The fire destroyed the Engelbrecht's livelihood.

**Rustenburg** – On Friday 27 May, Martin and Marischka Engelbrecht had to watch how everything they have built up over the past five years burn to ashes. The Engelbrecht family stay on a farm on the R24 about 20km outside Rustenburg where they produce fodder and specialised feed for livestock. Martin has perfected formulas for the needs of various livestock, and they plant the grass used in the feed themselves to ensure a top-quality product. They make a great team, with Mariska often getting behind the steering wheel of the tractor to help her husband. When they started reaping the rewards of their blood, sweat and tears, they decided to invest in bigger barns to enlarge their storage capacity. The first barn was completed in January this year and the second was about 30% complete [under construction]. They were set for the winter and ready to start delivering to their clientele who rely on them to supply fodder.

# GRADE R TEACHER SHOT AT SCHOOL ENTRANCE

**Rustenburg** – A Grade R teacher was brutally murdered by two gunmen at Rutanang Primary School's entrance in Geelhoutpark on Tuesday 31 May.

The 45-year-old woman arrived at the school at 06:55 in her silver Toyota Fortuner, where two men approached her before she could enter the gate. She was shot at close range from the passenger side, and the gunmen reportedly walked away from the scene without taking anything from the vehicle.

An onlooker immediately alerted the police and paramedics. ER24 rushed to the scene but sadly, the teacher already passed away.

According to brigadier Sabata Mokgwabone, the motive behind the incident is unknown and investigations into the matter continues. No arrests have been made so far.

The provincial commissioner of North West, lieutenant general Sello Kwenja, called for the mobilisation of a 72-hour activation plan following the ruthless murder. He expressed his shock over the callous act of gender-based violence and urged members of the community to work together with the police to ensure that the suspects are brought to book.

The North West Department of Education, MEC Mmaphefo Matsemela condemned the incident: "On behalf of the department, I am extremely furious and strongly condemn this horrible incident that happened in front of our school. I am disappointed that social ills from the community are finding expression in our schools."

The department also sent a team of counsellors to assist both the learners and the teachers affected by the incident on 1 June 2022.

# Stolen ring returned after 15 years

**Rustenburg** – Wedding rings are circular and circles are a universal symbol of infinity, endless eras, eternity. At a wedding ceremony, it's given as a sign of endless love.

During an armed robbery at their house in Cashan 15 years ago, Henning van Wyk had to part with his wedding ring among other household items. The sentimental value of this item could never be replaced.

**15 years later...** Elza Ferreira, a Cashan resident who lives near the Van Wyk family was fed up with people dumping their trash in the veld across from her home and decided to turn it into a garden instead. Through the years, the veld has been burned several times, a few TLB's have been used and her garden started flourishing.

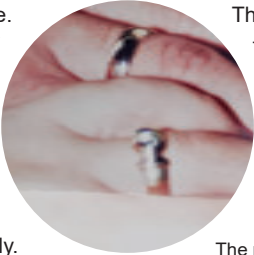

A few weeks ago, while busy in the garden, she noticed something in the ground. She picked it up, and threw it down, picked it up again and threw

down again. It was completely black but in the shape of a ring, so she decided to pick it up for a last time and rubbed it against a rock. As she rubbed, the shiny surface started to show. Ferreira went home to show her husband and he laughingly told her that it was just a washer that they use in pipes. Her gut feeling told her that it was a ring that belonged to someone. One afternoon, she spoke to her neighbour Marinda van Wyk about the ring. Marinda made a joke saying it might be her husband's ring that was stolen 15 years ago. Ferreira insisted that Henning come over to see if the ring fits. The joke soon turned into a reality as the ring fit Henning's finger perfectly. The Van Wyk's told Ferreira that it's 'finders' keepers' but Ferreira was determined to give the

ring back to its rightful owners. She took it to a jeweller to have it cleaned and the lightly buffed red gold ring was almost back to its original state. Ferreira then called the Van Wyks and arranged to meet them at the tree where she found the ring. To celebrate, she also gave them a bottle of champagne.

The couple has been married for 22 years – 15 of which Henning did not wear a wedding ring. "It still feels so unreal. We made peace with the fact that we would never see the ring again, and then this happened. It must be a sign that just like the ring, our love is meant to last," Marinda said.

**Rustenburg** – The Rustenburg Crime Combatting Forum (RCCF) sent out a warning on social media to residents around Acacia and Raasblaar street to be vigilant. This warning came after an incident where a woman was robbed at gunpoint while waiting for a lift on Tuesday 31 May. According to the victim, she was waiting for her lift when a young man, estimated to be in his early twenties approached her and pulled out a gun. He demanded that she hand over her cell phone and cash. She said that she didn't have it on her, but he started going through her belongings. He eventually fled with the two bags she was carrying. The RCCF urges everyone in the area to be vigilant, especially women. Try not to walk alone and if you are waiting for a ride, let someone wait with you or wait inside the yard.

## STRIPPING THE ECONOMY, one cable at a time

**Rustenburg** – Dawid Erasmus, who is part of the Rustenburg Crime Combatting Forum (RCCF) and National Crime Assist (NCA), came across evidence of stripped stolen cables on Thursday 26 May. The cable sleeving was found in the veld on the Donkerhoek road between Rustenburg Kloof and Orion Safari Hotel; however, the place where the cables were stolen from is unknown. Cable theft is extremely inconvenient and often leave residents without electricity for days on end. **The members of the public are encouraged to report any suspicious activities to the Eskom Crime Line number: 0800 11 27 22 or to call the Crime Stop Hotline on 086 00 10111 or your nearest police station.** All scrap metal dealers, foundries and smelters should also refrain from buying stolen cables. Copper or cable theft is a very dangerous crime – it also creates huge financial losses, especially in the maintenance of infrastructure, accumulative costs of safety and security services, policing, court representation and sentencing.

# Where to from here?

**Rustenburg** – On Friday 27 May, Martin and Marischka Engelbrecht had to watch how everything they have built up over the past five years burn to ashes.

The Engelbrecht family stay on a farm on the R24 about 20km outside Rustenburg where they produce fodder and specialised feed for livestock. Martin has perfected formulas for the needs of various livestock, and they plant the grass used in the feed themselves to ensure a top-quality product.

They make a great team, with Mariska often getting behind the steering wheel of the tractor to help her husband.

When they started reaping the rewards of their blood, sweat and tears, they decided to invest in bigger barns to enlarge their storage capacity. The first barn was completed in January this year and the second was about 30% complete [under construction]. They were set for the winter and ready to start delivering to their clientele who rely on them to supply fodder.

The fire broke out shortly after 1pm and started spreading immediately. "My first reaction was to get my machines out of the way of the fire," Martin said in an interview with *Platinum Weekly*. The fire damaged his electricity box, which prevented

them from pumping water from their own tank. Luckily neighbouring farmers rushed to their aid and the Rustenburg Fire Department also came to help.

It took about five hours just to get the fire under control. Two days later, the ashes were still smouldering.

They lost 300 teff bales, 656 grass bales and 7,000 bags of lucerne pellets that were ready to be distributed. Their tractor was burned beyond repair and their trailer sustained a lot of damage. The cables to their factory also have to be replaced. The damage is an estimated R2.1 million.

The Engelbrecht's are still in shock and unsure about their next steps. Although his factory can continue to produce, the season is almost over, so finding the grass and products needed to make the feed now, is close to impossible. The rainfall we had this year was great for the crops but not for the fodder industry, making it even more difficult to get grass.

"The support we got from the community is overwhelming. People that we don't even know came to help during the fire and we have received offers of lucerne and grass to help us start up

again. God has been good to us during all of this and have sent amazing people on our way to help. We know He will carry us through this."

Marischka quoted Habakkuk 3:17-19:

*Though the fig tree may not blossom,  
Nor fruit be on the vines;  
Though the labor of the olive may fail,  
And the fields yield no food;  
Though the flock may be cut off from the fold,  
And there be no herd in the stalls—  
18 Yet I will rejoice in the LORD,  
I will joy in the God of my salvation.  
19 The LORD God is my strength;  
He will make my feet like deer's feet,  
And He will make me walk on my high hills.*

While the Engelbrecht's are left to pick up the pieces after the devastation, the Democratic Alliance ward 36 councillor Jean Keyser has taken the lead to arrange a fund raiser to assist them. He has partnered with Olifantsnek petrol station on the R24, and together they plan to host a colour fun run, with various fun family activities on 2 July... Watch this space for more details!

If you are able to contribute financially, payments can be made into the WA Wessels attorneys trust account. For more information on how you can assist, contact Martin on 083 417 9502.

Only ashes are left of the fodder that were supposed to secure their income.

# STRIKE A POSE!

**Rustenburg** – The Rustenburg Photographic Society hosted an informative posing workshop at Rainhill Farm on Saturday 14 May.

Club member Karen McCarthy shared her knowledge on the right stance, hand position, sitting position and more when it comes to taking photos of models.

A pose can convey anything from power to sweetness. The slightest shift in position can impact the mood of the photo dramatically. You can take your photo from professional to a more personalised approach, just by the way your model is posing. Having a model standing in the wrong position can also result in a few unflattering photos.

The presentation was followed by a practical session. Models from ACE Models did various poses in different settings so that the photographers could apply their knowledge.

Thank you to all the organisers, McCarthy for the great presentation and the ACE Models who contributed to the workshop.

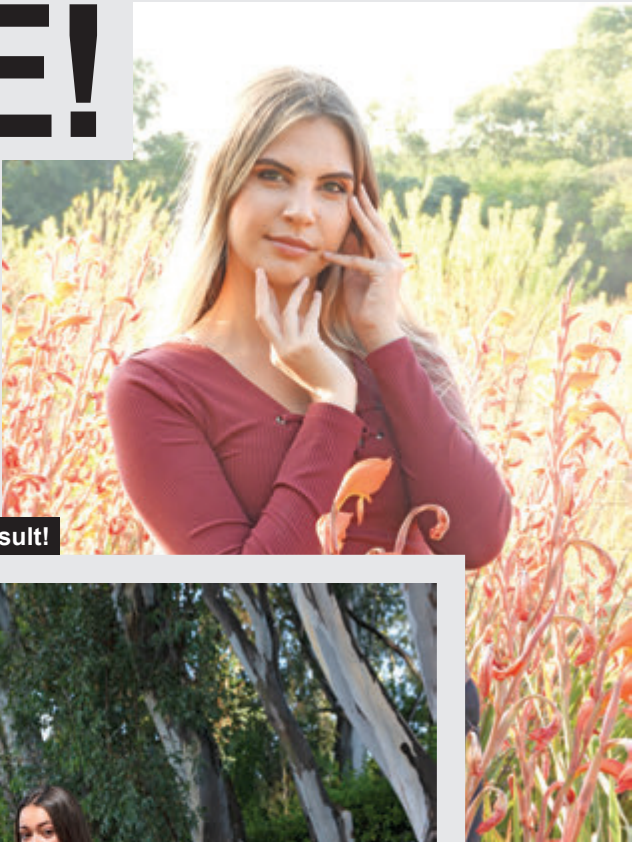

For more information, contact club chairperson Simon Fletcher on 082 371 9867 or vice chairperson Jacques McCarthy on 078 353 0458.

# Yarona Rustenburg goes into test phase

**Rustenburg** – Nearly ten years after the Rustenburg Rapid Transport (RRT) system was announced, Rustenburg residents will see the project come to fruition in June 2022. In early June 2022, residents will see Yarona buses running up and down the CBD, including two routes that will start in Tlhabane. The system has received the blessing from the National Department of Transport (NDoT) and the testing phase has begun. “The test phase will last for two weeks, and the team led by Rustenburg Local Municipality will conduct a series of tests to confirm the operational readiness verification ordered by the DoT,” said Theron Rapoo, head of marketing and communications at RRT.

# WALKING FOR CHANGE

Olebokeng Molefe is taking a stand (or rather taking a walk) against domestic abuse and gender-based violence.

**Rustenburg** – Olebokeng Molefe is taking a stand against domestic abuse and gender-based violence by embarking on a 1,800 km walk that will take him to all of the provinces in South Africa. According to a 2021 Statistics South Africa report for crimes against women in South Africa – one in five women have experienced physical violence by a partner. The statistics also reveal that in 2015, South Africa’s femicide rate was nearly four times that of the global figure, while a woman was killed every four hours in South Africa in 2016. At least half of the victims were murdered by an intimate partner. It is against such a background that Molefe is hoping to raise awareness against gender-based violence. The 29-year-old Molefe, who is from Mahikeng, started his journey on 1 December 2021 when he walked from Cape Town to Mahikeng.

Platinum Weekly caught up with him after he passed through Rustenburg on Tuesday 31 May. He was walking along the R510 road towards Northam. “I have travelled about 200km from Mahikeng and I am now off to Northam, in Limpopo,” Molefe said. “My message to all my fathers and brothers out there is simple – stop gender-based violence because it is wrong. Let’s all take a stand and say enough is enough. Gender-based violence is destroying lives and negatively affecting families and communities.” Molefe said he hopes to complete his journey before 23 July 2022. “I am a member of the Pentecostal Holiness Church and they have supported me since I started. I have also received handouts from people I have met along the way who share my beliefs.”

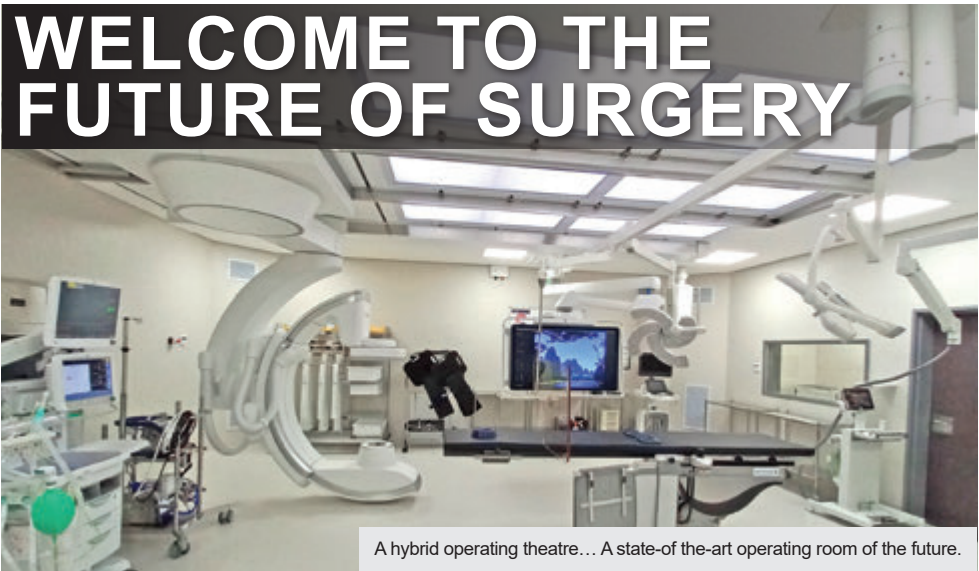

# We need roads!

**Rustenburg** – A group of residents from ward 23 in Kanana forced the Rustenburg Local Municipality (RLM) to close the entrance to their main offices in Beyers Naude Drive. Scores of residents from Leshabaneng Section (Kanana), who demanded the construction of roads in their area, prevented people from entering or leaving the building during the protest on Tuesday 31 May 2022. “We are the only area that does not have proper roads and it seems as if the municipality has forgotten us,” community representative Lerato Ramadiro said.

Bonolo Mokgoatheng (left) and Lerato Ramadiro demonstrate their frustration. Residents of Kanana demanded better service delivery.

A hybrid operating theatre... A state-of-the-art operating room of the future.

**This new high-tech hybrid operating theatre enables precise imaging diagnostics during surgery resulting in minimally invasive cardiac and vascular procedures.**

**Rustenburg** – Life Peglerae Hospital's recent theatre complex upgrade includes a new hybrid operating theatre that can be used to perform minimally invasive surgery, or full open surgery, or a combination of both, due to providing high-precision robotic diagnostic imaging, based on X-ray technology during the procedure. “We’re excited that this new technology provides us with a hybrid operating room enabling surgeons to perform a high-tech scan during the surgical procedure. The benefit is that the scan enables precise diagnosis which affords the surgeon to, in most cases, perform minimally invasive surgery which limits the size of incisions needed,” says Denise Botha, hospital manager at Life Peglerae Hospital. Botha explained that this means that patients’ recovery time and hospital stay could be shorter, allowing them to return to their daily activities sooner. The new high-tech hybrid theatre will specifically benefit cardio thoracic surgeons, cardiologists and vascular surgeons whose patients previously had to travel or be transferred elsewhere to have their surgery. “With the new technology now available at Life Peglerae Hospital in Rustenburg, we can better serve our community,” added Botha. The newly placed technically advanced imaging equipment includes a robotic C-arm imaging device.

This robotic C-arm allows free range of movement over or under any part of the patient’s body for 3D ultra-high-definition images. These images facilitate pre-procedural, intra-operative decisions and guidance aiding immediate response and reaction to interventional or operative complexities by the surgeon. Not only does the technically advanced robotic C-arm provide high-definition images, but it also reduces patient radiation exposure as well as the quantity of contrast administered to the patient, thus protecting renal function. In turn, procedure time and anaesthetic duration are reduced. The enormous benefit of this theatre is that if needed, minimally invasive surgery can be easily converted to an open procedure as all the necessary capabilities are available.

The hybrid operating room enables surgeons to perform a high-tech scan during the surgical procedure.

# MPIMPI ON CHILD ABUSE

**Rustenburg** – The National Child Protection Week is commemorated annually to raise awareness of the rights of children. It is one of the most important weeks on many social workers' calendars.

Rustenburg Child Welfare kicked off Child Protection Week on Monday 30 May with child abuse awareness campaigns at schools. This presentation is aimed at teaching children what their rights are and to speak up if they feel uncomfortable. It educates them on what channels to follow if they are abused or if they suspect a friend might be a victim of abuse.

The campaign also focuses on teachers and gives them the guidelines on what signs to look out for and what the procedure to follow to report abuse. Teachers are in contact with children on a daily basis. Children don't often report it when they are abused. Giving teachers the tools to spot the signs, is the first line of defence to protect a child.

**Schools have a statutory responsibility to report child abuse and failure to do so is a crime.**

Rustenburg Child Welfare paid a visit to several schools in Rustenburg. They also shared a video of the issue with parents. Their mascot, *Mpimpi* got centre stage in the campaign. Directly translated from Setswana "*Mpimpi*" means snitch and it encourages children to become whistle blowers when it comes to abuse.

For more information on this campaign, contact Rustenburg Child Welfare on 014 537 2014 or 2072.

Society too often has an attitude of 'it's none of my business' when they see problems in other households. When it comes to child abuse there is no excuse. Make it your business!

### PSALM 21

**Joy in the Salvation of the Lord To the Chief Musician. A Psalm of David.**

21 The king shall have joy in Your strength, O Lord; And in Your salvation how greatly shall he rejoice!

2 You have given him his heart's desire, And have not withheld the request of his lips. *Selah*

3 For You meet him with the blessings of goodness; You set a crown of pure gold upon his head.

4 He asked life from You, and You gave it to him — Length of days forever and ever.

5 His glory is great in Your salvation; Honor and majesty You have placed upon him.

6 For You have made him most blessed forever; You have made him exceedingly glad with Your presence.

7 For the king trusts in the Lord, And through the mercy of the Most High he shall not be moved.

8 Your hand will find all Your enemies; Your right hand will find those who hate You.

9 You shall make them as a fiery oven in the time of Your anger; The Lord shall swallow them up in His wrath, And the fire shall devour them.

10 Their offspring You shall destroy from the earth, And their descendants from among the sons of men.

11 For they intended evil against You; They devised a plot which they are not able to perform.

12 Therefore You will make them turn their back; You will make ready Your arrows on Your string toward their faces.

13 Be exalted, O Lord, in Your own strength! We will sing and praise Your power.

**NEW KING JAMES VERSION (NKJV)**

## BUILDING THE UNBUILT...

### Mothers and daughters strengthen bonds

**Tlhabane/ Rustenburg** – The Southern Africa School of Theology (SAST) was the venue for a get-together aimed at strengthening bonds between mothers and their daughters. Scores of mothers from Rustenburg attended the 'Building the Unbuilt' initiative together with their daughters on Saturday 7 May 2022. Kamogelo Masisi, who was one of the organisers of the initiative, said the lack of communication and love between mother and daughter relationships motivated her to come up with the idea. "The objective of 'Building the Unbuilt' was to mend and fix the broken relationships between mothers and daughters," Masisi said. "While I was growing up, I got to see the strong bond that existed between my mother and my grandmother. I learnt that being open and not keeping any secrets as well as establishing proper communication channels was the key to their strong bond."

## A market to support the community

**Rustenburg** – The second Timbati Veld Market, held on Saturday 28 May, was a hit! What started out as a project to brighten their immediate surroundings has expanded and is benefiting the broader community.

The market day is aimed at raising funds to support various organisations in the community. With so many stalls to choose from and just as many organisations to support, there was something for everyone to enjoy. The food court had a variety of treats like boerewors rolls, curry and rice, fat cake and mince, *sosaties*, hamburgers, hotdogs, chips and chip-sticks. Homemade deliciousness like pickles, samosas, piccalilli, chutney, lemon curd and mustard. For the those with

sweet tooth there were koeksisters, cakes and cupcakes, cake pops, cake stickles, sugar cookies, chocolate fudge and nougat, jar pudding and rusks. Attendees beat the cold with a nice cup of coffee, tea or soup. There was also moringa products, bath salts, self-care, essential oils and education, perfume, handmade jewellery, handmade wooden items, hand painted pillows and gifts, baby clothes, scrunchies, dish towels, handmade baskets and macrame products, clothing, leather wallets, handbags, bedding and lots more. Fun activities included face painting and Zumbu. Residents of the Kerk Street municipal housing units also had the opportunity to attend and had great fun getting out of the house, enjoying the fresh air and festivities. The funds raised will go towards repairs and refurbishment of the Kerk Street municipal housing units.

Meridian Rustenburg learners on Slipper Day!

## Learners do their bit for charity

**Rustenburg** – Learners from Meridian Rustenburg joined other South Africans and commemorated Slipper Day on Friday 6 May. Slipper Day is an annual event organised by the Reach for a Dream Foundation which encourages businesses, students and anyone interested in charity

initiatives to wear their slippers to raise money for children facing life-threatening illnesses. Learners at Meridian Rustenburg each contributed R20 and came to school in their slippers to support the worthy cause. Said school marketer Fezeka Sibisi: "We were very excited to take part in this year's Slipper Day. As a school, working with children is something very close to us and we naturally gravitate towards such foundations as we share a common goal, which is to empower children and give them hope for the future." The school had initially set a target of R10,000 but with the overwhelming support from staff, learners and parents, they managed to raise R14,440, which will be handed over to the Reach for a Dream Foundation. "During the last week leading up to 6 May, we started seeing an outpouring of support and we actually ran out of stickers! "We had to call Reach for a Dream Foundation to make sure we secured more stickers," Sibisi added.

## Can Swallows avoid relegation?

**SA** – It's now 'do or die' for Moroka Swallows who will have to compete in the playoffs to determine whether or not they will be part of the Premier Soccer League (PSL) campaign when the 2022/23 season kicks off. Royal AM drew 2-2 when they played against Orlando Pirates on Friday 27 May 2022 in their last match of the season. Pirates then went on to lose their last match of the season to SuperSport United by a 2-0 margin three days later to bring the curtain down on the 2021/22 league. With all the league fixtures now completed, the spotlight will now fall on the playoffs to decide which of the three participants will play in the topflight next season. According to the PSL format, the bottom placed team is automatically relegated to the lower league – the GladAfrica Championship – at the end of each season. Baroka FC, who finished bottom of the log with 25 points, will therefore not be competing in the topflight next season. Their fate was sealed after they suffered a 1-0 defeat at the hands of Maritzburg United in their last match of the season at the Harry Gwala Stadium.

The PSL rules also state that the team that finishes second from the bottom will have to compete in the playoffs against two other teams from the GladAfrica Championship for the right to play in the topflight next season. Swallows were held to a 2-2 draw by a 10-man Kaizer Chiefs in their very last match of the season at the FNB Stadium and the result saw them finishing 15th (second from bottom) on the final log standings. This result means Swallows will now play four matches in the playoffs to determine if they will still compete in the DSTV Premiership next season. The playoffs will see Swallows compete against Cape Town All Stars and Pretoria University for the single PSL slot available. Playoffs are well known to produce entertaining football because of the high stakes involved. This year is unlikely to be different and the biggest winners will be the fans who will get good value for their money if they go to the stadiums for the action.

## Tough test for Impala

**Rustenburg** – The Impala Rugby Club members are aware of the tough task awaiting them when they travel to Northam on Saturday 4 June for a league match against the Northam Rhinos. While Impala are determined to bounce back to winning ways after losing three of their last matches, they know that Rhinos are a very formidable team. Additionally, the fact that they will be playing at the home ground of Rhinos in Northam will make their task of winning this match a difficult one. Impala Rugby Club coach Joel Scherman said preparations for the match had progressed smoothly so far. He said much of the emphasis during training sessions has been on adopting an attack-minded approach to the match. "In my view, the first team match will be a very physical one because they (Rhinos) enjoy that style of play and are very effective at it. We will be prepared and if we must be up to the task of containing them. It is a game that will be determined by the forwards, so we will make sure we are ready to play well in that department," he added. Scherman revealed that he will be fielding one of the club's new star players against Rhinos as he looks for extra momentum. "Andy Huizamen will be coming in at flyhalf and I am confident of his abilities. He has played well for Western Province and his experience will definitely give us a good advantage. Still, I expect all the players to give it their best shot because we must win. A victory will be ideal ahead of our next match against Pretoria University on 11 June," Scherman explained.

# 25,000 FANS THRILLED BY CUP FINAL

**Phokeng/Rustenburg** – The Royal Bafokeng Stadium outside Rustenburg hosted the Nedbank Cup final on Saturday 28 May 2022. About 25,000 supporters braved the cold weather to witness a contest between two very strong teams vying for one of the most coveted trophies on the South African domestic football scene.

An elaborate display of fireworks moments before the match lit up the sky in Phokeng which set the tone for the occasion.

The two teams, Mamelodi Sundowns and Marumo Gallants, were evenly matched during most of the first half as they fought hard for victory.

However, a goal from Peter Shalulile in the 33<sup>rd</sup> minute saw Sundowns taking control of the match. Marumo Gallants, who played much

better in the second half, were duly rewarded when they found the equalizer through Junior Dion in the 76<sup>th</sup> minute.

With a 1-1 deadlock after 90 minutes, the match had to go into extra time. Sundowns showed their experience, held their nerve and managed to find the decisive goal through Thapelo Morena in the 119<sup>th</sup> minute.

Mamelodi Sundowns supporters, overjoyed at the sound of the final whistle, broke into song and dance.

Sundowns coach Rulani Mokwena, whose team has now won three domestic titles, described his players as “a special lot” in an interview with *Platinum Weekly*. “I am very proud of the players for their achievement. A huge amount of respect needs to be given to our players because they have played well.”

Mamelodi Sundowns won the match by two goals to one.
