a hippo was sighted in the Farmall area, but it cannot be confirmed that it was a sighting of Harpo. The river from Farmall to Hartebeespoort dam is approximately 40 to 47 kilometres. Board members of estates in the Farmall area is preparing a statement of caution regarding the danger of hippos. A member of Nature Conservation did not want to share too much information regarding the sighting at Farmall. He said that the matter is confidential and that they are monitoring the situation. For any information regarding Harpo, sightings, etc, please contact Bester directly on 082 458 8627 or wbesterk9@gmail.com.

COVID-19 CHANGED OUR MATRIC YEAR [LETTER TO THE EDITOR]

A year ago, my friends and I were looking forward to our last year of fun at Bergsig Academy. We all arrived at school prepared, but none of us were prepared for what was to come in less than three months... First an extensive lockdown ... then school till 15:00 in the afternoon to catch up, prelims, and then the end of year exams. This is what our year consisted of. We had to work hard – harder than we ever did before to succeed in 2020. Matric learners had to come up with a game plan but there were so many distractions like Tik Tok and Netflix. Thankfully, our school did not forget to create opportunities for good memories. They allowed us to hold the crazy cross dress day on 17 September where grade 12 boys had to wear the girls’ uniform and the girls had to wear the boys’ uniform. It was a hilarious day

that gave us a chance to have fun in our last year. We poked fun at the boys whose skirts were just a little too short! Sadly though, our matric farewell was not actually a social event... it was more like going to a conference where COVID-19 rules applied. Wear a mask at all times and keep your distance, but even this didn’t stop the night from being a success. Our principal Ms Karen Potgieter shared a heartfelt message with us, as she bid us farewell. “Be safe in the big world and remember every action has a reaction,” she cautioned. COVID-19 was unexpected and disrupted our lives and plans, but it made us realise that we can tackle and overcome any challenge with the right attitude. **Cayla Gerber**

School desks were left empty as communities isolated to deal with COVID-19.

A NEW HOME FOR IN TOUCH THERAPY

Rustenburg – In Touch Therapy provides a unique form of therapy for people of various ages and needs. Horse therapy improves muscle tone, breathing and posture as well as balance, coordination, and motor functions. Anyone struggling with trauma, physical and/or emotional challenges or who just wants to relax will benefit from this form of therapeutic horse riding. In Touch Therapy currently has seven horses that form part of the therapy and lessons. Each of these horses has its own distinct personality – ranging from calm and regal to silly and energetic. In Touch Therapy recently moved to a tranquil area nestled between the Magaliesberg mountains on the R24. The new home offers riders the chance to take in the beautiful landscapes while improving their physical and mental health. The project is not profit driven. The fees charged for the sessions are used to cover the maintenance of the horses and the project itself. Their aim is to be able to offer these sessions free of charge for those who need it but cannot afford it.

For more information or to book a session, contact Karen Spies on 084 422 2377 or karenspies@telkomsa.net.

In Touch Therapy owner Karen Spies and Abigail Fouche [on Shiloh].

In Touch Therapy equine assistant Nhlanhla Nyati and Minke White [on Boesman].

OMPHILE BRINGS JOY TO LEARNERS ON HER BIRTHDAY

Rustenburg – Teenagers are often very particular when it comes to their birthday celebrations and are likely to invite their friends for parties or other ‘cool’ activities to mark the occasion. Most parents of teenagers will agree that their children enjoy hip-hop birthday parties and that organising such events for them is not an easy task, causing endless headaches for parents. However... for Omphile Mvelase – who turned 16 on Tuesday 17 November 2020 – a birthday is more about sharing than receiving. “I am not big on receiving gifts as lots of times you receive something you do not need. So, I had a chat with my mother. We both decided to do something special for Monato Primary School,” Mvelase told *Platinum Weekly*. “I asked my mother to help me to buy uniforms, school shoes, socks, shirts, skirts as well as masks for learners at the school as a way of celebrating my birthday with them.” To bring joy to the learners, Omphile, joined by her mother Mimi Mvelase, grandmother Hilda de Bees and aunt Monica Chiponde went to the school which is located outside the Rustenburg central business district on Friday 11 December. Excitement was written on the faces of the 16 learners who benefited from her kind gesture. Monato Primary School educator Botsang Mokotedi was touched by Omphile’s concern: “You have taught all of us here to share the little that we have with others.” The Mvelase family is very grateful to Kinni Rangaka from Foro SPAR in Tlhabane, Phiri Inc and other sponsors for supporting the initiative.

Omphile Mvelase (centre) donated uniforms, school shoes and stationery.

Learners and educators at Monato Primary School were thankful and jubilant after receiving gifts from Omphile.

FAMILY LOSES EVERYTHING IN FIRE

Rustenburg – It can take as little as 30 seconds for a small flame to evolve into a destructive force, devouring everything in its path. A Rustenburg family lost everything in a fire on Wednesday evening, 30 December, when a fire broke out in their house in Unie street, causing extensive damage. They urgently need household items to help them to rebuild their lives. If you can assist, please contact Tilla Schultz on 079 390 5395.

Last chapter of 2020 up in smoke.

VOLUNTEERS NEEDED AT RUSTENBURG HOSPICE

Rustenburg – Hospice Rustenburg is looking for volunteers to join their winning team. You can make a real difference by donating your time. They need a seamstress and volunteers for their charity shops as well as at the office located at 4 Boshoff street. Hospice Rustenburg is a non-profit organisation, founded in 1997, which provides excellent home-based palliative care to people with life limiting and life-threatening illnesses in the greater Rustenburg community. The charity shops help Hospice Rustenburg to sustain the organisation and the work it does in the community.

9 ACCUSED OF STEALING COPPER WORTH R70,000

Phokeng/ Rustenburg – Nine people were arrested, facing charges of possession of suspected stolen copper cables. The suspects were all nabbed on Tuesday 29 December 2020 in Morogong village outside Sun City during the Safer Festive Season operations that were conducted by the police throughout the North West province. Police got wind of the illegal activities after receiving a tip-off about a group of men stealing copper cables at Horizon Chrome mine in Tlhatlaganyane. A brown Mercedes Benz and a white Toyota Corolla were stopped by police after the law enforcement agents investigating the matter established that the two vehicles could be linked to the copper theft allegations.

“The vehicles and occupants were searched. Copper cables suspected to be stolen at a local mine with an estimated value of R50,000 were found. The six suspects were arrested and the copper cables as well as the two vehicles were seized,” police spokesperson brigadier Sabata Mokgwabone said. Three more suspects were arrested along the R565 road towards Matooster after police, who had stopped the white Mazda the trio was travelling in, discovered more copper inside their vehicle. “During the search, copper cables with an estimated value of R20,000 were found in the back of the vehicle. As a result, three suspects aged 27 to 35 were arrested,” Mokgwabone said.

“Tharisa plc (Tharisa) is a European headquartered, integrated resource group. We are uniquely positioned incorporating mining, processing, beneficiation, marketing, sales and logistics.” Tharisa Minerals Mine is situated near the town of Marikana in the North West Province, and is seeking to appoint a qualified candidate to the following position based at the mine:

Pit Superintendent REF PITSUP001
Job Level: D3
Internal / External

Purpose of Role

The incumbent’s role is responsible for ensuring that the Production Manager’s functions are delivered to the required quality and standards. The incumbent is also responsible for ensuring sustainable and optimal use of mining resources to ensure business continuity.

Role Context

Reports to the production manager; Managing load & haul section so that planned tons/bcms are achieved safely and cost- effectively; Ensure that loading equipment are operated effectively and safely; Design, analyse, and monitor load & haul reports in order to give feedback to the team to improve performance; Follow budgeting guidelines and bring about necessary changes to curb costs in order to achieve annual operating and capital budgets; Conform to government guidelines in terms of safety by continuously updating load & haul procedures; Manage and assess staff progress, and recommend newer methods through researching markets and government guidelines for continuous improvement; Coordinate with technical department in order to reduce ore contamination; Ensure accuracy and completion of reports before submission to DMR; Provide direct management of the site operations which include resource and reserves management, all mining related activities, ore blending and equipment maintenance; Lead execution of operations practices and performance; Participate with other technical and engineering sections to set production goals.

Core work outputs:

Reaches daily target on both reef and waste; Develop and execute short and intermediate term strategies that support the growth of the operation.; Executive daily approved plan to reach daily production targets safely and cost effectively; Dewater the pit for continuous mining operations; Maintain quality benches by loading to the correct floor elevations; There is the required signage in the pit; Highwall scaling before permanent leaving loading areas; Monitor dumps levelling; Coordinate with rock engineering specialist to result with competent highwall by continuously assessing loading areas for faults, dykes and fissures that may result with highwall failure; Prepare and summarize progress reports for management; Support loading personnel and recommend optimization technologies; Create and maintain good and healthy relationship with other departments; Reach daily TSF plan; TSF and waste dump equipment are operated effectively and safely.

Minimum Requirements:

Grade 12, Mining degree/diploma will be an advantage, Open cast Blasting ticket, 5 years’ experience in open cast mining as Pit Superintendent, Should have excellent communication in English both verbally and written, Must able to adapt and work effectively in a multi-disciple environment.

Inherent requirements

Must be medically fit; will carry a legal appointment of a 2.6.1.

Applicants should forward their CV and certified copies of identity document and qualifications, with the reference number **PITSUP001** to: hrvacancy@tharisa.com for internal candidates only or, by following the link: <https://tharisa.jb.skillsmapafrica.com/> or www.pnet.co.za

The Employment Equity principles as set out in Company’s Employment Equity Policy shall be applied. Applicants, who are not contacted within 14 days from the closing date, should consider their applications unsuccessful.

Closing date: 22nd January 2021

For any queries, suggestions or more information, please contact Reinette van Aswegen at 014 592 8925 or you can email us at hospiceshop2@gmail.com.

“Tharisa plc (Tharisa) is a European headquartered, integrated resource group. We are uniquely positioned incorporating mining, processing, beneficiation, marketing, sales and logistics.” Tharisa Minerals Mine is situated near the town of Marikana in the North West Province, and is seeking to appoint a qualified candidate to the following position based at the mine:

Load & Haul Manager REF LHMAN001
Job Level: D4
Internal / External

Purpose of Role

The incumbent’s role is responsible for ensuring sustainable and optimal use of mining resources to ensure business continuity.

Role Context

Reports to the production manager; Managing load & haul section so that planned tons/bcms are achieved safely and cost effectively; Ensure that loading equipment is operated effectively and safely; To make sure that water pond/sumps are demarcated around loading and hauling areas; Design, analyse, and monitor load & haul reports in order to give feedback to the team to improve performance; Follow budgeting guidelines and bring about necessary changes to curb costs in order to achieve annual operating and capital budgets; Conform to government guidelines in terms of safety by continuously updating load & haul procedures; Manage and assess staff progress, and recommend newer methods through researching markets and government guidelines for continuous improvement; Coordinate with technical department in order to reduce ore contamination; Ensure accuracy and completion of reports before submission to DMR; Provide direct management of the site operations, which include resource and reserves management, all mining related activities, ore blending and equipment maintenance; Lead execution of operations practices and performance; Manage Load and Haul compliments to align; Through collaboration with the MRM and Engineering department, take responsibility for the load and haul production plan and the execution thereof; Responsible for the load and haul organisational structure by ensuring an accurate labour budget is prepared and all vacancies are filled; Ensure labour unavailability is at an acceptable level as per the labour budget parameters; Ensure subordinates are kept accountable for the roles and responsibilities.

Core work outputs:

Develop and execute short and intermediate term strategies that support the growth of the operation; Executive daily approved plan to reach daily production targets safely and cost effectively; Dewater the pit for continuous mining operations; Maintain quality drilled holes and presplits by loading to the correct floor elevations; After-blast audit (MF, cracks and fragmentation) and remedial actions; Floor condition and grade box readings; Highwall scaling; Monitor dumps levelling; Continuous feeding of reef to the crushers; Coordinate with material suppliers and contractors; Coordinate with rock engineering specialist to assess drilling areas for faults, dykes and fissures that may result with unsafe drilling condition; Prepare and summarize progress reports for management and client staff; Support drilling personnel and recommend optimization technologies; Create and maintain good and healthy relationship with employees and contractors.

Minimum Requirements:

Mining degree/diploma will be an advantage; Open cast Blasting ticket; 6 years mining experience in open cast mining as a pit superintendent; Should have excellent command in English both verbally and written; Must able to adapt and work effectively in a multi-disciple environment.

Inherent requirements

Must be medically fit; will carry a legal appointment of a 2.6.1

SOULFOOD

LAMENTATIONS 3

¹I am the man who has seen affliction by the rod of His wrath.
²He has led me and made me walk
In darkness and not in light.
³Surely, He has turned His hand against me
Time and time again throughout the day.
⁴He has aged my flesh and my skin,
And broken my bones.
⁵He has besieged me
And surrounded me with bitterness and woe.
⁶He has set me in dark places
Like the dead of long ago.
⁷He has hedged me in so that I cannot get out;
He has made my chain heavy.
⁸Even when I cry and shout,
He shuts out my prayer.
⁹He has blocked my ways with hewn stone;
He has made my paths crooked.

NEW KING JAMES
VERSION (NKJV)

A new bag for a new year!

Rustenburg – The beginning of the 2021 school term is right around the corner. Every year social media is flooded with photos of youngsters returning – dressed to impress in their uniforms flaunting their new school stationery and even a few photos where the school bag is almost bigger than the excited Grade 1 learner. Last year was especially hard and with so many parents losing their source of income, they don't have the means to make sure that their kids can start the year off with brand new schoolbags or stationery. In some instances, children have no choice but to start their year by packing their schools supplies in plastic bags. The organisation Help 4 Souls hopes to be able to assist these children with much needed school supplies. To enable them to do this, they need the assistance of the community. Any donations of school bags and stationery is welcomed and will be handed over to learners identified by the schools. Help 4 Souls is a nationwide registered non-profit organisation and can issue a Section 18A certificate if needed. **If you would like to donate towards this project of for more information, contact Natalie Grant on 071 270 0297.**

Have your say / Sê jou sê

All I hope and plan for 2021...

Pandemics, drought, floods, and insect plagues might come – but people will always find a way to dream and plan for better days. "Keep your eyes on the sun and you will not see the shadows" advises an Australian Aborigine saying on leading a positive life. Closer to home, *Platinum Weekly* caught up with some community members to hear their future hopes and plans.

"This is the year for breaking boundaries as 2020 has taught us to adapt in difficult circumstances. I am hoping to study medicine and plan to challenge myself to grow into the inspirational young woman I hope to be and to always be filled with gratitude for who and what I have when times get tough."

Ketlametswe Moagi

"I plan on studying computer science during my first year at the University of Cape Town. I am hoping to climb Table Mountain, go to conventions and watch live plays and to make new friends"

Kagiso Lesomo

"In 2021, I pray for good health for me and my family. I plan to do my best for the differently-abled learners at Temogo Special School and to work hard to achieve more than what I have achieved in 2020."

Sakina Mekgoe

If you would like to have your say, contact us on 014 592 3257 or send an email to media@platinumpublishers.co.za.

THE RUSTENBURG SPCA NEEDS YOUR HELP

Rustenburg – The Rustenburg Society for the Prevention of Cruelty to Animals (SPCA) aims to serve and protect all animals, to uplift their welfare and to ensure that the protection they have under South African law is upheld and respected. Our local SPCA is a non-profit organisation that covers a vast area which includes large, impoverished areas. The SPCA's people must always be proactive, respond to reports of cruelty, neglect or abuse and react to emergencies involving animals.

The festive season is especially difficult for them as countless pets are handed over, abandoned, or found as strays after the new years' firecrackers. In addition to the increased intake, they also have fuel, municipal costs, salaries, and veterinary accounts that must be paid.

The Rustenburg SPCA takes in hundreds of animals per month and without this SPCA, the lost, abandoned, unwanted, and abused animals would have nowhere to go. The solution is meaningful support.

HOW CAN YOU HELP?

- Sponsor a kennel for only R200 a month.
- Donate.
- Volunteer.
- Adopt from the SPCA.

Their success depends entirely on the support they receive from the community. The closest neighbouring SPCA is some 200kms away and therefore Rustenburg cannot afford to lose their SPCA. The SPCA can survive or close its doors as a direct result of the extent (or lack of) community support.

For more information contact Rustenburg SPCA office on 014 592 3181 or admin@spcartb.org.za.

CURRIE CUP 2020/2021

Sharks vs Griekwas

Die Haaie was eenvoudig net te sterk vir die moedige Griekwas in Durban en wen gemaklik met 47-19. Die Griekwas het in die tweede minuut van die *game* met 7-0 voorgeloop, maar dit was ongelukkig vreugde van korte duur.

Die Haaie se laaste *game* is teen die WP op Nuweland. Hierdie *game* sal bepaal of die Haaie tuis 'n semi-finaal sal speel. Die Griekwas se laaste *game* is teen die Cheetahs in Kimberley.

Pumas vs Leeus

In Mbombela Stadium moes die Leeus hard veg vir 'n oorwinning en troef die Pumas 33-25. Die man van die dag was die jong heelagter van die Leeus, Tiaan Swanepoel, wat 22 punte aanteken het vir die Leeus. Die jong maanhaar druk twee puik drieë en klits vier strafdoele deur die pale. Die Pumas kan hulleself skop dat hulle soveel kanse om punte aan te kon aanteken verbrou het.

Cheetahs vs WP

In die Rosestad word die Cheetahs se bekerdrome beëindig in 'n dramatiese *game* ou grote. Die Kapenaars wen 31-29 met 'n strafdoel deur Tim Swiel in die laaste sekondes van die *game*. Op die dag was die WP se skrums eenvoudig net te veel vir die voorry van die Blikore – en hulle ondergang. Die kanonvoet van François Steyn het die blikore deurgaans in die *game* gehou maar dit was nie goed genoeg nie. Die Cheetahs se bekerdrome is nou daarmee heen en die gesogte beker gaan nou 'n ander tuiste kry. Vir baie Vrystaat ondersteuners is dit 'n bitter pil om te sluk en dan boonop is hulle uit die PRO-14 geboelie.

Die WP speel volgende teen die Haaie in Kaapstad en die Cheetahs gaan teen die Griekwas in Kimberley uitdraf.

Nag ou grote...

RUSTENBURG LOCAL MUNICIPALITY OFFICE OF THE MUNICIPAL MANAGER

PO Box 16, Rustenburg, 0300, North West Province, South Africa
Tel: (014) 590 3551 Email: munman@rustenburg.gov.za

NOTICE IN TERMS OF PROVISIONS OF SECTION 21 AND SECTION 21A OF THE LOCAL GOVERNMENT: MUNICIPAL SYSTEMS ACT, ACT 32 OF 2000.

1. The Rustenburg Local Municipality has reviewed its Rustenburg Land Disposal Policy, which will now be called the Land Administration Policy.
2. The draft policy was tabled as per Council Resolution 243 of the Virtual Council Sitting of the 4th November 2020.
3. The public is given an opportunity to view the Draft Land Administration Policy before it is tabled again at Council.
4. The Municipality will place the draft Policy on the Municipal website: www.rustenburg.gov.za and the Municipal Building, Missionary Mpheni House, Rustenburg as from Friday, 15th of January 2021.
5. Copies of the Draft will be placed at the Regional Community Centres and at the following offices:
 - Municipal libraries situated at Boitekong, Karlienpark, Marikana and Rustenburg
 - Municipal Regional Community Centres (RCCs) situated in Boitekong, Lethabong, Monnakato, Marikana, Phatsima and Tlhabane.
6. The local community and other interested persons are invited to submit their comments, representations, or objections by no later than 16th February 2021 to property@rustenburg.gov.za.
7. Community members who cannot read or write are advised to visit the municipal offices during office hours to contact municipal officials whose particulars are indicated hereunder where they will be assisted as to how to transcribe their comments or representations.

For enquiries, please contact Phemelo Lekganyane on email: plekganyane@rustenburg.gov.za or by telephone: 014 590 3046 or Ronnette Barnard on email: rbarnard@rustenburg.gov.za or by telephone: 014 590 3083.

SV Makona, Municipal Manager

Contact Person: Mphephu Mpho/ Mugagadeli Phathutshedzo

MEMORIAL CELEBRATION FOR HENRY HARTLEY

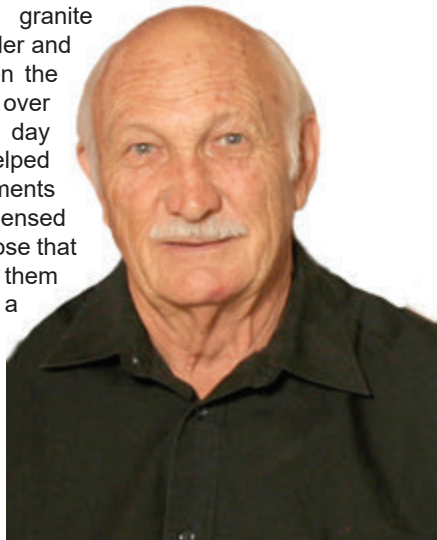

Rustenburg – Friends and family gathered outside the Rainhill Farm chapel on Thursday 31 December 2020 to celebrate the life of a much-loved and remarkable man, Henry Hartley. Sixty-five years ago, on the same day, Henry and his wife Berna had married and started a full and adventurous life together which included hiking, traveling, music, literature, and Rainhill Farm on the Donkerhoek Road.

Rainhill Farm is known by Rustenburg residents for its farmers' markets, T-bone steaks and magnificent natural surroundings used for photoshoots. It all began when Henry, who was born and bred in Rustenburg, decided he wanted to do more than run two pharmacies and so purchased Rainhill in 1978 and settled there with Berna, and their four children, Susan, Henry, Mark, and Simon. Henry Jnr eventually moved to the United Kingdom with his family and over the years Henry and the remaining family developed the farms' assets.

Henry helped many organisations and served on several committees including the Fields Primary School, Hoërskool Rustenburg (his Alma Mater), Rustenburg Town Council, Round Table, the 41'ers, Hospice Rustenburg and CANSA.

Henry would have celebrated his 88th birthday on 11 June 2020, but without warning, his heart stopped in the early hours of the morning on 2 April 2020 while on vacation in Sweden. The COVID-19 pandemic placed many obstacles in the way of his travel companion who persevered even after contracting the virus in Istanbul en route back to South Africa with his ashes.

The family unveiled a granite plaque set on a quartz bolder and scattered Henry's ashes on the mountain as the sun set over the Magaliesberg on the day of the memorial. Henry helped to heal many physical ailments with the medicines he dispensed but just as important are those that he helped by encouraging them to be in nature and to learn a little about the plants and animals that exist there.

RIP Mr Hartley: you have left the world a better place and will live on in the hearts of many!

WHAT'S Cooking?

Housekeeper Kedibone Sakeng shares a teatime favourite which is nutritious and quick to make.

Crunchies

Rustenburg – A kitchen is a child's first science laboratory. Baking offers many opportunities to make something delicious while learning how to accurately measure substances, working carefully not to get hurt. Using heat and combining different things shows how substances react with each other. In this recipe bicarbonate of soda is added which froths in the presence of an acid, in this case the syrup, to release carbon dioxide. The baking soda gives the crunchies that satisfying crunch.

- Prep time: 20 minutes
- Cook time: 20 minutes
- Total time: 40 minutes

Equipment

- Small pot
- Bowl
- Wooden spoon
- Baking tray or silicon muffin mould
- Measuring jug
- Measuring spoons
- Measuring scale

Ingredients

- 2 cups oats
- 1 cup fine, dried coconut
- 1 cup white cake flour
- ½ cup white sugar
- ½ cup brown sugar
- 250g margarine
- 1 Tbsp golden syrup (this is the secret ingredient and cannot be substituted with honey)
- 1 Tbsp bicarbonate of soda
- Optional additions could be a ¼ cup of raisins, sunflower, pumpkin, or sesame seeds.

Instructions

1. Melt the margarine and golden syrup in a pot over low heat while stirring with a wooden spoon.
2. When the margarine is completely melted, remove from the heat, and add the bicarbonate of soda.
3. Measure the oats, flour, sugar, and coconut into a mixing bowl and stir to combine. If you are adding any seeds or raisins – do so now.
4. Combine the dry ingredients with the melted margarine and mix with a wooden spoon or use your hands. You should be able to form a ball with the mixture at this stage. If it is too dry and does not hold together, add a little milk or water.
5. Use either a greased baking tray or a silicon muffin tray. Press the mixture evenly and firmly into the container especially at the corners.
6. Bake in a pre-heated oven 180°C for 20 minutes.
7. Remove from the oven and if you have used a baking tray, cut into squares while still warm.
8. Only remove from the container when they have cooled. Store in an airtight container.
