DUO UP FOR R5 MILLION FRAUD

Rustenburg – A case in which a man and a woman stand accused of defrauding a company of R5 million has been referred to the Specialised Commercial Crimes Court in Rustenburg.

On Tuesday 23 May 2023 Dineo Precious Powane appeared before the Rustenburg Magistrates' Court to face three charges of money laundering. The court appearance is related to a case in which a 44-year-old man was arrested for allegedly stealing over R5 million from his former employers.

The man, Evans Mutale, is facing 21 charges of fraud and three alternative charges of money laundering. He has also appeared before the Rustenburg Magistrate Court.

Mutale, who was arrested on 12 April 2023 in Rustenburg, stands accused of stealing R5 million from his former employers, Jaira Constructions and Projects, and then depositing the money into Powane's account.

National prosecuting authority (NPA) regional spokesperson Henry Mamothame said that Mutale was employed at the company as an accountant responsible for managing accounts, payroll, and loading payments when he committed the crime. "Powane was granted R3,000 bail while Mutale is out on R10,000 bail. Their matter will now

appear at the Specialised Commercial Crimes Court in Rustenburg, for pre-trial conferencing," Mamothame said. Both suspects are expected back in court on 7 June 2023.

"It is alleged that between September 2019 and November 2020, Mutale fraudulently transferred money into an account belonging to Powane, who has no links to the company but is known to him," Mamothame added.

"These transactions were allegedly done under the pretence of paying a service provider for services rendered to the company. In the process, he deceived his supervisor to make final authorisations for the money to be transferred into Powane's bank account," Mamothame explained.

COMMUNITY JOINS FORCES TO **TACKLE WASTE CRISIS**

Municipal vehicles repossessed

2023 local businesses, volunteers, and community stakeholders such as the VF+ and Derby community policing (CPF) took it upon themselves to rid areas in Derby and Koster of their growing waste problem. Since mid-May Kgetlengriver Local Municipality (KLM) has been unable to provide waste removal services after the last of its service delivery vehicles were repossessed on the 12th of May. The asset seizure is the result of a financial and legal issue dating back to

According to information received, KLMunder former management of Joseph Mogale—leased a fleet of vehicles from Betrobrite Pty Ltd in 2018. However, Betrobrite started with the procedure of urgent basis. The judgement has affected repossessing vehicles from KLM because of payment disputes. On 17 April 2023 a court order was issued to KLM to pay R12,466,266,20. On 12 May 2023 the last vehicles were repossessed. These vehicles were used for KLM's plumbing, electrical, and refuse removal services. As service delivery was affected, refuse removal became an issue. On 27 May local businesses offered vehicles, and volunteers, and community stakeholders such as the VF+ and Derby community policing (CPF) took it upon themselves to remove the rubbish in areas of Derby and Koster.

Derby/Koster - On Saturday 27 May its waste removal duties as it had appointed a contractor to do it. However, according to VF+ councillor at KLM. Stella Potgieter, the solution is only temporary.

> KLM responded to Platinum Weekly's questions on Wednesday 31 May: [extracts] "The Municipality had a lease agreement of fleet with Bertrobrite (Pty) Ltd from 2018 until the termination of the contract in 2019. The service provider obtained a judgement against the municipality for a claim of the amount of R12 466 266.20, which the municipality is challenging through the court after all negotiations with the service provider failed.

> The decision was taken to appeal the judgement against the municipality on an service delivery.

> The municipality has been working around the clock to ensure that waste is collected at the affected areas and the collection schedule is restored to full capacity as from Monday, 29 May 2023.

> The municipality is treating this matter with utmost importance and wishes to apologise to its residents for the current situation and also thanks the residents who assisted with refuse removal.'

The spirit demonstrated in addressing the challenges caused by the repossession of the municipality's service delivery vehicles, Good news surfaced on Monday 29 May, brings hope for a permanent solution to the

Loadshedding a new perk for criminals?

[Letter to the Editor]

Many criminals conduct their illegal activities under the cover of darkness; therefore, it should come as no surprise that criminals are starting to take advantage of loadshedding. For example, a man being shot by unknown criminals during the early morning hours of Sunday 28 May 2023 in Tlhabane.

I'm not sure if the victim of the shooting was robbed off any of his belongings by those who decided to shoot at him.

I am also not sure why he was actually out in the streets during such odd hours at a time when most people would be asleep.

North West - The National Department Health would like clarify the laboratoryconfirmed cases of announced cholera by the North West Department of Health on Tuesday 30 May 2023.

It was discovered during the discussions North West health officials that cases. two were already reported under Gauteng, because the two patients were screened, tested and diagnosed with cholera while they were in Hammanskraal.

The positive cases and deaths are counted under the province or district in which they were tested, not where the patients reside.

This means, the province of North West has no confirmed cases nor outbreaks of cholera at the current moment.

Both the National and Provincial Health Departments would like to apologise for the communication error occurred.

Members of the public are reminded to continue practicing personal hygiene, and to wash their hands thoroughly with water and soap or sanitiser before preparing and handling food, or after using bathrooms.

Sering gholfdag is 'n reuse sukses

Rustenburg - Residentia Sering, 'n tehuis vir bejaardes in Rustenburg, het op Saterdag 27 Mei 2023 'n gholfdag gehou om fondse in te samel.

Die dag was 'n groot sukses en daar was baie pret en opwinding onder die spelers en toeskouers.

Die bekende akteur, Neels van Jaarsveld, was die seremoniemeester en het die dag met groot entoesiasme gelei.

Daar was 19 vierballe, wat 'n rekord was vir Residentia Sering. Die spelers het hul beste voetjie voorgesit en die kompetisie was taai. Die atmosfeer was egter baie aangenaam en almal het 'n goeie tyd gehad.

Die fondse wat deur die gholfdag ingesamel was, sal aangewend word vir die renovasie van die badkamers in die tehuis. Dit is 'n belangrike projek wat die lewenskwaliteit van die bejaardes in die tehuis sal verbeter. Die sukses van die dag is dus van groot betekenis vir Residentia Sering.

When adults bully kids...

Rustenburg - Attending a sporting event at a local a fun experience, but unfortunately, one parent's behaviour left me appalled. The boys were playing rugby, and the crowd was cheering them on. As a parent who has spent many matches next to the field, I know that tensions can sometimes get high with all the adrenaline and pride pumping. However, what I saw was completely uncalled for and outright bullying.

One of the parents approached one o

When parents sign their kids up for sports, they hope for their kids to have fun, get some exercise, and learn new skills. School sports increase confidence, mental alertness, and self-esteem, and this lady basically just ruined the whole purpose of kids participating.

> When our child's team wins, we are proud, and when they lose, they learn to work harder next time. Our children already have so much pressure on them just trying to navigate their rise into adulthood. 32 Mumps cases reported in Bojanala

Rustenburg - The North West Department of Health has confirmed an increase in the number of positive mumps cases that have been reported at public medical facilities in the Bojanala Platinum District Municipality.

Department spokesperson Tebogo Lekgethwane told Platinum Weekly on Wednesday 31 May 2023 that the cases had risen to 32 from the initial 13 which were on record on Friday 26 May

At the time of going to print, nine had been reported in Moretele and four in Rustenburg.

"There is no need to panic. The cases in Moretele and Rustenburg were traced through the local clinics and symptoms were treated there. No patients were hospitalised. Parents were advised to isolate their infected children for a period one to two weeks until they recover." Lekgethwane said.

"The Department wishes to state that the public health sector does not immunise for mumps although some private health facilities do provide vaccines for this condition.

"However, where there is a need, members of public should seek medical attention at the nearby clinics where the symptoms can be treated," Lekgethwane added.

"The disease is generally a mild childhood disease, mostly affecting children between 5-9 years of age. The Department can assure members of the public of the fact that people who have had mumps are usually protected for life against the mumps infection. Second occurrences of mumps are rare," he explained.

He advised community members to isolate children who are infected with mumps for a period of between one and two weeks.

"If necessary, public health facilities can treat symptoms as the disease is expected to dissipate within a period of two weeks or less," Lekgethwane concluded.

Various schools were invited, and had to appoint a learner, either in Grade 8 or 9 for the competition. Congratulations to Lebone II Grade 9 learner, Keamogetswe Tlhagadi who was appointed as the newest junior station commander on Thursday 25 May 2023!

• Stormers 14-19 Munster

Voor nagenoeg 56,000 toeskouers klop Munster die Stormers in 'n spannende game. Die lere was op die dag die beste span. En die feit dat hulle weg van die huis af dit kon vermag om die magtige Stormers op hulle tuisveld te kon klop spreek boekdele

Ongelukkig vir die Stormers het Manie Libbok en Damian Willemse nie 'n goeie dag op kantoor beleef nie. Eindstryd druk is druk ou grote. Die BMT goeters.

Vir Cappie Kitshoff was die verloor 'n demper op sy loopbaan in die Kaap. Kitsie gaan sy ruggas nou by die Ierse klub Ulster voortsit.

Do you believe in finders' keepers?

The phrase 'finders' keepers' relates to the belief that whoever finds something is entitled to keep it instead of attempting to return it to its owner. Do you believe that it's okay to keep something you found/picked up?

No. I don't believe in finders' keepers. If I find something I always give it back to its rightful owner. It is about ubuntu because you must give back something which does not belong to you.

Danny Moreo

Yes, I do believe in finders' keepers-to an extent. There are situations where one should draw the line, or else it becomes theft. The principle of finders' keepers is that

when something is not wanted the first person who finds it. can claim it as their own. So, if it relates to unwanted goods, I do believe that whoever finds it, gets to keep it!

PROVERBS

The Peril of Adultery

5 My son, pay attention to my wisdom; Lend your ear to my understanding, 2 That you may preserve discretion,

And your lips may keep knowledge. 3 For the lips of an immoral woman drip

And her mouth is smoother than oil; 4 But in the end she is bitter as wormwood

Sharp as a two-edged sword. 5 Her feet go down to death,

Her steps lay hold of hell. 6 Lest you ponder her path of life-Her ways are unstable;

You do not know them. 7 Therefore hear

me now, my children, And do not depart from the words of

my mouth.

Let's work together!

Rustenburg - As residents of Rustenburg, we all have a responsibility to be vigilant and report any suspicious activities to the authorities. We need to work hand-in-hand with the police and security agencies to ensure that our neighbourhoods are safe. We can also join neighbourhood watch groups to monitor activities in our areas and report criminal activities to the authorities

I also believe that the government needs to invest more in education and job creation to help reduce the high unemployment rate in Rustenburg. When people have jobs and are engaged in meaningful activities, they are less likely to engage in criminal activities. The government should also provide more resources to the police and other security agencies to help them carry out their duties effectively.

The increasing crime rate in Rustenburg is a major concern which urgently needs to be addressed. We cannot continue to live in fear and insecurity. As citizens, we need to take a proactive approach and work with the authorities to ensure that our communities are safe. By working together, we can make Rustenburg a safer and better place to live

Standing up against crime

Endless electricity woes!

Rustenburg – The on and off (and then on again) routine of electricity supply is making our lives a living nightmare.

The inconvenience of not having electricity for many hours because of loadshedding is very disturbing-especially as we approach the cold days and frosty nights associated with the winter

It has become clear to many of us that it will take a very long time for the country's electricity challenges to be resolved.

In the meantime, we have to find other means. like using gas or paraffin stoves, for cooking our meals. However, this can expose us to many dangers because using gas and paraffin can lead to accidents such as fires and burns.

Secondly, our electrical appliances are prone to damage whenever the electricity goes on and off and this can become very expensive to repair or replace! We are pleading with the government to fix this issue once and for all. It has dragged on for too long and we have suffered enough!

Annoyed Rustenburg resident!

The sidewalk is not your toilet!

can be a nightmare for anyone; there's the constant they only spoke with the manager and the 'business presence of drug-related paraphernalia, used ladies' and urged them to stop. Personally, I feel condoms-and even human excrement in front that this is not enough. The root of the problem of my house! This is not only disgusting but also needs to be addressed, and the authorities need to a serious health hazard. I have witnessed them take more serious and decisive action to shut down on more than one occasion using the sidewalk this illegal operation. as their toilet and it's gross! I have reached out. It is not fair that my neighbours and I must put up to every possible authority to try and put an end to this unacceptable situation. However, it's both to be changing. I received a response back from peace, dignity, and safety! Public Safety, and needless to say, it was not reassuring at all. It seems like they have only I kindly just want to ask the prostitutes which work addressed the issue superficially, without taking from the house to stop shu!++!ng next to the road. any concrete action to prevent the brothel from

Gym security under scrutiny

Tlhabane - A resident in Tlhabane had a terrible experience at her local gym in late April and the gym management did try to locate her phone, decided to share her experience with Platinum Weekly on Friday 19 May 2023.

After a great workout, she went to the gym's changing rooms and locked her phone inside a gym locker. She then went to take a shower with the keys. When she returned, her phone was gone, and to make matters worse, the thieves had gained access to her banking app and had made several unauthorised transactions.

She reported the matter to the local police, but when she reported it to the gym's management, she was informed that, as per their policy, they are

not responsible for any lost or stolen items. While the victim was still left with the financial loss and emotional distress caused by the theft.

Because of this, she wanted to cancel her contract with the gym. The victim relayed that she didn't believe it to be fair for her to have to pay a R1,500 cancellation fee, given her bad experience with the gym's lack of security measures. As some of us are susceptible to signing contracts without reading the fine print, the victim's experience should serve as a warning; it's crucial to do your research before joining a gym. Look for reviews, check their policies regarding lost or stolen items, and inquire about their security measures.

Pediatric Care Africa works hand-in-hand with communities to deliver food, emergency and medical equipment, medical assistance, and medicines to children in need.

Due to the deteriorating economy and the increase in poverty, the demand for Pediatric Care Africa's services has skyrocketed while the NPO's donation income has declined. However, the promise to help sick, hungry, and defenceless children was made by Dr Andre Hattingh years ago, and he is resolute

charity ride.

2,500km by tractor is not for the faint hearted, and requires a tremendous amount of physical and 26km per hour in an extremely bumpy and tiring environment, it is a truly taxing and exhausting endeavour!

This 2,500km charity Tractor ride focusses on 3 very important issues:

- To create awareness and raise funds for children in South Africa who require medical treatment and surgeries.

quest to reduce farm murders in SA.

- Sponsor Dr Andre Hattingh per kilometre. Make a once-off or a monthly donation.
- We call on all farmer unions and organisations along our tractor route to support our efforts in with these critical issues.

- Donate diesel for this "On Trac-Tor" charity ride.

Winter's burn hazards

Rustenburg - Winter is a season that comes with burns, especially if they are placed directly on the a lot of excitement, as people get to enjoy the cold weather, hot chocolate, and cosy blankets. However, it also comes with a few hazards that you need to be aware of to keep yourself safe and warm. Job Shimankana Tabane Hospital (JST), professional nurse Hope Banda, shared some advice on how to be safe and warm this winter on Monday 29 May 2023.

JST Hospital sees a lot of patients that come in with burn wounds, and a lot of these are caused by heaters, hot water bottles, electric blankets, and open fires. Therefore, it is essential to know how to keep yourself safe with these items. One of the hazards of heaters is that people tend to sit too close and do not realize they are burning before it is too late. This can cause clothes to melt into the skin and burn, and it can also cause a fire if it falls over. Banda advises that you should wear clothes that are not as flammable, and rather use a blow falls over Additionally it is important to make sure that the wiring of your heater is in good condition.

skin. They can also burst or leak if used improperly or poorly manufactured, causing the boiling water to burn your skin. Banda said that you should not overfill or use boiling water in your hot water bottles, but rather use hot tap water. You should also always use a hot water bottle cover or wrap the bottle in a towel or fabric to prevent it from being in direct contact with the skin. It is also important to remove the hot water bottle from the bed before going to bed to avoid rolling onto it and bursting it, and to replace it the moment it has any damage. Instead of using hot water bottles, heating pads or heated bean bags can also be used.

Electric blankets could also become a fire hazard due to faulty wiring, especially if they are older or poorly maintained. According to Banda you should make sure that your electric blanket is laying flat on your bed and turn them off before climbing into bed. You should also regularly check if the wires heater or an oil heater that won't catch fire when it are still in good condition and not leave them on when you are not at home.

Open fires are also very dangerous, as they can Hot water bottles are also a common cause of cause burns and are toxic when made in an area

that is not well-ventilated. Banda advises that you should not make a fire inside your home, and if you must, you should ensure the area is well-ventilated. Additionally, you should not stand too close to a fire, and children should always be supervised

Apart from these hazards, there are other tips to keep yourself safe during winter. For instance, when boiling water, you should make sure that the handle is not standing out so you cannot bump into it and spill the boiling water on yourself. Also, during winter, you tend to make your bath water a little warmer, but you should always open the cold water tap first. This way, the water is not too hot if you or your child accidentally falls into it. You should also avoid asking young kids to make tea or coffee, as boiling water is very dangerous. If you get a burn injury, you should apply cold water immediately and avoid trying any other remedies like banana skin. Cold water is the best, and if the injury is serious, you should immediately go to the nearest clinic to be treated. Lastly, you should avoid picking at blisters, as this might lead to infection.

RUGBY STARS SOAR HIGHER

Rustenburg - Two members of the Impala women's rugby team, the Vixens, have been included in the final 30-member squad to compete in South African rugby's first division league games starting 10 June 2023. In the 19 May 2023 issue of Platinum Weekly, we reported that Vixens players Jo-Anne Grobler, Melissa Huyser, Esethu Jebese, and Chantel Maakwe were selected to be part of the North West provincial 47-member provisional Leopards team. On 29 May Impala received confirmation from the Leopards Rugby Union informing them that Jebese and Maakwe had made it to the final team. The two players will travel to Potchefstroom to link up with the other members of the team for a training camp that will run from 2 to 4 June. "This team will take part in the inter-provincial first division league of SA rugby that starts on 10 June 2023 and ends on 5 August 2023. The team will practice every Tuesday and Thursday and will play matches on Saturdays," said Leopards women's rugby team manager Franklin Jackson. Vixens coach Trevor Visser was over the moon with the duo's achievement: "I'm very happy for the two. As a coach, it's always good when players are selected for provincial teams. It means that you are doing something right in training and the other girls will definitely be motivated to also become provincial players.'

Royal Queens take on Mafikeng

Rustenburg – Royal Queens take on Mafikeng Ladies on Saturday 3 June 2023 as they aim to extend their winning run to six matches in the Sasol North West stream B league. The log leaders have not yet tasted defeat this season and have emerged as the most consistent team thus far—when it comes to scoring goals.

Royal Queens have scored an amazing 54 goals in five matches while conceding just four. Their 5-0 win over Rustenburg Ladies on 27 May 2023 demonstrated their pedigree.

The win also proved to the rest of the teams that the Queens will be a very difficult opponent to beat this season.

As the defending champions, Royal Queens are now among the hot favourites to retain their title and will take another big step towards achieving this if they manage to defeat Mafikeng Ladies.

Mafikeng Ladies, on the other hand, are fifth on the log and will be eyeing their second victory of the season as they look to improve on their position.

Bergsig makes the right moves

Rustenburg – Seven learners from Bergsig Academy took part in the district chess tournament at *Laerskool Rustenburg Noord* on Saturday 27 May 2023. Simply the best!

Rustenburg - "...simply the best, better than all the rest..."

The same words from the late pop singer, Tina Turner's hit song "Simply the Best" could well apply to Impala Rugby Club's first team—if their performance in the Leopards Rugby League is anything to go by.

Impala coasted to their sixth win of the season in as many matches on Saturday 27 May 2023.

Their 54-19 win over Matlosana in Rustenburg cemented their status as the favourites to win the league. The former Gold Cup champions were once again unstoppable and thoroughly dominated the match from start to finish. Johan Visagie and Drikus Blignaut delivered two tries which set Impala up for a well-deserved win. Charlton Scholtz, Spiedie Du

Plessis, Elardo Raath, and Ivan Sonnekus also weighed in by scoring the other tries. Finally, it was Trevor Visser's trusted boot that converted seven of the eight tries.

Impala's second team also recorded a 38-7 win over Matlosana's second team.

As things stand, Impala's first team is currently the only unbeaten team in the league, which makes Impala the favourite to go all the way and win the

However, club manager Trevor Visser is expecting a more difficult encounter from their next opponents. "On Saturday 3 June we will be playing against the Stilfontein Hurricanes. We will have to be at our best because it will be a hard game away from home," said Visser.

The Fedhealth Magalies Monster MTB Classic on the horizon!

Rustenburg - Formerly from Potchefstroom, but now residing in Wellington in the Western Cape, Pieter du Toit and Danielle Strydom will return to the ATKV Buffelspoort with a vengeance this coming Saturday 3 June 2023 to defend their titles at the revered Fedhealth Magalies Monster MTB Classic.

In 2022, Du Toit and Strydom conquered 'The Monster' and secured victory in the Full Marathon (+-65km) in impressive times of 02 hours 49 minutes 15 seconds and 03 hours 33 minutes 32 seconds respectively. Du Toit admits that this is one of his favourite events: "The Fedhealth Magalies Monster route is one of my favorites, with the Monster Climb on the Maanhaarrand Pass Road and the super rocky terrain. It's a real challenge and I love it. The vibe after the race is super, while riding through the private farms is nice and basically a 'once a year' experience. I would definitely recommend this event to other mountain bikers. My advice is to pump your wheels a bit harder for the rocks, and pack in one extra energy bar, it might be a long day. My goal on race day is to take the win." Danielle Strydom, who has claimed victory thrice at the Fedhealth Magalies Monster Full Marathon (2018, 2019 and 2022), says she got to maintain her "local legend" status amongst the North Westers in 2022. "Being from the North West, the Magalies Monster is a sought after race for all our 'local legends'. It's a big thing to be able to say that you've conquered 'The Monster'. A lot of people might think that it is the famous 'Monster Climb' that makes this event tough, but for me it's the actual terrain," says Strydom. Stillwater Sports, press release extracts,
