SUSPECTS ARRESTED FOR ILLEGAL POSSESSION OF A FIREARM AND AMMUNITION

From right to left: Heroes in blue, sergeant Mohau Khunou, sergeant George Ncube, sergeant Peter Ndaba, constable Vincent Mohotheng, constable Edward Mampe, and constable Katlego Kgotle.

The confiscated illegal firearm and ammunition.

Tlhabane - On Saturday 12 August the Rustenburg SAPS Crime Prevention Unit members acted on information and consequently arrested four suspects for the illegal possession of a firearm and live ammunition at Boshhoek between the R565 and Lindleyspoort Road. The suspects who were travelling in a Citi Golf were allegedly enroute to commit a robbery in Rustenburg. “Koketso Sefala 35, Harry Mtome 45, Mzamo Dladla 33, and Kabelo Kgoroba 40, all from Soshanguve, appeared before the Tlhabane Magistrates’ Court on Monday 14 August 2023, and are expected to appear before the same court for bail application on 22 August,” said police spokesperson sergeant Ofentse Mokgadi. The Rustenburg SAPS station commander, brigadier Joel Pheto, thanked the police members for being proactive by preventing a serious crime before it happened and successfully removing an illegal firearm from the community.

NUMSA marches to RLM

Rustenburg – the National Union of Metalworkers of South Africa (NUMSA) marched to the Rustenburg Local Municipality (RLM) on Friday 11 August 2023.

According to extracts from a statement received by NUMSA: “NUMSA marched to RLM to handover a memorandum of demands to the municipality over its plans to charge Glencore Smelters a surcharge for electricity. NUMSA members from Rustenburg Smelter, Wonderkop Smelter, Boshhoek Smelter and Business Partners (also known as contractors), marched to demand that the municipality withdraw its proposal to charge Glencore Smelters an additional fee, (surcharge) over and above the tariff by NERSA.

This has become a burning issue because if the municipality gets its way, and imposes the surcharge, then Glencore Smelters will move its operations elsewhere. Ordinarily NUMSA will never defend capital, however, in this instance, we are defending the jobs which will be lost as a result of the senseless decision taken by the municipality. If Glencore moves its operations, at least 1,050 direct jobs will be lost, but what is even worse, is that more than 7,300 jobs along the value chain will also be affected. This is why NUMSA had no choice but to get involved in order to defend the jobs of its members, but, also, to defend the livelihoods of the Rustenburg community as a whole.

The NUMSA Regional Secretary of Hlanganani region, comrade Jerry Morulane led the march and delivered the memorandum to the MMC for Public Safety, Virginia Mputle.”

“Glencore Merafe Chrome Venture (“Venture”) confirms that the National Union of Metalworkers (“NUMSA”) have obtained permission in terms of the Gatherings Act, No. 205 of 1993

(“Gatherings Act”) to convene a march on 11 August 2023 to the Rustenburg Local Municipality (“RLM”) in order to hand over a memorandum.

The memorandum relates to the conditions which the RLM seeks to impose in an application to NERSA relating to the Rustenburg Smelter (“Smelter”) for a negotiated pricing arrangement (‘NPA’). The RLM seeks to impose a surcharge on electricity supplied to the Smelter by Eskom, and which poses a severe threat to the sustainability of the Smelter. The RLM is currently not providing any services to the Smelter in relation to such supply. NUMSA members at the Venture’s Rustenburg, Boshhoek and Wonderkop plants (“Plants”) took part in the march and were joined by management of the Smelter, and non-affiliated employees. Given the vital importance of the NPA for the future of the Smelter and long-term certainty around electricity pricing, the Venture further granted permission to all of its non-affiliated employees at its Plants, to attend the march. The Venture reiterated to all participants that the proceedings had to be conducted in a peaceful and lawful manner as provided for in the Gatherings Act and in line with its commitment to uphold human rights,” read the Glencore Merafe Chrome Venture, press release.

NUMSA marched to RLM to handover a memorandum of demands to the municipality over its plans to charge Glencore Smelters a surcharge for electricity.

‘Aansoeke net geldig vir persone in Thabazimbi en omliggende area’

SA - The rules governing the interactions with law enforcement officials can be tricky for most. For people staying on farms and smallholdings [especially given the current political landscape] it can be downright intimidating. For those tilling the soil or anyone else upholding the law, understanding their rights, duties, and boundaries is paramount. As we navigate the intricate legal landscape, we must be aware of our rights to protect ourselves, our property and guard against unwarranted intrusion and harassment. In the same way police officers are bound by their duty to enforce the law, while also respecting the unique challenges and conditions faced by our community. This feature delves into some of the complexities of the law, casting light on what each side can rightfully expect from the other, aiming for harmonious coexistence and mutual respect. Recent news making headlines about farmers not getting what they bargained for when calling on SAPS has highlighted the need for our communities to brush up on several aspects of the law that might affect them. Having clarity about the law, responsibilities and expectations when dealing with SAPS can help you to ensure that your rights are respected. It can also prevent conflict and if all the parties of this delicate, but indispensable relationship keeps to their end of the bargain, it will also save all involved in legal fees and save SAPS millions in civil claims.

Many people have started to question their rights when it comes to protecting their property. With the purpose of gaining clarity, *Platinum Weekly* reached out to police spokesperson colonel Adele Myburgh and received the following answers to our questions:

1. **Question:** When a person phones in to report that someone has been caught for stock theft, and requests that SAPS must attend to the scene, would SAPS immediately inform the complainant on what time SAPS can be expected, and if there is someone immediately available to attend to the scene?
- Answer:** No, police attend to more than one scene at a time, and serious crimes, like a robbery in progress, murder in progress, serious motor vehicle accidents (where the road has been blocked) will be given preference if police can prevent the loss of human life. In a case where a citizen's arrest was made, it will be attended as soon as possible and is regarded as a serious incident, because a caught/detained person, can be dangerous and unstable.

2. **Question:** Would SAPS mind if the phone call to them is recorded?
- Answer:** No.
3. **Question:** Section 42 of the Criminal Procedure Act 51 of 1977 allows a private person to make an arrest in the following circumstances: A private person can arrest any person without a warrant – who commits or

as provided for in Section 49(2) of the Criminal Procedure Act. See attached Section 49(2) for your attention:

49. Use of force in effecting arrest

(2) If any arrestor attempts to arrest a suspect and the suspect resists the attempt, or flees, or resists the attempt and flees, when it is clear that an attempt to arrest him or her is being made, and

cause to believe that a person was involved in the commission of a crime. "Probable cause" means that a police officer, prior to an arrest, must evaluate all the facts and circumstances known at that time, based on his own observation or trustworthy information. If an eyewitness reports on a crime which has already occurred, the eyewitness first needs to give a written statement made under oath and be willing to later testify in court, to give police probable cause to make an arrest.

7. **Question:** May SAPS enter and search a property without a warrant?

Answer: Yes. Law enforcement officers are allowed to search without a warrant if the officer is of the opinion that in any specific instance, he/she would be able to obtain a warrant, but because of the circumstances of that particular case, there will not be enough time to obtain one according to Section 22 of the Criminal Procedure Act. In other words, if a police official has a reasonable suspicion that property or certain people have just been involved in committing a crime or are plotting to do so, they have the right to search and seize such items from the perpetrators and arrest the perpetrators without a warrant to do so.

Myburgh also added that it is very important for those who respond to a crime scene, to not contaminate the scene of the crime. "Please, when you respond to a crime scene, do not touch, or move anything if possible. For

example, investigations can be hindered when forensic evidence is unknowingly corrupted by responders."

The answers to some of these questions, might not be to your liking, but it is better to know what you can expect, even if it is to know that you cannot expect an answer, such as a response time. It is always highly recommended to keep track of communication and on the events as they unfold when any criminal acts are involved. Always prioritise safety, respect the law, and remain informed. As you will see in the answer to question 6. As an example, even if you have caught a person committing a crime... SAPS might find that person to be trustworthy and if that person goes on to give a written statement made under oath and be willing to later testify in court, such statement is enough probable cause for SAPS to arrest you, even if you initially reported a crime to SAPS and requested their assistance.

And they said beauty is in the eye of the beholder...

In our local communities, security groups, community leaders and SAPS are finding ways to strengthen ties in their collective fight against crime.

SAPS & THE LAW

Rights, responsibilities, and expectations

attempts to commit an offence in his presence or whom he reasonably suspects of having committed an offence. When a person makes such an arrest, would it be fine with SAPS if the person uses cable ties—seeing as most ordinary citizens do not have handcuffs—to restrain the arrested person if they resist arrest? If not, how should a person conducting a citizen's arrest restrain the person who is resisting arrest?

- Answer:** The person should always act in such a way that his own as well as the alleged suspect's life is protected. To restrain a person, by using cable ties or locking them in a safe room, to prevent him/her to escape is permitted.
4. **Question:** Can SAPS restrain a person with handcuffs if the person resists arrest?
- Answer:** Yes, after an arrest a person must be handcuffed. Even if the person is initially calm, he/she can change their attitude/demeanour in a split second. This will also assist the officer to prevent the person from escaping and will help to keep everyone safe.
5. **Question:** Can a person who conducts a citizen's arrest fire a warning shot if the perpetrator tries to flee?
- Answer:** The firing of a warning shot is only permitted when a person may be lawfully shot

the suspect cannot be arrested without the use of force, the arrestor may, in order to effect the arrest, use such force as may be reasonably necessary and proportional in the circumstances to overcome the resistance or to prevent the suspect from fleeing, but, in addition to the requirement that the force must be reasonably necessary and proportional in the circumstances, the arrestor may use deadly force only if—

- (a) the suspect poses a threat of serious violence to the arrestor or any other person; or (b) the suspect is suspected on reasonable grounds of having committed a crime involving the infliction or threatened infliction of serious bodily harm and there are no other reasonable means of effecting the arrest, whether at that time or later.
6. **Question:** Your website reads that a person may be arrested either on the strength of a warrant of arrest, or when a police officer witnesses a person committing an offence or has probable cause to believe that a person was involved in the commission of a crime. Can probable cause be the word of another person who was caught committing a crime?
- Answer:** Police can arrest a person with or without a warrant if the officer witnesses him/her committing an offence or has probable

A fire near Vlaklaagte.

NEGLIGENCE BURNS LANDS AND PATIENCE

Rustenburg/ Mooinooi/ Lindleyspoort – The patience of smallholding residents and business owners is burning out as many remain ignorant of the fire ban, which took effect on Tuesday 1 August 2023 and is set to last until 31 October (or until the first 20 ml rainfall has been recorded). Reckless fire starters had volunteer firefighters occupied again on Wednesday 9 August 2023. Two fires, one suspected to have been caused by negligence in Barnardsvlei, Mooinooi, and one started due to a negligent community member in Rhenosterfontein, Rustenburg, had volunteer firefighters scrambling to subdue the flames and minimise the damage. The first fire, suspected to have been caused by negligence, started at approximately 11:00 next to the Rand Water Road close to the Barnardsvlei reservoir in Mooinooi. “The fire was quickly fanned by an easterly wind which drove the flames west towards Silver Creek. This had volunteers battling the flames until about 17:30. However, the flames flared up again at 20:00 in the evening and were again subdued by volunteers at 22:00. Ultimately, the fire burnt 135 hectares of land, including a block of King Proteas,” said a community member. Meanwhile, another fire was started by a resident on the K2 Road in Rhenosterfontein at approximately 11:30 and swiftly spread to Modderfontein due to an easterly wind. Said Rhenosterfontein/ Zuurplaat cluster manager Petra Rough: “Nearly 25 properties were affected, and initial calculations indicate that a total of 221 hectares were burnt. An estimate of 60 people were involved in fighting the consuming fire, and close to 100,000 litres of water was used to extinguish the fire, which we finally managed to put an end to at about 18:00”. Petra added that they have been pleading with residents for months to be more vigilant, considerate, and cooperative. “Every morning the Fire Damage Index (FDI) is posted on Greater Fire Protection Association (GRFPA) and cluster WhatsApp groups, as well as warnings of excessive wind gusts. But only a small percentage of the Rhenosterfontein/Zuurplaat community care to be a part of the community. Property owners are urged to join the GRFPA and educate themselves on the laws regarding landowners’ fire prevention and safety responsibilities,” said Petra. Petra said that the damage suffered was immense, as injuries, burns, and losses occurred because of the ignorance of one person who decided to not heed the fire ban issued on 1 August by setting grass on fire. “I thank all who helped to fight the fire, I know that many went to bed physically and mentally exhausted after winning the battle,” added Petra. Additionally, several fires were started on Monday 14 August at 13:15 near Lindleyspoort, which rapidly spread towards Vlaklaagte and five nearby farms.

Lindleyspoort community members quickly responded and managed to put an end to the fires at approximately 01:30 am on 15 August, which in some parts flared up again at approximately 05:15 am but were fortunately subdued shortly afterwards. Although the cause of the fires has not been confirmed, it has been noted that the fires were started on various spots near the farms as well as in the Klokweg area. “I would like to thank all of the community members who swiftly responded to aid the farmers in their time of need. A person doesn’t always realise just how important community cooperation is. I know that there were farmers whose properties sustained a worrisome amount of damage, and had it not been for the brave volunteers, it could have been even worse. Thank you to each and every person who selflessly volunteered and put their lives at risk in order to save people, animals, and property,” said Vlaklaagte farm resident Louise van Zyl. “One farm worker sustained minor burns associated with the radiant heat, and was treated accordingly by the local doctor,” said Kgetleng Fire Protection Association chairman Garry Needham, “A total of 14 firefighting farm units and 38 personnel with beaters and blowers braved the extreme heat and warm southerly wind to stop the destructive force that could have destroyed thousands of hectares, as well as livestock, homes, and even lives.” Community members are urged to observe the fire ban as non-compliance leads to disastrous consequences, both to the environment and to the lives of others.

The fire was reportedly started by a negligent community member on the K2 Road in Rhenosterfontein.

Urgent appeal to landowners and land users: NO FIRES!

GRFPA members who voluntarily respond to cries for help do so at their own time, cost, and risk.

Rustenburg - The Greater Rustenburg Fire Protection Association (GRFPA) appeals to landowners and land users to adhere to the fire ban, which was implemented on Tuesday 1 August 2023 and will last until 31 October (or until 20 ml rainfall).

It is a criminal offence to light a fire in the open or allow a fire to continue to burn or add fuel to a fire when the FDI is ORANGE, or RED, or when a **fire ban period has been declared**. This includes all ashpits, block burns, and fire breaks. Ignorance of the law is not a defence. “Do not burn your waste, please recycle and take your waste to allocated dumpsites,” says GRFPA chairperson Debbie Snyman. The GRFPA unites landowners in the common purpose of prevention and mitigation of the harm caused by veldfires, and the protection of lives, properties, and livelihoods. Please be considerate of volunteer firefighters and community members who lose grazing, livestock, infrastructure, equipment, and suffer injuries and burns, and who incur huge costs in fighting fires which have been started by negligence and ignorance of the law. Although there are members of the GRFPA who voluntarily respond to cries for help at their own time, cost, and risk, the GRFPA is not a firefighting service. Fire suppression operations are conducted according to the Fire Brigade Services Act and remain the responsibility of the Rustenburg Local Municipality. Landowners and land users who fall within the ambit of the National Veld Fire and Forest Act (NVFFA), i.e., anyone on whose land a veldfire may start or burn, or from whose land a fire may spread, are advised to join the GRFPA.

Benefits at joining the GRFPA at only R300 per year:

- Information and awareness on the best practices in fulfilling the requirement of the NVFFA
- Daily Fire Danger Index (FDI) updates
- Access to GRFPA firefighting equipment held in clusters
- No charges to call out the Rustenburg Municipal Fire Service. Non-members can expect to pay a minimum charge of R6000
- The ‘Presumption of Negligence’ clause is waived should members be involved in a civil case arising from a veldfire

To join the GRFPA, email grfpa.fire@gmail.com

Where to dump waste?

The Rustenburg Municipality (RLM) has two sites where waste can be disposed of namely the Waterval landfill site and the Strumosa drop-off facility. The Waterval landfill site is situated approximately 5 km out of the CBD (or 1 km from the Sibanye offices) outside Rustenburg on the Marikana road. At the Waterfall landfill site, all types of waste, except hazardous waste and medical waste, are accepted. Secondly, there is also the Strumosa drop-off facility, which is situated opposite the Olympia Park Stadium, near the Municipal Parks offices, in Geelhout Park. Only private garden waste is accepted at the Strumosa facility and disposal is at no cost to the customers. No private or commercial garden services are allowed to use the facility for disposal. For any solid waste-related enquiry, contact RLM solid waste management unit manager Julian Nkoana at 014 590 3101. You can also send an email to jnkoana@rustenburg.gov.za or visit the waste management depot at 156 Bethlehem Drive, Rustenburg.

Conveyor belt and tyre fire during a fire-ban period on the R24

Thick black clouds hovering over Rustenburg could be seen from kilometres afar!

Rustenburg – A conveyor belt (rubber) fire is a significant risk, and is highly toxic and acrid. On Wednesday 9 August 2023 at approximately 10:00, owner of President Paul Kruger Guest Lodge, Human Jordaan, became aware of thick, black smoke on his property. He immediately set out to investigate only to realise that one of his neighbours’ tenants had started a veld fire, which soon spread to a heap of conveyor belts and tyres. Things soon got out of hand! When confronted, the neighbour explained it was one of the people residing on his farm. The fire ignited on Wednesday morning but burnt for two days on end. Even the Fire Department, who came to extinguish the fire on the Wednesday had emptied two tanks to extinguish the flames, but to no avail. Eventually, the neighbour on whose property the fire started, employed a company to extinguish the fire. They also promised to remove the waste in due course.

“The smoke was thick, black and poisonous! We were working on a project at the lodge, close to where the fire was started, which made it impossible. Besides our eyes burning, our visibility was reduced, and breathing was difficult. Some of my maintenance workers complained of heavy headaches,” said Jordaan. He added: “Our clientele was also very disgruntled. As the smoke made its way through our lodge, the pungent smell littered the air. With the August winds at hand, it did not play in our favour. We did report the matter to the higher-ups who will investigate, as a fire (especially one of such dangerous nature) was started during a fire-ban period.” President Paul Kruger Guest Lodge situated on the R24 is one of Rustenburg’s gems where guests enjoy the peaceful gardens with its beautiful trees, chattering squirrels, and diverse bird species. Jordaan is glad that the fire incident is something of the past.

Word of Motive needs your help

Rustenburg - Word of Motive was formed in 2020 during the Covid-19 pandemic while churches were shut down. The registered non-profit church organisation was put together by different church leaders who, through WhatsApp, prayed and preached for the sick, and motivated community members not to lose hope. The organisation soon realised that it had to do more to help vulnerable community members in and around Rustenburg. The organisation then registered as an NPO in order to collect funds to help those in need. They identify and help

as many vulnerable people as possible, and in August 2022 they even received a donation from Majakaneng Hiking Trails who sponsored school shoes to the Good Hope Centre in Modderspruit. The Word of Motive organisation has many families who turn to them for help, and as often as possible the church members aid the families out of their own pockets, but the organisation needs assistance to further help their cause. **If you would like to donate, please contact Word of Motive deputy secretary Titus Chamba on 071 159 9192.**

SAPS launches school safety programme

Sun City - Sun City SAPS partnered with Correctional Services, Moses Kotane Local Traffic Department, and local non-governmental organisations (NGOs) on Tuesday 15 August 2023. Together they embarked on a resounding and successful campaign at Itumeleng Secondary School in Ledig and Khayaletu Secondary School in Phatsima.

"The objective of this campaign was to educate learners about substance abuse, dangerous weapons, and teenage pregnancy," said police spokesperson sergeant Ofentsi Mokgadi.

The campaign itself was honoured by the presence of captain Mogapi who unfolded the junior commander's concept and encouraged learners to focus on school activities.

Stakeholders engaged with learners to educate them on substance abuse, dangerous weapons, and teenage pregnancy.

RUGGAS!

2023 Wêreld Beker

Dit lyk of die loskakel spook weer loop net voor die 2023 Wêreld Beker ou grote.

Eers is dit die Springbokke se Handre Pollard wat beseer is.

Die Franse sensasie, Romain Ntamak se seisoen is ook iets van die verlede weens 'n ernstige knie ligament besering. Dan het die Ingelse boef, Owen Farrell, 'n rooikaart ontvang die afgelope naweek in die *game* teen Wallis. Farrell is ook die Engeland se kaptein. Sy vorige veroordelings gaan swaar teen hom weeg met sy tugverhoor. Hy mag dalk die eerste twee groep wedstryde mis-loop weens sy onkunde.

Die Bokke speel Saterdag teen Wallis in nog 'n opwarmings *game*. *Coach* Nienaber het tydens 'n onderhoud gesê hy het klaar eksperimente gedoen en geen speler gaan meer watter toegedraai wees nie. Siya Kolisi is die *cappie* maar Eben Etzebeth is nie in die span nie. *Eish*, hy is darem bietjie groot om in watter toegedraai te word.

Uitslae: Vriendskaplik

- Chili 26-28 Namibië
- Frankryk 30-27 Skotland
- Engeland 19-17 Wallis
- Georgia 56-6 Roemenië

Bepalings-Vriendskaplik

Saterdag 19 Augustus

- Wallis 16:15 SA
- Georgia 17:00 VSA
- Ierland 18:30 Engeland
- Italië 18:30 Roemenië
