## Rustenburg farm attack calls for vigilance

**Rustenburg** – In a troubling reminder of the challenges facing rural communities, a farm attack occurred in the early hours of Tuesday 6 February 2024 near the R104, close to Little Parris for Paws. This incident has brought to light the critical need for vigilance and community solidarity against the backdrop of rural crime.

Charl Visser, owner of Buffel Sekuriteit and Rustenburg Landelike Diens, provided an account of the experience faced by a local small holding resident. The victim, embarking on his daily pre-dawn routine, inadvertently stepped into a nightmare scenario. While preparing for his morning coffee around 03:00, he disarmed his alarm system, getting ready for the day. Then he heard unusual sounds outside. His decision to investigate, only intending to glance out the door, turned dangerous as he discovered his security gate had been forcibly breached.

The attackers, exploiting the element of surprise, overpowered the resident with brutal efficiency. The assault, marked by physical violence inflicted with a brick, left the victim with significant head injuries. He could only watch, tied up, as the assailants plundered his home, seizing essentials such as his cellphone, wallet, television, and decoder.

The victim's calls for help were heard by neighbours, who intervened by firing a warning shot, causing the assailants to flee the scene. Visser emphasised the importance of community awareness and cooperation in preventing such incidents. "If you hear something suspicious, do not face it alone. Contact your neighbours or call Buffel Sekuriteit and Rustenburg Landelike Diens at 076 344 2469 immediately. We are here to assess the situation together," advised Charl.

He further highlighted the potential severity of the attack, noting the assailants' decision not to use firearms on this occasion. "This incident could have had a far worse outcome. It's a stark reminder of the need for vigilance and the value of having a strong community bond and immediate access to security services."

A police report has been filed, and investigations are underway. Residents are urged to remain alert, report any suspicious activity, and maintain open lines of communication with neighbours and local security providers to enhance safety and response times during emergencies.

# RUSTENBURG SMALLHOLDING BREACH: CHAMPAGNE BOTTLE MARKS THIEVES' BOLD ACT

**Rustenburg** – A family living on a smallholding outside Rustenburg on the R24 faced a break-in on Thursday, 8 February 2024. This was not the first time their home was targeted, marking a worrying trend of repeated attacks. The homeowner shared her story with *Platinum Weekly*, detailing the unsettling events. Earlier this year, in January, their property was invaded by a group of five or six men. The thieves entered the home while the family's 13-year-old son was in the living room watching TV. Threatened with a screwdriver, he was forced to remain silent as the intruders made off with a 56-inch TV and various other valuables. "My son was so brave," the mother said, clearly pained by the memory. She expressed her wish that such an incident had never occurred.

The family didn't catch a glimpse of the getaway vehicle, but the mother later spotted a suspicious white single cab bakkie. However, she couldn't confirm if it was related to the thieves. Adding insult to injury, the thieves also raided the kitchen, where they took a bottle of champagne. They drank it on the property and left the empty bottle by the fence, a gesture the homeowner saw as a brazen celebration of their crime. "It was almost like they were showing off, celebrating their theft right in front of me," she recounted, still angry at the memory. Despite the repeated break-ins, she continued, sharing, "We've called this house our home for nearly two years. Many friends have urged us to relocate to a safer area, cautioning that the R24 has grown increasingly dangerous. Yet, I've

come to realize that in Rustenburg, finding a place where safety is guaranteed, is impossible!" She notes an increase in crime in the area, particularly since October 2023, with criminals now also targeting vehicles. The latest incident saw the criminals return, causing distress and fear among the family members. In the February incident, the thieves tried to take her car but didn't manage. They did get inside the car, though, and stole a few items. A neighbour's bakkie was also targeted that night, and from his property, a lawnmower and garden tools were stolen. This series of incidents has not only traumatised the family but also raised concerns over the rising crime rate in the Rustenburg area, underscoring the community's growing unease.

## RUSTENBURG COMMUNITY SHAKEN BY HIJACKING AND SHOOTING INCIDENT

**Rustenburg** – The Rustenburg North community is reeling from a shocking incident that unfolded in Middle Street on Tuesday evening, 13 February 2024. A local man fell victim to a violent hijacking that ended in him being shot and wounded. Sergeant Ofentse Mokgadi, a spokesperson for the Rustenburg Police, confirmed the incident, stating, "We can confirm the occurrence of the unfortunate event. Our officers have registered a case of theft and attempted murder following the incident. Fortunately, the hijacked vehicle was promptly recovered by the police at a local mine." The 41-year-old victim received immediate medical attention for his injuries at the Tlhabane Clinic. After undergoing treatment, he was discharged and is currently recuperating at home.

## 10 YEARS FOR RAPE CONVICTION

**Swartruggens** – In a recent verdict that has brought a sense of justice to the community, the Swartruggens Magistrates' Court sentenced 33-year-old Katlego Phillip Ngaletsane to 10 years in prison for the rape of a 33-year-old woman, reports captain Aafje Botma. This decision, announced on Tuesday, 30 January 2024, was met with approval by brigadier Mmamotsamai Ntoagae, acting district commissioner of Bojanala Platinum Sub-District 2. The incident, which took place on 16 January 2023, occurred after Ngaletsane and a friend, who had been at a local tavern, asked the victim to help transport the friend home. On their return journey, Ngaletsane deceitfully claimed a tyre had burst and, under the guise of safety, convinced the victim to walk with him. He then forcibly took her to a nearby house where he committed the assault. The victim courageously reported the crime, leading to Ngaletsane's arrest and subsequent imprisonment.

## FORMER LEGISLATOR FACES THEFT CHARGES

**Rustenburg** – The theft case involving former North West Legislature member, Betty Diale, has been postponed to 6 March 2024. Diale, who appeared in the Specialised Commercial Crimes Court on Monday, 5 February 2024, is accused of stealing approximately R700,000 from Road Accident Fund (RAF) claimants. The charges against Diale involve six counts of theft related to monies allegedly diverted from RAF claimants into her trust account. These claimants reported that they did not receive their due payments, prompting a police investigation. Diale, who served as an attorney during the alleged crimes between 2009 and 2011, was charged in June 2021. Following these allegations, the Legal Practice Council has barred her from practising law by striking her off the roll.

## Rustenburg fraud case: two arrested for swindling R800,000

**Rustenburg** – Two men of Mozambican nationality, aged 43 and 46, were apprehended on Friday 9 February 2024 in Rustenburg facing serious allegations of fraud, as confirmed by warrant officer Amogelang Malwetse. The incident revolves around the Khulumani Support Group, a humanitarian organisation that had brokered a deal in 2020 with a local mining company. The agreement was to facilitate the repatriation of former mine workers who had either passed away or were suffering from illnesses, back to their countries of origin. According to the terms, Khulumani was responsible for fronting the necessary expenses, which would later be reimbursed by the mining company. The operation took a criminal turn when one of the arrested individuals, who held a position of responsibility within the committee overseeing financial claims for miners, was found to have submitted numerous fraudulent claims. These claims, fabricated with false death certificates, amounted to a staggering R800,000. It was uncovered that the funds were then diverted into the bank account of the second suspect, marking a clear case of theft. The fraudulent activities came to light when a complainant unearthed discrepancies, leading to an in-depth investigation by the Hawks' Serious Corruption Investigation unit based in Klerksdorp. Their meticulous efforts culminated in the arrest of the duo implicated in the scheme. Following their apprehension, the suspects were brought before the Rustenburg Magistrates' Court on 12 February 2024, where they were officially charged with fraud. The case has drawn significant attention, underscoring the ongoing battle against corruption and fraud in the community.

## MULTI-AGENCY TASK FORCE APPREHENDS SUSPECTS IN RUSTENBURG ARMED ROBBERY CASE

**Rustenburg** – In a significant operation against crime, three individuals were brought before the Rustenburg Magistrates' Court on charges linked to a daring armed robbery. According to lieutenant colonel Amanda Funani, the accused; Molefi Tshele (37), Joseph Sithole (37), and Vusi Nkambule (41) faced the law on Thursday, 8 February 2024, on multiple counts, including armed robbery, attempted murder, and the unlawful possession of firearms and ammunition. The arrest of Tshele, Sithole, and Nkambule marks a pivotal moment in the fight against crime in Rustenburg. This trio was apprehended during an intelligence-led operation spearheaded by the Rustenburg Tactical Response Team (TRT) in collaboration with various law enforcement and private security entities. The operation included the Flying Squad, District Detectives Task Team, National Illicit Mining Task Team, Marikana Visible Policing, Local Criminal Record Centre (LCRC), and several private security firms, showcasing an exemplary partnership between public and private sectors in addressing crime. These arrests stemmed from an audacious incident on Tuesday, 6 February 2024, when the accused allegedly ambushed three courier vans on Kroondal Road, Rustenburg. Using a Toyota Quantum and a Nissan NP200, they blocked the vans, discharged firearms at an escort driver — who survived and was later hospitalised — and made off with valuable electronics, including cell phones and tablets. This brazen act of violence and theft put a spotlight on the urgent need for robust crime prevention strategies in the area. In the aftermath of the robbery, police, acting on a tip-off, tracked the suspects to a residence in Mfidikwe village on the outskirts of Rustenburg. A shooting confrontation ensued, leading to the arrest of the three men while their accomplices managed to escape. Law enforcement officials successfully recovered stolen items. Lieutenant general Sello Kwena, the provincial police commissioner, lauded the collective effort of all involved parties. As the accused await their bail hearing set for Monday, 19 February 2024, the Rustenburg community is reminded of the ongoing challenges and the relentless pursuit of justice by their protectors.

## DRUG BUSTS IN RUSTENBURG AND SUN CITY

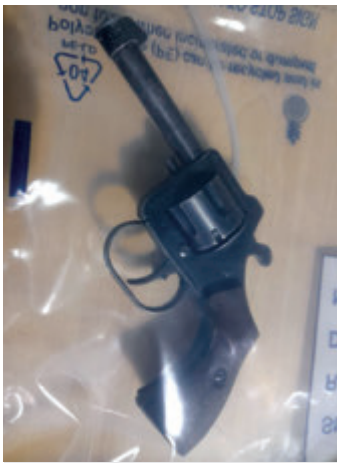

Some of the confiscated drugs and a large amount of cash.

**Rustenburg** – In a continued effort to combat drug trafficking within the Bojanala Platinum District, law enforcement agencies have made significant strides with the recent arrest of three individuals in Rustenburg and Sun City, reports sergeant Ofentse Mokgadi.

On Friday morning, 9 February 2024, the Phokeng K9 unit successfully raided a residential block in Boom Street in Rustenburg. This operation led to the arrest of a 40-year-old Nigerian man and a 23-year-old woman found in separate apartments. They were charged with the possession of illicit substances including crystal meth, mandrax tablets, crack/rock, and cat. The total street value of the confiscated drugs is estimated to exceed R20,000. Both suspects were brought before the Rustenburg Magistrates' Court on Monday 12 February 2024. In a separate incident on Sunday 11 February 2024, Sun City police, acting upon information provided by the community, apprehended a 52-year-old woman in Ledig, suspected of dealing in nyaope. Upon her arrest, she was found in possession of small packets of nyaope, ready for distribution, with an estimated street value of R3,000, along with an undisclosed sum of cash believed to be proceeds from her illegal activities. She made her court appearance at the Mogwase Magistrates' Court on Monday 12 February 2024. Brigadier Mmamotsamai Ntoagae, the acting officer for Bojanala Platinum Sub-District 2, commended the diligent efforts of the police force and expressed gratitude towards the community for their ongoing support in these crucial operations.

## THREE ARRESTED FOR ILLEGAL FIREARM POSSESSION IN BRITS AND KOSTER

**Brits/ Koster** – In a recent crackdown on illegal firearm possession, law enforcement officials in Brits and Koster have successfully apprehended three individuals in separate incidents, as detailed by lieutenant colonel Amanda Funani. The first arrest occurred in Primindia, just outside Brits, where a 25-year-old man was taken into custody for the unlawful possession of a firearm. This arrest was the result of a crime intelligence-driven operation that took place on Friday 9 February 2024, following a tip-off about a Somali national allegedly harbouring a firearm. The individual was later apprehended and found in possession of the weapon. He subsequently appeared before the Brits Magistrates' Court on Monday, 12 February 2024. In an unrelated event, the Brits police were informed of another individual, a 29-year-old man, suspected of possessing an unlicensed firearm and ammunition. Acting on this information, officers conducted a search at the suspect's residence in Letlhabile, where they discovered a loaded 9mm pistol. This suspect also faced the Brits Magistrates' Court on Monday 12 February 2024. Additionally, in Koster on Wednesday 7 February 2024, investigations resulted in the arrest of 50-year-old Meshack Mokone. Mokone was apprehended after attempting to sell a 9mm pistol to an undercover police officer at a local hitch-hiking spot. Following this incident, Mokone was charged with the possession of an unlicensed firearm and made an appearance at the Koster Magistrates' Court on Friday 9 February 2024, where he was remanded in custody.

## ASSAULT OF DRIVER RAISES SAFETY CONCERNS

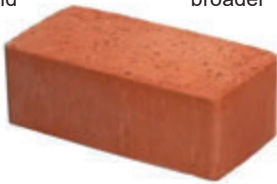

**Rustenburg** – In a concerning turn of events, a driver employed by a local equipment hire company in Zinnaville experienced a violent assault. This incident, involving being physically assaulted with a brick/ stone, underscores a growing issue within the community, particularly affecting those in the service sector. On the morning of Monday, 5 February 2024, at approximately 07:30, the 47-year-old driver was en route on the R104, in Buiten Street to a mine site, transporting employees to work. The company vehicle, prominently marked with the company's details and logo, became the target for unprovoked aggression.

The assailant struck the driver in the face with an unknown object that he described as either a brick or a stone, as he could not under the circumstances identify 100%. The severity of this attack prompted the victim to seek justice, leading to the opening of a case at the local police station, where investigations are currently in progress.

This incident is not the first of its kind; the driver

recounted a previous encounter last year where he, and the co-workers he was transporting, were forcibly stopped and held hostage by individuals demanding a bribe. The identity of these aggressors, whether they are connected to a taxi association or not, could not be established.

The company believes this attack is part of a broader intimidation campaign aimed at discouraging the use of company provided transport, possibly influenced by some local taxi businesses. The goal seems to be to pressure companies into utilising "local transport" options, though no concrete evidence points directly to any specific organisation or entity behind these acts. The community, especially drivers and businesses in the service sector, are urged to remain vigilant and report any suspicious or threatening behaviour. It is crucial for the safety and security of Rustenburg's workforce that such incidents are not only brought to light but also addressed promptly and effectively by SAPS.

Tlhabane, Rustenburg Entrepreneur

This isn't a story, it's a journey.

I'm Reabetswe Maungwa, the creator of 1019 Sauce, and I come from Tlhabane in Rustenburg. When COVID hit, I found comfort in my kitchen. Mixing South African and Ghanaian flavours, I stumbled upon a unique sauce that felt like home.

Glencore, in their effort to build economically resilient and sustainable communities, became an ally in my business with their Enterprise and Supplier Development programme. They provided the tools I needed – an oven, delivery vehicle, and other equipment that allowed me to scale up and produce more. Their support transformed my kitchen experiment into a real business.

I envision a future in agro-processing, empowering others and expanding my brand's reach. Glencore's belief in my journey fuels my determination.

With Glencore as my partner, the story of 1019 Sauce is more than a sauce – it's a testament to dreams nurtured and empowered. To my fellow entrepreneurs, keep that fire alive, trust your path.

Progress. Together.

## Have you had a romantic date yet in 2024?

Are Cupid's arrows flying your way this year? Whether you're blessedly married for half a century, freshly engaged to your dream partner, or happily single, we're curious: Have you gone on a romantic date yet in 2024? Valentine's Day might have been the opportune time to give that special someone a gentle hint to plan something magical.

Not yet. We are still financially taking care of the more important and pressing needs. Not that our heart's desires are not important, but a date isn't the right thing for us now. We've been together four years, and it still feels like we are in our honeymoon phase!

Kgomotso Mokgofa

No. A date would be nice – if I actually made the effort to get back in the 'game'. I've just been single for so many years that I've become comfortable with it; preferring the fact that I don't have to share my space or time with a romantic partner. It allows me to focus all my energy on my career and family. Maybe one day I'll meet my 'Mr. Right' – but I'm confident enough to know that I don't have to wait around until then for him to validate my existence.

## Would you rather raise your child as a bully?

To navigating the challenges of parenting... Some parents face a difficult dilemma when it comes to raising their children in a world where bullying is a reality. However, this perspective may overlook the vast spectrum of strategies that can foster resilience, empathy, and assertiveness in children without resorting to bullying behaviour.

We're interested in your opinion. Do you believe that parents are faced with a choice between raising their child to be a bully or leaving them vulnerable to being bullied? What are your thoughts on finding a balance?

## Did you know?

A year is not precisely 365 days long; it's actually about 365.24 days (in alignment with the Earth's journey around the sun). This extra .24 day might not seem like much, but over time, it adds up, creating a leap year every four years!

The rule of thumb for identifying a leap year is pretty straightforward but comes with a twist. If a year can be evenly divided by four, you can bet it's a leap year, brimming with 366 days instead of the usual 365.

However, just when you think you've got it figured out, the plot thickens for century years (those ending in "00"). These years need to pass an extra test and must be divisible by 400 to claim the leap year title. That's why the year 2000 was a party for leap year enthusiasts, while 1900 was just a regular year, sitting out the leap year festivities.

Thanks to these quirky rules, we get an extra day attached onto February every four years, making it a 29-day month. Ever heard of the tradition where women take the lead and propose to men on this day? Yes, leap day has its own fun, if only for 24 hours!

For those rare individuals born on February 29th, known affectionately as "leaplings," birthdays are a quadrennial affair, at least officially. But don't worry; they're free to celebrate on February 28th or March 1st in off years. Imagine the party when it's the real deal!

Let's embrace 2024 as a leap year!

# SEXUAL GROOMING OF MINORS

**SA** – Sexual grooming of minors refers to the process by which an adult establishes a relationship with a minor to gain their trust for the purpose of sexual exploitation or abuse.

According to Mike Bolhuis, Specialist Investigators into Serious Violent, Serious Economic Crimes & Serious Cybercrimes, "This often occurs on various social media platforms where communication is facilitated, making it crucial for parents to be aware and take steps to safeguard their children."

**SAFETY MEASURES TO PROTECT CHILDREN**

- **Educate your child**
  - Talk openly with your child about online interactions' potential risks and dangers.
  - Ensure they understand the importance of privacy and not sharing personal information online.
- **Establish open communication**
  - Create an environment where your child feels comfortable discussing their online experiences with you.
  - Encourage them to report any uncomfortable or suspicious interactions.
- **Set privacy settings**
  - Help your child configure privacy settings on their social media accounts to control who can see and interact with their profile.
- **Monitor online activity**
  - Regularly check your child's online activity, including friend lists, messages, and posts.
  - Consider using parental control software to track and manage their online presence.
- **Teach critical thinking**
  - Help your child develop critical thinking skills to evaluate online content and identify potential dangers.
  - Discuss the importance of not trusting strangers, even in online environments.
- **Recognise warning signs**
  - Be aware of signs that may indicate online grooming, such as excessive secrecy, withdrawal from family and friends, or sudden changes in behaviour.
  - Watch for inappropriate or suspicious messages or requests.
- **Limit screen time**
  - Set reasonable limits on your child's screen time and ensure they have a healthy balance between online and offline activities.
- **Be a positive online role model**
  - Demonstrate responsible online behaviour

- and establish guidelines for using social media.
- Show your child how to engage positively and respectfully in online communities.

**GROOMING TECHNIQUES**

- **Building trust**

Predators may spend time establishing trust and friendship with the child, posing as someone sympathetic, understanding, or supportive.
- **Emotional manipulation**

Groomers often use emotional manipulation to create a sense of dependency, making the child feel special, understood, or cared for.
- **Gifts and favours**

Predators offer gifts, money, or other favours to create a sense of indebtedness in the child.
- **Isolation**

Groomers try to isolate the child by discouraging them from spending time with friends or family, making them more dependent on the predator.
- **Secrecy**

Groomers often insist on keeping the relationship a secret, making the child feel that

- they need to hide the interactions.
  - **Gradual escalation**

Grooming typically involves a gradual progression from innocent conversations to more explicit or inappropriate discussions and requests.
- If you suspect grooming, report it to law enforcement and the platform where the communication occurs. Specialised Security Services is also able to assist in safeguarding and thoroughly tracking your child's online activity. Do not hesitate to contact Mike Bolhuis and his team if you have any concerns regarding your child's online interactions.

## Rustenburg learner shines at 2024 Taiwan International Science Fair!

**Rustenburg** – Two budding young scientists have received awards at the 2024 Taiwan International Science Fair (TISF) on Thursday 8 February 2024, after successfully showcasing their research projects to judges and their peers at the National Taiwan Science Education Center in Taipei.

Johannes Jacobus (Jaco) Deysel, a Grade 11 learner at Hoërskool Jim Fouché in the Free State's Bloemfontein region was awarded the Third Award in the Computer Science and Information Engineering category; while our very own Lethabo Molobi, a Grade 12 learner at Zinniaville Secondary School in the Rustenburg, was awarded the Fourth Award and the Viewer's Choice Award in the Behavioural and Social Sciences category at the prestigious science fair.

Molobi exhibited her research project entitled, "From Human Intelligence to Artificial Intelligence Chatbots: Modern Day Writing", which takes a look at whether it is easy to differentiate between Artificial intelligence (AI)-generated text and human-generated text, in a school setting.

Molobi said: "I am extremely happy with my award. Nothing makes me happier than seeing my hard work pay off. Taking part in the TISF was an amazing experience! I learned a lot from the other participants, and also about different countries and their cultural practices, because I interacted with many students from all around the world. Having been exposed to Taiwanese culture, the language and the people was an experience I will always cherish".

Molobi encouraged aspiring young scientists in the local community to make thoughtful selections when choosing a project category for their participation in the Eskom Expo for Young Scientists. She emphasised the importance of commitment to a chosen research project, advocating for continuous effort and refinement.

The acting chief executive officer of the Eskom Development Foundation, Mologadi Motshale, congratulated the duo on their achievements, saying: "We are extremely proud of our learners' success. Competing on the global stage and receiving recognition amid 630 young scientists from 27 countries is a commendable feat. Eskom's commitment to investing in science, technology, engineering, mathematics and innovation (STEMI) through the Eskom Expo for Young Scientists remains unwavering. The Expo is an excellent way to support and nurture the next generation of scientists and engineers, and creates a solid foundation for the development and progress of our country". Registration to take part in Eskom Expo 2024 is open. Learners in grades 4 to 12, along with NC2 to NC4 learners from TVET colleges can register their projects by visiting [www.exposcience.co.za](http://www.exposcience.co.za).

Lethabo Molobi, award-winning young scientist from Zinniaville Secondary School, Rustenburg, triumphs at the 2024 Taiwan International Science Fair with her innovative research on AI-generated vs. human-generated text.

## Môrester Kinderhuis is operational and fully functioning

**Rustenburg** – "I would like to clarify; Môrester Kinderhuis is still operational and fully functioning. We still have 53 children in our care and enough staff to care for them. We are still dependent on the community for our sustainability. We very

much appreciate all the help and donations. We are not closed, nor do we have any intentions of closing in the future," shared Helen Lotz from Môrester Kinderhuis.

The REC soccer teams, guided by their dedicated coach Phila Ncube, continue to make strides in local and district leagues.

## REC's remarkable journey from classroom to soccer field

**Rustenburg** – As the 2024 school year kicked off, Rustenburg Educational College (REC), a prominent private high school in Rustenburg, has already made its mark on the football field, leading in various tournaments at the start of the new season.

The dedication and skill of its teams in the Rustenburg Local Football Association League (RULFA) have placed the school's u/13, u/15, and u/17 teams at the top of their respective logs, eagerly awaiting the announcement of the finals dates by the South African Football Association (SAFA). Victories in these leagues could promote REC to the prestigious SAB League across these age categories.

In addition to local success, the REC Football Academy team is a formidable competitor in the Bojanala District's SAB Leagues, currently ranking second on the log. Despite tying on 18 points with the Royal Bafokeng Sporting FC, only a goal difference sets REC apart. It's noteworthy that REC is the sole school-based team in this tournament, which features players up to 23 years old, showcasing the exceptional talent and resilience of our young athletes. The team has achieved remarkable victories against seasoned teams such as White Leopard Security, Impala Mines, Pimmlville, and Olympia Stars, proving their mettle on the field.

The achievements of REC students extend beyond the school teams. Nhlanhla Zwane, a former learner, has recently signed a five-year contract with Golden Arrows, a top team from KZN, marking a significant step in his professional football career. Meanwhile, young talent Odirile Ramasodi, at just 13 years of age, has been offered a full study bursary to join the prestigious TUKS Football at the University of Pretoria, an opportunity that speaks volumes about the potential seen in REC's students.

As REC continues to foster talent and compete with unwavering determination, the school not only contributes to the local sports community but also sets a precedent for academic institutions in South Africa, blending education with high-level sports training.

Odirile Ramasodi embarks on a new journey with TUKS Football, showcasing the young talent emerging from REC.

Nhlanhla Zwane, a shining example of REC's contribution to football, steps into the professional arena with Golden Arrows!

From sweet snapshots to heartfelt narratives, participants poured their hearts into submissions, proving that when it comes to love, every story is a masterpiece waiting to be shared.

We're ecstatic to unveil the winners whose stories of love, patience, and a touch of destiny have truly captivated our hearts.

**Congratulations to Marelize de Villiers!**  
1st prize winner: R1,500 in cash

Marelize and Francois de Villiers

Marelize's story...

The 20-year wait was nothing short of worth it! My name is Marelize de Villiers, and the story of how my husband, Francois de Villiers, and I came together feels like a tapestry woven by fate. We first met at the tender age of 12, living as neighbours, the classic girl and boy next door. Our friendship blossomed early on, surviving through painful breakups and life's tumultuous turns.

**Yet, it seems the universe had our storyline drafted, punctuated by the number 20:**

- Our childhood homes bore the number 233.
- The first flat we shared echoed this number, 233.
- Our birthdays fall on the 20th of December and January, respectively.
- After 20 years apart, our paths reconverged, leading us to fall deeply in love.
- We celebrated our engagement on the 21st of November and tied the knot on the 27th of May.

Following years of battling infertility, our love was blessed with a miraculous gift — a healthy baby girl, born on the 21st of October. Each day, our love grows stronger, and while every love story is beautiful, ours holds a special place in my heart.

**Congratulations to Tshiamo Lesojane!**  
2nd prize winner: R1,000 in cash

Tshiamo's story...

Hey, *Platinum Weekly*! My name is Tshiamo Lesojane, and I'm thrilled to share the spark that ignited between me and Thapelo Loate. Our story began two years ago, under the February sky of love, when Thapelo, with his beaming smile, walked into my life as I worked at my family's business. His frequent visits blossomed into conversations, dates, and soon, an undeniable connection.

Barely a month into knowing each other, Thapelo celebrated my birthday with a cake and a heartfelt gift, sealing our bond with kindness and sincerity. Our initials, both "TL," seem to whisper that our meeting was destiny. Every day with him reinforces the joy of being loved, and I cannot envision a life without him by my side.

Tshiamo Lesojane and Thapelo Loate

**Congratulations to Annelize Pretorius!**  
3rd prize winner: R500 in cash

Anthonie Christie and Annelize Pretorius

Their story...

Love stories often begin with a sweet, predictable narrative, but ours took a whimsical twist from the start.

In our tale, it wasn't Cinderella who left a shoe behind but rather me, Anthonie, who lost it, only for Annelize to find! Our encounter was electrified by an instant connection, a spark that felt like destiny in motion.

When Annelize took my hand and heart with a kiss, she left me with just a name and a number, a clue leading to the revelation that we were not only destined by a kiss or serendipitous timing but also by proximity — she was my neighbour, always right there.

As we celebrate our first Valentine's Day and our 11-month journey together, it's clear she's my fairytale ending, and I, her devoted knight. Our story underscores that sometimes, love finds us in the most unexpected places, binding us with threads of magical coincidence and shared destinies.

Every love story shared in this competition highlights the unique journeys couples embark upon, reminding us of the infinite forms love can take. Congratulations to all our winners, and thank you to everyone who participated and shared a piece of their heart with us. Your stories of love, resilience, and hope continue to inspire our community.

It marked my inaugural ride dedicated to a child's cause!"

**Rustenburg** – In an unparalleled display of unity and philanthropy, the Pediatric Care Africa organisation is gearing up for its annual event, the "Ride for a Child" charity motorbike ride 2024.

This event is not just a journey but a bold statement of collective determination to change lives, one kilometre at a time. And guess what? Rustenburg was on this special route planned through South Africa!

Kicking off on the 11th of February 2024, the 5th edition of the "Ride for a Child" will see motorbike enthusiasts revving their engines for a noble cause. Spanning a staggering 7,000 km journey across the breathtaking landscapes of South Africa, this ride is more than an adventure; it's a lifeline for underprivileged children requiring surgeries and medical treatments.

When the ride reached Rustenburg on Wednesday, 14 February 2024, the team, led by Doctor André Hattingh, CEO and founder of Pediatric Care Africa, was greeted warmth and enthusiasm.

Dr. André shared his heartfelt sentiments about the journey through Rustenburg: "I grew up in Koster. Rustenburg was our go-to-town in my youth, as it was our nearest big town. Going back to where one grew up, brings back great childhood memories. Thank you for the support!"

The grand finale of the tour is on the 24th of February. This date is set to be etched in history, as thousands of motorbike riders from various clubs and organisations will join forces with Dr. André Hattingh in a world-record-breaking attempt. The goal is ambitious yet profoundly impactful: the most motorbikes riding in staggered formation as a single group, a symbol of solidarity for the welfare of sick children.

The crescendo of this awe-inspiring ride will unfold 50km before the Caltex Mentors Plaza, stretching between Storms River and Jeffreys Bay on the N2. For those eager to be part of this historic moment or to contribute to this noble cause, more information is available at [www.pediatriccareafrika.org](http://www.pediatriccareafrika.org), or by contacting 076 229 5663 or via email at [info@pediatriccareafrika.org](mailto:info@pediatriccareafrika.org). Join hands, join hearts, and most importantly, join this ride.

From left: Vincent Rantsi, Dr. André Hattingh, Donald Molefe and Tumi Rantsi.
