14 APRIL 2023

N4/Brits – On Wednesday 5 April, a man who, according to SAPS is part of a gang suspected of being involved in the N4 spiking incidents was arrested. The 23-year-old suspect and his accomplice allegedly robbed a motorist of his personal belongings on the N4 near the Brits

The victim (42) was travelling from Mooinooi towards Hebron when he stopped next to the road to retrieve medication from his car's boot. While the victim was opening his boot, he was approached by two armed men. The two suspects—who are undocumented Mozambican nationals—then robbed the victim of an undisclosed amount of cash, two cell phones and clothes. They then shot at the victim before fleeing the scene into the the veld nearby. The victim drove his vehicle to the toll gate where he found a Brits rural safety unit. The unit and the police swiftly responded and conducted a search of the suspects in the veld. Upon noticing the police, both suspects tried to escape by foot. Fortunately, one of the suspects, Liason Ndlovu, was apprehended and arrested. During the arrest, two cell phones, a firearm, and ammunition was found in his possession. The suspects are believed to be part of the syndicate which has been placing spikes on the N4 road to cause tyre punctures, compelling motorists to stop. The stranded and vulnerable motorists are then robbed of their valuables. Ndlovu appeared before the Brits Magistrates' Court on Tuesday 11 April 2023, with charges of armed robbery, attempted murder, possession of an unlicensed firearm, ammunition, and possession of suspected stolen property. His hearing for a formal bail application has been postponed to 18 April. Our high hope is that the suspect's apprehension could lead to more information on the N4 spiking syndicate, which will help to put an end to the operation and bring some form of justice for Juandré Kidson, a 29-year-old father who was shot in cold blood in front of his wife and their one-year-old daughter in a road-spiking incident on the N4 in May 2022.

## **POLICEMAN SHOOTS EX-WIFE**

Brits - A policeman shot and killed his pregnant that he has a previous conviction of corruption and ex-wife on Wednesday 5 April 2023 before handing himself over to the Brits police. The suspect appeared before the Brits Magistrates' Court on Tuesday 11 April 2023 after being charged with premeditated murder.

The 39-year-old sergeant allegedly shot the 35-vear-old woman several times at the entrance of Brits Hospital, where she was employed as a switchboard operator.

Said police spokesperson brigadier Sabata Mokgwabone: "It is alleged that the police officer was stationed at Rapid Rail in Silverton, Pretoria, and residing at Ga-Rankuwa. According to information, the ex-wife who was working as a switchboard operator, was at the hospital entrance when the suspect fired several shots and instantly killed the victim.

Through his attorney, the accused told the court

is awaiting a sentence at the Pretoria Specialised Commercial Crimes Court on 19 April 2023 It was also brought to the attention of the court that the ex-wife obtained a protection order against the accused in 2021.

Provincial West Police commissioner lieutenant general Sello Kwena condemned the incident and conveyed his deepest condolences to the victim's family, friends and colleagues.

Kwena urged police officers to utilise the services of the Employee Health and Wellness (EHW), bearing in mind that this is the second incident involving police officers in less than a month.

The matter has been postponed to 21 April 2023, for further investigations in respect of the bail application.

#### THREE IN HOT **WATER OVER** STOLEN SHEEP

Rustenburg - Three men were arrested along the R510 Northam/Rustenburg road on Thursday 6 April 2023 after they were found in possession of 16 suspected stolen sheep.

Police spokesperson lieutenant colonel Amanda Funani said the trio were arrested by the Rustenburg Public Order Police (POP) during a crime-prevention operation ahead of the Easter

"The vigilant members were conducting patrols along the R510 (Northam/ Rustenburg) road in the policing area of Phokeng when they spotted a suspicious Toyota Quantum minibus with tinted windows," said Funani.

"The vehicle was stopped for a search that resulted in the discovery of 16 sheep worth R48,000. The three men, aged 20, 36 and 59 were arrested after failing to account for the sheep, which were later positively linked with a case of stock theft in Northam," Funani added.

Police are also tracing the whereabouts of a fourth suspect, who managed to evade arrest.

The three suspects, Zolile Nomala, Ndlovu, and Januario Lomola appeared before the Bafokeng Magistrates'Court in Tlhabane on Tuesday 11 April 2023 on charges of stock theft. After their appearance, their case was postponed to 14 April for formal bail application.

#### Thousands of fish dead likely caused by lack of oxygen in Hartbeespoort Dam

Rustenburg - On Tuesday 11 April 2023 Platinum Weekly received reports of thousands of dead fish which were floating among the hyacinth at Hartbeespoort Dam. Simultaneously, Schoemansville Oewer also reported dead fish floating among the hyacinth close to the shore.

Casper Kruger of Hartbeespoort Optimum Fisheries and Research responded to the scene. After assessment an aerator was brought in to add oxygen to the water, which seemed to gradually improve the situation by late Tuesday afternoon. It is suspected that the large-scale of fish deaths have been caused by the lack of oxygen to the water due to the dense hyacinth coverage which has been a longstanding problem.

Casper Kruger is to work with the Sefako Makgatho Health Sciences University in order to conduct further testing on water samples, dead fish, and alive fish. According to information, a scientist from the Department of Water and Sanitation has also deemed the likely cause due to lack of oxygen in the water. Harties Foundation (HF) NPC is a community based organisation and has a water use license as well as all the necessary permits to harvest invasive plants on Hartbeespoort dam. As a level one BBBEE registered organisation, registered NPC as well as a registered PBO which can offer great returns and exposure for your brand when donating. "I invite corporates and SMMEs to become part of the solution and help us clear Hartbeespoort Dam before the start of the centenary celebrations in October 2023," said Rudy Joles. #### Don't dump your baby – there are other options available

going to be a mom. Unfortunately, this exciting time can also be a very scary time for expecting mothers.

Sometimes, women find themselves alone, underaged, ashamed, or do "I have been doing this for many years and my heart breaks every time I not have the necessary support structures in place to help them care for their babies. With difficult circumstances, they might believe that they have no other alternatives but to abandon their babies. Sadly, this often

means that babies are wrapped in plastic, left in the veld, or dumped in dustbins like trash. The social workers at Child and Family Welfare are always willing to work with expecting mothers and families who feel like they can't take on the responsibility of a child. "Women need to know that there are alternatives available to them. They can reach out to a social worker who will discuss the different options with them through counselling," said Rustenburg Child Welfare social worker, Deidre Janse van Rensburg, "A social worker will also give you the necessary support during your pregnancy. If you inform a social worker that you intend to put your baby up for adoption, the social worker will assist you without any judgement."

Should you be unable to care for your baby, please go to a hospital to give birth. This will not only give your baby a chance at life but will also be beneficial to your health. By using the correct channels, the baby will receive an ID number which will help with the adoption process where the mother has 60 days to change her mind.

Mothers who abandon their babies without seeking assistance will be

"Even if a baby is born at home and you decide not to keep it, you can still go to the hospital and speak to a social worker," Lotz added.

> There are instances where women give birth at home and the baby is stillborn. This can cause a woman to start panicking. If a baby is stillborn, a doctor needs to be contacted to

declare the infant's death. If it's classified as an unnatural death, the police also need to be informed. If you did nothing wrong, there is nothing to fear as this is a normal and necessary procedure. If you do come across an abandoned baby, the first thing

to do is to immediately contact the police. They will obtain the required documents from the Department of Social Development to ensure that the baby can be taken to a place

Whatever your circumstances, no matter how afraid you are, and whatever reasons you may have for not keeping your baby, please do the right thing and follow the right procedures to ensure that the life of the child is protected. Safe and legal alternatives are always available.

Rustenburg - Two men accused of breaking into a motor vehicle and stealing a laptop and other belongings were due to appear before the Bafokeng Magistrates' Court on Wednesday 12 April 2023. Adam Kufeni and Wayne Masike, who are facing charges of theft and illegal immigration, were denied bail when they appeared before the same court on 28 March 2023.

The duo stand accused of breaking into a woman's car where they stole a laptop and other belongings from inside the vehicle. Police spokesperson sergeant Ofentse Mokgadi said on Saturday 18 March that Tlhabane SAPS members received a tip-off which mentioned a suspect armed with a firearm roaming around Lefaragatlhe village. After arriving at the village, police demanded to search the man's residence and discovered identity documents, mine access cards, and a toy firearm.

"He was immediately arrested for possession of suspected stolen property such as identity documents and access cards," Mokgadi said. Mokgadi said police linked the documents found in the suspect's possession to a woman who had reported theft out of her motor vehicle.

"During the interview, the suspect was able to give more information and the name of his accomplice. He took the police to where they had sold the victim's laptop and other items. The man who allegedly bought the laptop was arrested and charged for receiving stolen property," Mokgadi said. The case has been transferred to the Tlhabane Regional Court where they will make their appearance on Tuesday 2 May 2023. Meanwhile, further investigations are underway.

# Winter won't get the weather of me!

Winter never comes as a surprise, yet I am often unprepared for its arrival. Perhaps it's because I get too caught up with my work and personal life to notice the change of season, or perhaps it's because I just really don't want to acknowledge the frosty season looming over me. But this winter, I decided that I am going to tackle it like a pro. I won't be running up electric costs while trying to keep the tip of my nose warn. So, I researched some really handy tips and decided to share them with those—who like me—are seldom prepared. As an extra—like a real pro—l've even added some safety advice.

#### 1. Make your home winter friendly.

- · Install weather insulation. It will save you a lot of bucks as your house will retain heat for longer and you won't have to run the heater for long periods of time. Do your research, there are lots of affordable options!
- · Check for any gaps where the cold air might sneak in and close them up.
- · Insulate water lines that run along exterior walls.
- Clean out gutters and repair roof leaks.

#### 2. Check your heating systems.

- · Have your heating system serviced professionally to make sure that it is clean, working properly, and ventilated to the outside.
- · Inspect and clean fireplaces and chimneys.
- · If you do not have working smoke detectors, install one inside each bedroom, outside each sleeping area, and on every level of the home. Test batteries monthly and replace them twice a year.

#### 3. Prevention is better than a cure.

- Fired heaters emit an estimated 400 to 500 million tons of carbon dioxide (CO2) every year. Install a battery-operated or battery backup CO2 detector to alert you of the presence of the deadly, odourless, colourless gas.
- Learn the symptoms of CO poisoning: headache, dizziness, weakness, upset stomach, vomiting, chest pain, and confusion.
- Whatever your source of heating, never leave it unattended for long periods of time, don't allow your kids to go too close, and always keep flammable objects away!

## **Nuwe wiele** vir Frikkie

Mooinooi/Rustenburg - Frikkie van Deventer het op Dinsdag 11 April 2023, 'n 'nuwe' rolstoel ontvang. 'n Paar weke gelede is ER24 uitgeroep na 'n nood by 'n perseel op die Barnardsvlei pad. Op dieselfde perseel het ER24 lede vir Frikkie ontmoet en met hom gesels.

Frikkie het vertel dat hy die gebruik van sy bene verloor het in 'n tragiese insident toe hy drie maande oud was; hy het amper by 'n voertuig se ruit uitgeval, en was teruggeruk. Hy is vir die afgelope 30 jaar afhangklik van 'n rolstoel.

Frikkie en sy ma het kort voor 2007 by sy oom en tannie tuiste gevind in Barnardsvlei. Na sy ma se sterfte in 2007 het Frikkie se oom en tannie voltyds vir hom begin sorg. Daar is heelwat monde om te voer in die huis so 'n nuwe rolstoel was tot dusver

ER24 takbestuurder Marchant Jacobs het vir Frikkie in sy 'kaskar' rolstoel gesien het en die besluit geneem om Frikkie te help. Hy het uitgereik na 'n paar van sy kontakte, en Medimerchant was bereid om die tweedehandse rolstoel te

Frikkie se oë het geglinster toe die nuwe rolstoel uit die ambulans uitgelaai was. "Gaan jy hom nou vir 'n spin vat?" het ER24 noodsorg assistent Perfect Mogodiri laggend vir Frikkie

Frikkie wil baie graag dankie sê vir ER24 en Medimerchant vir die rolstoel wat aansienlik gemakliker is as sy vorige ene.

## RLM: right of reply, response: 'The stopping and re-allocation of conditional grants'

Rustenburg

Local Municipality

Rustenburg – The Rustenburg Local Municipality (RLM) has noted with concern media reports regarding the performance of municipalities in the North West province, with special reference to grant funding provided by other levels of government.

The RLM can confirm that a total of R65 million was re-directed from the allocations to the municipality for the current financial year. However, million for the widening of the municipality denies that all of these result from the ineptitude or incapacity of municipal officials to spend. Also, the often cited are debts owed by municipalities to Eskom brought up to cloud issues pertaining to expenditure on the Integrated National Electrification Programme (INEP). We must state that, whereas for RLM 29.5% of the allocated amount was spent as of 31 December 2022, by 31 March 2023 expenditure stood at 62% of the

total allocation. As regards to the Neighbourhood was provided with appointment letters indicating Development Partnership Grant (NDPG), nonspend, but rather from the improper allocation by National Treasury itself. In this instance,

whereas the municipality requested a total of R30.3 Marikana Road (D1325) in the Central Business District, the National Treasury only made a commitment of R2 million With a R28 3 million

project implementation. In the case of performance concerning the Municipal Infrastructure Grant imposes on the municipality the unfortunate need

that the procurement processes were completed, performance does not result from an inability to and service providers appointed. The municipality provided a portfolio of evidence to the National

> Treasury with a view to impress on the latter that the funds would be exhausted within the current financial vear. Hence, at the end of the third quarter of the financial year (31 March), indications are that the expenditure is increasing tremendously based on output performance

shortfall, the municipality could not proceed with by contractors. Regrettably, the withholding of over R39 million by the national government (MIG), on 23 February 2023, the National Treasury to reprioritise project choices. Needless to say,

community disturbances and interference with project implementation also contribute significantly towards project stoppages which impact on expenditure. These often manifest in demands for sub-contracting and allegations of employment biases. The underspending with respect Water Services Infrastructure Grant (WSIG), results from delays in the approval of business plans by the transferring department, which impeded the municipality's ability to procure and implement projects. The above notwithstanding, the municipality is in the process of improving its capacity to fulfil its developmental mandate by filling senior managers and key strategic service delivery positions.

### Thank you, teachers!

Letter to the Editor

Rustenburg - I am a parent of two children who are in primary school, but I cannot tell you how relieved I felt when the schools re-opened on Wednesday 12 April 2023.

With them back at school there is a lot of peace and quiet at home, and with some free time, I think I can now complete the novel that I have been trying to read for the longest time.

Don't get me wrong. I love my children to bits, and I know that in a few weeks' time. I will start craving their company again!

It's just that while the holidays present a time of bonding and doing many exciting activities with the children, having to entertain them for a long period of time can become quite a difficult task. You really must be creative to keep them out of mischief!

During the holidays, my kids were indoors for most of the time. They ran around the house, playing cops and robbers (or was it cowboys and Indians?) and their energy cost me two very expensive vases. To add to that, there was also a visit to the local clinic due to the younger one's restlessness.

I take my hat off to their teachers, and I hope they can keep up with their energy! Sometimes I forget what a high-energy job teaching must be!

#### Do you socialise with your colleagues after work?

You spend most of your days in a work environment with your colleagues. While some prefer to be more private about their lives, others build good personal relationships with their co-workers. But are you willing to see them in a different light away from deadlines at work?

Yes. I do socialise with co-workers after work because we are all like one big family.

> Obakeng Mokgosane

No. I do not socialise with colleagues. I spend nine hours with them at work, so I feel that I should spend my time after work with my family.

## SOULFOOD

#### **PSALM 142**

A Plea for Relief from Persecutors. A Contemplation of David. A Prayer when he was in the cave.

142 I cry out to the Lord with my voice; With my voice to the Lord I make my supplication.

2 I pour out my complaint before Him; I declare before Him my trouble.

3 When my spirit was overwhelmed within me,

Then You knew my path. In the way in which I walk

They have secretly set a snare for me.

4 Look on my right hand and see, For there is no one who acknowledges me;

Refuge has failed me;

No one cares for my soul.

5 I cried out to You. O Lord:

I said, "You are my refuge, My portion in the land of the living

6 Attend to my cry,

For I am brought very low;

Deliver me from my persecutors, For they are stronger than I. 7 Bring my soul out of

prison. hat I r name

The righteous shall surround me. For You shall deal bountifully with me."

Alif (8) and Ameer Bashir (3) with their chakalaka boerewors pizza.

## Chakalaka Boerewors Pizza

Baking at home is one of Alif and Ameer Bashir's favourite pastimes. The two boys love helping their mom, Kedibone, in the kitchen; the time they spend in the kitchen is quality family time together, and the reward is always delicious! Kedibone has been teaching them the tricks of the trade, and under her watchful eye, the two are often busy cooking up a storm. One of their favourite recipes is a chakalaka boerewors pizza recipe. It's unique, tasty, and very easy to make—even for two youngsters. Making the pizza is a team effort as Alif likes to knead the dough for the pizza base while Ameer mixes all the ingredients together. During cooking time, Kedibone waits in anticipation to be the taste tester

## Ingredients

- · 4 cups (1000 ml) flour
- 1 packet (10 g) yeast
- 2 teaspoons (10 ml) brown sugar
- 1 teaspoon (5 ml) salt
- 1 ½ cups (375 ml) warm water
- · 2 tablespoons (30 ml) oil

- 1 kg chakalaka boerewors (fried and cut into 1,5 cm thick pieces)
- ½ cup (125 ml) tomato sauce
- 1 medium onion (sliced into rings)
- · 1 medium green pepper (thinly sliced)
- 1 medium yellow pepper (thinly sliced)
- 1 medium red pepper (thinly sliced)
- · Black pepper
- Salt

#### Method

- 1. Pour warm water into a large bowl, add yeast and 1 teaspoon of sugar, and let stand until foamy, for about 5-10 min. Whisk in oil, the other 1 teaspoon of sugar, and salt until well
- 2 Gradually add flour and mix until the dough comes together in a sticky substance
- 3. Scrape the dough on a lightly floured surface
- 4. Place the ball into a lightly oiled bowl and cover it with plastic wrap and leave it to rise in a warm place for about an hour or until the dough has roughly doubled in size.
- 5. Turn the dough out onto a lightly floured surface and divide it into two equal pieces. Place the dough into 2 x 36 cm x 26 cm greased rectangular pans and use your hands to spread the dough all over the pans. Cover each with plastic wrap and wait for 15 - 30 minutes
- 6. Spoon the tomato sauce on the dough and spread it all over the base with a spoon. Neatly top with slices of peppers, onion rings and pieces of boerewors, and press them a little bit so that they can stick to the tomato sauce on the base. Sprinkle with black pepper and salt
- Bake the pizzas in the pre-heated oven for about 15-30 minutes or until the bases are golden
