1, which was apparently used as a 'church'. They were all naked at the time of the arrest, except for the 34-year-old female 'church leader'. With them were eleven children aged four to 12.

A neighbour told Platinum Weekly: "We are angry. The kids were there for days without food, and they were locked inside the 'church'. The 'congregants' said they were waiting for Jesus to come. I don't think the church leader is mentally stable. The children were traumatised."

It is unknown at this stage if the children suffered any physical harm, but the circumstances they were subjected

sure to leave them with emotional and psychological scars that only time, and proper care could heal. This disgraceful incident occurred South Africa while commemorating **National** Child **Protection** Week [Sunday 29 May to Sunday 5 June]. It is supposed to be a time for all of us to renew our commitment to protect children...

What would you name a 'church' which sees it fit to harm children in this way?

Police spokesperson brigadier Sabata Mokgwabone says the children - six boys and five girls - were removed from the house and handed to social

workers for intervention.
"The house that was used as a church was burnt partially on Friday after a couch and other items were set alight by the church leader. She was arrested and charged on Sunday 5 June 2022 after she had been discharged from the hospital where she was admitted on Friday 3 June. We are investigating the matter," Mokgwabone says.

Head the protest warnings!

 After a hectic morning, a Brits resident didn't have a chance to look at her phone before heading to work

Meanwhile warnings were sent out alerting residents about unrest in the Bokfontein area on Tuesday 7 June. These unrests were taking place on the road that she travels to and from work daily, so she got in her car and was on her way.

Before she could reach her

destination, she encountered protestors. She immediately put the car in reverse, but before she could back out, they were on her.

They first pulled her keys from the car, but she wasn't having it and grabbed it back, injuring her hand in the process. Suddenly she was surrounded. In front of her car was eight men armed with sticks.

They grabbed her phone and handbag. She fought back trying to get her belongings, so they started hitting her with sticks. She managed to get her phone and handbag but not before they got a few shots in. Luckily a passerby saw what was happening and recognised the victim. The passer-by started shouting at the attackers telling them that she knew the victim and they should leave her alone. All but one of the men started backing off but the remaining attacker demanded that she give him her cigarettes. Terrified she handed him the two packets she had, and they then let her through as if nothing ever happened.

She eventually arrived at work where a colleague later took her to the police station where she reported the assault. Although she didn't sustain any serious injuries, she was left battered, bruised and very traumatised.

This time of year is often referred to as strike season. Join groups that monitor these activities. Don't engage them and rather just turn around and use an alternative route

Paramedics robbed at gunpoint, patient dies

Rustenburg - ER24 medics were robbed at gunpoint An ER24 advanced life support paramedic who had been on the R510 between Mogwase and Rustenburg whilst transporting a critically ill patient, on Tuesday 7 June.

The two ER24 medics were busy transferring a critically ill patient to his home from a hospital in Rustenburg when the patient's vital signs started to deteriorate rapidly. The crew pulled the ambulance off to the side of the road and immediately initiated Cardiopulmonary Resuscitation (CPR) in an effort to revive the patient.

Whilst treating the patient, three armed men approached the ambulance, pulled open the door and robbed the medics of their personal belongings, as well as the patient's belongings.

Despite the ordeal, the ER24 medics continued to perform CPR and advanced life support interventions on the patient. Unfortunately, after some time, no vital signs returned, and the patient was declared dead.

A case was opened at the Phokeng Police station for further investigations.

ER24 condemns all attacks on emergency workers and asks that all incidents are reported to the local authorities. Trauma counselling was made available ER24 staff.

(NCA) member Rudolf de Kock spotted something unusual in the night sky.

"At around 22:55, I first saw a bright light, then it turned into what looked like a burning red ball dragging across the night sky," De Kock told Platinum

At first, he thought it might be a meteor... but it was moving too slow. Its tail left a reddish streak with flickering lights behind, which led De Kock to believe it might be an aeroplane. But then after about a minute, it completely disappeared.

Moedwil - While on patrol in Moedwil on According to Astronomical Society of Sunday 5 June, National Crime Assist SA vice-chairperson Carmel Ives, the object was identified as re-entry 52796, the upper stage of the Russian SL-4 rocket used for the Progress MS-20 ISS resupply mission.

> Apparently, you can tell it is space junk because of the speed at which it moves. The rocket was launched on 3 June, after it orbited the earth 40 to 41 times it reentered the atmosphere and broke down. As a fun fact, Ives added that there has only been one incident where a person was hit by rocket debris, and they didn't even sustain any injuries.

SAPS warning: **ESCAM**

Rustenburg - A man's car and luggage was stolen, under gunpoint, on the R24 Sunday 5 June. Criminals just get smarter and sneakier by

This was their modus operandi:

- The man was driving along the R24, and a passer-by vehicle was kind enough to alert him that his number plate fell off.
 - He pulled over, to get his number plate and thank the good people.
 - But the moment they engage, a gun was pulled on him.

"The man was driving a Mercedes Benz with Botswana registration plates when a white VW Golf tricked him to pull over," said police spokesperson captain Elsabé Augoustides. She warned: "Rather drive to the nearest safe place or the police station".

SEXUAL OFFENCES, RAPE ON THE RISE

North West - The South African Police Services (SAPS) in North West Province recorded an increase in the number of sexual offences and rape cases. according to the fourth quarter statistics of the 2021/22 financial year. The fourth quarter covers the period from January to March 2022.

The statistics reveal that 942 sexual offences were recorded during these three months in the province. This reflects an increase of 12.1% when compared to the 840 cases recorded during the same period of the previous financial year.

The statistics also reveal that 769 rape cases were recorded in the fourth quarter of the current financial year. This represents a 10.8% increase when compared to the 694 cases recorded during the previous financial year.

However, the statistics also reflect a 22.3% drop in the number of murder cases that were recorded during the fourth quarter. A total of 214 murder cases were recorded from January to March 2022, compared to the 175 cases recorded during the same period of the previous financial year.

According to specialist investigator of serious violent and serious economic crimes, Mike Bolhuis, visible policing is an important aspect of crime prevention. "If crime is being committed in a specific area and there is no visible policing to deal with that crim, then it cannot be prevented and there will be no punishment for the perpetrator," Bolhuis

"Criminals commit crime because they know they can get away with it. They keep getting bail and continue committing crimes," he added.

30 years of educational - EXCELLENCE

Olifantsnek/ Rustenburg – Rustenburg Educational College (REC) Private Primary School's open day on Friday 3 June was a massive hit! The open day was held to showcase the school's exceptional facilities to prospective parents, learners and intearested members of the community.

For 30 years now (and counting), REC Private Schools have been imparting academic knowledge and life skills to students in a quiet and secluded environment, for conducive learning. Located close to the Olifantsnek Dam, just outside Rustenburg, the school offers learners a scenic, natural environment that allows for an undisturbed educational experience. During the open day, guests were given a tour of the primary school and watched educators of the various grades as they were teaching the young learners. REC principal Jannet Kleingeld said the primary school recently changed its curriculum to the same one they use at their secondary school. "We changed over to the CAPS (curriculum and assessment policy statement) curriculum in 2021 at the primary school and started off with 36 learners. We now boast with 170 learners! The school has established a very efficient transport system to ensure that learners are always ferried to and from school in time.

REC occupational therapist Franja Peens explained how the school supports learners who find it difficult to perform to the expected standards. "At REC, our learners have the opportunity to get occupational therapy. We do an assessment which enables us to establish the challenges they are facing, and together we find a way forward. It has proved wonders for learners who needed to catch up on reading and writing when the joined the school."

Koster WhatsApp scammer in spotlight

Koster - Social media is a goldmine for scammers! They have even infiltrated WhatsApp groups to find their targets. This is how they operate:

A reader in Koster alerted Platinum Weekly of the scammer's modus operandi. On several WhatsApp groups in Koster, community members sell or buy items, scammers have found their next targets.

They identify items that is in high demand and before you know it, these items are placed on the group for sale - sometimes on auction. Once they have the potential buyer hooked, they request a deposit to 'reserve' the item. One of these scammers infiltrated a Koster community group to sell birds.

"They somehow join the groups and then Unfortunately, community members are now they see what people are asking for. They will then take a photo from other social media platforms or any other

to you. After contacting them, they will give you a ridiculous price. Trying to negotiate a better rate, they will tell you that there are other people interested as well. To reserve the item for you, you will have to pay a deposit. If you tell them that you are going to pay in cash and ask for the address, they come up with all sorts of stories. Then disappear," a Koster resident said in an interview with Platinum Weekly. He has been a victim of one of these scams and has since been targeted twice.

suspicious of all reputable companies or individuals who do legitimate business over WhatsApp.

auction or group and send it "I have done business over WhatsApp for more than seven years. I know my clients and they know me. But if one of these scammers get into the groups, they destroy the reputation of everyone that rely on WhatsApp to do business," the admin of a buy-and-sell WhatsApp group said.

IMPORTANT TIPS:

If you don't know the person you are dealing with, don't pay over any money before seeing the product (not just a photo of the product). If the person claims to be from a company, make sure they are legit by researching the company and look for reviews. If you are selling items, don't release the goods before the money shows in your bank account.

Industrial effluent monitoring

The following formula will apply for industrial effluent charges covering the conveyance, and treatment of industrial effluent.

x [0,3 + 0,35 Kc + 0,25 Kn + 0,1 Kp]

Where:

Τi charge due in R/month

С total cost of the sewerage undertaking of Rustenburg Local Municipality covering both treatment and conveyance and must

Qi

Qt sum of design capacities of all the waste water treatment works of the Rustenburg

Local Municipality in m3/month

Kc = CODi CODt

Where: CODi = industry sewage COD CODt = target COD as published in **Schedule A** in the Bylaws in mg/ℓ The ratio(Kc) is the larger of 1 or the actual ratio

Kn =

TKNi = the industry TKN TKNt = target TKN as published in **Schedule A** in the Bylaws in mg/ℓ

The ratio(Kn) is the larger of 1 or the actual ratio

Kp =

Where:

Pi = Phosphate of industry in mg/ ℓ Pt = target Phosphate as published in **Schedule A** in these Bylaws in mg/ ℓ The ratio(Kp) is the larger of 1 or the actual ratio.

The factor of 0,3 represents the "fixed portion" of the costs. This is independent of the strength (or

- The above formula is only applicable for the treatment of compliant effluent. If any constituent (heavy metals, any toxic substances etc.) exceeds $\frac{1}{2} \left(\frac{1}{2} \right) = \frac{1}{2} \left(\frac{1}{2} \right) \left($
 - Refuse to accept the effluent

 - Insist on pre-treatment by the industry to render the effluent compliant prior to discharge to the municipal system.
- Fines for contravening the allowable limits of constituents in industrial effluents.
- The municipality sells treated sewage effluent to the mines as process water. There is stringent quality criteria associated with this and the mines
- The municipality will thus, in particular, enforce the fat and oil standards rigorously.
- The fines will be implemented as follows
 - First written warning. No fine Second contravention R10 000.00 fine regardless of quantity or quality
 - Subsequent contraventions:
 - Spot fines of the larger of R 10 000 or a flow related minimum fine of R5 per m3 or as per written approval Refuse to accept the effluent

Rustenburg - Die NG Kerk Proteapark is tans hard besig met hul Projek Lea en beoog om die sorgsakkies op 15 Junie en 20 Junie aan behoeftige skole uit te deel.

Would you ever participate in a reality show?

A realty show is an unscripted TV show where real people are placed in situations where they have to compete in different scenarios like baking cakes, surviving extremes, or even find their soul mates... all while being filmed for entertainment.

Yes, but it depends on what sort of reality show it is. I think I would consider going on Big Brother, but I would not consider the other ones.

> Christa De **Abreu**

Yes. If it's about love, I would definitely consider being on a reality show. But I would not consider going on Big Brother.

YOUR FRIDAY **FUN FACT**

Did you know?

Male mice fear bananas. Scientists made a strange discovery when they found that the scent of bananas creates a stress response in male mice. A hormonal shift is triggered in male mice by the presence of a compound called n-pentyl. It also happens to be the compound that gives bananas their distinctive smell!

comfort me

The Lord the Shepherd of His People A Psalm of David.

23 The Lord is my shepherd; I shall not want. 2 He makes me to lie down in green pastures: He leads me beside the still waters 3 He restores my soul; He leads me in the paths of righteousness for His name's sake. 4 Yes, though I walk through the valley of the shadow of death, I will fear no evil; For You are with me; Your rod and Your staff, they

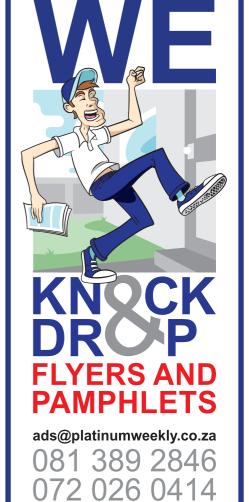

5 You prepare a table before me in the presence of my enemies; You anoint my head with oil; My cup runs over.

6 Surely goodness and mercy shall follow me all the ays of my life: And I will dwell in the house of the Lord Forever.

KOSTER **HUIS VAN**

VEILIGHEID

Koster - Cheryl Mastop is die huismoeder van 'n huis van veiligheid vir kinders in Koster. Deur die jare heen het sy al baie kinders onder haar dak gehad waarna sy omgesien het toe hul nêrens anders gehad het nie.

Sy het geweldige ondersteuning ontvang van die gemeenskap maar is afhanklik van skenkings en donasies om te verseker dat die kinders onder haar toesig veilig maar ook goed versorg kan word. Hulle het tans vleis, groente en vrugte dringend nodig. Enige donasies van niebederfbare produkte is ook welkom.

Vir meer inligting oor die huis van veiligheid of om 'n bydrae te maak, kontak Mastop op 076 377 2642.

Impala never gives up!

Rustenburg - Impala Rugby Club St. Jerry believes low fitness levels, "The first team did not perform well in especially on the part of the first team players, contributed to the loss.

the second half against Rhinos and this suggests that our players were not as fit as theirs. At halftime we were trailing 20-12, so we were still within reach. We did not play well in the second half and made some silly mistakes. This combination cost us the match," he added.

St. Jerry is hoping that their fixtures against Pretoria University on Saturday 11 June will give their supporters something to smile about.

Rustenburg – The Rustenburg Ladies Football Club members are setting the pace in the North West Province stream B of the Sasol Women's Football League where they have now emerged as early favourites to win the title.

The team is in impressive form and is now on top if the log standings with nine points after just four league matches.

They achieved this milestone Lefaragatlhe on Saturday 28 May 2022 when they defeated Gopane Ladies by a 6-1 margin. As the final score line of this match suggests, Rustenburg Ladies dominated the encounter and used their home ground advantage to good effect.

That win now means they are two points ahead of second placed Tswelelang, who have also played four matches. Royal Queens are third on the log with six points after just three matches. Queens are on

the same number of points as North West University (NWU) Tawana FC, although the latter have only played just two matches.

However, it is still early days because the title race is still far from over. The winner will only be decided after each team has played a total of 16 matches. This means that although Rustenburg Ladies have laid a good platform for themselves, they will still need to continue winning as many matches as they can if they hope to continue occupying the top spot on the log.

The league matches are set to resume on Saturday 18 June when Rustenburg Ladies, who will face Madibe, will be seeking what would be their fourth win. Madibe, who will be enjoying home advantage at Montshioa, are still seeking their first victory of the season after finding themselves on the losing end of all the three matches they have played so far.
