SAPS SUCCESS

NW – The North West Police activated a 'high-density operation' from 22 to 25 Jun3 2023, resulting in 255 arrests.

The suspects were nabbed for murder, assault with the intent to do grievous bodily harm (GBH), common assault, driving under the influence of alcohol, illegal dealing in liquor, burglaries at residential and business premises, dealing in drugs, carjacking, and the possession of counterfeit goods. In one of the local success stories, a Nissan NP 300 (which was stolen earlier this month in Rustenburg) was traced and found abandoned on Friday afternoon, 23 June 2023. However, the suspect is still at large.

The provincial police commissioner, lieutenant general Sello Kwena said that provincial management will continue to redirect resources and intensify operations in hotspots.

ROAD IN HAZARDOUS DISREPAIR

Rustenburg – *Platinum Weekly* received complaints on Friday 23 June 2023, that Boven Crescent has been neglected for an unreasonable amount of time, even though residents have reported the poor conditions of the road to the Rustenburg Local Municipality (RLM) on several occasions. On Monday 26 June 2023, AfriForum's Marico district coordinator, Armand Viljoen, also sent a letter addressed to the RLM, detailing alleged previous incidents plaguing Boven Crescent; including:

1. Persistent experiences of damaged power lines, burst water pipes, crumbling road infrastructure, and instances of sewage leakage into residents' yards.
2. In November 2022, a truck transporting chrome accidentally drove into a pothole (which almost looks like a sinkhole!) in Boven Crescent. This incident was promptly reported to the RLM, and the necessary steps were taken to extract the truck, requiring the removal of approximately four tonnes of chrome from the truck. The extracted chrome was subsequently utilised to fill the sinkhole.
3. In December 2022, a severe storm struck Rustenburg, resulting in heavy rainfall and subsequent further damage to road infrastructure. As a result, numerous sinkholes and potholes have formed along the street, posing a significant risk to residents and motorists.

The state of disrepair has escalated from unsafe to almost impossible! Platinum Weekly also reached out to the RLM for comment, but at the time of going to print, no feedback was received.

SCAMMED AND LEFT SEARCHING FOR A NEEDLE IN A HAYSTACK

Rustenburg – A scammed individual relayed his unfortunate encounter with trickery on Wednesday 14 June 2023 to *Platinum Weekly*. The alleged scammer is active on Facebook where the culprit advertises hay bales at an attractively affordable price. When the victim attempted to use the scammer's banking details to pay for his order of hay bales, the banking details were not accepted. The scammer then directed the victim to make a cellphone payment. After the payment was made communication was lost with the scammer and no delivery was made. "At first, I wanted to make a larger purchase, but because I wanted to test the quality of the bales I opted for a smaller purchase," said the victim, "This is fortunate or else I would have lost a lot of money."

When making online purchases, especially on Facebook, it is important to exercise the following:

1. Check the seller's Facebook page to learn more about them; if the page doesn't have a track of history, and is newly created, then it is important to proceed with caution.
2. Check if pictures of the products are genuine and original.
3. Never deviate from agreed payment methods, there must be a valid reason for a sudden change.
4. Trust your instinct, if it feels too good to be true, chances are it probably is!

After receiving payment for the hay bales, the scammer discontinued communication.

FROM 'WONDER HERB' TO NYAOPE NIGHTMARE

Rustenburg – As views on cannabis are becoming increasingly relaxed, some might not bat an eye at the news of the latest dagga bust. While *nyaope*, a mixture of low-grade heroin, cannabis products, antiretroviral drugs, and other harmful ingredients has become increasingly accessible and prevalent in our communities. Every day *nyaope* has a detrimental effect on the lives of our youngsters, destroying lives at the same rate the drug is being distributed on our streets. As a favoured additive to the *nyaope* mixture, one should question, just how accepting should we be of cannabis as the new ‘wonder herb’? On Friday 23 June 2023 a crime combatting operation conducted by the Rustenburg Crime Intelligence, Phokeng, and Hartbeespoort Dam K9 units, as well as the Brits Crime Combatting Unit (CCU) discovered a dagga cultivation plant and laboratory at a plot in Mooinoi near Brits. Dagga plants in various stages of cultivation and other products with an estimated street value of R760,000 were confiscated.

"The members of the crime combatting operation successfully applied for a search and seizure warrant and found a 36-year-old man upon arrival at the plot. The man [allegedly] confirmed that he was renting the place. Upon conducting a search, the police discovered a dagga cultivation warehouse consisting of several rooms. Aside from the confiscated dagga, the team seized 18 lights, 11 fans, a battery, two gas bottles, an air conditioner, chemicals, two machines, a laptop, and a cellphone. An investigation into the matter by the Directorate for Priority Crime Investigation (DPCI) is underway. The provincial police commissioner, lieutenant general Sello Kwenia lauded all the units involved and indicated that the police will continue to rid communities of drugs through arrests like this one": **South African Police Service (SAPS) press release extracts, 24 June 2023.**

The suspect, Ferdie Versfeld (36) appeared before the Brits Magistrates' Court on 26 June 2023 where his case was postponed to 3 July for a formal bail application.

This discovery serves well to highlight the growing issue of *nyaope* which, aside from death, presents serious health issues such as hepatitis, HIV, abscesses, venous sclerosis, and bacterial/fungal endocarditis—to name but a few.

In an interview with *Platinum Weekly* on Tuesday 27 June 2023, Hope Hill Centre addiction counsellor Mxolisi Sithole said: “*Nyaope* is a white or brown powder mixture which gradually builds the user’s dependence. At first, users don’t suffer withdrawals, but as the use of it increases, the drug gains a negative mental, physical, and spiritual hold over its users. It creates a high that takes you down. *Nyaope* addiction is growing at large, not only among the youth, but also among adults. What’s important to note is that dagga is not only a common ingredient in the mixture; the use of dagga on its own also increases the chances of a person using *nyaope* as a means to getting a stronger high. *Nyaope* rehabilitation is especially difficult as it’s not easy to go through the withdrawals. The drug only remains in the system for four hours, which means that you need a frequent fix. Withdrawals are also painful as they are accompanied by unbearable stomach cramps.”

On 28 February 2023 the National Assembly

The crime combatting operation led to the confiscation of dagga plants and other products valued at almost R1, million.

Rustenburg dagga raid exposes dark side of cannabis legalisation

granted permission to the Portfolio Committee on Justice and Correctional Services to inquire into extending the subject of the Cannabis for Private Purposes Bill. The committee opened the proposed amendments to the bill for public comment, which closed on Friday 28 April 2023.

The proposed amendments seek to broaden the scope of the bill to include provisions relating to the commercialisation of hemp, the use of cannabis, and its production. The new bill also aims to address loopholes and grey areas within the current legislative framework surrounding cannabis.

Current laws allow for cannabis use and cultivation in private spaces within measure, but the definition of a 'private space' is vague as there is confusion regarding whether spaces like homes and cars qualify as 'private' and therefore allow for cannabis use and cultivation.

The bill further aims to allow for the cultivation and possession of a prescribed quantity of cannabis plants. While the new cannabis bill, if efficiently regulated, has the potential to broaden the industry and allow for businesses to take advantage of the growing popularity of cannabis products, addiction to *nyaope* is boosted when regulations around cannabis become less stringent.

BIKER LOSES LIFE ON N4

Rustenburg – On Saturday 24 June 2023 at approximately 17:45 a motorcyclist who was travelling from the direction of the Rustenburg Kloof collided with a truck just past the Waterfall Mall on the N4 Highway. “Unfortunately, the motorcyclist was declared dead on scene,” said ER24 advanced life support paramedic.

Tragic accident on R24 claims two lives

Rustenburg/ Magaliesberg – According to information received from an ER24 advanced life support paramedic, at approximately 17:38 a Toyota Corolla and a Mercedes Benz AMG collided head on in a tragic accident near Eagles Rock Feed Mill on Saturday 24 June 2023. Sadly, two lives were lost in the accident as the driver of the Toyota and a young passenger in the Mercedes (approximately three years old) were declared dead on scene. Two other persons involved in the accident were hospitalised in critical condition, while a third was hospitalised with multiple fractures. The scene is known to be a high accident zone, motorists are urged to exercise caution when travelling on the route.

The head on collision near Eagles Rock Feed Mill, approximately 10 km before Magaliesberg.

MYSTERY ALONG THE N4 SOLVED!

[Letter to the editor]

As a regular user of the N4 Highway I recently noticed a portion along the right-hand side of the road—approximately 2 km from the Helen Joseph offramp—where it appears as if someone has created their own informal slipway. Although the strange ‘slipway’ doesn’t seem able to accommodate vehicles, I do ponder its origin and purpose. Was it done by an individual, the Rustenburg Local Municipality, or the N1N4 Bakwena?

Curious road user

Platinum Weekly reached out to the Rustenburg Local Municipality for comment on Friday 2 June, but had not received a response at the time of going to print. However, Platinum Weekly did receive a response from N1N4 Bakwena on Wednesday 21 July 2023: “Regarding the ‘slipway’, it is in fact a noise berm opened by the Rustenburg Local Municipality (RLM) for the purpose of repairing a leaking water pipe. We understand that the water pipe has been successfully repaired, and our maintenance teams have subsequently cleared the drain and removed the stones in preparation for RLM to restore and close the berm access. We would like to express our gratitude to the observant and curious road user for bringing this matter to our attention. At Bakwena, we are committed to always maintaining the safety and quality of our roads. We continuously strive to address any concerns promptly and ensure the best possible experience for all road users. For any questions or concerns regarding our operations or road maintenance, please contact our dedicated customer service team on 0800 225 9363.

The mysterious slipway along the N4 turned out to be an opened noise berm.

AfriForum Rustenburg-tak eis oplossings vir voortslepende kragkwessies

Rustenburg - Die AfriForum-tak in Rustenburg het hul regspan opdrag gegee om 'n brief aan die Nasionale Energiereguleerder van Suid-Afrika (NERSA) te rig waarin antwoorde geëis word oor voortslepende kwessies rakende elektrisiteitsvoorsiening. Dié brief is ook op 14 Junie by die Rustenburg Plaaslike Munisipaliteit ingehandig.

Dit volg ná die Rustenburg Plaaslike Munisipaliteit erge kragonderbrekings ervaar as gevolg van swak instandhouding van infrastruktuur. Hierdie brief is aan NERSA gerig omdat die munisipaliteit nie aan die minimum standaard, soos deur die lisensieverskaffer se kontraktuele verpligtinge bepaal, voldoen nie.

“Die inwoners van Rustenburg het genoeg gehad van die voortgesette swak

dienslewering. Dit is 'n absolute skending van ons regte en dit is onaanvaarbaar. Ons as gemeenskap staan saam en eis daadwerklike optrede,” sê Armand Viljoen, AfriForum se distrikskoördineerder vir Marico.

“Ons eis verbeterde kommunikasie, 'n doeltreffende foutaanmeldingstelsel, sowel as vinnige en betroubare hersteltyd wanneer kragonderbrekings plaasvind,” sluit Viljoen af.

AfriForum sal verdere regstappe oorweeg indien NERSA en die munisipaliteit nie hul wetlike verpligtinge nakom nie. Inwoners van Rustenburg wat moeg is vir die voortslepende probleme kan hul stem by AfriForum se petisie voeg.

AfriForum mediaverklaring, 19 Junie 2023.

Sluit by AfriForum se Rustenburg-tak aan en word deel van die oplossing. Skakel vir Dawie Conradie by 082 930 9905.

High mast lights burning at all hours...

Maile/Tsitsing - As a regular user of the R510 Road, I noticed that high mast lights were burning during the day between Maile Village and Tsitsing Village. I witnessed this on Thursday 25 May 2023 at around 08:30 on my way to work. On my way back from work at approximately 15:30 the lights were still on.

Since we are in an electricity crisis, is it wise to be negligent and power the lights during the day, or are the lights solar powered?

#WhyWaste?

Platinum Weekly reached out to the Rustenburg Local Municipality but had not received a response at the time of going to print.

Official cut-off for fire breaks

Rustenburg – The Greater Rustenburg Fire Protection Association (GRFPA) announced that the cut-off date for burning controlled firebreaks was Friday 30 June 2023. Only a fire prevention officer may extend this date with good reason. The community must check the daily Fire Danger Index (FDI) when considering applying for a permit to start burning. The FDI can be found on the GRFPA's website or Facebook page and consists of five colour coded categories which indicates the level of danger and the associated prevention and preparation measures. The end-date of the hazardous fire season is dependent rainfall, which should measure 30mm, and indicates the end of the dry season and the decline of fire risks. GRFPA chairperson, Debbie Snyman, had the following advice to share with the community:

"Please ensure that you have a permission permit to burn. Have the correct equipment in place and maintain proper supervision. It's important to inform your neighbours, cluster manager, and local fire department whenever you start a burn and after burning has ended. Ensure that the fire has completely died down before leaving the area."

Men’s dialogue event held in Robega

Robega –On Saturday 10 June 2023 Distinctly Xclusive Productions (DXP) in collaboration with the Macharora Anti-Substance Abuse Programme hosted a men's dialogue event at the Robega Village community hall. The event was successfully directed by soccer legend Marks Maponyane, together with anti-drug activist, Thabang Sefotho. Amongst those who attended were representatives from the department of correctional services, local businesses as well as religious and community leaders.

Back from left: Moja Love Ready to Quit presenter Thabang Sefotho, Dickson Seroke from correctional services, soccer star Mark Mafa Maponyane, Harry Madidimalo and William Matabane from correctional services, and Godwin Sibanda from the Macharora Anti-Substance Abuse Programme. On Trac-Tor for charity

SA - Pediatric Care Africa (PCA) is launching its second epic "On Trac-Tor" 2,500km tractor and trailer charity ride which will run from Sunday 2 July to 15 July 2023. Dr Andre Hattingh, the CEO and founder of PCA will be riding a Mahindra 86-110 tractor sponsored by Mahindra South Africa and facilitated by Mahindra Nelspruit for the duration of the trip. Pediatric Care Africa was established in 2017 and is a fully registered non-governmental organisation (NGO) and non-profit organisation (NPO) in South Africa with offices and registration in the Netherlands as well. Pediatric Care Africa works hand-in-hand with communities to deliver food, emergency and medical equipment, medical assistance, and medicines to children in need. Due to the deteriorating economy and the increase in poverty, the demand for Pediatric Care Africa's services has skyrocketed while the NPO's donation income has declined. However, the promise to help sick, hungry, and defenceless children was made by Dr Andre Hattingh years ago, and he is resolute to keep that promise by raising R250,000 with the charity ride. 2,500km by tractor is not for the faint hearted, and requires a tremendous amount of physical and mental strength. Travelling at an average speed of 26km per hour in an extremely bumpy and tiring environment, it is a truly taxing and exhausting endeavour!

This 2,500km charity Tractor ride focuses on 3 very important issues:

- To create awareness and raise funds for children in South Africa who require medical treatment and surgeries.
- To raise awareness of the thousands of children who are abused, assaulted, and murdered each year.
- To draw international attention to farm murders, as farm murders in South Africa are becoming increasingly brutal and affects all of us. Farm murders must absolutely be stopped. We

support TJ Marais and the 911 riders on their quest to reduce farm murders in SA.

How you can get involved:

- Sponsor Dr Andre Hattingh per kilometre.
- Make a once-off or a monthly donation.
- We call on all farmer unions and organisations along our tractor route to support our efforts in with these critical issues.
- Donate baby milk (all types) as many mothers are not able to breastfeed their children due to medical reasons.
- Donate diesel for this "On Trac-Tor" charity ride.
- Become a volunteer with Pediatric Care Africa.
- Hospitals and doctors can assist us with pro bono treatment or surgery for children, as part of their corporate social responsibility (CSR) programmes and initiatives.

The intended route:

- 2nd July 2023: White River/Nelspruit to Burgersfort via Sabie and Lydenburg
- 3rd July 2023: Burgersfort to Mokopane (Potgietersrus)
- 4th July 2023: Potgietersrus (Mokopane) to Thabazimbi (tractor check)
- 5th July 2023: Thabazimbi to Koster
- 6th July 2023: Koster to Wolmaransstad
- 7th July 2023: Wolmaransstad to Hartswater
- 8th July 2023: Hartswater (Stay over x 2 nights and Tractor check)
- 9th July 2023: Hartswater to Winburg

- 14th July 2023: Piet Retief to Badplaas
- 15th July 2023: Badplaas to White River via R33 & R38

To get involved, please visit www.pediatriccareafrica.org for full information or please phone Pediatric Care Africa office secretary Surika van der Merwe on 076 229 5663.

Dr Andre Hattingh, the CEO and founder of PCA will be travelling 2,500km by tractor!

POLL

Would you tell someone if you saw a piece of food stuck in their teeth?

Most of us have probably found ourselves in that awkward situation where we notice a piece of food stuck in someone's teeth. While some of us are weary to mention anything for the fear of embarrassing the other person, others have no problem when it comes to pointing out that evident little piece of spinach which has wedged itself in between a friend's teeth. Would you point out the problem, or rather keep quiet? Make yourself heard by sending an email to news@platinumweekly.co.za or send us a WhatsApp on 081 579 7000 with the following information before 17:00 on Monday 3 July 2023.

- Yes, I have no problem pointing it out.
- No, I wouldn't.
- The reason for your answer.
- A recent photo of yourself—so that we can publish your pic with your answer.
- Your contact details.
- Please indicate in which town/ city you reside.

The results of the votes will be published in our next issue. **P.S. You can also give your opinion by commenting on our Facebook post.**

YOUR FRIDAY FUN FACT

Did you know?

In 1897 dentist William Morrison partnered with candy-maker John C. Wharton to develop the cotton candy machine. It's not known whether William Morrison had an ulterior motive for inventing the soft confection, but the dentist no doubt helped ensure others in his profession continued drawing in plenty of customers.

Baby Matsie.

Baby's hearty beef tripe.

Beef Tripe

Rustenburg – Baby Matsie from Boitekong, who loves to cook for her family, shared her beef tripe recipe. With basic and cost-effective ingredients, the dish is certainly worth a try!

Ingredients:

- 2 kg Beef tripe
- 1 x Onion
- 2 x Tablespoons olive oil
- 1 x Tablespoon of Rajah curry powder
- 1 x Tablespoon of crushed garlic
- 2 x Cubes of beef stock

Method:

1. Boil the beef tripe in water for one hour and thirty minutes until it's soft, then separate the tripe from the water. Put the tripe and the water aside in separate containers.
2. Fry the onion, garlic, and curry powder together with the olive oil.
3. Once all the ingredients have properly mixed and heated, add the tripe and fry together.
4. Add the beef stock and stir.
5. Add some of the water left from step one to make the dish saucy.

If you would like to have your recipe featured in the *Platinum Weekly* newspaper (**free of charge**), contact Sarel Oberholzer at 081 579 7000 or email editorial@platinumweekly.co.za.

Impact of social media on children

[Letter to the editor]

It's important for parents to shield their children from the negative effects of social media.

Rustenburg – The internet and social media have made it possible for people all over the world to connect with each other. Access to information is now easier with everything being just a click away. However, this access to information and content can either have a positive or negative impact on your children, depending on their usage. On the positive side we have children using the internet to aid with their studies and to share educational content. Then on the other hand you have those who spend too much time glued to their tablet or laptop screens exposed to harmful content, especially at a young age. Children who spend too much time on social media are more prone to experience health issues such as obesity and may find it difficult to connect with others outside of their social media platforms. What is also important to note is that social media platforms are often flooded with violent, sexual, and hateful content, which can influence a child's mindset towards the real

world. Therefore, it's important for parents to shield their children from the negative effects of social media. I would advise parents to discuss internet safety with their children and to supervise their children's internet usage by periodically checking their profiles and posts. Adjust privacy settings and use parental control for online games, apps, and social media sites. One useful tip is to ensure that your computer is in a common room where you can see what your children are getting up to on the internet. It's also beneficial to balance your child's time on social media platforms with time spent outdoors. The fourth industrial revolution means that the internet is increasingly playing a significant role in the way we live, work, and relate to others. This significant impact on human development means that it's more important than ever to strike a healthy balance between the digital world and the real world. **#ConcernedTeacher**

Maar op die dag was die Cheetahs die beter span en het dodelik verdedig. En dan natuurlik generaal Pienaar wat weer 'n topklas vertoning op losskakel lewer en dikteer die spel na willekeur.
