# SEASONED MOOINOOI POLICE OFFICER KILLED

**Mooinooi** – The North West provincial commissioner, lieutenant general Sello Kwenza expressed great sadness regarding the alleged murder of 55-year-old lieutenant colonel Lekone Morris Mohajane who was the detective branch commander at the Mooinooi police station. According to information received from brigadier Sabata Mokgwabone, North West police spokesperson, Mohajane was allegedly shot and killed during a hijacking incident last weekend at his house in Hammanskraal, Gauteng. The following Monday, 5 June 2023, the provincial commissioner paid a visit to the Mohajane family to convey his heartfelt condolences to the family, friends, and colleagues of the colonel, who was a seasoned police officer with 33 years of loyal service.

# Learner laid to rest

The late Lethabo Mojalefa Sibanda (photo: Facebook)

**Tsitsing/ Rustenburg** – The 18-year-old Rustenburg Technical High School (HTS) learner who was allegedly stabbed to death on Friday 2 June 2023 at the Rustenburg Taxi Rank, was laid to rest this past weekend at his home village, Tsitsing, Rustenburg. The stabbing incident reportedly resulted in learners of HTS going on a rampage, disrupting teaching and learning, and allegedly vandalising school property to express their dissatisfaction towards safety at their school. The North West Department of Education MEC, Viola Motsumi paid a visit to the family on Monday 5 June 2023, to convey her message of condolences. She urged learners to refrain from acts of violence and misconduct in and outside of the school environment. “We call upon parents and guardians to join hands with the police and educators to ensure that schools remain a safe environment,” Motsumi said. According to information received, it is alleged that two groups had a brawl after school and a suspect produced a sharp object and fatally stabbed the victim. The matter is still under police investigation and the suspect was scheduled to appear again before the Rustenburg Magistrates’ Court for formal bail application, which was successfully opposed. He will appear again in court on 27 July 2023.

# BODY DISCOVERED AT RUSTENBURG TAXI RANK

**Rustenburg** – The police in Rustenburg have confirmed that an inquest was registered following the discovery of a body at the Rustenburg taxi rank in the early hours of Friday 9 June. According to information received from Rustenburg police spokesperson sergeant Ofentse Mokgadi, the 24-year-old man was positively identified by his family. Investigations continue.

# DON'T DUMP YOUR BABY – THERE ARE OTHER OPTIONS AVAILABLE

**Rustenburg** – Most women are ecstatic when they find out that they are going to be a mom. Unfortunately, this exciting time can also be a very scary time for expecting mothers. Sometimes, women find themselves alone, underaged, ashamed, or do not have the necessary support structures in place to help them care for their babies. With difficult circumstances, they might believe that they have no other alternatives but to abandon their babies. Sadly, this often means that babies are wrapped in plastic, left in the veld, or dumped in dustbins like trash. The social workers at Child and Family Welfare are always willing to work with expecting mothers and families who feel like they can't take on the responsibility of a child. “Women need to know that there are alternatives available to them. They can reach out to a social worker who will discuss the different options with them through counselling,” said Rustenburg Child Welfare social worker, Deidre Janse van Rensburg. “A social worker will also give you the necessary support during your pregnancy. If you inform a social worker that you intend to put your baby up for adoption, the social worker will assist you without any judgement.”

Should you be unable to care for your baby, please go to a hospital to give birth. This will not only give your baby a chance at life but will also be beneficial to your health. By using the correct channels, the baby will receive an ID number which will help with the adoption process where the mother has 60 days to change her mind. Mothers who abandon their babies without seeking assistance will be charged with concealment of birth, where a DNA test is done to

locate the mother who will face criminal charges if caught. “I have been doing this for many years and my heart breaks every time I hear of a dumped baby,” says Mōrester Kinderhuis director Helen Lotz who currently provides a safe place for abandoned children. “Even if a baby is born at home and you decide not to keep it, you can still go to the hospital and speak to a social worker,” Lotz added. There are instances where women give birth at home and the baby is stillborn. This can cause a woman to start panicking. If a baby is stillborn, a doctor needs to be contacted to declare the infant's death. If it's classified as an unnatural death, the police also need to be informed. If you did nothing wrong, there is nothing to fear as this is a normal and necessary procedure. If you do come across an abandoned baby, the first thing to do is to immediately contact the police. They will obtain the required documents from the Department of Social Development to ensure that the baby can be taken to a place of safety. Whatever your circumstances, no matter how afraid you are, and whatever reasons you may have for not keeping your baby, please do the right thing and follow the right procedures to ensure that the life of the child is protected. Safe and legal alternatives are always available. **If you do not have someone to confide in, and you want to learn more about the available options, contact Rustenburg Child Welfare on 014 537 2014/2072 or contact Helen Lotz on 082 460 8418.**

# Four months later

**Koster** – After the heavy rainfall experienced in February 2023, a portion of the Millvale Road has continued to be a danger to motorists. The neglected washed-out portion of the road, approximately 12 km from Koster’s direction, nearly claimed the life of an unsuspecting motorist on the evening of Friday 9 June 2023, and has left frustrated Koster residents and motorists scratching for answers.

The motorist was travelling towards Koster at around 19:00 and was unaware of the +- four-metre-deep crater along the side of the road. Consequently, the unfortunate driver drove into the crater which caused his vehicle to overturn. Mercifully, and against all odds, the driver walked away unscathed.

“The piece of road washed away during the heavy rains we experienced over the weekend of 16,17, and 18 February. This included damage to the pipeline which feeds water from the Koster dam to Koster. It’s interesting to note that officials repaired the pipe, which is close to the crater, but failed to acknowledge and repair the dangerous piece of road,” said Millvale security forum lima 2 operational supporter Joanie Heymans in an interview with *Platinum Weekly* on Monday 12 June. According to Joanie, the Millvale security forum has on numerous occasions beseeched various authorities, including the Department of Provincial traffic and the Koster Police, to attend to the urgent matter. As their pleas remained unheard, the Millvale security forum took its own initiative to place barrells and barriers around the crater in order to warn motorists of the danger. However, the forum’s attempt has been met with challenges, as the warning barrells are frequently stolen and have to be replaced at the cost of the forum.

*Platinum Weekly* reached out to Kgetlengrivier Local Municipality on Monday 12 June, and received the following response: “*Kindly note that the R34-1 Road is a regional road, and the Department of Public Works is responsible for it. The Municipality is continuously engaging with Public Works regarding the status of the roads within the municipality.*”

Following KLM’s response, *Platinum Weekly* contacted the Department of Public Works and Roads on Wednesday 13 June for comment but had not received feedback at the time of going to print. The disregard for the safety and lives of road users is shocking, and one can only ponder, how much harm will be caused before the matter is resolved?

Mysterious slipway along the N4

## Mystery along the N4

[Letter to the Editor]

As a regular user of the N4 Highway I recently noticed a portion along the right-hand side of the road—approximately 2 km from the Helen Joseph offramp—where it appears as if someone has created their own informal slipway. Although the strange ‘slipway’ doesn’t seem able to accommodate vehicles, I do ponder its origin and purpose. Was it done by an individual, the Rustenburg Local Municipality, or the N1N4 Bakwena?

### Curious road user

*Platinum Weekly* reached out to the Rustenburg Local Municipality for comment on Friday 2 June, but had not received a response at the time of going to print.

# What’s wrong with you?!

[Letter to the Editor]

I don’t think I’m the only one who has witnessed a fit and able person take advantage of a disabled parking bay. The only people who can legally use disabled parking spaces are those who hold a permit, but this doesn’t stop selfish drivers from claiming these spots daily. Some bikers even think that it’s okay to park on those stripes that sit either side of a disabled parking space. Guess what? Those stripes aren’t for bikes! They’re there to allow people with disabilities additional room to manoeuvre. It’s not the first time I’ve seen it; shopping centers seem to have miraculous healing powers, because when the shoppers return to their vehicles which are parked in disabled spots, they don’t seem to have any disabilities at all (and no, it’s not as if the handicapped person is waiting in the car). Persons who use these parking bays need to apply for a wheelchair parking permit, also known as a “disabled parking permit”, “handicapped permit”, “disabled placard” or “disabled Badge”, which is displayed on the vehicle upon parking it in a disabled parking space.

# Water outages become critical

**Rustenburg** - Prolonged water outages have left many of our local areas in a state of critical urgency. The Zinniaville Ratepayers Association issued an inquiry to the office of the minister of Water and Sanitation on Wednesday 7 June 2023 demanding answers after continuously being ignored. This comes after the association held a stakeholder’s meeting on 30 May 2023 which addressed water supply problems and sanitation blockages with the deputy minister of the Department of Water & Sanitation. Residents from Geelhout Park indicated that they did not have water for 7 days and the deputy minister instructed RLM’s acting manager to attend to all the

issues immediately. Unfortunately, many residents of Geelhout Park, Tlhabane, Zinniaville, Karlien Park and Rustenburg North (to name but a few) continue to struggle without water for long periods of time with no access to potable water. According to the Zinniaville Ratepayers Association, there has been a shifting of responsibility between RLM, Magalies Water, and the Water and Sanitation Services South Africa (WSSA). Meanwhile further instances of interrupted water service due to issues such as broken pumps and burst water pipes were reported by WSSA on Thursday 8 June 2023, stating the interruption of bulk water supply due to the repair of pipe

leaks. RLM also issued a notice on Friday 9 June 2023, which stated that Rand Water had to halt water supply due to the Eikenhof pumping station which experienced a power outage, leaving many areas in Rustenburg, including Zinniaville, yet again without water. *Platinum Weekly* reached out to RLM for comment on Friday 9 June, but had not received official answers at the time of going to print.

## SONOP ROAD RIDDLED WITH PROTEST DEBRIS

**Brits** – *Platinum Weekly* received information that a protest action erupted on Monday 12 June 2023, and continued through to Tuesday 13 June 2023, where broken glass, rocks and burning tyres were blocking the flow of traffic on the Sonop Road. At the time of going to print, the cause, motivation and intent of the protest was uncertain. In the meantime, *Platinum Weekly* reached out to the Madibeng Local Municipality for comment.

## Rallying behind the Rustenburg Mayoral Cup

**Rustenburg** – The Rustenburg Mayoral Cup received a boost on Monday 12 June 2023 with local companies and non-governmental organisations throwing their weight behind the soccer and netball initiative. Various sports items such as soccer and netball balls, first-aid kits, soccer nets, training cones, training bibs and medals were handed over to the organisers of the tournament, which will be held before the end of June. Rustenburg Local Municipality (RLM) spokesperson Andrew Seome said the municipality has forged a partnership with Sibanye-Stillwater, Epiroc South Africa, Peeletso Setchabeng Development, and Ditsogo Community Organisation, to guarantee the success of the games.

Stakeholders from the RLM, Sibanye-Stillwater, Epiroc South Africa, Peeletso Setchabeng Development, and Ditsogo Community Organisation are determined to ensure that the Rustenburg Mayoral Cup is a resounding success.

# Impala Rustenburg partners with Royal Bafokeng to combat food insecurity

**Rustenburg** — Impala Rustenburg has partnered with the Royal Bafokeng Nation (RBN) to support mine communities in the Rustenburg area by sponsoring a food parcel distribution initiative, which will help food parcels reach 10,000 beneficiaries.

The food security initiative will see Sesigo Food Security Distribution Agency (SFSDA) facilitate the food distribution through the Household Food Nutrition Security Programme (HFNSP) over eight months. With the support of a dedicated team of volunteers, SFSDA will ensure the food parcels, consisting of perishable and non-perishable items, reach the identified beneficiaries.

Mark Munroe, chief executive at Impala Rustenburg comments: "At Impala, we are committed to the well-being of our local communities. Through this partnership with RBN we aim to ease the burden of hunger within our communities, and we are honoured to continue our efforts in supporting those in need as we work together to create a better future." According to the 2022 State of Food Security and Nutrition in the World report, nearly 22.5% of South Africa's population is classified as food insecure, which means around 13 million people in the country lack access to sufficient food for their basic needs.

The SFSDA is a non-governmental organisation appointed by the Royal Bafokeng administration to implement various food distribution programmes that address hunger and poverty in RBN communities. Dr Kebalepile Mokgethi, Royal Bafokeng Nation administration managing director said: "Royal Bafokeng Nation and Impala Rustenburg partner on many different initiatives

and we are pleased that together we can work towards eradicating hunger in our communities." As a part of this initiative—and SFSDA's longer-term plan to achieve sustainable community nutrition and reduced dependency—community leaders, social workers and caregivers have identified individuals and families who need assistance in securing healthy and nutritious food. All identified beneficiaries are further profiled to better understand the underlying causes of household food insecurity and determine their capabilities, interests, and development needs. Once profiled, beneficiaries can be linked to support requirements, training, and skills development programmes, as well as other work programmes that will assist in improving their livelihoods and living conditions.

# Blood drive at Rustenburg Platinum Square

**Rustenburg** - The South African National Blood Service (SANBS) hosted a blood drive on Wednesday 14 June 2023 from 10:00 to 17:00 at the Rustenburg Platinum Square Shopping Centre's parking lot. SANBS aimed to collect 50 units of blood on the day, which will make a big difference as every unit of blood can save up to three lives! This is because blood is separated into red blood cells, plasma, and platelets, all of which are used for different medical purposes. Less than 1% of South Africans are active blood donors, and a unit of blood only lasts 42 days after donation—therefore, it's important to donate regularly.

From left: SANBS enrolled nurse Mpho Ranta, donor Jean-Lee Rabe, SANBS professional nurse Mthusi Mang Thupe.

**What criteria should be met to donate blood?**

- You must be aged 16 to 75
- Weigh a minimum of 50 kg
- You must have eaten something within four hours before donating
- You must feel well on the day of the donation
- You must lead a sexually safe lifestyle
- You must consider your blood as safe for transfusion

For more information, contact SANBS Rustenburg on 014 592 0305.

# VULNERABLE VULTURES

**Rustenburg** - Poisoning, including secondary lead poisoning, is the single most important cause of vulture mortalities in Africa. White-backed vulture chicks are being poisoned by lead ammunition fragments embedded in the meat fed to them by their parents. Bone samples revealed that 12% of white-backed vultures and 9% of Cape vultures suffered from some level of lead poisoning upon their deaths. Linda van den Heever, species conservation manager at BirdLife South Africa, has conducted extensive research on the unusually high levels of lead poisoning in South Africa's vulture species. Linda is also responsible for the implementation of Vulture Safe Zones. She engages with farmers, game ranch managers, and hunters to highlight the hazards which lead poisoning poses, not only to vultures and other wildlife, but also to humans. Please join BirdLife Rustenburg on Monday 19 June, for an update by Linda on BirdLife South Africa's most recent research findings on this issue. The presentation will take place at the Methodist Church on the corner of Brink and Schuurman Streets at 18:30. All members and non-members are welcome. Non-members pay R30.00 per person. **Feel free to contact Charles Foot (073 452 3874) should you wish to learn more about Birdlife Rustenburg and would like to attend the events.**

# South Africa deploys second team of firefighters to Canada

**Rustenburg** - The #Mzanzi2 Hotshots firefighter team departed to Edmonton, Canada, on Wednesday 14 June 2023 from the Kruger Mpumalanga International Airport. The Department of Forestry, Fisheries, and the Environment's Working on Fire (WOF) programme's second team is a contingent of 200 firefighters and 13 managers who will assist in the ongoing fire suppression operations in the Canadian Province of Alberta. This follows the deployment of the #Mzanzi1 Hotshots team of 200 firefighters and 15 managers on 3 June 2023. The #Mzanzi2 Hotshots team consists of 14 firefighters and three managers deployed to assist with runaway wildfires in Edmonton, Canada. Of the 17 second #Mzanzi 2 Hotshots team, four of the firefighters are from Rustenburg, namely Thabang Setshaone, Karabo motaboge, Kgomotso Mokhwae, and Alfred Mogapi. The deployment of both teams comes in response to an urgent request from the Canadian Interagency Forest Fire Centre (CIFFC) in terms of the existing Memorandum of Understanding (MOU) between Canada and South Africa. Alberta has already experienced more than 550 wildfires this season resulting in significant damage to property and infrastructure and displacing thousands of people. Evacuation orders have been put in place in many areas. The MOU signed in 2019, provides for the exchange of wildland fire management resources between South Africa and Canada. It was put in place following two earlier deployments to Canada to suppress wildfires in Alberta and Manitoba. The 2023 deployment is the fifth collaboration between South Africa and Canada in terms of the exchange of personnel. The 2023 Canadian deployment teams comprise highly qualified firefighters, with a minimum of 3 years

of firefighting experience, and are trained in Canadian pump operation techniques. The teams also include members with previous international firefighting experience, which enhances their expertise in tackling complex fire situations. "I would like to extend my best wishes to the team as you embark on your deployment to Canada to help put out the raging fires. You go to Canada to raise the South Africa flag and share your expertise and camaraderie with colleagues from other Canadian provinces to save lives, homes, businesses, and large swathes of vegetation," said Minister of Forestry, Fisheries, and the Environment, Ms Barbara Creecy. WOF takes great pride in mobilising such qualified and diverse teams to bolster Canada's firefighting efforts. The extensive experience and training of these firefighters will significantly contribute to the effective suppression and management of wildfires in Alberta, ultimately helping to protect lives, properties, and the environment. **Department of Forestry, Fisheries, and the Environment, press release extracts, 12 June 2023.**

### Do you enjoy spicy food?

Some avoid spicy food because of the physical pain that comes with it; the heat sensation associated with spicy food is due to the activation of pain receptors on the tongue by components like capsaicin which is found in chili peppers. With that said, do you enjoy spicy food?

Yes, I love spicy food. It gives food a great taste. Spicy food also makes food look more presentable and contains various vitamins and minerals which help to boost your immune system.

**Malefu Letsholo**

Yes, I enjoy spicy food. I love spices because they bring out the best in any dish. Some spices can even be used for medicinal purposes like garlic or ginger. Let's live a spicy, healthy life, it's a gift from God.

**Ilse Marais**

No, I don't enjoy spicy food. I love tasty food, especially a mild curry or stew. However, I lose my appetite when my mouth starts burning. So, no chillies for me!

**Elsabe Augoustides**

Yes, I enjoy spicy food. However, it should only be 'medium spicy' and not too hot. It still tastes good and gives flavour to food. It's also healthy if consumed in a balanced diet.

North West Provincial Government  
REPUBLIC OF SOUTH AFRICA

BUDGET SPEECH  
2023/2024 HIGHLIGHTS

MEC for Public Works and Roads, Gaoage Oageng Molapisi, presented his budget speech before the North Provincial Legislature on 30 May 2023. MEC Molapisi started his speech by making major announcements.

He indicated that the department was on the verge of finalising the establishment of the Road Agency for the province with the view to implement our future Capital Expenditure Projects (CAPEX). He added that this agency will augment our own internal capacity, and assist in fast-tracking service delivery of the planned major road infrastructure within the allocated time, and allocated budget.

MEC Molapisi further announced the pending appointment of a Project, Programme and Portfolio Management Unit (PPPMU) that will act as the backbone of a successful strategic planning approach in respect of all our core business in the department.

MEC Gaoage Oageng Molapisi then shifted the focus of his budget speech to the core line functions/programmes of the department.

ADMINISTRATION (PROGRAMME 1)

Filling of Critical Positions

The department has now have a full complement of Senior Management Services (SMS) in our quest to capacitate, reasonably, the top structure of the department which is at twenty-five (25). Nine, (9) are women, which translates into 36 percent.

The department also has a substantive Head of Department (HoD) after hobbling without one for more than four years when the department was placed under Section 100 (1) (b) of the Constitution of the Republic of South Africa by Cabinet.

A Chief Financial Officer (CFO) has been appointed and strategic positions of Chief Director: Building Infrastructure; Chief Director: Roads Infrastructure; Chief Director: Facilities Management and that of Director: Bojanala District have also been filled. This translates into six appointments of SMS members since August 2023.

The process of filling vacant, funded and critical positions, especially for the core functions, continues vigorously in the middle management and other levels of our operations in the four districts including head office. All vacant funded positions will be filled by quarter four.

Capacity Building

We are also in talks with the Faculty of Engineering at the University of North West to assist us in develop a comprehensive strategy that would enable the Department to attract and retain the much-needed and sought-after, technical skills.

This would also address the challenge of critical skills shortages and also guarantee proper mentorship and exposure of new recruits enrolled on the department's Candidacy Programme.

PUBLIC WORKS (PROGRAMME 2)

Building Infrastructure

On behalf of client departments, in the previous financial year 2022/23 the department successfully completed six Capex projects for the Departments of; Education, Social Development, Sports, Arts Culture and Recreation to the total budget of (R125 million).

We also completed two sanitation projects for the Department of Health and Department of Education

respectively.

The department is currently constructing seven (7) new school projects which will be completed in the third quarter of the 2023/2024 Financial Year with the total value of Five Hundred and Eighteen Million Rand (R518 million). Additionally, One Hundred and Sixty-Four Million (R 164 000 million) has been set aside for renovations and repairs for storm damaged schools of which fifteen (15) are in Bojanala, thirteen (13) Ngaka Modiri Molema, five (5) in Dr Ruth Segomotsi and six (6) in the Dr Kenneth Kaunda District.

The Department plans to construct and complete one new Community Library in Dinokana, which will be completed during 2023/24 and we will also renovate two libraries, Mabeeskraal and Ganyesa Community Libraries, which are planned to be completed during 2024/25.

The renovation and facelift of Garona Building is long overdue. Therefore, the Department has found it prudent to set aside an amount of R400 million to revamp and extend the symbol of the Provincial Head Office of the North West Administration Government

Facilities Management

We had intended to dispose of a total of 476 none-core assets. To date, the Executive Authority has already signed 113 sale agreement of which 100 have been signed and returned. A total of eighteen (18) land parcels have been disposed off through donation for restitution purposes. The department is anticipating the disposal of 60 properties in the 2023/24 Financial Year.

Office Space

We are committed to our mandate of providing office accommodation to all provincial departments. We are looking at appointing four (4) Property Brokers to assist with the assessment, negotiation and renewal of all expired office leases.

The department has taken a tough stance against illegal tenants who owe substantial amounts in rental, continue to defy calls to pay-up and in some cases deliberately vandalise properties they occupy. To this end, a firm of attorneys has been contracted to assist recover and ramp-up revenue collection in the form of owed rental monies from all tenants across the province

TRANSPORT INFRASTRUCTURE (PROGRAMME 3)

For the current financial year, the Department will implement 13 new upgrading road projects which translates in the investment value of approximately more than R 646million.

To this date, the Department has appointed 37 contractors in all the four districts of the province, that is 24 projects are for major rehabilitation and special maintenance and 13 upgrading from gravel to tar projects.

A total of 1063 jobs have been created and 172 SMME's have been sub-contracted in all projects currently under construction.

The Provincial Road Management Grant (PRMG) will be decentralised to districts as they are in the coalface of service delivery. Forty (40) percent of the PRMG allocation will be set aside for 52 road projects covering routine maintenance including pothole patching, reseal and re-graveling.

In response, the National Department of Transport allocated One Hundred-and-Thirty-Million-Rand (R 130 million) for the construction of fourteen (14) emergency Welisizwe bridges in Ngaka Modiri Molema.

A further One-Hundred-and-Eleven-Million Rand (R 111 million) was set aside to deal with 19 flood damaged roads across the province. Furthermore South African National Road Agency Limited (SANRAL) will implement 33 projects to the value of over R1.6 billion Rand (R1.634 523 738). This will cover approximately 2598 km road network across all four districts.

COMMUNITY BASED PROGRAMME (PROGRAMME 4)

Expanded Public Works Programme

The current EPWP group of participants is expected to exit the programme at the end of July 2023. The youth in this exiting group will be afforded the opportunities to part-take in youth development programmes offered as a result of Department of Public Works and Roads and the National Youth Development Agency.

A new intake of 15 000 participants will be recruited from August 2023. This group will participate in projects such as Itirele Routine Road Maintenance Programme, Boiler Operating, and other long and short skills development programmes. This will ensure that once they exit, they would have been developed and capacitated to put acquired skills from the programme to meaningful use.

Plans are at an advanced stage to fully capacitate this Community Based Programme to ensure better proper coordination of EPWP activities, fair and transparent recruitment processes of new beneficiaries as well as accurate reporting on the number of job opportunities in the EPWP sector by other government departments and municipalities.

Contractor Development

The Department has managed to implement the Public Protector's agreement on Contractor Development Programme. This involved 64 contractors, 26 of which have already exited the programme.

As part of an exit strategy for the remaining 38 contractors, sixty-seven (67) routine road maintenance projects to the tune of R304 million were allocated. Furthermore, building maintenance projects will be allocated to same, to help finalise the process.

The new Contractor Development Programme, comprising of 160 participants, will be implemented in the third quarter

Brick-making Plants

The department is also in the process of resuscitating brick-making plants. This will be finalised as soon as the department completes a condition assessment on the existing plants.

# Ruggas! Super Rugby Pacific 2023

**Kwart-finale uitslae:**

- Brumbies 37-33 Hurricanes
- Crusaders 49-8 Fijian Drua
- Chiefs 29-20 Reds
- Blues 41-12 Waratahs

**Semi-finale bepalings:**

**Vrydag 16 Junie**

- Crusaders 09:05 Blues

**Saterdag 17 Junie**

- Chiefs 09:05 Brumbies

# Currie Cup 2023

**Uitslae kwart-finale:**

- Bulls vs Cheetahs XV:

Op Fort Loftus eet die Bulle weer van die vloer af. Die Cheetahs kom na 'n agterstand van 0-17 terug en wen 31-29.

Ter versagting vir die Bulle is dat hulle vir veertig minute net met 14 spelers moes klaarkom. Elrich Louw word beloon met 'n rooi kaart wat definitief die waarde van geel gedra het, en van die gunsteling seuns van Blou Bul ruggas, Morne Steyn, het vir die laaste keer op Loftus

uitgedraf. Die begaafde speler gaan nou sy stuwels ophang na afloop van die Curriebeker seisoen. Nog 'n Blou Bul yster het ook besluit om halt te roep. Bismarck du Plessis gaan nou voltyds boer na afloop van die seisoen. Beide hierdie twee spelers het diep spore in SA rugby getrap en met onderskeiding vir die Springbokke diens gedoen.

Die Bulle dring dan deur na die semi finaal en moet Saterdag 17 Junie Bloemfontein toe reis om 15:00 om weer teen die Cheetahs te staan wat eerste op die punteleer eindig. Die span wat eerste eindig speel dan teen nommer vier.

- WP vs Sharks XV:

In Kaapstad hardloop die WP die Sharks van hulle vinne en sterfte af en wen 44-5.

Die feit dat die Haaie reeds voor die *game* verseker was van 'n tuis finaal moes hulle dalk voor die afskop onttrek het. Daar is net een woord om hulle spel van die dag te regverdig...pateties.

Die Sharks kom dan Saterdag 17 Junie om 17:30 teen die Pumas in die tweede semi-finale te staan. Sharks eindig tweede op die punteleer en die Pumas derde.

## Pirates brace for continental challenge

**DStv PREMIERSHIP**

SA – They might not have won the Premier League title, but Orlando Pirates have demonstrated why they are a major force to be reckoned with in South African football.

A second-place finish on the final DStv Premiership log standings for the 2022/23 season is proof enough that Pirates are still one of the most competitive teams in the topflight league. The achievement has guaranteed them of a spot in next season's prestigious Confederation of African Football (CAF) Champions League competition.

The CAF Champions League is contested only by the top soccer clubs in Africa, and Pirates together with Mamelodi Sundowns will represent South Africa in the competition.

Orlando Pirates—who have also won the 2023 Nedbank Cup—will now shift all their attention on doing well in the Champions League against other impressive soccer clubs from other parts of the continent.

A good performance in the CAF competition will do much to enhance their status as one of the top teams in Africa. There is also a strong likelihood that Pirates will look to sign on more players to boost their ranks and improve on their quality.

A large team will enable them to compete effectively both on the domestic league as well as in the African competition.

With their supporters always demanding the best from their team, Orlando Pirates are well aware of the huge expectations they will carry when the new season eventually takes off.

Can they handle the pressure?
