FED UP!

Rustenburg – Showing their dismay at the poor service delivery from the Rustenburg Local Municipality, disgruntled community members residing in the Donkerhoek, Rietvlei, Dinie Estates, Geelhoutpark and R24 areas, blocked off the R24 on Wednesday 3 February.

The legal protest took place at the Dinie Estates circle on the R24, preventing vehicles from passing.

"It's the norm for us to go six days without electricity – if you're lucky, someone at the municipality will answer your call and supply a reference number... and then you have to wait another five days," a Rietvlei resident said in an interview with *Platinum Weekly*.

Most of these residents get their water supply from boreholes, and with no electricity – they also have no access to water...

"And on your way to town to buy petrol for your generator (if you have one) or buy water for your children, you have to drive slowly as the roads are in a deplorable state. With COVID-19 going around... where's the silver lining? Not from the municipality I can tell you," the unhappy resident added.

A Donkerhoek resident, tongue in cheek, added: "We literally stay in a *donkerhoek* – as not a week passes without a serious power outage. I am so sick and tired of receiving a message 'thank you for your patience'... My patience only last so long!" After about two hours of havoc on the road, Infrastructure and Technical Services director Ofentse Masilo and Technical and Infrastructure Services member of the mayoral committee Michael Mhlungu arrived to hear what the residents had to say.

Democratic Alliance ward 16 councillor Johan Cronje was called to the protest by his ward and after introducing the RLM members to the community, residents had a chance to share their grievances. It was mutually decided to form a sub-committee where representatives from the communities will officially meet with RLM members on Thursday 4 February to discuss the problems that they face. New promises for a new day.

The only way to get heard these days...

**LIGHT
AIRCRAFT
CRASH ON
KOSTER
FARM**

Koster – A light aircraft plummeted to the ground and crashed on a farm just outside Koster just before 12:00 on Thursday 4 February. Police spokesperson Aafje Botma confirmed the grim discovery on the outskirts of Koster. "The scene is currently secured by police for investigation by Civil Aviation," she added. Firefighters and local police spent hours at the scene. One fatality was reported, an adult male, who's body was found under the smouldering wreck of the plane. We extend our sincerest condolences to the family and friends of the deceased.

EXPROPRIATION BILL POSES SERIOUS THREAT TO PROPERTY OWNERSHIP RIGHTS

SA – The Democratic Alliance (DA) has serious concerns about the Expropriation Bill that is currently before Parliament. This Bill, for which public participation has been extended to 28 February 2021, contains sections that could disenfranchise owners of all types of property in South Africa, not just landowners or farmers. The Expropriation Bill has been a source of contention since its inception and has remained so through the many reviews and amendments through the years.

Here are some of the DA's concerns with the Expropriation Bill:

- The Bill has a list of five circumstances under which nil compensation could be paid with clear indications that the list could be extended *ad infinitum* at government's will.
- In its current form, it offers government near unlimited powers to simply expropriate personal property – the Bill even goes so far as to allude to intangible property which could include copyrighted and patented property.

- The Bill lacks clear definition in a number of areas and provides very little in terms of oversight opportunity by experts to ensure fairness to ordinary South Africans. Instead, it's weighted in favour of the ANC government which has shown time and again that given the smallest opportunity, their own greed will far outweigh the rights of citizens, while circumventing the laws meant to protect those rights.
- This Expropriation Bill will clearly and severely impact property rights and cannot be entrusted in its present form to a corrupt government. The only way to protect these rights is for South Africans to voice their reservations.

Worryingly, it appears as if the government is not as committed to the principle of participative democracy as it should be, despite the huge impact this Bill will have on our constitutional right to own property if it is enacted. While the print advertisements requesting submissions on the Bill were published on 10 December 2020, social media posts only went out on 29 January 2021. And, almost two months into the public participation process, a media

plan has still not been finalised.

The DA urges all South Africans to make submissions to the Parliamentary Portfolio Committee on Public Works and Infrastructure before 28 February. Submissions can be emailed to Nola Matinise at expropriationbill@parliament.gov.za, it can be sent on WhatsApp to 060 550 9848 and submitted via this Submission Page. A request to make oral submissions to the Portfolio Committee can also be made.

DA Press release, 3 February 2021

DESTROYED IN SECONDS WHERE DID YOUR GUN GO TO?

SA – The divisional commissioner of operational response services lieutenant general Nhlanhla Mkhwanazi, on behalf of the National Commissioner of South African Police Service (SAPS) general khehla John Sitole, oversaw the destruction of 35,069 firearms at Cape Gate Wire and Steel Manufactures in Vanderbijlpark, Gauteng on Friday 28 January. Police spokesperson colonel Brenda Muridili confirmed that these firearms were either confiscated by the police, voluntarily surrendered to or forfeited to the State. The proliferation of illegal firearms has therefore been dealt a decisive blow with cooperation from the public as a total of 9,918 of the destroyed firearms were voluntarily surrendered during the 2019/2020 firearm amnesty period from 1 December 2019 to 31 May 2020. Police are appealing to the public to report any knowledge of individuals in possession of unlicensed firearms to the SAPS Crime Stop number 08600 10111 or to send a tip-off on MySAPS App. Callers may remain anonymous and all information received will be treated with confidentiality. The SAPS would like to thank members of the public and institutions alike, who participated in the firearm amnesty that ended on Sunday 31 January 2021. A total of 40,729 firearms and 199,573 rounds of ammunition have been surrendered so far. All firearm enquiries may be forwarded to the Central Firearm Call Centre No: 012 353 6111 or emailed to cfrenquiries@saps.gov.za.

Police destroyed 35,069 firearms which were either confiscated or surrendered.

MAN DROWNS IN BOSKOP DAM

Potchefstroom – Potchefstroom Police are investigating a drowning incident which occurred at Boskop Dam on Wednesday 27 January.

According to police spokesperson captain Sam Tselanyane, it is alleged that 37-year-old George Dannhauser and his friend entered the dam with their rowing boats at around 08:00. His friend then decided to turn back to the shore while George continued rowing further. At about 08:25, the workers at one of the nearby lodges saw a capsized boat in the water and raised the alarm. Police divers were summoned and later SAPS' airwing, members of the community with a private chopper as well as drones joined the search.

The search party worked tirelessly until 23:30 when the search was temporary called off with the intent to continue the following day.

The search by Police divers, a K9 tracker dog and Potchefstroom Fire Brigade resumed at 09:00 and at around 12:15 George's body was found approximately 30 metres from where the capsized boat was seen. Investigations continue.

MAN HELD AT GUNPOINT IN BROAD DAYLIGHT

Rustenburg – A Proteapark resident caught two suspects red-handed breaking into his house in Krinkhout street on Monday 1 January.

"As I arrived at my house at around 15:00, I saw a silver Toyota Yaris standing on the pavement in front of my gate. I approached the driver and asked him if I could help him. He said his car had broken down and was waiting for someone to come and tow him," the victim said in an interview with *Platinum Weekly*. He noticed that the garbage bin was tipped over and as he went to pick it up, he saw that the gate lock was broken off and that the kitchen door was also open. "I ran into the yard and that is when I was confronted by the robber who came outside," he said. The suspect pointed a gun at him and told him to go into the house, but the victim refused. The victim dropped everything he had in his hands, and at that point, the thief ran past him to his vehicle and fled the scene.

Another community member told *Platinum Weekly* that a neighbour in the area also reported the vehicle as suspicious about four hours before the incident and community patrols responded but could not find the vehicle. It seems that the suspects gained access to the house by breaking open the patio's safety gate. They ransacked the house and all the electronics were already disconnected and ready to be carried out but, because they were interrupted, they only netted a laptop.

The victim's wife said that they are very grateful that at least her husband wasn't hurt but they definitely learned a valuable lesson. "I always leave the key in our kitchen door so that intruders can't push anything in from the outside to open the door. However, this created an easy exit point for them as they could just unlock the door," she added. They would like to warn the community to be vigilant, and not to confront intruders.

Two suspects broke into a house in Krinkhout street.

The crocodile and its rescuers (A. Breytenbach - Facebook)

CROCODILE DUNDEE - MOEDWIL

Moedwil – Travelling South Africans are often asked whether there are lions and elephants roaming the streets of our country. For Moedwil residents Angel and Jaco Breytenbach this is not such a ludicrous enquiry as, in the early hours of Friday 29 January, a large crocodile was found occupying their swimming pool.

The crocodile was probably moving away from the nearby river which was flooding its banks due to the extended heavy rains experienced

in the region. It probably fell into the swimming pool by accident and the steep sides prevented the crocodile from getting out. Luckily for the carnivore the Breytenbach's called a local security company who was able to safely remove the animal. In the video footage of the rescue (see: <https://bit.ly/3pPHJWO>), the crocodile can be seen rolling on the ground. When a crocodile captures an unsuspecting animal drinking water it will grip the prey in its jaws and rotate underwater to kill it.

Where is the love? BELOVED PETS BRUTALLY SHOT BY NEIGHBOUR

Rustenburg – A family is shattered after their two dogs were killed by a neighbour on a smallholding just outside Rustenburg, on Sunday 31 January. Apparently the two dogs accidentally got out through a gap in the fence and went to explore on a neighbouring plot. Upon realising it, the owner immediately followed the dogs but before he could enter the plot, he heard two gunshots. He saw a man outside one of the flats [in the direction the shots came from on the neighbouring plot] and asked him if he saw the dogs. The owner of the dogs then noticed the plot owner standing with a rifle in his hand. He requested entrance to the plot so that he could search for his pets but was refused. After a heated debate, the neighbouring plot owner then allegedly admitted that he shot the dogs. He again refused the dog owner entry, prohibiting him from searching for his dogs and taking them to the vet. The distraught pet owner left the scene. After a while, he returned with his wife and daughters who were distraught about their pets. They gained entry to the plot and pleaded with the plot owner to give them their dogs so that they could at least bury them, but he still refused and chased them off the property. The family had no choice but to leave without their beloved pets. The matter was reported to the SPCA.

REDUCTION IN N4 FATALITIES

DEC-JAN

N4 – Bakwena Platinum Corridor Concessionaire reported an overall decrease of fatal crashes along its route over the period covering December 2020 up to the middle of January 2021. A total of six fatalities (of which one was a pedestrian) were recorded along the N1N4 route during this period compared to a total of 16 from the 2019/2020 reporting period. Spokesperson for Bakwena, Solomon Kganyago, says that this decrease can be attributed to several factors which include fewer road users travelling due to the COVID-19 pandemic and increased visibility of law enforcement along the route, which included roadblocks where vehicles were checked for roadworthiness, overloading as well as drivers being tested for alcohol abuse.

Bakwena N1N4 Toll press release extracts, 26 January

He has run the race & fought the good fight Bishop Ubane to be laid to rest

Rustenburg – The funeral of Bishop Ubane of the Evangelical Lutheran Church of Southern Africa (ELCSA), who reportedly passed on from COVID-19 complications, will be held in Tlhabane on Friday 5 February. The death of the 56-year-old presiding bishop of the Evangelical Lutheran Church of Southern Africa on Thursday 28 January came as a shock to his family and all those who knew him. Ubane's deputy Dean, Kedibone Molete says Ubane had a vision for his church: "Bishop Ubane was an open and loving man. A father to everybody, including the young people in the church." The Lutheran World Federation (LWF) have sent their condolences to the ELCSA.

The late bishop Molwane Ubane

FAREWELL REBECCA KOTANE

Mogwase – Widow of former South African Communist Party (SACP) general secretary Moses Kotane. Rebecca Kotane passed away on Sunday 31 January 2021 a few days before her 109th birthday. Moses Kotane Local Municipality's (MKLM) mayor Ralesole Diale has been greatly saddened by the death of this icon. "She played a pivotal role in the defiance campaigns of the 1950s and participated in the prominent 1956 march by women to the union buildings." In his tribute to the anti-apartheid activist, the mayor said Kotane would be remembered as a strong woman and a reliable pillar of strength to her husband during the country's struggle for democratic rule. We extend our condolences to the family and friends of the late Rebecca Kotane.

The late Rebecca Kotane

BYLEVELD HANDELAARS GROET JAKES

Rustenburg – Jakes Jacobs, 'n bekende gesig in Rustenburg is op Woensdag 20 Januarie tragies oorlede. Hy was baie lief vir mense en het altyd gehelp waar hy kon. In die natuur was hy op sy gelukkigste en hy het graag saam met sy familie gaan kamp. Jag en visvang entoesiaste sal hom onthou as Jakes Byleveld, wat vir 17 jaar die bestuurder was by Byleveld Handelaars. Sy kolegas beskryf hom as 'n vindingryke man wat altyd 'n plan kon maak. "Sy ongelooflike kennis was beslis 'n aanwys vir ons besigheid maar sy vriendelikheid, geduld, en passie vir mense sal ons beslis die meeste mis," het Byleveld Handelaars eienaar Kobus Scheepers gesê. Jakes se jarelange kollega en vriend vertel: "Ek het soveel goeie herinneringe van Jakes. Hy was 'n mense mens en sy vrou en kinders was sy hele lewe." Jakes word oorleef deur sy vrou, drie dogters en vier kleinkinders. Rustenburg gaan hom mis.

Wyle Jakes Jacobs

SOULFOOD

PSALM 18

¹I will love You, O LORD, my strength.
²The LORD is my rock and my fortress and my deliverer; My God, my strength, in whom I will trust; My shield and the horn of my salvation, my stronghold.
³I will call upon the LORD, who is worthy to be praised; So shall I be saved from my enemies.
⁴The pangs of death surrounded me, And the floods of ungodliness made me afraid.
⁵The sorrows of Sheol surrounded me; The snares of death confronted me.
⁶In my distress I called upon the LORD, And cried out to my God; He heard my voice from His temple, And my cry came before Him, even to His ears.
⁷Then the earth shook and trembled; The foundations of the hills also quaked and were shaken, Because He was angry.

The Waterval waste disposal landfill site

WORLDS APART: LIVING OFF WHAT WE THROW AWAY

Rustenburg – Within the sea of plastic waste at the Waterval waste disposal facility or landfill site in the jurisdiction of the Rustenburg Local Municipality, about 200 men and women are slowly picking their way through our domestic waste, ignoring the non-recyclables like nappies, they pick up cans, bottles and the various recyclable plastic with their bare hands and put these aside. To the untrained eye the waste pickers are a nuisance but in fact they are providing a priceless environmental service. Working without supervision seven days a week, rain, or shine, the waste pickers eke out an honest living. One man armed with a broken hammer removes the metal screws and copper from a broken vacuum cleaner. Another man explains to *Platinum Weekly* that there are two active workforces which continually sift through the waste as the earthmovers level and compact it. He goes on to say: “Some of the women reclaim clothes, curtains and blankets which are washed and resold. They separate out different types of metals, glass, and other things like conveyor belts. They break reinforced concrete debris to reclaim the rebar (steel reinforcement)”. In her 2018 doctoral thesis through the University of Johannesburg, Dr Kotie Viljoen commented on the reliance of recycling on poverty-stricken labour. She worked with

waste pickers in thirteen urban centres in South Africa and documented the inhumane conditions of being trapped in poverty, earning a pittance for difficult work, and losing self-worth in society. After entering the broken glass doors of the reception building of the Waterval landfill a door on the left, labelled *Laboratory* bordered windows, there is no sign of the equipment that should be there to test that the water table is not being polluted with heavy metals from the waste. Ironically, two posters in the reception area summarise the Occupational Health and Safety Act which are not enforced here. Should anything befall a waste picker they have no medical aid or employee benefits to count on. In South Africa recycling has increased from 16% in 2005 to 55% in 2016 mainly due to the efforts of thousands of informal waste pickers at landfill sites and **trolleypreneurs** moving through the suburbs and business districts on refuse collection days ahead of the dump trucks. Plastics SA reported that recycling supported 58,470 informal workers (waste pickers, informal traders, and individual recyclers) in 2018 who injected about R2,267 million into the economy at primary sourcing level (material bought from waste-pickers, collectors, and waste management companies).

Home sweet home

South Africa's waste management industry is estimated to be valued at R15 billion, supporting around 30,000 people. A national waste management working group started discussing a plan to improve livelihoods and collection by waste pickers. The November 2019 plan recommended that the plastics bag levy should be used to assist waste pickers.

DUCKING AND DIVING IN DONKERHOEK

Rustenburg – Small holding owners along the Donkerhoek road and the Magaliesberg biosphere reserve board have been reporting an ongoing environmental crime to the Department of Economic Development, Environment, Conservation and Tourism (DEDECT) from 2 July 2020 and the case continues this year. The environmental management inspectorate reported that 1,200m² of indigenous vegetation had been cleared in a critical biodiversity without the required environmental assessment being done. DEDECT's failure to act decisively has resulted in the matter being referred to the national environmental hotline on 1 February 2021 with the request that the national Green Scorpions are called in to assist the DEDECT. Although minutes of a meeting held with DEDECT to discuss this and other problems in the Magaliesberg Protected Environment record that 1,200m² of indigenous vegetation had been cleared in June 2020 and that a compliance notice was issued on 8 October to rehabilitate the site, the offenders have continued with their plans. Apparently, an unauthorised sewage system was constructed on the site in the last two weeks, and the Department of Water and

Sanitation have been alerted to the pollution risk which this unauthorised activity poses to the shallow water table. The North West biodiversity sector plan identifies a network of critical biodiversity areas (CBA) and ecological support areas (ESA) in the province based on a systematic biodiversity plan. Developments falling within the CBA's and ESA's require authorisation from DEDECT before they can proceed with clearing 300m² or more of indigenous vegetation. South African legislation recognises the importance of protecting the natural environment from pollution and ecological degradation and promotes conservation, sustainable development and use of natural resources. DEDECT is responsible for implementing the National Environmental Management Act 107 of 1998: Environmental Impact Assessment Regulations, 2014 (NEMA). Certain developments in particular those that are planned for the Magaliesberg Protected Environment, even if under private ownership, may be a listed activity and may require an Environmental Impact Assessment (EIA) or Environmental Management Plan (EMP) before taking place.

MAN IN HOT WATER OVER SUSPECTED STOLEN GOODS

Some of the suspected stolen items that were found at the premises.

Marikana/ Rustenburg – A 21-year-old man appeared before the Rustenburg Magistrates' Court on Friday 15 January 2021 on charges of possession of suspected stolen goods. Fernando Machale was arrested on Friday 8 January after police found him in possession of an assortment of electronic and household items which are believed to have been stolen. He was denied bail by the magistrate as he is considered a flight risk and is expected back in court on Wednesday 10 February. Computers, sound systems, digital equipment, flat screen television sets, fans and a pressure cooker were discovered and seized by the police. Further investigations revealed that Machale was linked to three housebreaking incidents which occurred within the Azalea Park area from December 2020 to January 2021.

Marikana crime prevention police members acted swiftly and apprehended the suspect.

Customers just love Unity!

CommUNITY Brand GREAT PRODUCTS GREAT PRICES

POLL: Do you consciously deal with your depression? Yes/ No?

Each age comes with this own social illness. Depression, all the different kinds, can engulf you and make you feel there is no way out of the dark pit. Please visit the South African Depression and Anxiety Group on www.sadag.org for help or for someone to talk to. You are not alone!

Make yourself heard by sending an email to news@platinumweekly.co.za with the following information before 17:00 on Wednesday 10 February:

- Yes, I consciously deal with my depression – or no, I don't deal with it.
- The reason for your answer.
- A recent photo of yourself (optional) – that we can publish with your answer.
- Your contact details.

If you do not want your answers to be in the newspaper, just reply to the question: **YES/ NO.**

The results of the poll will be published in our next issue.

PS - You can also give your opinion by commenting on our Facebook post.

Have your say / Sê jou sê

Is it important to have a Grade 12 certificate?

We have all heard the term 'be cool stay in school'... Do you think it is important? We want to know your opinion. Platinum Weekly caught up with people to hear if they believe a matric is necessary.

"Yes, it is necessary to have matric so that one can achieve your lifetime goals. Nearly every job will ask for one. It will help you in many avenues of your future life."

Faried Saloojee

DRIES, YOU ARE OUR HERO! [Letter to the editor]

Rustenburg – I would like to extend my sincerest gratitude to Wesalarm's Dries Janse van Rensburg who assisted my 71-year-old mother in a dire situation on Tuesday 26 January. She was driving when her vehicle suddenly broke down at the corner of Joubert and Von Wielligh street. Initially she was relieved when three men rushed to her aid, but soon realised that they were ill intentioned as they then attempted to rob her and possibly hijack her vehicle. Even before Dries knew exactly what the situation was, he rushed to assist her, only to find that she was in fact not only stranded but in the middle of being robbed. Luckily, the attackers - who were armed with knives - fled when Dries came to her aid. My mother was very traumatised, so he stayed with her and calmed her down. We salute you and thank you for assisting my mother! We need more people like you...
Bianca Schoeman

The hero of the day
– Wesalarm's Dries
Janse van Rensburg.

"It helps you find employment or the opportunity to enter varsity which is where real adult life begins. It teaches learners to be self-reliant in the real world, as they learn computer skills, marketing and a little about the career paths available."

Tshiamo Mosiane

"There will always be work for beauticians and hairdressers. The key to unlocking a future of potential is to start with a SETA accredited school like Excelsius Academy which employs qualified lecturers, moderators, and assessors. It is better to qualify with a certificate of competence rather than a certificate for attendance or workshop as it will open the door to better work opportunities."

Hannelie Moll

LOVE YOUR EARTH

[Letter to the editor]

Majakaneng – Like-minded people who are not afraid of hard work have come together in the township of Majakaneng to clean up the R104. The project is called *Love Your Earth* and it aims is to keep the environment clean and create jobs through recycling. We are in urgent need of skips, bins, refuse bags, and fencing for our yard. Access to the yard must be controlled as we are using it to store recyclable materials like tins, paper, glass, and plastic. Eventually we want to develop into a buy back centre. *Love Your Earth* is a voluntary association, for more information people can follow us on Facebook or call on 063-799-6960. Hendrik Baloyi

From left: Buti Mokwena, Hanny Maluleka, Samuel Mmalelukutu and Victor Maluleke collected waste on Monday, 1 February.

Risk Management Committee Chairperson (3 Year Contract)

In terms of Section 38 of the Public Finance Management Act, 1999 (PFMA) the department of Arts Culture, Sports and Recreation requires the services of a qualified and interested person to serve as the chairperson of its Risk Management Committee. The incumbent will advise the Accounting Officer on Enterprise Wide Risk Management in fulfilling his mandate as required by the Public Finance Management Act.

• Ref No: 2021/ACSR/44/NW • Centre: Head Office, Mmabatho

Requirements: • A minimum of a Bachelor's Degree and a Post Graduate in Auditing, Risk Management or Commerce. The ideal candidate should have 7-10 years' management experience gained from Audit/Financial or Risk Management environment • Previous experience of serving in the Risk Management Committee and/or Audit Committee will be advantageous.

The ideal candidate must be an independent external person with extensive knowledge and experience in the relevant prescripts, including Public Finance Management Act, Treasury Regulations, ISO3100, and King IV Report on Corporate Governance, COSO and Public Sector Risk Management Framework.

Remuneration: • The compensation of Risk Management Committee members will be as per the National Treasury schedules in this regard issued annually with specific hourly or daily rates • Other refundable expenses are based on the department related policies in line with the National and Provincial Treasury guidelines.

Terms of contract: • This position will be for a period of three (3) years linked to performance • For the entire contract term, a Service Level Agreement will be renewable annually based on the achievement of the previous year's performance targets • This will not be a full-time appointment • A Risk Management Committee will meet a minimum four times per annum and special meetings will be convened when deemed necessary.

Duties: • Assist the Accounting Officer of the Department to execute their duties to achieve the Department's objectives • Provide oversight on the Department's risk management processes/environment and the overall functioning of the departmental Risk Management units as provided for in terms of the approved risk management policies and plans • Execute Risk Management Committee functions in terms of the PFMA, Treasury Regulations, the Public Sector Risk Management Framework, Risk Management Committee Charter and the King Reports on Corporate Governance • Advise the Accounting Officer and recommend improvements on the risk management processes within the Department.

Enquiries: Ms SR Bapela, tel. (018) 388 2792

The Department is an equal opportunity, affirmative action employer. It is our intention to promote representivity (race, gender and disability) in the Department through the filling of posts. Candidates whose transfer/promotions/appointment will promote representivity will receive preference. People from the designated groups are encouraged to apply and will be given preference. Preference will be given to women and disabled people.

Note: The Department reserves the right not to fill the posts. Applications must be accompanied by a signed new Z83 and recent updated comprehensive CV, certified copies of all qualification(s) and ID document as well as the names of three referees. Failure to submit the requested documents will result in the application not being considered. All qualifications will be verified. Persons in possession of foreign qualifications must furnish this Department with an evaluation certificate from the South African Qualifications Authority (SAQA). Position requiring tertiary qualification/s must be accompanied by certified copies of academic record/transcript(s). Candidates must indicate the number of post/reference number in their applications. Candidate requiring additional information regarding an advertised post, must direct their queries to the person reflected as enquiries below the post applied for. It will be expected of candidates to be available for selection interviews on a date, time and place determined by the Department. Applications received after the closing date will not be considered. If you have not received a response from the Department within 3 months of the closing date, kindly consider your application unsuccessful.

The successful candidates will be expected to sign a performance agreement after assumption of duty as well as an employment contract.

Please note: Security clearance will be conducted on all short-listed candidates and the appointments will be subject to positive security clearance results. We encourage all applicants to declare any criminal and/or any negative credits records.

Applications should be forwarded to: **The Head of Department, Department of Arts, Culture, Sports and Recreation, Private Bag X90, Mmabatho 2735 or delivered to Gaabomotho Building, between Mmabatho Convention Centre and Broadcasting Centre, for attention of Director: Administrative Support Services.**

Closing date: 12 February 2021

BEWARE OF PET SCAMS!

SA – Pet scams involve online users creating fake profiles to solicit funds from unsuspecting pet lovers. Without doing a thorough vetting of the proposed sellers and breeders, many people start by paying a deposit for a pure-bred pet that is advertised online. The prospective buyer would even receive photos on a weekly basis showing the puppy or kitten's growth thereby already creating a relationship between pet and owner. These photos are accompanied by the demand for money, usually for immunisation or travel and delivery costs of the animal. The family intending to buy the pet – which they love by this time – is eventually emotionally blackmailed by individuals capitalising on their intentions and emotions.

RED FLAGS - WHEN YOU SUSPECT THE SALE MIGHT BE A SCAM

- The seller is not prepared to make video calls, where you must be able to see the pet with the seller on the video call. **(MOST IMPORTANT)**
- The seller asks for a copy of the buyer's ID.
 - » Never forward your ID to anyone requesting it for an internet sale.
 - » You put yourself at risk for identity theft.
 - » An ID-document is not required when buying a pet.
- By giving your ID, you are enabling scammers to create another fake identity.
- The seller demands immediate payment and seems to be 'threatening' that the buyer might lose out on the pet as 'many' other buyers are prepared to pay immediately.
- If there is no email on the website, refrain from continuing with the purchase.
- The "contact"-page may give another red flag if you find only a form to complete. It is not necessary for you to give any personal details when buying a pet. It is especially at this stage, the seller's responsibility to give their information to validate the sale.
- All immunisations, microchip, the cost of transport and the crate should be included in the original selling price.
- Registration fees should not be an additional requirement but also included in the original price.
- Do not fall for additional border fees. Scammers might claim the pet is detained at the border and clearance fees are payable. Do not pay any additional money.
- Scammers also create fake bank accounts. If the name of the seller does not correspond with the name of the account holder do not continue with the purchase.
- Scammers play on people's ignorance with regards to COVID-19. There are no COVID-19 compliance permits necessary when buying a pet. Do not pay for it!

Animal rescue groups can also be found on the internet and are willing to help you to adopt an animal rather than to buy one from a breeder.

Mike Bolhuis Specialist Investigators
press release extracts, 29 January 2021

IN THE DOCK FOR POSSESSION OF ENDANGERED PLANTS

NW – Following a tip-off about threatened and protected plants in transport, a bus travelling to Gauteng was pulled over and searched by the police on Monday 18 January. Kenneth James Hendriks [55-year-old] was found in possession of the species *Conophytum* and was arrested. The species also known commonly as knopies, waterblasies, sphaeroids, conos, cone plants, dumpings, or button plants, is threatened because it is removed from the wild and sold as a collectable succulent. The South African National Biodiversity Institute (SANBI) is concerned that the illegal trade of *Conophytum* throughout the country is degrading natural areas and urges the public not to purchase it. Hendriks appeared for a second time before the Klerksdorp Magistrates' Court on Wednesday 27 January on a charge of being in possession of endangered plants. Investigations continue.

A suitcase filled with an endangered plant was confiscated by the police.

Conophytum plants take many years before they reach an age when they start flowering and producing seeds. Removing them from nature is harmful to the whole ecosystem.

CAN YOU AFFORD THE BASICS?

BASIC FOOD BASKET VS MINIMUM WAGE

SA – The January 2021 Household Affordability Index indicates that the average cost of a household food basket is R4,051.20. This data is collected by tracking food price data from 44 supermarkets and 30 butcheries, in Johannesburg, Durban, Cape Town, Pietermaritzburg and Springbok from September 2020 to January 2021. According to a statement by the Pietermaritzburg Economic Justice & Dignity Group (PMBEJD) the average cost of a household food basket is now at its highest level since the start of the expanded collection in September 2020.

High levels of inflation on these specific foods include:

- Maize meal (15%)
- Rice (3%)
- Cake flour (3%)
- White sugar (5%)
- Sugar beans (33%)
- Samp (7%)
- Cooking oil (4%)
- Potatoes (4%)
- Onions (2%)
- White and brown bread (4% and 4%)

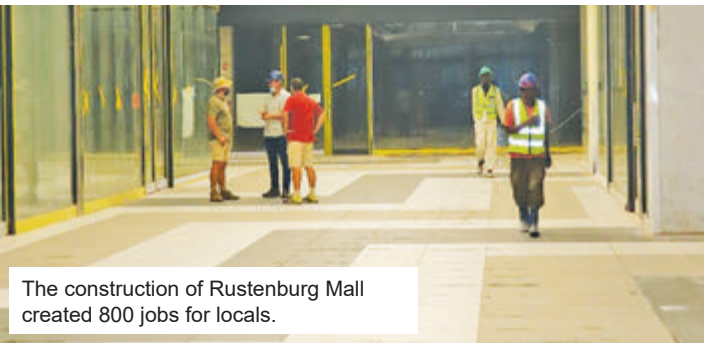

The cost of a basket of food has become unaffordable as has exceeded the R3,321.60 minimum wage. So many have lost their jobs or are working less hours leading to less money while the price of food has increased. Many families now have to make a choice between buying a loaf of bread or paying transport fees to get to work to earn a salary just to find themselves stuck with the same choice until the next pay cheque.

THUMBS UP FOR RUSTENBURG MALL!

Rustenburg – Executive mayor of Rustenburg councillor Mpho Khunou gave his seal of approval to the Rustenburg Mall following a recent site inspection of the facility. The inspection was conducted by a delegation which included representatives from the Moolman Group, Twin City and JB Holdings – who are at the forefront of this major development. Construction activities at the mall, which is situated opposite Rustenburg Noord, began in August 2019. Once up and running, the mall is expected to positively contribute towards the economy of our Platinum City, which in recent years has witnessed a recession as a result of massive job cuts in the mining sector. Rustenburg Mall aims to create about 1,000 permanent jobs once retailers take up the 120 retail spaces that have been allocated to them. “We are very impressed that the mall is virtually complete. It will be ready for operation in the first quarter of this year, as initially anticipated by the developers,” the mayor remarked. The mall will serve more than 80,000 households in the facility’s primary trade area, which is made up of Geelhoutpark, Proteapark, Karlienpark as well as Tlhabane West.

A site inspection of the mall was recently carried out ahead of the official opening.

The construction of Rustenburg Mall created 800 jobs for locals.

PLATINUM WEEKLY IS TOPS! [Skrywe aan die redakteur]

Rustenburg – Knap gedaan aan die *Platinum Weekly* span. Mens sien duidelik hoe elke rat in julle masjien saamwerk soos een organisme. Week na week sien ek uit om julle koerant te lees en die nuwe kos-rubriek is uitstekend. Dit wys net weereens... *Platinum Weekly* is vir sy lesers, nie anders om nie. **Hennie Oberholzer**

A TEST OF CYCLING ENDURANCE

Rustenburg – The inaugural Rustenburg Cycling Club (RCC) Fun XCO Time Trial, which was held at Bergheim Trails on Friday 29 January 2021 was a resounding success. The purpose of this initiative was to give all participants an opportunity to enjoy the cycling experience offered by the scenic Bergheim Trails while also improving their personal fitness levels and enhancing their skills. It was an experience to remember for everyone who took part. The top three finishers in the men’s division were Darryl Thompson (00:15:51), Henk Dippenaar (00:16:06) and Jon Andrews (00:16:11). In the women’s division, the top three finishers were as follows: Caitlin Thompson (00:16:01), Tamlyn Luyt (00:19:40) and Tracey Andrews (00:22:08). The next cycling event has been provisionally scheduled for Friday 26 February and will begin at 16:00.

WHEN YOUR VACATION BECOMES YOUR CAREER. IT'S A GLENCORE STORY.

Vhuthu Singo was thrilled by the opportunities and possibilities of mining while still in matric at Thohoyandou. In the third year of her mining engineering degree at Wits University, she applied for vacation work at Glencore. The bursary that came out of that experience was the start of a journey that has seen her participating as an Engineer-In-Training in the company’s graduate programme. As a young female engineer, she has seen at first hand Glencore’s support of women in mining, and she has set her sights on eventually becoming a mine manager. Vhuthu’s story is all part of what we mean at Glencore by progress, together.

PROGRESS. TOGETHER.

GLENCORE

The best landlocked curry around!

Durban-style chicken curry

Donkerhoek – There are many debates around how to add the masala to a curry. At DeKo Bistro, Rainhill Farm, we prefer to quick roast the spices to unlock and blend the flavours, then add onion, garlic and ginger followed by the powdered spices and the meat. After stirring through, it's time for the grande finale the tomato. The Mauritian way is to first mix the spices in a cup of hot water before adding to the other ingredients. We recommend kashmiri chilli powder and masala in a 2:1 ratio for a not so hot but exquisite, exotic taste. Saloojee spices at Waterfall mall can mix it up for you.

- Prep time: 20 minutes
- Cook time: 45 minutes
- Total time: 65 minutes
- Six servings

Ingredients

- 1 kg skinless chicken pieces
- 1/4 cup vegetable oil
- 1 large onion (chopped)
- 1 tbsp ginger/garlic paste
- 1 sprig of curry leaf (available from Checkers or Food Lovers)
- 2 large tomatoes blanched and grated
- 1 bay leaf
- 2 star aniseed
- 2 black elachi (cardamom)
- 1 tsp ground coriander
- 1 tsp ground cumin
- 1/2 tsp turmeric
- 1 tsp garam masala
- 1 tbsp kashmiri masala
- 1/2 tbsp ground soomph (fennel)
- 1 cup water
- 3 potatoes cut into medium-sized cubes
- A handful of fresh dhania (coriander)

Instructions

1. Heat oil in a large pot, add the bay leaf, star aniseed and black elachi and fry until fragrant.
2. Add the onion and curry leaf and sauté until the onion turns golden brown.
3. Add ginger/garlic paste and fry for a minute.
4. Add the chicken together with the masala, cumin, coriander, garam masala, fennel, and turmeric. Mix well and turn heat down to the lowest setting and cook for 10 minutes. If absolutely necessary, add a few drops of water to prevent scorching.
5. Add the tomatoes, close the pot and simmer until the tomatoes are cooked.
6. Add potatoes, season with salt, and cook for 5 minutes. Add a cup of water and allow the curry to simmer on low heat until the potatoes are soft and tender.
7. Mix a pinch of coriander into the dish and use the rest as garnish on top.
8. Serve with rice or roti (a flat bread cooked on a griddle).

SPORT

IMPALA RUGBY CLUB NEEDS SPONSORSHIP

Rustenburg – Impala Rugby Club is looking forward to the 2021 season, and appeal for sponsors to help them meet the costs of activities such as the maintenance of their home ground.

Club chairman Wynand Burger hinted that the South African Rugby Union (SARU) could give the go-ahead for rugby matches to be played during the coming months.

"SARU are scheduled to hold the meeting on Monday 8 February and the outcome of that meeting is likely to determine when exactly the rugby matches will commence," Burger told *Platinum Weekly*. "We do not have an exact date, but it is highly likely that SARU will allow rugby matches for clubs, schools, and universities to be played either in March or in April."

In September of 2019, Newrak Mining ended their eight-year relationship with the Rustenburg-based club by announcing that they would no longer be their official sponsor. "It costs a lot of money to maintain the field as well as fulfilling the obligation of playing matches and we are desperately looking for a sponsor," Burger pleaded.

For more information contact Wynand Burger on 061 530 3193.

FUN AT AKWAABA!

Rustenburg – Sunday 24 January was a day to remember for the kids living at Lighthouse Children's Home as they came face to face with nature during a visit to Akwaaba Predator Park. Accompanied by nine adults from the home, the 25 children thoroughly enjoyed the outdoor experience and got to learn more about the behaviour of some of the wild animals they always read about in their storybooks. Lighthouse Children's Home, which takes care of needs of children

who were either neglected or come from abusive environments, is requesting for assistance to meet their day-to-day expenses. Nappies, fresh fruit and vegetables, cheese, sanitary pads, as well as electricity vouchers to keep the home operating are some of the essentials that are urgently needed.

For more information, visit the home at 64 A Kruger Street, Rustenburg or contact them on 083 493 5911/ 082 780 1052.

A White Lion.

Kids at Lighthouse Children's Home enjoyed Akwaaba Predator Park enormously!

Fluit-fluit, my storie is uit CURRIEBEKER FINAAL – 20/21

'n Finaal van drama ou grote! 'n Eerste finaal ooit in Januarie! 'n Eerste finaal ooit sonder toeskouers! 'n Eerste finaal ooit waar die *game* gestop moet word weens 'n elektriese storm wat oppad is... en 'n Eerste finaal ooit wat daar twintig minute bykomende speelyd was om 'n resultaat te kon kry.

So is duisende kykers getraakteer vir ongeveer 115 minute van spanning. Die eerste helfte word dan in die 24ste minuut gestop deur Peyper vir 15 minute. Toe spel hervat is het die kookwater vleuel van die Haaie letterlik en figuurlik by Cornal Hendricks verby gevlieg vir 'n puik drie. Toe die manne gaan lemoene eet en Red Bull drink was die Haaie 13-9 voor. Die Haaie het die tweede helfte goed begin en na twee strafskoppe deur Bosch het hulle met 19-9 voorgeloop. Verkeerde opsies deur die Haaie het die Bulle die kans gegee om terug te kom in die *game*. Bosch wat die

voerste puntemaker in die reeks

was, het vyf strafskoppe gemis...

Waar die Bulle se inpakspelers eintlik die beker gewen het, het die Haaie se outjies geswig onder druk. Arno Botha druk vir die Bulle en Chris Smit verdoel die drie en die telling is 19 elk. Die einste Smit verbrou 'n strafskop wat met dit die beker kon wen – toe moes 'n ekstra 20 minute gespeel word. En toe is dit die Bulle wat deur generaal Duane Vermeulen koel en kalm gehou is en verdien het om te wen. Die wendrie is toe deur die inpakspeler Arno Botha gedruk, sy tweede van die dag, die doelskop is oor en die eindfluitjie blaas. Die Bulle was verheug oor die wen want hulle kon laas in 2009 die beker vashou. Jake White het 'n droom Curriebeker debuut gehad. Die Bulle se jonges wen ook die onder 19 en onder 21 bekere!

Fluit-fluit my storie is uit ou grote!

HOME INSULATION

- All buildings should be adequately insulated for minimal heat loss in winter and heat gain in summer. Thermal insulation limits the impact of the outside temperature, helping you maintain a comfortable living environment.
- The correct insulation must be installed to achieve the minimum stipulated R-values. All insulation has an R-value, which is the ability of a product to resist the transfer of heat and it is, therefore, the most important factor when selecting insulation. The higher the R-value, the more effective the insulation.

50KG CEMENT*

BUCO STORES STOCK PREMIUM QUALITY CEMENT

made from high quality clinker and an appropriate amount of extender, engineered to achieve consistent and appropriate performance. Whatever your building application, whether it's concrete, mortar, plaster, masonry products or other general home and DIY applications **your local BUCO store has a bag of cement for the application.**

*BUCO stores carry a range of locally manufactured premium cements. Visit your nearest BUCO store for advice and the correct product for your application. Check in-store for brand price & availability.
