

MOB JUSTICE TURNS DEADLY

The location where the suspects were discovered by local authorities following the attack.

Vigilante attack in Zinniaville Cemetery after teen is mugged in early morning attack

Rustenburg – On Sunday 13 October 2024, at approximately 07:30, a case of mob justice unfolded at the Zinniaville Cemetery. According to witnesses, two individuals allegedly mugged a teenager from the area around 04:00 that morning. In response, community members retaliated by attacking the suspects with sharp objects and unknown weapons. One suspect was declared dead at the scene, while the other was transported to a local hospital with severe injuries. Ward 43 councillor Luan Snyders urged the community to refrain from taking justice into their own hands: “Mob justice only leads to more tragedy. Please report

any criminal activity to the police and let the law take its course. Taking matters into your own hands can have devastating consequences for everyone involved.” South African Police Service (SAPS) communications officer Ofentse Mokgadi said: “We can confirm that one person was found by a passerby on Sunday morning, and another was taken to hospital. It is alleged that these two individuals are foreign nationals. One was declared dead at the scene, and the other remains hospitalised with serious injuries. The police are investigating.” **Anyone with information is urged to contact SAPS detective sergeant David Kgokong at 076 837 9819.**

CHOLERA WARNING FOR VAAL AND HARTS RIVERS IN NORTH WEST AND NORTHERN CAPE

The Department of Water and Sanitation (DWS) has issued a warning on Wednesday 9 October 2024 to communities along the Vaal and Harts rivers, from Christiana downstream, following the detection of cholera bacteria in raw water during routine sampling at five sites, including Wentzel Dam, Schweizer Reneke, and Barkley West. Residents are urged not to drink or come into contact with untreated water from these rivers. Follow-up testing is ongoing to assess the full extent of the contamination. The Vaal River, which supplies water to several provinces, including Gauteng and North West, is essential for domestic, industrial, and agricultural use. However, it carries risks of contamination, and the DWS advises the public to avoid using raw water unless it is properly disinfected. As a precaution, residents are advised to boil water intended for drinking. For more information, contact the Department of Water and Sanitation.

ELECTRICITY POLE COLLAPSE CAUSING POWER DISRUPTIONS ON THE R24

Rustenburg – On Friday 11 October 2024, an electricity pole collapsed near Waterglen on the R24, sparking concerns among residents in the area. According to DA Ward 36 councillor Jean Keyser, “This electricity pole was very weak and unstable. The community had reported it to Rustenburg Local Municipality prior to its collapse.” Keyser attributes the pole’s failure to a lack of maintenance, noting that it had been a concern for some time. “The area has been known to have ongoing power issues, and the day after the community reported the weak pole, it fell over,” Keyser explained. *Platinum Weekly* newspaper contacted Rustenburg Local Municipality on Tuesday, 15 October 2024, seeking a comment on whether the matter has been addressed. At the time of going to print, no feedback had been received. Some residents reported that their electricity was restored on Wednesday, 16 October 2024, although the supply remained inconsistent, with several outages occurring the day before.

BETTY DIALE’S THEFT CASE DELAYED... AGAIN

Rustenburg – Former North West provincial legislature member, Betty Diale, has once again faced delays in her ongoing legal battles. Diale appeared before the Commercial Crimes Court sitting in Rustenburg on Monday, 30 September 2024, in connection with her ongoing theft case. Sivenathi Gunya, the NPA Communications Officer in the North West, confirmed the postponement. “The case was postponed to Tuesday, 1 November 2024, to allow for a new attorney on record,” he stated. This delay follows Diale’s announcement that her previous attorney had withdrawn from the case. Diale faces six counts of theft related to approximately R700,000 allegedly misappropriated from Road Accident Fund

(RAF) claimants. The police investigation was launched after the Legal Practice Fidelity Fund received multiple complaints from RAF claimants who never received their payouts, despite the funds being deposited into Diale’s trust account.

The alleged offences date back to her time practising as an attorney between 2009 and 2011. In June 2021, Diale was officially charged with six counts of theft, and the Legal Practice Council subsequently removed her from the roll, barring her from continuing her legal practice. As the case continues to drag on, many await the upcoming court appearance, which will hopefully bring further clarity to this prolonged legal matter.

1 JOHN 2

The Test of Knowing Christ

2 My little children, these things I write to you, so that you may not sin. And if anyone sins, we have an Advocate with the Father, Jesus Christ the righteous. 2 And He Himself is the propitiation for our sins, and not for ours only but also for the whole world.

The Test of Knowing Him

3 Now by this we know that we know Him, if we keep His commandments. 4 He who says, "I know Him," and does not keep His commandments, is a liar, and the truth is not in him. 5 But whoever keeps His word, truly the love of God is perfected in him. By this we know that we are in Him. 6 He who says he abides in Him ought himself also to walk just as He walked.

NEW KING JAMES VERSION (NKJV)

HAVE YOUR SAY

Do the traffic officers in your area take bribes?

Is traffic bribery an issue in your area? What are typical amounts exchanged? What are your thoughts on traffic bribery?

Yes, some pay up to R500 to avoid a fine. Traffic bribery erodes trust in law enforcement, distracts from road safety, and encourages people to ignore traffic laws. Educating the public and enforcing consequences are key to reducing corruption and promoting accountability.

Kealeboga Nkwe, Rustenburg

No, I trust that our traffic officers in Kgetlengrivier (Koster, Derby, and Swaruggens) are not accepting bribes. I also hope residents aren't paying them because once a bribe is given, it becomes easier to repeat, and it encourages officers to demand even more money in the future.

Stella Potgieter, Koster

Rustenburg – Die dames van die Vroue Landbou Unie (VLU) Kashané Aand-tak het op Dinsdag 8 Oktober 2024, 'n lekker leersame en kreatiewe vergadering bygewoon. Gasvrou Anja Nieuwoudt het die lede gewys hoe om 'n muffin voorafmengsel te skep in 'n glas koffie houër – perfek vir 'n unieke Kersgeskenk. Elke dame het daarna haar eie plakker opgeplak met die naam van die mengsel en bak aanwysings. Met die verskillende vulsels wat gebruik is, was die muffins ná die vergadering 'n groot treffer.

FUN FACT

Did you know?

Surprise! Cotton swabs or Q-tips (or earbuds like most people refer to them), aren't really meant for cleaning your ears. In fact, sticking them in your ear canal can push earwax deeper, leading to blockages or even damage to your eardrum. Earwax is actually there to protect your ears by trapping dust and debris. Doctors recommend letting earwax naturally work its way out or using safer methods like ear drops. So, next time you're tempted to reach for that cotton swab, remember — it's better for arts and crafts than ear cleaning!

ERM CVS to Conduct On-site IRMA Assessment of Sibanye-Stillwater Rustenburg

ERM CVS Seeks Input from Local Community and Other Stakeholders

Today, 5 October 2024, ERM CVS announces that on November 4 – November 12, 2024 it will visit the Sibanye- Stillwater Rustenburg mining operations in the Rustenburg local municipality, South Africa to conduct the onsite phase of its independent, third-party Initiative for Responsible Mining Assurance (IRMA) assessment of the operation.

When finished, an IRMA assessment results in a public audit report released locally and on the internet. This report will describe how ERM CVS scored Sibanye-Stillwater Rustenburg against each of the 400+ requirements of the IRMA Standard for Responsible Mining, and why ERM CVS gave Sibanye-Stillwater Rustenburg that score. The report will also assign an overall achievement level: IRMA Transparency, IRMA 50, IRMA 75, or IRMA 100.

Sibanye-Stillwater can use this information about the environmental and social impacts of the Rustenburg mining operation to improve its practices. Other stakeholders, particularly affected communities, may use this audit report to engage with Sibanye-Stillwater and others on a more equal footing to improve the operation in the ways that matter most to them.

During ERM CVS's time at Sibanye-Stillwater Rustenburg, they will collect feedback from local stakeholders – anyone directly or indirectly affected by the mine -- including community members, mine workers, and government officials. The ERM CVS team will also inspect the operation and its associated facilities.

November 4 – November 12, 2024

ERM CVS invites you to sign-up for an interview while we are in the area, and/or submit written comments about Sibanye-Stillwater Rustenburg using the contact details below. You must contact us before 21 October 2024 to be interviewed. Written comments submitted before 11 November 2024 will be considered.

Young Zinniaville Scientists Bring Home Top Honours

Zaakirah Jabbar – A dedicated Grade 12 learner from Zinniaville Secondary School, awarded a bronze medal for her impressive research into ozone therapy and its potential to reverse the effects of smoking.

Taahir Ousman – The brilliant Grade 11 learner from Zinniaville Secondary School who took home gold for his groundbreaking work on the "Twin Prime Conjecture," along with multiple awards, including a bursary to study at the University of Pretoria.

Dhruvin Christian – A Grade 6 learner from Zinniaville Primary School, who impressed the judges with his innovative rainwater harvesting project, earning both a bronze medal and a prestigious civil engineering award.

Rustenburg – On Tuesday, 1 October 2024, Zinniaville Secondary School celebrated the outstanding accomplishments of three of their brightest young minds, who returned victorious from the Eskom Expo for Young Scientists.

The event, held at the Emperors Palace Convention Centre in Kempton Park from 23 to 27 September 2024, saw learners from across the country competing on a national stage, showcasing groundbreaking projects.

Among these exceptional students is **Zaakirah Jabbar**, a Grade 12 learner, who earned a bronze medal for her project titled "Genecom," which delved into the potential of ozone therapy to reverse the harmful effects of smoking. Known for her relentless pursuit of excellence, Zaakirah's research demonstrated her deep passion for science and innovative solutions.

Grade 6 learner **Dhruvin Christian** also made his mark at the expo. Dhruvin was awarded two prizes: a bronze medal for his rainwater harvesting system project and a silver award from the South African Institute for Civil Engineers, along with a cash prize. His eager participation in school activities and dedication to environmental sustainability earned him well-deserved recognition.

The star of the evening, however, was **Taahir Ousman**, a Grade 11 learner whose brilliance shone through in his project on the "Twin Prime Conjecture," an unsolved problem in number theory. Taahir's remarkable work not only earned him a gold medal but also the award for the most outstanding mathematics project, for which he received a laptop. His crowning achievement was receiving the **Derek Gray Memorial Award**, which comes with a full bursary to study at the University of Pretoria and an all-expenses-paid trip to Sweden for Nobel Week. There, Taahir will have the honour of presenting his project to the King and Queen of Sweden.

These learners have made both their school and community proud, showcasing their incredible potential on a national level. Congratulations to Zaakirah, Dhruvin, and Taahir on their remarkable achievements.
