

Police confiscated a large amount of dagga plants in Rustenburg Noord.

# TOO MUCH DAGGA!

**Rustenburg** – A 35-year-old female from Rustenburg Noord was arrested on Monday 8 February, after police received information regarding an illegal amount of dagga plants in her possession. Police spokesperson captain Elsabé Augoustides said the accused appeared before the Tlhabane Magistrates’ Court on 11 February.

# FIVE IN THE DOCK FOR ATM BOMBING

**Brits** – A former police officer and four other suspects who appeared before the Brits Magistrates’ Court on Tuesday 16 February, are accused of bombing an ATM in the Itlolang section of Bethanie. Peter Motlhaba, the former cop, appeared in court together with Bennet Rasike, Ernest Maguvo, Ernest Chauke and Saidi Chauke. Saidi also faces further charges of possession of a firearm, six rounds of live ammunition and explosives.

According to evidence gathered by the state, a shop owner in Itlolang heard a loud bang outside during the early hours of Saturday 6 February. When he went outside the shop, he saw four men close to the ATM. “The police were summoned and arrested a suspect, who led them to Plastic View informal settlement in Rustenburg where another four accused were arrested. A small amount of cash was confiscated,” police spokesperson brigadier Sabata Mokgwabone said.

# BLASTED FOR SELLING EXPLOSIVES

**Phokeng/ Rustenburg** – A 52-year-old man appeared before the Bafokeng Magistrates’ Court in Tlhabane after he was arrested for the possession of explosives. Sam Bekare Nontoloane will remain in custody pending his next appearance on Monday 22 February. He was arrested on Tuesday 9 February after police received a tip-off about him illegally selling explosives. “He was stopped while walking in the street at Luka village near Phokeng. During a search, numerous shock tubes, blasting cables, starters and explo-gel were found in a plastic bag Nontoloane was carrying,” police spokesperson Colonel Adèle Myburgh said. In a separate incident, police in the Khuma area of Dr Kenneth Kaunda District arrested a 28-year-old suspect on Wednesday 10 February for selling explosives.

The suspect appeared before the Stilfontein Magistrates’ Court on Friday 12 February on a charge of possession of explosives.

The suspect was found in possession of explosives, detonators and initiators common to the mining industry.

# TRAGEDY ON THE N4

**Majakaneng** – The driver of a white IVECO minibus swerved to avoid a wheel that came off a truck near Majakaneng on Saturday, 15 February. The avoidance manoeuvre ended with the minibus landing on its side. When Trauma Rescue medics arrived on the scene, the driver was declared dead and injured passengers were transported to a hospital in Brits.

The driver of this minibus died on the scene of the accident.

# STEPPING UP TO THE CHALLENGE

**Swartruggens** – The court granted Koster and Swartruggens residents the power to take over the management of the Kgetlengrivier Local Municipality’s (KLM) water services, as from Thursday 7 January. It has not been an easy job, but they have been overcoming one challenge after the other. After receiving complaints about contaminated water in Swartruggens, the team worked tirelessly on 18 February to bleed for clean water. One drop in the bucket... this is just one of the actions undertaken. “We are now in the process of cleaning the clarifying system. It looks like it hasn’t been cleaned in years,” said Andreas Peens, attorney for the Kgetlengrivier residents. The teams are currently working hard to ensure that all areas receive clean water, but this will take a bit of time. “We didn’t receive a new plant where we just have to turn on a switch. There is a lot of maintenance that has to be done first, but we are busy and appreciate the community’s patience.”

The water systems are in the process of being cleaned to ensure that residents have access to clean water.

# NATIONAL MINIMUM WAGE INCREASED TO R21.69 PER HOUR

**South Africa** – Employment and Labour minister Thulas Nxesi on Tuesday 9 February said that as of 1 March 2021, the National Minimum Wage (NMW) will increase to R21.69 per hour. The increase of 93c is in line with the NMW legislation that came into effect on 1 January 2019, at a level of R20 per hour. “In considering the annual adjustment, the Commission considered the following factors: inflation, the cost of living, and the need to retain the value of the minimum wage; gross domestic product; wage levels and collective bargaining outcomes; productivity; ability of employers to carry on their businesses successfully; the operation of small, medium or micro-enterprises and new enterprises, and the likely impact of the recommendation adjustment on employment or the creation of employment,” a Department of Employment and Labour statement reads. The department said following a transitional phase, the farm worker sector has been aligned with the NMW rate of R21.69 per hour. The domestic workers sector will be entitled to R19.09 per hour and could be expected to be aligned with the NMW when the next review is considered.

# MOOINOOI MOB JUSTICE

**Brits** – The SAPS provincial commissioner in the North West, lieutenant general Sello Kwenha has urged communities not to take the law into their own hands when dealing with perpetrators of crime. This warning follows an incident on Saturday 13 February in which a man was allegedly burnt to death and another person assaulted during mob justice incidents. The incidents were reported in Segwaelane village in MooiNooi. On the day in question, police were summoned to the village at about 23:40, finding a mob severely assaulting a man. Despite threats, police rescued the man and a woman from a group of people that barricaded the road. They were heavily armed with sticks, pangas, and knobkerries. The Public Order Police (POP) unit had to be summoned to the scene for backup after community members started throwing stones at the police. The burnt remains of a man were discovered by the police when they inspected a minibus that had been torched by the angry mob. The victims were apparently accused of several incidents of house robbery recently committed. No arrests have been made yet.

# KILLED TRYING TO PROTECT A FRIEND

**Brits** – The senseless murder of Dieter Grabie (22) of Brits who was stabbed to death when he pulled his friend Chris Malan (19) out of the way of five knife-wielding attackers, is hard to digest. The incident occurred shortly after 02:00 AM in Van Deventer Street, Brits. Dieter and his friend caught a lift from a local hangout for youngsters... the lift only took them part of the way and dropped them off... upon which Malan reportedly phoned his mom to come and fetch them. They soon realised they were in trouble when a gang of five appeared and started attacking them. Grabie collapsed soon after being stabbed. Malan summoned an ambulance from a nearby filling station. Sadly Grabie died shortly after being admitted to hospital. “He was stabbed in the upper body. The suspects fled the scene and the friend then sought assistance from a local garage,” police spokesperson Maria Nkabinde said. **Anyone with information that can assist police in their investigations is requested to contact lieutenant colonel Charmaine Jenner on 082 460 6581.**

# ELECTRICITY INCREASE FROM 1 APRIL

**SA** – Eskom notes and respects the order made today by the North Gauteng High Court. This order will result in an average price increase of approximately 15% in the electricity tariff for standard tariff customers starting on 1 April 2021. This court decision allows Eskom to recover efficiently incurred costs for the production of electricity. The Eskom chief financial officer, Calib Cassim welcomed the decision, and stressed that poor residential customers will continue to be supported through the free basic electricity programme, as well as affordability subsidies provided for in the National Energy Regulator of South Africa (NERSA) tariff decision. **Eskom press release extracts, 16 February 2021**

# SUCCESS STORY

## Zero tolerance for dumping

**Donkerhoek** – An alert citizen with a cell phone camera at the ready, a quick off the mark ward councillor and the Rustenburg Local Municipality environmental manager worked together seamlessly to hold an illegal dumpster to account. The registration number of the vehicle traced the culprit to the Department of Agriculture in Steen street. After admitting to the offence committed on Tuesday 26 January, a fine was paid and the dumpster had to clean up the office waste of boxes, empty cartridges, and toners.

The Department of Agriculture was fined for dumping office waste on the Donkerhoek road.

## ROMANS 8

<sup>1</sup>There is therefore now no condemnation to those who are in Christ Jesus, who do not walk according to the flesh, but according to the Spirit.  
<sup>2</sup>For the law of the Spirit of life in Christ Jesus has made me free from the law of sin and death.  
<sup>3</sup>For what the law could not do in that it was weak through the flesh, God did by sending His own Son in the likeness of sinful flesh, on account of sin: He condemned sin in the flesh, <sup>4</sup>that the righteous requirement of the law might be fulfilled in us who do not walk according to the flesh but according to the Spirit.  
<sup>5</sup>For those who live according to the flesh set their minds on the things of the flesh, but those who live according to the Spirit, the things of the Spirit.

Maria Slater does a student dinner practice run.

## Sausage and roasted vegetable recipe

Prep Time: 10 min  
Cook Time: ±25 min  
Total Time: 35 min  
Servings: 6

**Geelhoutpark** – Maria Slater is well-known by friends and family for her preplanning and perfect execution of school projects and hobbies. Over the years she has gifted people with handmade bowties, colourful crocheted beanies, bags made from old jeans and unique artworks.

Currently she is selling African print shopping bags to reduce plastic pollution raise and fund a trip to see the castles of Europe. Maria will be starting a new chapter as a student in April and has started to practice living alone by making tasty and quick dinners for her family.

Here she shares a dinner that was gobbled up by her family in no time at all.

## Ingredients

- 7 sausages
- 2 red peppers
- 1 yellow pepper
- 1 green pepper
- 1/4 cup olive oil
- 1 onion (chopped)
- 1 tbsp ginger/ garlic paste
- Pinch of salt
- Sprinkle of black pepper

## Instructions

1. Slice the sausages.
2. Halve the peppers and discard the stem and seeds, or if you live in an eco-friendly household, put them to an earthworm farm.
3. Place everything in a baking pan and drizzle over olive oil and a little water.
4. Add salt and pepper to taste.
5. Roast at 180°C for 20 to 25 minutes with a half-time stirring.
6. Serve with rice and boiled green beans.

# SIBANYE HELPS SMMES FIND THEIR FEET

**Rustenburg** – Royalty Handmade Accessories, a jewellery business based in Rustenburg, is one of the many examples of how The Platinum Incubator (TPI) has helped to sharpen the business acumen of local entrepreneurs by helping them to source markets and find their feet. On Friday 12 February, Sibanye-Stillwater concluded their partnership with TPI by the symbolic handing over of a R1,100,000 cheque, which represented the amount of money the company has invested into the project. Royalty Handmade Accessories founder Gaorelathe Mboweni acknowledged the input of TPI in shaping her skills. “By working hard and never giving up, helped us achieve our dreams – thank you TPI and Sibanye-Stillwater!” Gaorelathe’s business

Tshegofatso Thobega (left) and Gaorelathe Mboweni are among the young entrepreneurs groomed by TPI.

is based in the busy CBD. Gaorelathe and other upcoming entrepreneurs have benefited immensely from Sibanye-Stillwater’s financial and technical support of TPI, which began in 2015. TPI offers a range of incubation services including infrastructure and facilities, as well as formal certified training for entrepreneurs in the Precious Group Metals (PGM) industry. TPI has succeeded in bridging this gap by offering metal loan programmes, providing secure workspaces and facilities, specialist equipment and general know-how. “The journey between TPI and Sibanye-Stillwater began in 2007 to heed the call towards assisting in setting up an institution that benefits the youth,” TPI chief executive officer Sibongile Shongwe said. “Today, we are celebrating the strength and courage

of the youth,” she added, in reference to the small, medium and micro enterprises (SMMes) that have survived the harsh economic environment that has been exacerbated by COVID-19. Rustenburg Local Municipality (RLM) councillor Ofenste Kombe congratulated the young entrepreneurs who successfully participated in TPI training courses. “This goes to show the importance of manufacturing as an industry. As government, we must lobby each other to make sure that it does not become too difficult for young businesspersons to access funds.” TPI deputy chairperson Dr. Takalane Madzivhandile thanked Sibanye-Stillwater for ploughing back into the community through financial injections.

Sibanye-Stillwater concluded their partnership with TPI by the symbolic handing over of a R1,100,000 cheque.

## PUBLIC WORKS WORKING IN PUBLIC? [Letter to the editor]

**Rustenburg** – For over a year now, the Expanded Public Works Programme have been dropping off teams of workers to clean up the canal in Buiten Street, almost daily. Groups of up to a 100 people then spend most of the morning lying under the trees, doing each other’s hair, and walking around while about 10% at least pretend to be working. The worst part is that their main job is to clean to canal – but after cutting the long grass in the area, it is just thrown back into the canal. With just the slightest bit of rain, the canal spills over the road – even with scores of people working almost daily to ‘clean’ it. The smell is just the worst as I suspect there is so much waste in the canal and some of it definitely includes a few dead animals.

Groups of nearly 100 people are dropped off every morning to clean the canal.

## LEEMO – WHERE BEAUTY AND PASSION MEET

**Rustenburg** – Leemo Beauty and Coffee Spot is the perfect place to treat yourself to a well-deserved pampering. Their dedicated staff will treat you like the queen that you are and leave you feeling relaxed and beautiful. They offer a variety of services that include massages, waxing, manicures and pedicures. There are special treatments for the guys who like to treat themselves as well. “At Leemo we believe it is all about you and we want to ensure that our clients are happy and relaxed when they leave our shop. We want Leemo do become a brand in Rustenburg and out name should be synonymous with beauty and sophistication.” You can visit them at shop 9, Gateway Junction, Waterkloof Road, Rustenburg or book an appointment with business manager Kwasi on 076 817 1223 or Lerato on 084 365 6049.

The Leemo team from left: shop assistant Mamane Mmateboho, business manager Kwazi R, business owner Lerato Modimokwane, nail technician Fatima Moatshe, and therapist Mpho Lekanyane.

This might not be the best job in the world, but they are getting paid to do it. I can’t help but think that these people receive salaries at the end of the month to spend the day in laying in the shade. I believe in job creation, but wouldn’t it be better if we send at least half of them to other areas to clean? Why are they wasting the taxpayers’ money like this? Surely there are more things that need to be repaired, replaced, bought, cleaned, or built where they can still provide employment for people where they don’t get paid to watch others do a little bit of the work.

Confused Resident

Democratic Alliance councillor for ward 18, Martha Lerm, confirmed that the matter has been reported to the Department of Public Works but various requests to speak to the supervisor of the team has been either ignored or denied.

## PHYSICS + MATHS = MINING ENGINEERING. IT'S A GLENCORE STORY.

When Katlego Molete received over 90% for his matric physics and maths in his small village near Lichtenburg, he knew he wanted to study Mining Engineering. Awarded a Glencore bursary, his final year of study is fully funded, with extensive support and follow-up from the company. Although Covid-19 has interrupted his vacation work plans, he is still hoping to spend some time at Glencore's Alloys operations in December and January. When he starts working full-time, he wants to begin in production, and hopes to be a Mine Manager one day, and ultimately, run his own mining consultancy. Katlego's story is part of what we mean at Glencore by progress, together.

### Do you consciously deal with your depression?

Depression is one of the most common diseases of modern society. It can engulf you and make you feel that there is no way out of the dark pit. Please visit the South African Depression and Anxiety Group on [www.sadag.org](http://www.sadag.org) for help or for someone to talk to. You are not alone!

“Living with the physical pain of fibromyalgia means that one can easily give in to depression. Everyday I make a conscious decision to get up and to keep busy. In the mornings I teach young children and it is always uplifting to see them learning and growing.”

**Colleen Purdon**

“Through prayer and early morning Bible discussions with work colleagues, any depression is kept at bay.”

**Jason van Staden**

“Dogs are non-judgemental and are always available to listen to how you feel or go for a walk. At Pet Passion Animal Care, I have several clients that rely on their pets to keep the depression at bay.”

**Dr Henri Olckers**

**POLL: Do you believe in monogamy... that is... would you be able to be in a relationship/ marriage for the rest of your life... with one person?**

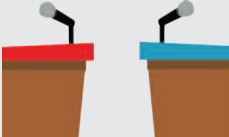

Monogamy refers to a relationship in which an individual has only one partner during their lifetime or one partner at a time. We are living in an ever-changing world and while some still believe in true love, the notion of free love is no longer limited to the ‘hippies’ of the 60s.

Make yourself heard by sending an email to [news@platinumweekly.co.za](mailto:news@platinumweekly.co.za) with the following information before 17:00 on Wednesday 24 February:

- Yes, I choose monogamy – or no, I do not choose monogamy.
- The reason for your answer.
- A recent photo of yourself (optional) – that we can publish with your answer.
- Your contact details.

If you do not want your answers to be in the newspaper, just reply to the question: YES/ NO. The results of the votes will be published in our next issue.

**PS - You can also give your opinion by commenting on our Facebook post.**

# THIS MAN WAS MADE FOR WALKING

**Rustenburg** – Every day we put one foot in front of another to get from one place to the next. Walking is excellent exercise and refreshes the mind and soul but for 70-year-old Martin Bergh of Rustenburg, it is also a way to raise funds for *Spes Bona* and *Rustenburg Skool vir Buitengewone Onderwys*. He was inspired by the *50 million steps campaign for epilepsy* where a step is taken for every person affected by epilepsy in the world. The campaign is managed by an office in Dublin, Ireland and started on Monday 4 January and ended on Monday 8 February International Epilepsy Day. “The reason for my charity walks is in memory of my daughter. She was born with cerebral palsy and passed away due to epileptic seizures. You couldn’t give her a plastic spoon to eat from without her trying to chew it off, so we had no choice but to feed her through a pipe,” recalls Martin.

“There were many times I would just get up and start walking for hours on end,” he said. “My motivation for walking is so that I can live my life outdoors. It takes discipline to walk that far. While you are walking you can just admire nature. The one thing you should never focus on is the distance you are walking. That starts to slow you down. All you need is a water bottle, good walking shoes and endurance.” His all-time best for a single day walk totalled 63km and was a roundtrip from his home on the Donkerhoek road to the Marikana toll gate and back. It was done on the summer solstice the longest day of the year and took 11 hours and 46 minutes at an average speed of 4.8 km/h. For now, Martin is sticking to day trips so you may see his camper van parked at the foot of the Magaliesberg mountain.

**To support a charity walk contact Brenda Kloppe on 072 356 8781.**

Martin Bergh has tallied many kilometres walking in Africa, Europe, and Thailand.

# TRUE OR FALSE... BURNING CD MYTHS

[Letter to the editor]

Urban legends feed off paranoia and there are several gems that have been doing the rounds for years especially around the hot topic of crime. *Wikipedia* defines urban legends as a form of modern folklore comprising stories that may or may not have been truthful. They circulate for years on the internet with different people tweaking the story slightly by adding local names or familiar experiences to make them more believable. Remember that on Facebook and other platforms so called facts are posted without verification with the authors aim being to create an enticing “click bait”. If you press a like, share or write a comment you may inadvertently be “caught” by the bearer of fake news as in a way you are endorsing their digital marketing skills. One such example is the “burning CD myth” which started off with the story that in the dead of the night burglars pumped gas into a bedroom so the occupants would not wake up. Common sense would suggest the amount of gas needed to have this effect would cost more than the household contents were worth and the canister would

be very difficult to cart around. To deal with the flaw in the urban legend the perpetrators of urban legend replaced the gas canister with a CD. The urban legend evolved to simply burning a CD outside a window and presto, everyone, including the dogs, falls into a deep sleep, allowing the criminals access to the property.

**Factual Reader**

*Platinum Weekly* asked local brains what they thought about this article...

» **Brian Slater**, IT teacher at a school in Phokeng suggests that before forwarding information check its accuracy on [www.snopes.com](http://www.snopes.com).

» **San-Maré Pretorius** of Eduscience 101, Rustenburg pointed out that a CD is made of plastic (a clear polycarbonate plastic with a reflective metallic layer) so when it is burnt a foul smell is emitted which could have led to the urban legend. It is not smart to burn CDs as plastics release carcinogens.

## The Year of the Ox

The new year is symbolised by the ox which characterises hard work, positivity, and honesty.

**Rustenburg** – The Chinese community celebrated the beginning of a new year on Friday, 12 February. Although the social gatherings may have been subdued for obvious reasons, the Lin family enjoyed a dinner of chicken, meat and fish which symbolises having an abundance year after year. Franklin Chung explained to *Platinum Weekly* that every year collector gold coins, and stamps are designed and sold to commemorate the animal of the year in countries where there is a large Chinese population. In Hong Kong even the subway tickets depict the animal of the year. *Platinum Weekly* would like to wish our Chinese readers a very happy and bountiful new year.

## Dispose of hazardous waste responsibly!

[Letter to the editor]

**Rustenburg** – Keeping our planet clean and safe for all, needs everyone to be on board. Unfortunately, this was not the case in Brink street where someone left fluorescent tubes on the roadside. The amount of mercury in a fluorescent lamp varies from 3 to 46 mg. Children and the developing foetus are at risk from mercury as it inhibits cell division and migration during their development. The best option is to take advantage of *Woolworths Magaliesig* who have specially designed disposal bins available as part of a national *Good Business Journey*. Here the community can dispose of redundant fluorescent tubes CFL light bulbs and batteries responsibly.

**Caring Reader**

Fluorescent tubes mixed up with garden waste in Brink street.

# MAKE A BIG SPLASH!

**Rustenburg** – The sectional manager for the Rustenburg Local Municipality (RLM) sports and recreation unit, Chardi Bassardien, has given the thumbs up to the safety regulations that have been put in place at the public swimming pool situated in Marais Street. The pool was re-opened to the public on Tuesday 2 February after South African president Cyril Ramaphosa announced an adjustment to the COVID-19 regulations. In an interview with *Platinum Weekly*, Bassardien urged Rustenburg community members to take advantage of the reduced entrance fees by cooling off with a swim. From Monday to Friday, entrance into the pool will cost an adult just R20 while children pay R10. Pensioners are charged just R15 while schoolchildren in a group will pay R5 each to access the facilities during weekends. Strict adherence to all safety regulations is non-negotiable. **For more information contact Relebogile on 014 590 3336.**

Superintendent of swimming pools Obakeng Dithebe ensures that everyone who uses the facility adheres to safety regulations.

## 2021 SES NASIES KAMPIOENSKAPPE

**Engeland vs Italië**  
Op Twickenham druk die bleekbene ses drieë om gemaklik 41-18 teen die Azurris te wen. Jonny May het vir Engeland 'n skitterende drie gedruk waaroor daar nog vir jare gepraat sal word. Nou seker nie by 'n braai nie... Die Italianers verloor vir die 29ste agtereenvolgende keer sedert 2015 en mens wonder of hulle nie dalk in 'n ander kompetisie moet gaan deelneem nie. Alle respek aan Franco Smith wat nou die nuwe *coach* van die Azurris is. Engeland speel volgende teen Wallis met die Italianers wat teen Ierland moet uitdraf.

**Wallis vs Skotland**  
Op Murrayfield klop die Rooi Drake die Skotte in 'n riller *game* en wen 25-24. Die rooikaart aan die stut Zander Fagerson het die Skotte baie duur te staan gekom. Maar nou ja... die een se dood is die ander se brood. Wallis speel volgende teen Engeland terwyl Skotland teen die Franse Hane gaan uitdraf.

**Ierland vs Frankryk**  
In Dublin het die Franse hierdie armdruk kompetisie gewen maat. Dit was 'n klipharde toets met onderskeidelik vir Frankryk twee buislotte, Paul Willemse en Bernard le Roux wat goed gespeel en CJ Stander op sy beurt vir die Iere. Frankryk wen 15-13 en is nou eerste op die punte tabel. Ierland verloor nou vir die tweede keer in 'n ry maar kan in hulle volgende toets teen Italië weer amok maak. Die Franse gaan in Stade de France teen Skotland speel.

Good evening Sir...

## RUGGA CHUNKS

- Siya Kolisi verlaat die WP en Stormers om nou vir die Haaie te gaan speel...
  - Plaaslik gaan daar nou ook weer rugby gespeel word. Voorbereiding vir die spanne wat later van jaar in die Pro Sestien reeks gaan meeding.
- Saterdag 27 Februarie**
- Bulle vs EP Elephants
  - Leeus vs NNC Pumas
- Sondag 28 Februarie**
- Haaie vs Griekwas
  - Stormers vs Cheetahs

## Beauty Boosters

### Vitamin C

Vitamin C is a potent antioxidant that helps neutralize free radicals and can aid your skin's regenerating process and has the ability to even out skin tone and diminish the appearance of fine lines and wrinkles.

Looking after your skin is important to keep it glowing and in tip-top condition. An effective routine can help prevent acne, treat wrinkles and keep your skin looking at its best.

### Salicylic Acid

Salicylic acid is a type of carbon-based organic compound that penetrates into the pores to unclog blackheads. It also removes dead cells from the top layer of your skin and helps regulate Sebum production to fight the recurrence of pimples.

# Wearing is Caring - Make-Up and Mask-Up

## MASKNE

Maskne, or mask acne is acne breakouts from wearing a face mask. Symptoms may include chafing and irritation, along with pimple-like bumps. Although maskne can be frustrating, it's important to keep wearing face masks during the COVID-19 pandemic.

It can be distressing to start seeing spots appearing on your face again, but you need to have patience with your skin. Heat and humidity can exacerbate acne, so during our hot summer months, higher temperatures will increase your sebum production, which can cause blemishes and acne.

### Cleanse:

You have mastered the hand washing routine, now it's time for your face to get in on the action. Make sure you are thoroughly cleansing your skin just before you put on your mask and repeating the process at the end of each day using your favourite cleansing product.

### Moisturise:

Even if you have oily acne prone skin, a lightweight moisturiser is key to keeping your skin hydrated. With a mask rubbing against your skin, your skin's pH level needs to remain balanced and healthy.

### Night treatment:

Apply a lightweight moisturiser at night after cleansing. If your skin is feeling a bit tight, which could be a sign of dehydration, then apply a more nourishing night cream.

### Spot treatment:

For a spot treatment reach out for a product such as BioNike Acteen Quick Pen. If you have oily and acne-prone skin, use a face wash with salicylic acid twice a day to keep sebum production under control and prevent pimples. Treat your skin with TLC. A consistent acne regime is important to ensure that you are combatting future breakouts and treating the existing ones. Remember to wash or change your mask regularly.

While protecting yourself and others make sure you protect your skin too

## SMUDGE-PROOF FOUNDATION

Each morning we find ourselves in the same frustrating predicament as we "make-up" and "mask-up". We do our make-up for the day only to cover up with a mask in order to protect ourselves and others from the spread of Covid-19. To get "smudge-proof" foundation is essential, therefore a little extra attention needs to be paid to primers, setting powders and setting sprays.

### TIP 1: PRIMER

Primers help your make-up application last a lot longer by acting as a grip for your make-up to adhere to.

### TIP 2: CONCEALER

When applying a concealer, rather dab and blend the concealer onto skin with a blending sponge for longevity of wear.

### TIP 3: FOUNDATION

Make use of a hydrating mattifying foundation for "smudge-proof" make-up that won't dry out skin.

### TIP 4: SETTING POWDER

Set your make-up by applying a fine loose powder in a dabbing motion over the foundation most at risk, which is of course under the mask.

### TIP 5: SETTING SPRAY

Finish off your make-up with a sweat-resistant matte setting spray to lock all products in.

## BOLD, BEAUTIFUL BROWS

If your eyes are the "windows to your soul," your eyebrows serve as the frames for those windows. If you've been wondering how to give your brows a little more oomph to complement your masked look, here are a few product tips for the best results.

### EYEBROW PENCILS

These pencils contain harder lead than eyeliners but are used to create a softer and more natural look.

**EYEBROW POWDER**  
Available in multiple shades and ideal to perfectly match your eyebrow colour.

### EYEBROW GEL

These are used to set and prolong brow powder or pencil product for all day wear.

### EYEBROW POMADE

Eyebrow pomade is used to give your arches a strong, dramatic attention-grabbing look.

**A lesson in LASHING out**

"For best application results, use an eyelash applicator tool such as tweezers"

Step 3: Position the lash as close as possible to your lashline without it touching your actual lashes.

Step 4: Once they are in position gently press down to secure.

Step 1: Measure out your lashes and if you need to, trim them to size.  
Step 2: Apply a thin layer of glue to your lash band and leave it to dry for 20-30 seconds.

## map your skin type

Finding the right products for your skin type may not always be easy. To make your choice a little bit simpler, we have compiled a list of products you can find at your local **Dis-Chem** store to help combat your everyday skin concerns like ageing, pigmentation, acne or dry skin.

Let one of our trained consultants help you choose the optimal face care products.

# Face Care Solutions

## Dry Skin

The skin naturally produces an oil (Sebum), skin that is not creating or replenishing enough sebum can become dry.

The best treatment option will depend on the cause of someone's dry skin and its severity.

You can treat your dry skin using several different methods and we offer a full range of products to assist.

## Wrinkles

As we age our skin slows down the production of collagen and becomes less firm, resulting in wrinkles. To rebuild the elasticity and collagen in your skin, we offer a wide variety of products that aid in reducing the appearance of fine lines and wrinkles.

## Oily Skin

Oily skin is the result of the over-production of sebum on the skin's surface. Sebum aids in protecting and hydrating your skin. Excess sebum in the skin leads to clogged pores and acne. To help manage oily skin, we offer a wide variety of skin care ranges that help reduce excess oil.

## Pimples Blackheads Acne

Acne and blackheads occur when the pores of your skin become blocked with oil, dead skin or bacteria. There are many effective treatments that reduce the occurrence of blocked pores and reduces scarring. We offer a wide variety of skin care ranges that aid in clearing these types of skin conditions.

## Pigmentation

Your skin gets its colour from a pigment called melanin which is created by special cells in the skin. When these cells become damaged or unhealthy, it affects melanin production which causes darker or lighter spots on the skin. To treat pigmentation, we offer a wide range of skincare products that aid in the correction and prevention of pigmentation.

## mask me-time

The main benefit of face masks is concentrated, focused treatment. Your regular cleansing and moisturising routine suits your general skin type and condition.

When using a face mask, whether it comes in a jar, tube or sheet, the product addresses one specific complexion concern. Masks can be used to moisturise, detoxify, increase circulation and replenish nutrients. Above all, they add an extra dimension to your skin-care routine.

Best of all, making some mask me-time helps to de-stress and look after your skin in the comfort of your own home.
