# back into LEARNING

**Rustenburg** – There are many things that set people from different countries apart. But planet Earth is our common ground. Platinum Village Primary (PVP) School recognised this common denominator when they joined one of the North West University's (NWU's) international research projects in January 2023. This project is an action-research approach to develop learners as citizen scientists by making them more aware of their natural environment and the issues in it. What makes this project even more special is that learners get to be the educators...  
**More on page 6.**

PVP learners Reneile Dihemo (left) and Tshegofatso Metswamere are very interested in what their new friends in America have to say.

**Rustenburg** – The body of a 17-year-old boy from Rustenburg, who was reported missing on 1 January 2023, was found hanging from a tree on Saturday 21 January 2023. Police have confirmed that the teenager's body was found in the Cashan area of Rustenburg. Police spokesperson colonel Adele Myburgh said that a passer-by came across the teenager's body. DNA results later revealed the seventeen-year-old's identity and his family have been informed. "No foul play is suspected at this stage," said Myburgh.

# ALLEGED CHILD MOLESTER TRIAL CONTINUES

**Rustenburg** – The trial of a man accused of molesting a 14-year-old boy is set to continue on Friday 24 February 2023 at the regional court in Rustenburg. The man, who was granted R4,000 bail at a previous hearing, is a former teacher at a prominent primary school in Rustenburg. He was arrested on 24 May 2021 after he was accused of molesting a learner. This was after the mother of the victim found incriminating messages from the man on the boy's phone and reported it to the police. It came to light that an alleged improper friendship between the teacher and the child had been going on for a while.

Investigations continue.

## A Traumatizing Jog

**Rustenburg** – Charmaine Coetzer suffered a painful ordeal during her morning run on Saturday 18 February 2023.

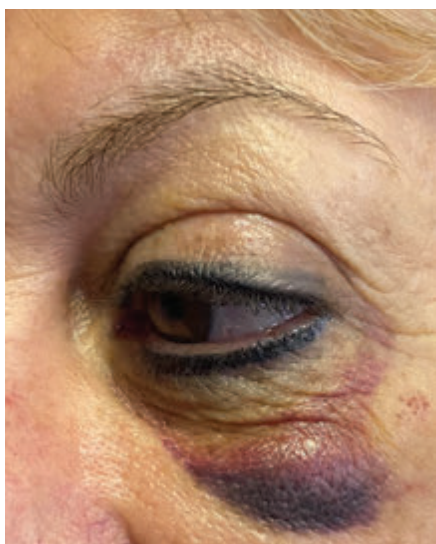

Charmaine is part of a local running club, and because most of the club's runners are advanced Comrades runners, she usually takes her own pace at the back of the group. The routes they run alternate, and on this particular day they were running in Kremetart Avenue in Geelhoutpark at around 06:00 in the morning.

On route, near the low-water bridge in Kremetart, Charmain was about 100 m behind the group when she noticed two men walking towards her. One of the men then picked up his pace and charged at her. He had a large solid piece of wood in his backpack, and as soon as he got closer to Charmaine, he suddenly turned so that the piece of wood collided with her face.

"I didn't have anything valuable on me, and from the look in his eyes, I felt that his intention was to harm me and not rob me, so I just kept on running," Charmaine told *Platinum Weekly*.

Luckily the organiser of the club was right behind her and stopped to confront the man. He told her that it was an accident and that he was startled by a vehicle. But according to Charmaine, there weren't any vehicles around when he charged at her. Charmaine went for x-rays and fortunately nothing was broken.

"It was extremely painful and was prescribed medication to help, but the ordeal really traumatised me," Charmaine added.

Charmain Coetzer was injured when she was struck with a solid piece of wood.

## Heard it through the grapevine

Rustenburg – So while you have been lying awake at night about Plan B and Plan C to make ends meet at your business, pay Caesar, and maybe have something left at the end of the month to buy that software you so desperately need... things are different for those mingling with the Joneses. They owe the municipality millions, yet the sports cars are shining, and the lights are on as they keep on getting reconnected. They must be very well connected.

### Hunt for businessman's killers continue

Rustenburg – A 42-year-old man was shot and killed inside a building at the corner of Nelson Mandela and Klopper Street in Rustenburg on Tuesday 14 February 2023. While the man has since been identified as prominent businessman Neo Mbatha, the motive of his murder is not yet known. Said police spokesperson sergeant Ofentse Mokgadi: "The man was shot and killed by two unknown assailants. According to information received, he was shot at around 17:00. He was in a shop when two men came in and shot him in the head and once in the back." Mokgadi added that the two men suspected to be behind the murder were wearing work suits. **Anyone with information that could assist the police investigation, should please contact investigating officer sergeant Keorapetse Ramokgadi on 082 772 8941.**

### SON FINDS FATHER'S BODY IN VELD

Rustenburg – The body of a 60-year-old man was found lying motionless in a veld near the R24 just outside Rustenburg on Saturday 18 February 2023. It is alleged that the son of the deceased got worried when his father didn't arrive home and went looking for him when he discovered his father's body. According to Rustenburg police spokesperson Ofentse Mokgadi, the deceased received a blow to the back of his head. "He has been working for us for the past 30 years," said the man's employer to *Platinum Weekly*, "He was a hard worker and assisted with everything. His death is a big loss for us, not just as an employee but he was a good man and will surely be missed." **Anyone with information on this case, should please contact detective Sergeant Caro Mathe on 082 772 9869.**

## MURDER SUICIDE?

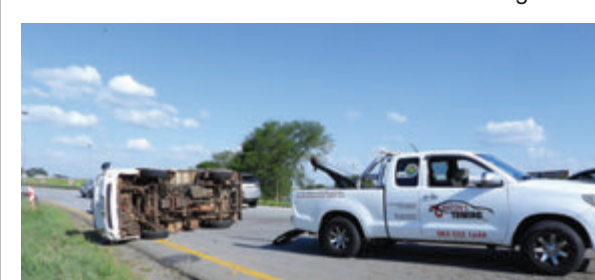

Tlhabane/ Rustenburg – A man allegedly shot his brother multiple times, transported him to a clinic and shot himself afterwards. The incident occurred on Saturday 18 February 2023 at around 07:45 in Tlhabane. Police spokesperson colonel Adele Myburgh said that an inquest and a case of attempted murder is being investigated. "The two men were allegedly had an argument during which one brother shot the other multiple times and took him to Tlhabane Clinic in David Street," said Myburgh. She added that moments after the man had left his brother at the clinic, a gunshot was heard by people in and around the vicinity. "When police investigated, they found a man with a bullet wound to his head." North West Department of Health spokesperson Tebogo Lekgethwane, who spoke to *Platinum Weekly* on Monday 20 February, said that the man who was brought to the clinic is still being treated. "The clinic has confirmed that the man was critically injured when he was brought into the hospital," said Lekgethwane. At the time of going to print, the man was still in the care of the clinic, fighting for his life.

## Accident on the N4

Rustenburg – Two cows were seen roaming and grazing next to the N4 in Rustenburg after a bakkie that was towing the trailer carrying the cattle, had overturned. The accident occurred along the busy highway, just before the off-ramp onto the R24 road, on Wednesday 22 February 2023 at around 16:00.

The cause of the accident is unclear at this stage.

The white Hyundai bakkie overturned along the N4.

Shabelela Rikhotso, who was amongst the first to arrive at the scene, said: "The white Hyundai bakkie overturned and the trailer with the two cows was disconnected from the vehicle," Rikhotso explained to *Platinum Weekly*. The driver was transported to hospital.

Personnel from the North West Provincial Traffic Department were on scene directing traffic.

The two cows, seemingly uninjured, ventured into the area next to the N4.

## What about our 'smooth' roads?

**Rustenburg** – I am saddened by recent remarks made by the North West premier Bushy Maape during the 2023 SONA debate when he said, "I travel from Mahikeng to Rustenburg without hitting any potholes".

Has the honourable premier ever been to Pitsedisulejang, Mmasebudule, Sesobe, and Ramokgoela villages under Moses Kotane Local Municipality? Has the honourable premier seen the road conditions

there? There are no roads at all, and when it's raining, we cannot even access essential services like clinics because it's impossible to drive.

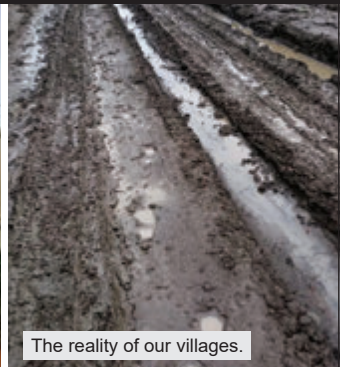

On Friday 10 February 2023, a Bojanala bus was stuck in the mud carrying people who had to go to work and children who had to go to school. We had to push the bus. How long will we continue to live like this? I grew up and matriculated at Pitsedisulejang village in 2006. I travelled to school

in the same conditions and until now nothing at all has been done. Community leaders went to Moses Kotane Municipality's offices several times in the past. Every year they ask for a tarred road. We have even protested, but all we are getting, is empty promises. We don't have service delivery; we even share water with animals in the village.

**Concerned citizen, Pitsedisulejang village**

A Bojanala bus got stuck.

The reality of our villages.

# Putting the fun back into learning

PVP learners Tshegofatso Metswamere and Nkateko Ndukula with their environment-solutions tree.

**Rustenburg** – Hosted by the North West University (NWU), Platinum Village Primary (PVP) Schools' Grade 7 learners were invited to take part in an international environmental research project which aims to enhance the learners' understanding of environmental issues and to make an impact on learners' approach towards the natural resources of their environment. PVP learners get to discuss and compare environmental issues with learners from other countries such as Australia, the Philippines, and the United States of America (USA)!

On Monday 13 February 2023, PVP learners received letters from schools based in Louisville, Kentucky in the USA. The handwritten letters were personally delivered by professor Mary Bryson-Miller from the USA. After reading the introductory letters, PVP learners were tasked with writing their responses to their senders, where they in turn introduced themselves and their environmental concerns.

"In my letter, I mentioned how I believe that climate change is affecting the weather patterns in South Africa, and I asked how it is affecting North America," said PVP learner Tshegofatso Metswamere in an interview with *Platinum Weekly* on Wednesday 22 February. Learners were eager to share what they have learnt so far. "The more we pollute, the more trees we lose. This means that our planet's oxygen levels are affected, and we can't live without oxygen," said PVP learner Nkateko Ndukula.

"We want our kids to be able to confidently articulate their environmental concerns on

an international level," added PVP educator Wynand Pieterse, "We want them to become problem-solvers, and we want them to be able to work with others who have both similar and different perspectives."

To date, learners have already identified issues in their direct environment such as air pollution, water pollution, and littering. As a task, learners have been given a cardboard tree on which they are going to pin possible solutions to these problems with paper leaves.

Wynand's class will focus on air pollution. The NWU will be installing an air quality meter in the classroom so that learners can monitor how the plants in the classroom affect the air quality.

PVP educator Leonard Marimba, who teaches natural science and technology, said that it's important to raise learners' awareness about climate change from a young age in order for them to keep on respecting their natural environment as they grow older.

The next phase of the project aims to bring the learners face-to-face with their USA peers via video call where they will take their discussions to the next level.

The school also hopes to get the necessary resources to arrange a student exchange programme where some of the learners will be able to visit some of the countries they correspond with. They are learning important life lessons, like recognising and talking about issues, while making new friends in far-away places.

Thank you NWU and Platinum Village Primary for putting the fun back into learning!

PVP learner Nkateko Ndukula points to where the letter he received, came from.

## Noodhulp vir die gesin

**Rustenburg** – Buffelshoek Veiligheidsforum (BFV) bied op Saterdag 11 Maart 2023, 'n weerbaarheidskursus in noodhulp vir gesinne aan, by die Fodisa saal (oorkant Akwaaba Lodge).

Die tema vir die dag is 'beserings tuis, op plote en plase.'

Die kursus sal afskop met 'n geleentheid vir lede van die forum om hulself en besighede bekend te stel. Daarna sal Magaret Wentzel, 'n noodhulp instrukteur, praktiese noodhulp vir kinders aanbied. Sy fokus op die kinders se betrokkenheid in gesinsverband en lê klem dat volwassenes positief moet kommunikeer met kinders in nood.

ER24 bestuurder Marchant Jacobs sal volgende aan die beurt wees. Hy het jare se ondervinding en deel graag sy kennis oor noodhulp vir tieners en volwassenes. Hy behandel verskeie beserings en gee raad oor wat van jou verwag word indien jy 'n

ambulans ontbied.

Die verrigtinge begin om 10:00 en eetgoed sal te koop aangebied word tot die voordeel van BFV.

Vir meer inligting, kontak BVF lid Steyn Fourie op 083 270 2274.

## Opsoek na tydelike plek-van-veiligheid ouers

**Rustenburg** – Baie kinders benodig 'n tydelike plek van veiligheid wanneer hulle deur 'n bevel vanaf die kinderhof in tydelike sorg geplaas word. Daarom is daar 'n nood vir 'tydelike plek-van-veiligheid ouers' om te help met sulke gevalle. Werkloosheid en armoede—veral na die pandemie—dra tans by tot die stygende getalle van kinders wat 'n tydelike veilige tuiste benodig. Die SAVF Rustenburg se maatskaplike kantoor (NPO: 001-492) in Krugerstraat 212A, middedorp, Rustenburg, ondervind tans dat daar meer kinders na hul verwys word as waarvoor daar plek is in die kinder- en jeugsorgsentrums. Daar is tans 'n nood om meer 'plek-van-veiligheid ouers' te identifiseer en te oriënteer ten opsigte van die maatstawe wat die ouers moet ontmoet. 'Tydelike plek-van-veiligheid ouers' is mense wat hul huise en harte oopmaak om tydelik (90 dae) om te sien na sorgbehoewende kinders. Die tydelike sorg help ook om die kinders moed te gee vir die toekoms. **Is u gereed om u hart en huis oop te maak vir 'n kind?** Kontak die SAVF Rustenburg maatskaplike kantoor op 014 592 8568, of epos rustenburg.mwk1@savf.co.za. ## The creativity continues

**Rustenburg** – Suzi Krobath in September 2022 launched an exciting project to make 1,000 teddies for less-fortunate children for Christmas.

She took to social media and invited the community to help her reach this goal. Every Tuesday, people from all over our community gathered at Excalibur Boutique Hotel to make the teddies. They exceeded Suzi's expectations and during December they handed out teddy bears at various hospitals, churches, and children's homes.

Because the volunteers enjoyed the project so much, Krobath decided to launch another crafting workshop this year.

"We have an abundance of off-cuts, so we are now using it to make rag rugs," Krobath explained. These rag rugs can be used for your animals, in your bathroom, next to your bed, and is also beneficial for those who suffer from Alzheimer's and Dementia. There will also be a variety of smaller projects done every Tuesday to keep everyone interested. The workshop is free as everything is provided, you only have to contribute R10 towards coffee and tea. Any other donations are also welcome. **Everyone is invited to join in at Excalibur Boutique Hotel every Tuesday from 10:00 a.m.**

For more information contact Krobath at 083 230 1362.

# BANK MAKES PREGNANT WOMEN SIT IN QUEUE FOR 4 HOURS!

[LETTER TO THE EDITOR]

**Rustenburg** – On a recent Saturday morning, I set out to the bank—highly pregnant and two days away from having my baby. Unfortunately, what I thought would be a quick trip turned into a torturous four-hour wait.

To my understanding, most places—that are worth their salt—make special accommodations for the elderly, handicapped and pregnant women. But this was not the case. With my back-breaking and my legs aching, I waited in the queue for a long time before I was helped. (I should add that this was at what is considered a ‘respectable and reputable’ bank.)

I am also not the only one who has had this experience. A friend of mine recently commented on how she had to wait for almost an hour to be

helped. Her unpleasant experience happened at the same bank. She noted how, despite all its space, there were only enough seats to accommodate about ten people, while the rest had to stand and tow along in the slow-moving queue—even though the bank was not all that busy.

So, I feel a bit confused, am I the bank’s client, or is the bank, my client? Who should be accommodating who?

People are treated like a process—much like the way an abattoir processes meat. There is no human touch or consideration, and I am no sheep. If my bank treats me like just another number, then I will explore the numerous other banking options available.

**Mommy needs a break—and a better bank!**

# JST MORTUARY EXTENDS OPERATING HOURS

**Rustenburg** – The Job Shimankana Tabane (JST) hospital announced on Thursday 9 February 2023 that the hospital’s mortuary would be operating for 24 hours, seven days a week—including public holidays.

The North West Department of Health said that extending the operating hours of the mortuary at JST means that families no longer have to wait long hours to access the bodies of their deceased. Previously, the hospital had been operating from Mondays to Fridays between 07:00 and 16:00.

“The hospital observed that some family members have to travel from other provinces to collect their dearly departed, hence they have limited time,” North West Department of Health spokesperson Tebogo Lekgethwane said, “The hospital management also took into consideration different cultures and different religious beliefs as some would like to have access to their deceased loved ones immediately after the announcement of death.”

Lekgethwane said that the mortuary only caters for patients who pass on while admitted at JST, or after having been transferred to other hospitals for further medical care and met their death at the referred hospital or facility.

Lekgethwane added: “The mortuary is also connected to an emergency generator to ensure that mortuary fridges maintain the required temperatures.”

The mortuary at the JST hospital is now operating for 24 hours, 7 days a week.

# COWS – MORE THAN JUST A NUISANCE

**Rustenburg** – As a resident of the phase two area of Freedom Park, I would like to highlight a challenge that we have all been facing for the past couple of years since we started living here.

Two years ago, myself and others had high hopes for a good life as we moved into our homes soon after they had been constructed. However, our joy was short-lived when owners of cattle and pigs—who had been using the area for their livestock before our arrival—refused to relocate.

As a resident, I’m not being selfish, but I believe that animals should always be in an environment where safety risks are minimal. Besides the various diseases that animals can carry, there is also the threat of accidents involving livestock and vehicles. Additionally, I have also heard of cases in other areas where break-ins had occurred shortly after cattle herders frequented the areas.

On numerous occasions, we have requested the owners to move their animals to another more feasible and nearby area, but they have repeatedly refused.

The owners of the animals do not live here and our pleas for the municipality to intervene are hitting a brick wall.

We don’t know what to do anymore.

**Mr Frustrated**

RLM mayor councillor Shiela Mabale-Huma (in orange) clamped down on private colleges in cooperation with various stakeholders.

# CRACKDOWN ON NON-COMPLIANT PRIVATE COLLEGES

**Rustenburg** – There was an impromptu crackdown on fourteen private colleges by the Department of Higher Education and Training (DHET), the Rustenburg Local Municipality (RLM) led by the executive mayor councillor Shiela Mabale-Huma, and law enforcement agencies on Thursday 16 February 2023.

Departmental stakeholders such as the South African Qualifications Authority (SAQA), Council on Higher Education (CHE), Quality Council for Trades and Occupations (QCTO) and UMALUSI also backed the inspection blitz at the private colleges.

The inspection caught up with fourteen private colleges in Rustenburg to check if they were legally registered, met health and safety regulations, and whether they were accredited for all of their courses.

“Thus far we have discovered that most colleges in Rustenburg are fully compliant. Some were issued fines, and some were found wanting in areas of their fire and electricity regulations not being met. Another challenge was that some colleges were not fully compliant in the sense that they offered a few unaccredited programmes, or they began to offer programmes in anticipation of receiving accreditation whereby they have already started the process of registration,” said DHET director Shaheeda Essack, “My word of advice to colleges is that they must be compliant with both the South African Qualifications Authority (SAQA) and municipal requirements. Please display the letter of compliance prominently at the reception area so that we can see it during all inspections.”

Essack also advised prospective students to first check with the Department of Higher Education and Training (DHET) if colleges are legitimate or not.

**Prospective students can find a complete list of all registered private colleges and higher education institutions by contacting the DHET toll-free number on 0800 8722 22 or by visiting the DHET website at [www.dhet.gov.za](http://www.dhet.gov.za).**

Aside from accreditation and registration inspections, private colleges were also inspected to establish the safety of their electrical connections.

# BETTER OR WORSE?

**Rustenburg** – A sewerage leak on Arend Road has been wreaking—and reeking—havoc for almost three weeks. *Platinum Weekly* reported on Friday 10 February 2023 about the major sewerage leak along with the disastrous consequences of fish dying in Arendskloof due to the sewage leaking into its dams.

According to Bigtime Construction owner Jay Jay Esterhuizen, the Rustenburg Local Municipality (RLM) used a TLB to open the leaking area to access and repair the leak. The initial leak was repaired, but Jay Jay also mentioned that further damage was caused to a clean water line, a stormwater pipe, and an additional sewerage line.

The sewage was still leaking into the Arendskloof dams on Wednesday 15 February and Arendskloof was fighting to keep their fish alive.

On 20 February, the area around the leak looked like an archaeological site with a hole approximately 4 metres deep and heaps of sand equally high preventing motorists from passing. By 22 February 2023, motorists were able to pass but an eyewitness said that it was still a struggle to get through. It seems that the RLM is still busy with repairs...

*Platinum Weekly* reached out to the RLM for comment but at time of going to print we had not yet received any feedback.

The state of repairs on 20 February 2023.

**Are you looking to join an athletics club?**

**Rustenburg – Doms Sports Conditioning Club** is calling on community members to join their team for optimum physical health and fitness. The club started in 2020 and their aim is to develop, grow, and improve the skills of local young athletes with coaching and mentorship—with a range of sports from relay, cross country, long distance running, sprints, and many others (depending on the seasons). There are no age restrictions. Doms offers an affordable R300 registration fee which includes a uniform, and the club's monthly fee is R100 after you've registered as a member. Training takes place on Mondays to Fridays from 16:30 to 18:30 at Olympia Park Stadium. For more information contact Gracinda Ruchellé Sithole on 081 866 0768 or 071 928 8819 or send an email to domsfittesrtrb@gmail.com.

**PAYING FOR OTHER PEOPLE'S CRIMES**

**Rustenburg – Our electricity went off at around 02:00 am on Thursday 16 February 2023.** When we went to investigate, we noticed that one of the cables had been stolen. The very next night the criminals returned and helped themselves to another cable—leaving the remainder of cables loosened. We reported the matter to the Rustenburg Local Municipality (RLM) and received a reference number. Despite this, days went by without an RLM team in sight. Finally, a team arrived on 20 February 2023. But the team simply secured the remaining cables and told us that RLM didn't have the finances to replace the stolen cables. We were told that we could purchase the materials needed and that if they had the time, they would come and do the repairs. The following day the remaining cables had once again been loosened by the criminals. The RLM team returned on 21 February 2023 and replaced some of the other stolen cables in the area—but for some reason not ours. When I inquired about the matter, we were informed that the RLM was under the impression that it had already been resolved. We pay a lot of money for the privilege to have electricity and water. We have to pay our taxes. Why is it expected of me, who already contributes my share, to maintain the infrastructure by coughing up more money for the cables?

**Tanya Brits**

**Note from the editor**  
At time of going to print, Tanya was still without electricity. *Platinum Weekly* reached out to RLM for comment. "Theft of electricity cables and general vandalism of municipality infrastructure is rampant and common. In this regard, we cannot dispute or confirm the statement made by electricians on site at the time. However, the municipality is always working to replace or repair damages of infrastructure as and when it occurs. We remain committed to do so at all times," said RLM communications manager Thapelo Matebesi.

**[Letter to the editor]**

The cables had been loosened, ready for the taking.

## WHAT'S Cooking?

**Nico Kilian is already a young chef in the making.**

**Curry noodle salad; the same way Nico Kilian's grandmother used to make it.**

### Curry noodle salad

At only 13, Nico Kilian is already busy perfecting his culinary skills. A dish he loves to make is his grandmother's delicious curry noodle salad. "My grandmother always used to make this salad for Christmas," says Nico, "and for our special family get-togethers. It brings back fond memories, so I asked my mother to teach me how to make it." The salad has become a family favourite and Nico is now tasked to make it for every braai.

#### Ingredients

- 500 g cooked pasta (fusilli pasta works best)
- 1 of each red, green, and yellow pepper
- 250 ml white vinegar
- 500 ml tomato sauce
- 250 ml cooking oil
- 400 ml sugar
- 60 ml curry powder
- 1 x onion (optional)

#### Method

1. Boil pasta in a pot as per the directions on the packet.
2. Finely chop the pepper and the onion.
3. Mix the vinegar, oil, sugar, and curry powder.
4. Add all the ingredients to a salad bowl and stir thoroughly.
5. Let everything cool down and serve.

**Tip: Nico suggests making the salad at least a day before to make sure that the pasta absorbs all the flavours.**

## Glencore donates lifesaving machine to JST hospital

**Rustenburg** – Glencore Ferroalloys' Rustenburg Smelter made a valuable contribution towards the Job Shimankana Tabane (JST) hospital when it donated a lifesaving machine on Friday 17 February 2023.

Glencore Ferroalloys recently partnered with LLT Medical Specialist Equipment to provide the Liberty Lane Trading Criticool Machine to the JST Hospital. The Criticool machine is a lifesaving medical innovation, particularly in the fight against the effects of asphyxia (lack of oxygen to the brain), which often results in a myriad of brain injuries such as cerebral palsy and other neuromotor diseases which can be fatal if left untreated.

The Criticool machine is also one of the most effective solutions to a condition called hypoxic ischemic encephalopathy (HIE), a brain injury caused by the disrupted flow of oxygenated blood to a baby's brain around the time of birth. According to the World Health Organization, HIE is the fifth leading cause of death worldwide in children under five years of age.

Through the early use of the Criticool machine, the patient survival rate increases exponentially to an average of 85% and above, making this innovation an integral part of ICUs across the world.

"What is inspiring about the rise of science and technology in this era, is that science and technology are forming part of the solutions for so many of the world's challenges. When we discovered the lifesaving technology behind the Criticool machine, we knew we had to make it accessible to our community members. Everything we do at Glencore is underpinned by our values, part of which is responsibility, and this means that we are committed to doing whatever is in the best interest of our communities. We have no

doubt that this machine will have a lasting impact in patient care for future generations to come," said Glencore Rustenburg Smelter finance manager, Thapelo Mogorosi.

The Criticool machine will be used in the neonatal ward for a number of conditions including drownings, traumatic brain injuries, cardiac arrests, and severe burns.

"As one of the tertiary hospitals in the North West, we are very privileged to have a machine that will save the lives of patients which will impact our greater community. We are excited to have the machine as part of our hospital because it means we can save more lives, but more importantly, children will have the opportunity to live a good quality life. With close to 600 births per month at the hospital, we are confident that should HIE cases arise, we will be well equipped to handle them," said JST Hospital clinical manager Dr Valencia Simmons.

LLT Medical Specialist Equipment representative, Quinton Roeloffze believes in the company's saying of 'big things for little people' because it speaks to the very aim of ensuring that the lives of infants are saved and that successful futures are encouraged.

"Glencore has stayed true to the testament that it takes a village to raise a child through their willing nature to support the lives of this community," said Roeloffze, "We, therefore, find value in our slogan of the butterfly effect, for it encourages taking one step towards benefiting many others around you. I have been witness to the Criticool machine saving more than 100,000 lives every year, and I am thrilled to know that, thanks to Glencore, it will do the same for the patients of the JST Hospital."

**Glencore press release extracts, 20 February 2023**

From left: Dr Philemon Rakgole, senior human resources manager at Glencore Wayne Hill, LLT Medical Specialist Equipment representative Quinton Roeloffze, and Glencore Rustenburg Smelter finance manager Thapelo Mogorosi.

The Criticool machine will be used in JST's neonatal ward for several conditions including drownings, traumatic brain injuries, cardiac arrests, and severe burns.

## The SPCA calls for your support

**Rustenburg** – The Rustenburg Society for the Prevention of Cruelty to Animals (SPCA) aims to serve and protect all animals, to uplift their welfare, and to ensure that the protection they have under South African law is upheld and respected.

Our local SPCA is a non-profit organisation and covers a vast area in and around Rustenburg. They rely on support from the community to ensure that the animals in their kennels receive the love and care they need. They require various items for the daily needs of the animals, and you can support them through donations. They have added the following items to their wish list:

- Dog dip
- Tick and flea powder for cats and dogs
- Spot On for dogs and cats
- Leashes
- Carriers for the animals
- Cat litter
- Black refuse bags
- Steel wool scourers for pots
- Dry food for cats and dogs
- Wet/tinned food for cats and dogs

**Donations can be dropped off at their office at 11 Eskom Street. For more information contact the Rustenburg SPCA office at 014 592 3181.**

## Have your say / Sê jou sê

### Did you celebrate Valentine's Day?

February is the month of love and Valentine's Day was an opportunity to treat that special person in your life. Did you go the extra mile on Valentine's Day? Or was it just another ordinary day?

No. Why should I celebrate the man I love on just one day? I believe that everyday should be treated as Valentine's Day.

**Barbara Pretorius**

No. I didn't do anything special for Valentine's Day. It's just another day on the calendar for me. I'm not defined by it at all. I believe that if I choose to buy a gift for my partner, I will do it when I feel like it.

**Danny Moreo**

Yes. I did celebrate Valentine's Day. I received gifts and I enjoyed the day and it made me feel special.

### PSALM 130

Out of the depths I have cried to You, O Lord;  
2. Lord, hear my voice!

Let Your ears be attentive  
To the voice of my supplications.

3. If You, Lord, should mark iniquities,  
O Lord, who could stand?

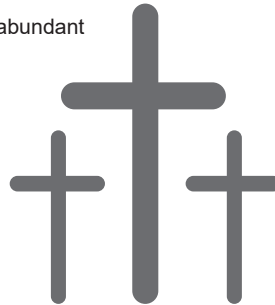

4. But there is forgiveness with You,  
That You may be feared.

5. I wait for the Lord, my soul waits,  
And in His word I do hope.

6. My soul waits for the Lord  
More than those who watch for the morning -  
Yes, more than those who watch for the morning.

7. O Israel, hope in the Lord;  
For with the Lord there is mercy,  
And with Him is abundant redemption.

8. And He shall redeem Israel  
From all his iniquities.

## Support Morné

Morné Coetzer (left) and his wife Mariette Coetzer are battling to heal Morné's amputations.

**Rustenburg** – A fundraising day will be hosted by Hunters Pub and Grill on Saturday 4 March 2023. Morné Coetzer, a known member of the Rustenburg community and owner of Hunters Pub and Grill, has over time become a dear friend to most of those who know him. Morné, who has lost both his legs, now needs the help of friends and the community.

### Morné's journey

Morné's door has always been open for those in need and for this reason, there are currently 11 people living under his roof. This includes his wife, two sons, his mother, his mother-in-law, his aunt, his godchild and his deceased brother's widow and twins. The pub took a battering when the Covid-19 restrictions hit in 2020. Concerned for the financial wellbeing of his employees, Morné decided to take a chance and cancelled the family's medical aid in order to continue paying his people. Unfortunately, in August 2021, sores started to appear on Morné's legs. The sores, which turned into ulcers, were caused by poor blood circulation because his job requires him to sit for long periods of time behind a computer.

Morné went for wound care, but after a while, he could no longer keep up with the medical costs.

The Coetzer family managed to get a hospital plan in October 2021, but the hospital plan did not cover Morné's treatment. To make things harder, Morné, who also works as a broker for a company, had a drastic cut in his salary which increased the financial strain.

His family nursed him at home and gradually he seemed to get better. But things took a turn for the worst nearing the end of 2022. Morné started to feel a lot of pain and was admitted to the hospital on the 10th of December. The following day, he went into the operating theatre to have his wounds cleaned. Morné was soon after diagnosed with a flesh-eating bacteria. At first, Morné put up a good fight and tried to save his legs, but on the 14th of December 2022—after another trip to the theatre—he was informed that the bacteria have spread too far, which left him with no choice but to amputate both his legs at the knee.

After receiving surgery on the 15th of December, the doctor informed Morné that for the remainder of his legs to heal, he would need a wound vacuum procedure on both of his legs. This procedure drains the fluid from the wounds and assists with blood circulation.

With this news, the family once again hit a fork in the road; the procedure meant that Morné would have to stay in hospital for four to seven weeks—which would require the help of medical aid—or he could have the procedure done at home where the family could try and better manage the costs. Because of the expenses, it was decided that it would be better for Morné to recover at home, which would enable him to work from home and earn an income. A good Samaritan loaned the family money to cover the initial costs of the machine, which can cost up to R50,000 pm. But the funds have now dried up and they still need money to pay for the last treatments. Morné will also be needing prosthetic legs, aftercare, and rehab, which they don't have cover for. Morné's wife, Mariette, can't afford to leave her job, which means that their son—who is currently in Grade 12—is completing his final year online so that he can help his dad at home.

Additionally, the family will also need funds to make their home more feasible for Morné. This includes a moving board that will help him to move from the bed to the wheelchair and assist him with getting into the car. They also need a commode to help with ablutions as they are currently using a homemade commode.

To help Morné, a number of artists have been lined-up for the fundraising day. Artists such as AJ van der Mescht, Jan Lubbe, Tihan, Jaycee Crause, Marius Dippenaar, Waldo Lotz, Armand Hofmeyr, Divann, Tertius, Angelo Lark, DJ Ossewa, Pieter Naude, Desmond, Marno van der Merwe, Mari Minnaar, Freckled Elvis and Pierre will be giving excellent performances. The event starts at 10:00 in the morning and will last until late in the evening. Come and enjoy a cash bar, jumping castles as well as a variety of stalls. Entries are R50 per adult, R20 per pensioner and R10 for kids under 12. Come and have some fun in support of Morné.

**If you would like to assist Morné, or for more information, contact Mariette at 082 726 0627.**

## Bejaardes saai hul wysheid

**Job 12 vers 12 sê: "By die grysaards is wysheid, en in lengte van dae is verstand."**

**Rustenburg** – Met ander woorde, grysheid kom met wysheid, en baie jare se ondervinding is die beste leerskool!

*Platinum Weekly* het onlangs die geleentheid gehad om met van die inwoners van Rustenburg Rusoord te gesels. Om die tafel in die eetsaal het ons saam met Wilma Pearson, Susan Joubert, en Meisie van der Vyver gekuier terwyl hulle waardevolle lewenslesse met ons gedeel het.

### Susan

Susan se belangrikste lewensles wat sy deur die jare geleer het was om in God te vertrou. Die ander twee dames het volkome saamgestem. "Ken God in alles en bid, bid, bid! En onthou om sterk te staan in jou geloof," sê Susan. Die beste advies wat Susan in haar lewe gekry het, was dat mens nooit moet toelaat dat daar iets tussen jou en jou verhouding met God moet kom nie. Sy deel, "Toe ek baie jonk was het daar altyd 'n bakkie met suiker en 'n strooitjie op die toonbank by die winkel gestaan. Kinders kon gaan en 'n suig vat van die suiker. As daar 'n klont in die strooitjie was, kon die suiker nie deurkom nie. Net so is jy die suiker, God is die bokant van die strooitjie, en die klont is jou probleem. Moet nooit dat jou probleme jou afblok van die suiker wat God se liefde is nie." Susan beveel ook aan dat jy nie jou gevoelens moet opkrop nie, en dat dit belangrik is om met mense te praat. Haar raad vir in en om die huis, sê Susan; dat 'n goeie stel swaarbodem potte een van die beste beleggings is vir die huis. "Hulle is baie makliker om skoon te hou en 'n ordentlike stel kan 'n leeftyd hou," sê Susan.

### Meisie

Tye was ook nie altyd maklik vir die drie dames nie, maar met elke terugslag het hulle weer opgestaan en daarom wil hulle die jongmense van vandag aanmoedig om dieselfde te doen. Meisie sê, "As jy val, staan weer op en probeer weer!" Meisie se geheim vir geluk is om negatiewiteit in die lewe te vermei. "Onthou, die Bybel sê: 'n Sagte

antwoord laat woede bedaar; 'n krenkende woord laat woede ontvlam," vertel Meisie. Sy glo ook dat jy altyd eerlik moet wees en regverdig moet wees teenoor jou medemens. Op 'n ligter noot glo sy dat mens elke dag met jou plante moet praat as jy wil hê hulle moet mooi groei. Haar wenk vir onkruid is om growwe sout oor die bossies te gooi. "Maak net seker jy gooi dit net oor die bossies, en nie jou plante nie," voeg sy by.

### Wilma

Wilma vra daagliks vir God om haar te help om met 'n hart vol liefde na ander te kyk. "Moet nooit op ander neerkyk nie, en doen alles wat jy doen uit liefde uit," sê Wilma. Haar advies vir jong mense is om gereeld te bid en te luister na raad. "God stuur gereeld ander mense op jou pad om jou te help, neem dit in ag wanneer iemand in jou lewe kom. Wees vriendelik teenoor jou medemens. Partymaal kan iets so eenvoudig soos 'n glimlag 'n vreemdeling se dag opkikker en dit kos jou niks nie," vertel sy. Aan ouers wil sê graag sê dat hulle moet lief wees vir hulle kinders—altyd! Volgens Wilma is dit altyd handig om Engelse sout byderhand te hê. "Jy kan die sout in die grond inwerk by jou groente, en dit is baie goed vir tamaties. Jy kan dit ook gebruik om jou voete te skrop vir lekker sagte voete." En as jy 'n pot het wat aangebrand het, sê Wilma dat mens 'n bietjie asyn in die pot oornag kan los.

## Dit ruik lekker!

**Rustenburg** – Die Kashané VLU-aandtak het hul maandelikse vergadering gehou op Dinsdag 14 Februarie 2023 waar Anja Nieuwoudt die lede touwys gemaak het om hul eie gegeurde badsout te maak. Die verskillende reuke van laventel, lemoen, en kruisement—om net 'n paar te noem—het in die lug gedwaal terwyl die badsoute

gemaak was. Hierdie kuns is perfek om as 'n geskenk te gee, of om jousef te bederf na 'n lang dag. Die Kashané VLU-aandtak is spesiaal gestig vir werkende vrouens wat wil deel wees van 'n VLU span. **Hulle nooi almal hartlik uit wat wil aansluit by die groep om voorsitter Charmaine Coetzer te kontak op 083 469 5505.**

## DECADES OF KARATE

Kanchō Albert Venter is well-known for his self-defence skills.

**Rustenburg** – This year kanchō Albert Venter, who has represented South Africa internationally on several occasions, is celebrating 36 years of karate and martial arts teachings in Rustenburg. Kanchō Albert is the founder and head instructor of the Tokon Shotokan Karate A/C International, and of the Traditional Styles Known Knowledge in Action (TSKKIA) Federation.

Koncho Albert started his karate training at a very young age and excelled in many other arts such as gendaiteki ken & iai-jitsu (Japanese sword art) and gendaiteki kyujitsu (Japanese archery).

At the main dojo (training hall) in Rustenburg, kanchō Albert is renowned for his self-defence skills, and regularly teaches self-defence classes which especially help women and children to protect themselves against violence. In addition, kanchō Albert also heads self-defence classes for many major companies that invest in the safety and wellbeing of their employees.

"Thirty-six years is but a blink of an eye when compared with some residents who have been a part of Rustenburg and surrounding areas for much longer," said kanchō Albert in a message to the Rustenburg community, "I have been part of the community for 40 years, and I have seen a lot of its ups and downs. Rustenburg is truly a unique and special place and the people living in and around Rustenburg are some of the most driven and dedicated people I have known. There is so much potential here, and when you think of how beautiful the area is, it's hard to imagine anything else. We've been through many tough times together and have all worried about what tomorrow holds for us. But we have also seen a lot of good things. Just for a moment, look at our surrounding nature with its hills and valleys. Look at the people who always greet back with their goodwill and smiling faces. Yes, Rustenburg is a very busy and active place, and everyone is always running somewhere but it's a place we call home. Let us then stand together and make our home the best there is. May God bless Rustenburg and all of its community members."

**For more information, please contact the TSKKIA H/Q at 082 463 1073 or visit the TSKKIA website at [www.tskkia.co.za](http://www.tskkia.co.za), you can also view TSKKIA activities on YouTube.**

Rustenburg – Laerskool Silwerstrand Primary learner Tshiamo Phamotse made her school proud during the Marius De Bruyn and Johan Baard athletics day on Tuesday 14 February 2023. This star athlete brought home a silver medal for her high jump achievements during the day. Well done, Tshiamo!

# CYCLING FOR A WORTHY CAUSE

RCC members Herman de Bruin (left) and Leonard Northcote cycled for sight

Rustenburg – Rustenburg Cycling Club (RCC) members Herman de Bruin and Leonard Northcote were in Boksburg City Stadium in Gauteng on Sunday 19 February for the 2023 Dis-Chem Ride for Sight cycling event.

The 34th edition of this popular race is held annually to raise money for Retina South Africa's projects. The funds raised at the race will go

towards research which aims to identify the genetic cause of retinal vision loss affecting thousands of young people from needy families.

De Bruin, who was the first to cross the finishing line in his batch, completed the cycling event with a time of 3 hours and 8 seconds. Northcote also did well by completing with a time of 2 hours and 59 seconds.

## Maritzburg and Gallants in danger

SA – Marumo Gallants and Maritzburg United are at the bottom of the DStv Premier League log and will need to start winning matches if they hope to avoid being relegated. While Marumo Gallants wait for their fixture dates to be determined, Maritzburg United will have to be at their best when they face second-placed SuperSport United on Friday 24 February 2023. Gallants currently anchor the log table with 18 points while Maritzburg are on 21 points. At the end of the season, the lowest scoring team will automatically be relegated to the lower league while the team that finishes above it will be involved in play-offs to determine if the team will remain in the topflight league.

**DStv Premier League fixtures:**

**Friday 24 Feb**

• SuperSport United v Maritzburg United: kick-off at Lucas Moripe Stadium at 19:30

**Saturday 25 Feb**

• AmaZulu v Royal AM: kick-off at King Goodwill Zwelithini Stadium at 20:00

## Impala ready for Roodepoort test

Rustenburg – Impala Rugby Club travels to Roodepoort on Saturday 25 February 2023 for their second round of friendly matches ahead of the start of the season.

The Impala first, second, and third teams will play against the Roodepoort Rugby Club at Bastion High School in what promises to be another exciting day of rugby.

Impala Rugby Club manager Trevor Visser explained to Platinum Weekly why the friendly matches are important to them. "Friendly matches help us to assess the physical and mental status of our players which helps us to identify where to improve. The coming match in Roodepoort is very important as it will prepare us to defend the Phillip van Rensburg trophy in Potchefstroom on March 11, 18 and 25," Visser said. Visser said much of Impala's training sessions have been focused on improving the endurance of the players.

Impala's third team will be the first to kick the ball against Roodepoort at 13:15 while the second teams are set to lock horns at 14:40. **The first teams will play against each other at 16:00.**

## GET REVVED UP OF THE 1660 MASHUP!

Rustenburg – Platinum Raceway will be hosting the 1660 Mashup on Saturday 4 March 2023. Racing enthusiasts can expect a day filled with fast cars and a great atmosphere. The action-packed line-up will showcase races with stockrods, rookies, 1660's, 2.1 litres, hotrods, V8 flexis, and midgets.

Adrenaline-fuelled racing will be showcased by drivers from all over South Africa who will be gunning for the finish line. This will be the first of

what the Platinum Raceway hopes to make an annual event.

Gates open at 09:00 and racing will start at 17:30. Spectators pay R80 for adults and R50 for kids under the age of six. Don't miss out!

# SCRUMHALF ON A MISSION

**Rustenburg** – Impala Rugby Club scrumhalf Trevor Visser (27) is amped to help his team win the Leopards League. In an interview with *Platinum Weekly*, Visser outlined his goal to help the team take the cup. As a utility player, Visser has been playing for the Impala first team for the past six years. During this time, he has featured for the team in the fullback, flyhalf and scrumhalf positions and has adapted well to the demands of each role. "I enjoy playing scrumhalf which is my current position. I will push myself to excel this season but the overall objective for us as a club, is to win the league," Visser said, "We must train hard so that we do well in our matches. This will help us take the trophy." Born on 23 December 1995, Visser grew up in Rustenburg. His father and uncles who enjoyed rugby and cricket influenced his love for the sport. "I enjoyed playing rugby and cricket in school.

"I was the cricket team's opening batsman," said Visser, who attended Laerskool Rustenburg and Hoërskool Rustenburg.

"I decided to settle on rugby because that's where my heart was at, and straight after high school I decided to join Impala in 2015." He started off in the second team and through determination and hard work, Visser eventually broke into Impala's first team in 2017. Visser said over the years, the advice he has received from his father, who is also the team manager of Impala, has helped him to remain focused on improving his game. "Since I was young, he was always supportive of my sporting goals. Even today, he always encourages me to do well," Visser explained.

Visser, who works at Corprotech Accountants on a full-time basis, somehow manages to juggle his work commitments and rugby. When he is not adding and subtracting figures at work or picking up the ball from the scrum during a match, Visser enjoys spending time in the gym, jogging or just being in the company of his family and friends.

Let's hope the season is everything Visser expects it to be!

Impala Rugby Club scrumhalf Trevor Visser is on a mission to take the cup.

**IT'S TIME TO GLOW YOUR OWN WAY**

Dewy and natural or fierce and ultra-glam? Follow our top tips to achieve your makeup goals.

**FACE**

**PREP & PRIME TO PERFECTION**  
Primers have amazing perks. Prepare to unleash their power!

When it comes to achieving flawless makeup coverage, primers are your secret weapon. They are gel, cream, or liquid formulas that fill in your tiny creases, blur large pores, even out flaky patches, and bumpy texture when smoothed over your skin. They create nothing but a smooth surface for your foundation to glide over. Sounds magical!

**TOPTIP**

Choose a primer that is suitable for your skin type. A mattifying primer will help control shine and oil production, while a hydrating primer will help lock in moisture.

**A MAKEUP MUST-HAVE!**

*The Flawless Benefits of Concealer*

- Gives additional coverage to achieve a smooth and even skin tone.
- Refreshes tired-looking eyes and brightens undereye area.
- Disguises fine lines, puffiness, blemishes, scars, and blurs imperfections.
- Reduces the appearance of pigmentation and dark circles.
- Lightens dark areas.
- Acts as a primer for lids before applying eyeshadow.
- Acts as a highlighter over cheekbones, brow, chin, and nose bridge.
- Prevents lipstick from bleeding by priming the lips with concealer, or by adding a little concealer above the lip line.

**TOPTIP**

Consider your skin-care needs and skin undertone when selecting a concealer shade & finish.

## READY, SET, GLOW!

Create a lit-from-within look with glow-enhancing makeup.

**Powder Highlighter:** Great for applying on top of your foundation, as they won't make it streak or cake.

**Liquid Highlighter:** Add them to your foundation for an illuminated finish or pop a drop in your moisturiser for those no-makeup makeup days.

**Cream Highlighter:** Lightweight in application but still packs a pretty punch. Apply powder highlighter on top of cream for a dazzling sparkle.

### TOPTIP

Focus on the light-reflecting areas of the face when applying highlighter like cheeks, brow arches, cupid's bow on the upper lips and collar bones.

## EYES

### MAKE A STATEMENT

- 1. FULLER BROWS:** Natural, full eyebrows will give your eye area a radiant expression. Brush your brows in an upward motion using a clear or tinted eyebrow gel for volume and length.
- 2. FLUTTERY LASHES:** Lashes are longer and bolder! Add drama and glam with mascara that thickens, adds extra volume and length. Focus on the outer edges for a fluttery, flared look.
- 3. SHIMMER SHIMMER:** Add a chic and glamorous twist with glittering eyeshadows on your lids or a metallic spot on the inner corners of your eyes.
- 4. BRIGHT & GRAPHIC EYELINER:** Add a pop of mesmerising colour on your eyes with bright cat eyes and graphic lines using bold and vibrant colours like neon's, pastels, and bright blue or green hues. Use a felt-tip eyeliner for precision.

## LIPS

### PERFECT YOUR POUT

- 1. IN THE GLOSS:** Give your lips a soft glow with alluring lip glosses, lip oils and liquid lipsticks in bold pigments, natural hues, or a dazzling shimmer.
- 2. TWO-TONED LIPS:** Choose lip liner that is in a deeper or different shade to your lipstick to enhance lips by giving the illusion of fullness.
- 3. BOLD & BRIGHT HUES:** Statement lips are here to stay! Have fun experimenting with bold and bright hues like rich berries, energising oranges and classic reds.

# GOODBYE DULLNESS HELLO GLOWING SKIN!

REAP THE GLOWING BENEFITS OF EXFOLIATION.

## WHY EXFOLIATION IS SO IMPORTANT

Your skin naturally sheds dead skin cells every 28-45 days, in a process called cell turnover, to make room for new ones. Sometimes these dead skin cells do not shed completely, which leads to dry, dull, flaky skin and uneven texture. Your skin's natural ability to shed dead skin cells also slows down as you age, leading to dull-looking skin, this is why regular exfoliation is key to rejuvenate your skin and reveal new radiance. Exfoliating removes dead skin cells from the outer layer of your skin so you can enjoy bright, youthful skin, no matter your age.

## THE BENEFITS OF EXFOLIATION

- Leaves skin looking brighter, clearer, more luminous and smoother
- Improves skin tone and texture
- Stimulates collagen production
- Unclogs pores and draws out impurities
- Prevents acne and breakouts
- Boosts blood circulation and lymphatic drainage
- Enhances absorption of skin care products
- Increases cell turnover

## THE TYPES OF EXFOLIATION

**Physical exfoliation:** Involves physically sloughing off dead skin cells on the skin's surface with textured products and exfoliating tools like a scrub, dry brush, exfoliating gloves, textured cloths, or sponges.

**Chemical exfoliation:** Uses acids and enzymes to loosen and remove dead skin cells without any scrubbing. They penetrate deeply into the skin and often include active ingredients like Alpha Hydroxy Acid (AHA) and beta hydroxy acid (BHA). Chemical exfoliants require minimal effort but offer maximum benefit. In short, they are leave-on exfoliators. To make them work together, either use AHA and BHA masks on alternating days, or you can apply an AHA to dry areas and a BHA to oily areas of your skin.

## Chemical Exfoliation:

- AHA** - Alpha Hydroxy Acids, such as Glycolic and Lactic Acid
- Water soluble
  - Suitable for a dry and dehydrated skin with advanced signs of ageing
- BHA** - Beta Hydroxy Acid such as Salicylic Acid
- Oil soluble
  - Suitable for oily, combination, acne-prone and sun damaged skin

## Enzymatic exfoliation:

Enzymes in skin care are tiny molecules, found in fruits (pumpkins, cherries, pineapples, and papaya), that work by gently dissolving dead skin cells. This is ideal for sensitive skin types, as it is not abrasive.

## THE BEST WAY TO EXFOLIATE YOUR SKIN DEPENDING ON YOUR SKIN TYPE:

- Normal Skin** – 2 to 3 times a week generally offers a safe starting point.
- Sensitive** – Aim to dial back the exfoliation to once weekly, at most. If your skin is particularly sensitive, you might even want to skip it entirely.
- Oily Skin** – Want to exfoliate more frequently? Go for it. Even daily exfoliation may be just fine, when it comes to your face.

## DON'T OVER-EXFOLIATE!

## 4 Reasons to include an antioxidant in your beauty routine

Skin ageing is not only caused by the unavoidable passing of time. There are lots of external factors that speed it up, such as pollution and UV rays. These factors do have a solution:

- 1 Slows premature ageing:** Topical antioxidants can help the skin look more youthful and protect against extrinsic ageing (for instance, premature ageing caused by external factors like chronic sun exposure, smoking, pollution, and more).
- 2 Protection against UV damage:** Sun damage is a huge ageing factor of the skin. Antioxidants may help give a protective effect against UV damage when used along with sunscreen.
- 3 Calms inflammation:** Free radicals by their very nature create inflammation. Antioxidants can help reduce inflammation and can have a soothing effect on the skin.
- 4 Make the skin brighter and firmer:** By reducing inflammation, antioxidants allow the skin to repair itself and correct visible damage. Some antioxidants, like vitamin C, can also stimulate collagen production, which is vital for youthful skin.

### EVEN DERM

Pigmentation from sun damage and hormonal changes can cause dark spots and uneven skin tone. The Even Derm range blocks and reverses the process of darkening skin while reducing pigmentation. It promotes new collagen synthesis to restore even skin.

### CELL AGE

Superbly formulated creams and serums that have been designed to provide everyday protection against the visible signs of ageing. Easily absorbed day and night creams combine the powerful, triple-action anti-wrinkle benefits of Matrixyl 3000™ to rejuvenate chronologically aged skin whilst protecting it against further damage from harmful UVA and UVB rays.

### LASER LIFT

Retinol and bakuchiol are expertly combined with a scientifically developed blend of bioactive peptides that will lift the skin and remodel facial contours, providing tightness and firmness normally associated with the visible signs of youth.

### TOTAL GLOW

Vitamin C is a highly versatile active ingredient that helps brighten the skin and improves radiance while acting as an antioxidant to protect the skin against the environment.

# CLEAN BEAUTY 101

Everything you need to know about this skin-care revolution

Transform your beauty routine with clean products that are safe for you and the planet...

The latest buzz words in beauty-sustainable, vegan, natural, organic, from the latest ingredients and brands to look out for, to the environmental impact of your products and why conscious consumers are driving the change.

## WHAT DOES CLEAN BEAUTY MEAN TO US?

Clean beauty generally means a product that has been sourced, produced, and packaged in an ethical and sustainable way, that's kinder to both people and the planet. Although there is no standard or regulated definition of clean beauty.

CLEAN BEAUTY avoids using artificial colourants, fragrances, and preservatives such as parabens, all of which have been determined to be harmful to your well-being. Sulfates, silicones and mineral oils, such as petroleum and petrolatum, are also considered unsafe, as they can negatively affect your skin's health, compromise the skin barrier, and they're considered more aggressive than cleaner products.

## The difference between organic and natural:

1

**Natural:** Natural products contain ingredients from plants and nature and are minimally processed.

2

**Organic:** Organic products take natural several steps further; they are made with Non-GMO ingredients that have been grown, harvested, manufactured and preserved without chemicals. With all these extra steps, that is why organic products tend to cost more.

## WHAT ARE THE BENEFITS OF CLEAN BEAUTY?

- Prioritises the safety of ingredients.
- Lowers your risk of irritation, sensitivity, redness, and allergies.
- Contains beneficial, natural ingredients that enhance overall skin health.
- Perfect for all skin types and concerns.
- Better for the environment.

## HOW TO SWITCH TO A CLEANER BEAUTY ROUTINE

The ideal routine for everyone will look different as skin-care isn't one-size-fits-all. But one general principle for a cleaner skincare routine is that less is more. One way to accomplish your goal of a clean beauty routine is to simplify your skincare routine and products.

- Use fewer products which will reduce your exposure to a variety of ingredients and chemicals, including those that may be irritating your skin.
- Check the formula for safe & sustainable ingredients.
- Pick less packaging and seek out products packaged and bottled in biodegradable or recyclable materials which are better for the environment.
- Get to know cleaner beauty brands with truly revolutionary and ethical formulas like Skoon, Origins, Mineraline, Teaology and Urban Veda.

## HOW TO TELL IF A BEAUTY PRODUCT IS CLEAN

Clean beauty is not a regulated term, however, if you are in search of products that are "clean" for your self-care needs, start by looking at the ingredients and finding out if the brand you want to shop has sustainability efforts. On labels, look out for icons or words like cruelty-free, vegan, paraben-free, sulfate-free, gluten-free, and recyclable.

## Supplement your smoothie

for sensational skin

Collagen is a natural and powerful protein in your skin that visibly plumps and prevents loss of firmness. It strengthens your skin, keeping it healthy, resilient, and vibrant. Maintaining a high level of collagen in your body is crucial to support structural health and prevent visible signs of ageing.

**Ingredients:**  
 2 x bananas (frozen)  
 1 x scoop/sachet/ampoule collagen  
 ½ x cup of plain non-fat Greek yogurt of your choice  
 A splash of almond milk (or any nut milk of your choice)

### Instructions:

1. Combine all the ingredients together in a blender, blend until the desired consistency

2. Top with slices of strawberries and banana

Enjoy!

STRAWBERRY BANANA SMOOTHIE BOWL

Enjoy!

### Ingredients:

1 x cup of diced watermelon  
 1 x lime  
 1 x scoop/sachet/ampoule collagen

### Instructions:

1. Puree the watermelon in a blender  
 2. Add the collagen and juice from one lime, garnish with lime wedge

The Ultimate Skin Care Basics for Men

CLEANSE, MOISTURISE—REPEAT

It all begins with a solid facial cleanser that's tailored to your needs. If you are acne or ingrown hair prone, use a facial cleanser that is geared towards these skin concerns. Cleansing your face also helps prime and softens facial hair before shaving. Use your cleanser twice daily for optimum results. Because men have thicker skin, they can tolerate more frequent exfoliation than women. Using a gentle physical or chemical exfoliator two to three times per week is sufficient.

Protect Skin and Target Your Needs

To achieve a more youthful-looking skin, vitamin C is the hero of ingredients. If you are concerned with texture, tone, or even fine lines; you should include a vitamin C serum in your routine. This will assist to improve skin texture, even out skin tone, reduce the appearance of wrinkles and assist in a smoother, closer shave.

Keep Facial Hair Groomed and Razor Burn-Free

In men's grooming, the beard and moustache are used as cosmetic elements to camouflage men's facial features. As a result, keeping facial hair clean with regular washing, well-manicured with diligent trimming and shaping, and soft with the right oils, balms and conditioners to suit your hair type is key to optimal results. Shorter beards benefit more from beard balm for perfect styling, while longer and thicker beards may benefit more from beard oil to keep them well-conditioned.
